HEARING ON DAM ENDS

Contracts Held Up

Door Leaves Way Open for Quick Effort at Accord With Arizona

Los Angeles Spokesmen in Conference With Edison Man on Control Plan

By STEPHEN H. BENEDICT
Times Staff Correspondent

WASHINGTON, Nov. 13. (Exclusive)—A two-day protest hearing on the Boulder Dam power allocation was concluded this afternoon with the announcement by Secretary of the Interior Wilbur that completion of the project will be held up until the court suit in December in a final effort to get Arizona to drop her opposition and come into the seven-state agreement. California and other states of the Colorado River basin will be met next week in the states of the Far West and Rocky Mountain region, following interviews of the Boulder Dam Association here to go ahead with the project on the part of the states directly concerned.

Secretary Wilbur said he wants the representatives of the other States to consult with municipalities and private companies interested in the project to confer in the attempt to get Arizona back into the pic-

Will Rogers Remarks:

BEVERLY HILLS, Nov. 13. [To the Editor of The Times] I guess this stock market drop is due to fact that Rockefeller and all those big men who stabilized it a couple of weeks ago have about reached the limit of their margins and are being sold out. What the market needs now is about another bunch of men that will stabilize it during its next 100-point drop.

When the Senatorial investigations in Washington commence to sorter drift over on to the second and third page of the morning papers, why the committee calls Grundy and he brings 'em back on page one again. He is so deliciously frank about his dealings that he is the biggest novelty in Washington.

Yours,
WILL ROGERS.

GOOD'S LIFE IN BALANCE

Condition Grave After Operation

Friends of War Department Chief Fear He May Not Recover

Doctors' Late Reports Give Some Encouragement; Wife at Side

WASHINGTON, Nov. 13. (AP)—James W. Good, Secretary of War, is in a critical condition at Walter Reed Hospital tonight after an emergency appendicitis operation from which close friends fear he will not recover.

Some hope is being held, however, on the basis of physicians' reports that his pulse and blood pressure seemed favorable and that he was resting fairly well. "Very serious" was the way the White House described his condition.

For more than an hour the 62-year-old Cabinet member was on the operating table. Staff surgeons said gangrene had set in and the excision was unusually difficult because of the low position of the appendix.

Anxiety over Mr. Good's condition

RAIL GIANTS AIR PLEAS

Testify in Battle on North Link

Western Pacific and Great Northern Plans Told at Bay City Hearing

James, Kenny, Budd and Adams Cite Public Weal as Guiding Factor

BY FLOYD J. HEALEY
"Times" Staff Correspondent

SAN FRANCISCO, Nov. 13. (Exclusive)—Public service today was pictured as the fundamental factor in a gigantic railroad battle.

Representatives of the Great Northern and Western Pacific railroad systems told Chief Examiner Mahaffie of the Interstate Commerce Commission it is increased service to the public which prompts their joint application to connect their lines in Northeastern California by 200 miles of new construction. Representatives of the Southern Pacific, opposing the granting of the application, declared the public does not need the connection because the Southern Pacific amply is able to provide all the service needed.

Efforts of each to prove their point and disapprove that of their opponents got under way with an array of individuals whose names are the highest in their organizations, and surrounded by a small sea of legal talent that filled to capacity the Colonial Ballroom of the St. Francis Hotel.

JAMES TESTIFIES

The opening sessions of a hearing estimated to consume at least two weeks developed a word picture of what the proposed construction will mean to California and what California will mean to it, as well as to the Southern Pacific.

Those who testified are Arthur Curtiss James, chairman of the directorate of the Western Pacific, director of the Great Northern, presumably largest individual stockholder in the Southern Pacific and admittedly the largest individual owner of railroad stocks in the United States; W. P. Kenney, vice-president and director of traffic for the Great Northern; Ralph Budd, president of the Great Northern, and E. E. Adams, president of the Western Pacific, all at present in San Francisco.

A request made by counsel to unqualified belief the proposed linking of the Great Northern and Western Pacific lines at Bieber, in Lassen county, will mean tremendous forward strides in the development of the territory at issue and greatly increase the movement of traffic therein and to other points, they expressed the opinion it will not divert business from the Southern Pacific. On the contrary, they declared development of the territory will spur new business that will benefit the Southern Pacific as well as the proposed new line.

ADAMS PAINTS PICTURE

President Adams of the Western Pacific put the situation into a few words in the declaration that a railroad line, if it be healthy, "must develop its own business" and not divert it from other lines. The Western Pacific tried it once, he said, and found that obtaining business by diversion from the Southern Pacific on a part of its 1053-mile, main-line system was of far more harm than good.

President Adams also brought into the open the interest of the Santa Fe System in the proposed link, a line-up exclusively forecast by the Los Angeles Times nearly two years ago. He sketched a picture of a rail giant whose evolvement rests upon this piece of 200-mile construction, which will unite, either by trackage or rate agreements, the Great Northern, Western Pacific and Santa Fe. The picture, as he brushed it in a few words, shows a line threading the entire northern tier of States from the Great Lakes to the Pacific, traversing the length of the Pacific Coast and reaching into the Pacific Southwest and thence back to the Great Lakes in the longest railroad circle this country ever has known.

He did not, nor does this, imply consolidations between these railroads, but merely operating agreements, the ultimate purpose to be served being virtually the same.

OPPORTUNITY TO AID

Arthur Curtiss James provided the background as the first witness of the hearing. He said the system which the 200-mile link can bring into being will be the "realization of a dream to participate in the actual railroad development of Northern California and the Pacific Northwest." The transportation and industrial situation, he said, "presents an opportunity to carry on constructive work and the program of expansion proposed would be of benefit not only to California, but to all of the railroads concerned, including the Southern Pacific."

James J. Hill, late dominant figure in railroad history, had an extension into California in mind

"——— But Save Us From Our Friends!"

ARIZONA TO KEEP RELICS

Wilbur Issues Order Blocking "Pot Hunters" Carting Off Footprints of Giant Dinosaurs

WASHINGTON, Nov. 13. (AP)—The last remaining footprint in a trail that ghost dinosaurs left in the sands of Arizona as they lumbered, a thousand or more years ago, toward a pumpkin patch, now petrified, is to be preserved there for all time through the action today of Secretary Wilbur, preventing its removal by a party of scientists.

In response to a protest against the expedition by Gov. Phillips of Arizona, Wilbur telegraphed the superintendent of the Navajo Indian reservation today to stop the party, which he said has no permit to go ahead. Officials said his action was in line with a new and aggressive policy to guard relics of prehistoric man and beast against curiosity seekers.

Gov. Phillips telegraphed the Secretary after sending officers to stay the party, near Dinosaur Canyon, on the reservation. The party included Dr. J. Elden Mason, director and curator of the American section of the museum of the University of Pennsylvania, and Dr. Barnum Brown, director and curator of the paleontology department of the New York Museum of Natural History.

The Governor's message stirred Jesse L. Nesbaum, Interior Department archeologist, who was in the territory last summer and has just prepared his annual report, protesting against despoiling of relics by persons he termed "professional pot hunters."

Nesbaum, whose report now is being prepared for publication, said that the trail the party were headed for once stretched clear and long across the plain, with many perfect dinosaur tracks. It led toward a petrified pumpkin patch, and the natives said that it indicated the dinosaurs liked the vegetable. Last summer Nesbaum found all except one of the footprints had been scooped out of the rock, and it was assumed that the remaining one was the object of the scientific expedition.

COLD WAVE IN MIDWEST MOVES EAST

Snow Covers Plains Area; Drifts Halt Auto Traffic; Gale Rips Lake Michigan

CHICAGO, Nov. 13. (Exclusive)—Winter prevailed over many sections of the Middle West today and the entire eastern section of the country is threatened with snow and decidedly lower temperatures.

The Rocky Mountain section suffered most. In Colorado the mercury fell as low as 4 deg. below zero and highways were blocked by snow. Bus service between Denver and Colby, Kan., is suspended and dozens of automobiles are stalled.

Extremely disagreeable weather prevailed all over Nebraska, Iowa and the trans-Missouri country, where from four to six inches of snow covers the ground with temperatures hovering somewhat below the freezing point. Snow fell today in an area from North Platte, Neb., nearly to Chicago, and in spots was still falling tonight.

Automobile traffic on most of the arterial highways is seriously interrupted. On a long stretch of the Lincoln Highway in Western Nebraska automobiles today were being shipped across the bad spots. Through Western Iowa most highways are impassable.

A brisk northeast gale was lashing Lake Michigan tonight, but, although the water is rough, no repetition of the last two storms that wrecked the shore line in this area and caused four ship disasters is expected.

NOTED FRENCH FLYER KILLED

PARIS, Nov. 13. (AP)—Maurice Weiss, noted French aviator, who visited the United States in 1926 with the late Capt. Charles Nungesser, crashed in his plane at St. Cloud today and was killed.

MEXICANS IN FURTHER OUTBREAK

Six Wounded in Political Clash at Capital City; Two Dead at Oaxaca

MEXICO CITY, Nov. 13. (AP)—The second political clash in Mexico City within four days occurred tonight. Rival groups met in the center of the city and attacked each other with clubs and stones. Police reported that six persons were wounded.

Press dispatches from the city of Oaxaca tonight said that two persons were killed there and several wounded before soldiers restored order and began a regular patrol of the streets.

Announcement has been made that a general "depistolization" will be carried out prior to the Presidential elections Sunday, only troops and police on duty being allowed to retain their weapons.

"Depistolization," a word coined here and peculiarly applicable to Mexico, where toting of pistols by civilians is a wide-spread custom, is almost always resorted to on the eve of an event which might give rise to disturbances.

It is not always effective, however, for those who have been "depistolized" frequently produce arms from mysterious sources. An instance occurred in connection with last Sunday's riot here, when pistols appeared by the score in a crowd thought to have been deprived of its weapons.

President Portes Gil today, in response to an appeal by Jose Vasconcelos, Presidential candidate, telegraphed all military garrisons to prevent difficulties for Vasconcelos and his partisans.

NOGALES SALOONS ORDERED TO CLOSE

NOGALES (Son., Mex.) Nov. 13. (AP)—Saloons and cabarets of this city will be officially closed Friday and their doors will remain shut until after the Mexican national election next Sunday.

LATHAM MAY TAKE OVER BRUCE'S REINS

CANBERRA (Australia) Nov. 12. (AP)—J. G. Latham, Attorney-General in the former Bruce government, may succeed former Premier Bruce as leader of the Nationalist party. He has agreed to accept the leadership if the party unanimously desires him to do so. Bruce has been leader of the party for six years.

COAST THRIFT INCREASES

Survey Shows New England Only Other Region in Country Having Rise in Bank Savings

NEW YORK, Nov. 13. (AP)—The Pacific Coast and New England States are the only groups in the country to report a rising thrift barometer.

The American Bankers' Association's regional analysis of the decline in savings bank deposits disclosed today that two opposite corners of the United States, New England and California, were exceptions to the general downward tendency.

The six States of New England gained $88,000,000 in savings and 152,[illegible] in depositors, the seven Pacific States gained $78,000,000 in savings and nearly 278,000 in depositors.

The other sections of the country, Middle Atlantic, Southern, East Central and West Central, reported losses.

The association stated that the total volume of savings in the United States had dropped $195,305,000 during the year ending June 29, 1929. This was compared with an increase in the preceding period of $2,300,000,000, the greatest rise in any one year since the association began its compilations twenty years ago.

Oregon and Washington in the Pacific group, reported small declines but California added $73,000,000 to her total, amounting to a gain of $16 per capita. A sharp contrast between Oregon and California is afforded in the association's figures showing a drop of one-third in the total of Oregon's depositors and a gain in California of 365,000.

EARLY FEDERAL TAX SLASH ADMINISTRATION'S PLAN

One Per Cent Cut on 1929 Incomes Urged by Hoover and Mellon to Cure Stock Loss Ills

WASHINGTON, Nov. 13. (Exclusive)—An early tax reduction is the administration's contribution toward a stabilization of business conditions unsettled by the stock market crash.

Definite announcement that President Hoover will back a recommendation for a cut in taxes by Congress at the earliest possible date was made tonight by Secretary of the Treasury Mellon.

Disclosure of the administration's plan is understood to have been decided upon at a conference earlier in the day at the White House in which the President, Secretary Mellon, Undersecretary of the Treasury Mills and Roy Young, governor of the Federal Reserve Board, participated.

HUGE CUT PLANNED

The proposal contemplates an aggregate tax cut of $160,000,000, divided between reductions in individual and corporation income taxes. All income tax rates would be cut by 1 per cent under Secretary Mellon's plan. The reductions would be made effective on earnings of the present year, for which returns are to be filed next March.

Secretary Mellon's statement follows:

"While the new detailed estimates of revenues and expenditures for the fiscal years 1930 and 1931 have not been completed, the Secretary of the Treasury considers the estimates have reached the point where tax reduction should be recommended to the Congress at the coming session.

RECOMMENDS SLASH

"The indications are that business profits, dividends, interest and wage payments in 1929 will exceed considerably those of the year 1928. Our estimates indicate that the government should close both the fiscal years 1930 and 1931 with a surplus, taking all factors into consideration. The Secretary of the Treasury, with the approval of the President, will recommend tax reduction to the Congress.

"The form of relief to the taxpayers which the Treasury's recommendations probably will take will be a 1 per cent reduction of the normal taxes of individuals and corporations applicable to 1929 income and payable in the calendar year 1930.

PERCENTAGE PARED

"That is to say, on the first $4000 of taxable income the rate will be reduced from 1½ per cent to ½ per cent; on the second $4000, from 2 per cent to 2 per cent, and on the balance the present 5 per cent rate will be reduced to 4 per cent. The corporation tax rate will be reduced from 12 per cent to 11 per cent.

"The total reduction of taxes to be collected during the calendar year 1930 will amount, it is estimated, to approximately $160,000,000.

"The reduction, it is hoped, will take the form of a joint resolution of Congress, thus permitting prompt action by both houses by avoiding a general revision of the revenue law.

"The proposal has been discussed with the Republican and Democratic leaders of both houses of Congress, who tentatively have approved the proposed recommendation."

That the administration hoped to be able to recommend tax reduction in the coming regular session of Congress has been generally known. Recently, however, reports have been circulated that prospective increases in expenditures coupled with a possible shrinkage in tax revenues due to losses in the stock market might make a reduction impossible.

The present stock market situation is admitted to have prompted the announcement at this time. Rarely if ever has the governor of the Federal Reserve Board been summoned to a conference with Treasury officials at the White House.

PASSAGE ASSURED

Invariably business activity has been given an impetus following tax reductions in the past. Without an exception aggregate tax revenues have increased following reduction in rates.

There was a surplus of approximately $185,000,000 during the fiscal year of 1928 which ended June 30, last. The surplus for the calendar year 1929 is likely to reach $300,000,000 or more. Even if the stock market losses during the current year are reflected in revenues of 1930 it is the belief of Treasury officials that taxes safely can be reduced by $160,000,000 without threatening a deficit.

STOCK BEAR QUIZ OPENS

Exchange Seeks Sales Sources

All Deals in Shares to be Listed for Inquiry on Value Depression

Issues Again Slump to New Low Levels, But Omens Brighter at Close

NEW YORK, Nov. 13. (AP)—Prices on the New York securities markets sank to new low levels for the third successive session today as Stock Exchange authorities began an inquiry to determine, if possible, the character and source of the relentless flood of selling which has washed away many billions of dollars in quoted values in the last few weeks.

The stock exchange, apparently taking cognizance of unconfirmed reports that a powerful bear clique was depressing values to the accompaniment of alarming rumors, ordered all its members to report, as of yesterday, a statement of their position, giving a list of all stock borrowed, from whom and for whose account; a list of all stock loaned and to whom; interoffice borrowings and for whose account, and a list of all stock which they have failed to deliver, and for whose account, with daily changes thereafter until further notice.

STATEMENTS SATURDAY

New York firms are required to present their first statement by Saturday noon, while the reports of out-of-town members must be on file not later than Monday noon.

While stock exchange authorities declined to state whether they will make their findings public, brokers generally are of the opinion that if it is determined definitely that professional speculators are taking unfair advantage of the present demoralized situation some punitive measures to check such destructive selling may be forthcoming.

New declines on the stock exchange today ranged from 41 to $30 a share, although only a sprinkling of the high-grade issues showed losses of more than $10. On the New York Curb the losses in active issues ranged from $1 to $16, with a few high-priced specialties down $20 to $80 a share.

OIL BID RECORDED

One of the most encouraging developments of the day was the announcement, not generally known until after the close of the market, that a bid for 1,000,000 shares of Standard Oil of New Jersey stock at $50 a share had been placed in the last few minutes of trading by the firm of J. E. Holmes & Co. for an unidentified buyer. The stock touched $50 a share and closed at $50.75 for a net loss of $3.37. This bid was the first tangible evidence that Wall street has had for several days of organized and effective buying support for leading stocks.

As the market closed Wall-street financial tickers printed unofficial Washington dispatches that Federal government authorities did not find anything in the current situation to warrant their intervention and that their investigation disclosed that banks generally are in a sound condition.

Globe-Circling Record Sought

CHICAGO, Nov. 13. (AP)—John Henry Mears of New York, speaking here yesterday, announced plans for a new attempt at the record for circling the earth, now held by the Graf Zeppelin. Mears and the late Charles Collyer held the world-circling record until the Graf's flight.

The new trip will be started next June, Mears said. The Pacific hop is to follow the path traveled by the soviet flyers.

CANDIDATE REVEALS "GIFT" TO UNIONISTS

SAN FRANCISCO, Nov. 13. (Exclusive)—James L. Quigley, Assemblyman, who was an unsuccessful candidate for Recorder at the municipal election the 5th inst., disclosed in his campaign expenditures filed today, a $500 payment to the Union Labor party in order to obtain indorsement on the labor ticket. His total campaign expenses ran $710.

SPOKANE OFFICER SLAIN

SPOKANE, Nov. 13. (AP)—Police report that Detective Roy Fordyce of the dry squad was shot and killed in a hotel today by an unidentified man who had been followed into the hostelry by Fordyce and another officer.

GRUNDY CHANGES MIND

List of 'Common and Preferred Senators' Undisclosed as He Appears at Lobby Inquiry

WASHINGTON, Nov. 13. (AP)—Explaining that he thought it would be improper for him to criticise "elected public officials," Joseph R. Grundy, president of the Pennsylvania Manufacturers' Association, today declined to give the Senate lobby committee his list of "common and preferred Senators."

The white-haired Pennsylvanian, who was in a jovial mood, was excused from the stand after a brief exchange of banter with Senator Caraway, Democrat, Arkansas, chairman of the committee.

Grundy was recalled as a result of his previous testimony that certain States were "backward" and that their Senators should have little voice in framing tariff legislation. He was asked to submit a statement of what the committee termed "common and preferred Senators," but the statement he sent was considered inadequate.

HE TELLS REASON WHY

Taking the stand, Grundy was asked by Caraway if he was ready to give the list to the committee.

"Upon reflection," he responded, "I think I made a mistake in promising to give the list. I think it would be very unbecoming of me to criticise elected public officials."

"All right," Caraway replied, "I just wanted to see if you would turn yellow at the last minute."

He later withdrew this remark.

Caraway asked Grundy why he included Virginia in the list of "backward States" submitted yesterday to the committee. Virginia was not mentioned in his previous testimony.

"Did the election down there make you change your mind?" the chairman inquired.

SHAKE HANDS

"I guess I overlooked it," Grundy replied.

Arising from the committee table, Caraway directed the official reporter to delete his reference to Grundy "turning yellow," walked over to where the Pennsylvanian was sitting, grasped his hand and said, "After all, I kind of like him."

They chatted together for a few moments and then Grundy left the room.

GIANTS OF RAIL WORLD TESTIFY

James, Kenney and Adams Plead for North Link

Western Pacific and Great Northern Plan Told

Thought for Public Called Guiding Factor

(Continued from First Page)

twenty years ago, James asserted. Although the consolidation of the El Paso and Southwestern, which James owned, with the Southern Pacific, made him the largest stockholder in the Southern Pacific, James said he was attracted to the Western Pacific, "a transcontinental line which had been reorganized severely but occupied a position of strength through its low grades and strategic position in entering Northern California.

"After looking over the territory and taking the best railroad advice obtainable," he said, "it was my belief that Northern California would afford sufficient business for the Western Pacific and the Southern Pacific and in fact, there is necessity for further railroad development."

SOUTHLAND CITED

James asserted the Western Pacific, "without extensions, connections and feeders, probably will not pay and it will be a problem not only to reorganize the Western Pacific, but also the Denver and Rio Grande Western, which is owned one-half by the Western Pacific and one-half by the Missouri Pacific, and dependent largely upon the Western Pacific connection for its western outlet.

Competitive benefits, he said, are best illustrated in this State by Southern California.

"Any man," he declared, "who has been an important factor in the development of such a section as Southern California would have the right to take great pride in the constructive work in which he has taken part. I regard the development of Southern California as due very largely to the fact it has had the services of first, two, and then three strong railroads in competition with each other."

READY TO SET JOINT RATES

Vice-President Kenney of the Great Northern said that railroad, in the event construction of the link is granted, stands ready to establish joint rates over Great Northern's connecting lines with other transcontinentals in the north—the Northern Pacific, the Milwaukee line and the Soo line—as well as with the southern group—the Santa Fe.

"The Great Northern," Kenney said, "is spending $1,000,000 a year in advertising and we could, and would, advertise California commodities in our territory and assist in marketing them there.

"It is a certainty the output of California manufacturing plants will continue to increase as the Pacific Coast States are developed."

Going over much of the same ground, President Budd of the Great Northern, declared that by "construction of this eighty-eight miles of line at a cost of about $3,500,000, and 112 miles on the part of the Western Pacific at a cost of about $10,000,000, railway transportation will be substantially improved in the entire westerly one-fourth of the United States, both by reason of converting what had been two disconnected systems into one closely co-ordinated railway route and by providing the whole of Northern California with railroad competition, which it never has had and can only get in this way."

President Adams of the Western Pacific supplied figures tending to show the substantial decrease in business previously enjoyed by the Western Pacific from the Southern Pacific on "bridge hauls" by construction of the Klamath Falls-Alturas cutoff of the Southern Pacific. In the near future, he averred, because of this construction the Southern Pacific will give the Western Pacific none of the business it formerly transferred to them destined through the Ogden gateway.

The only possible way for the Western Pacific to protect itself in similar cases, he declared, is by alignment with the Great Northern.

BONUS SOUGHT; "BONER" PULLED

Hunter Finds "Wolf Pelt" Really Hide from Pet Dog of Sheriff

GREEN RIVER (Wyo.) Nov. 13. (AP)—When Jack Evers, Green River sportsman and hunter of big game, went to claim a wolf bounty he was surprised to be informed that the animal he had killed and skinned was the Sheriff's pet police dog.

SHIPS SOLD FOR RUSSIAN TRADING USE

Board Approves Transfer of Twenty-five Vessels Long Lying Idle

WASHINGTON, Nov. 13. (AP)—The sale of twenty-five cargo ships to Johann G. Obsol of New York for operation between Russian ports was authorized today by the Shipping Board.

The ships, which were sold for $1,135 000, are to be operated between Vladivostok and Petropavlosk in Siberia and Black Sea and Persian Gulf ports as well as Leningrad. They are to be transferred to foreign registry. Obsol is an American citizen and a director of the Amtorg Trading Company, which is the principal Russian trade organization in this country.

The ships include nine vessels of about 7500 tons and sixteen steamers of 4900 tons. All have been laid up seven years or more.

Yosemite Route Will Lose Many Billboards Soon

YOSEMITE, Nov. 13. (AP)—Ninety per cent of the billboards along the all-year highway into the Yosemite Valley will be removed when their present leases expire, it was announced today by C. G. Thomson, recently appointed Mariposa county chairman of the State Chamber of Commerce campaign to clean up the scenic highways leading to national parks. Thomson said this assurance had been given him by land-owners.

Seventy-five per cent of the landowners along the Wawona and Big Oak Flat roads in Mariposa county, Thomson said, also will preserve scenic beauties along the mountain roads leading to Yosemite Valley by removing signs.

Fall Completes Initial Moves in Verdict Appeal

WASHINGTON, Nov. 13. (AP)—Albert B. Fall today completed preliminary steps of his appeal from his conviction for bribery by filing with the clerk of the District of Columbia Supreme Court an assignment of errors asserted to have been committed by Justice William Hitz before and during the trial.

Through his attorney, Frank Hogan, the former Secretary of the Interior charged Justice Hits with thirty-five errors, including his refusal to sustain the demurrer to the indictment.

Among other errors charged to the trial judge was his action in permitting Beatrice P. Duke to leave the jury box after the jury had been accepted, substituting in her place Thomas E. Norris, bank clerk. The defense contended Norris was a factor in causing the jury to bring in its verdict of guilty.

HEARING CLOSES ON DAM POWER

Completion of Contracts to be Held Up

Efforts to be Made to Win Arizona Over

Wilbur Pleads for Accord on River Pact

(Continued from First Page)

by Gov. Phillips's wire, a possible opportunity for compromise and he made it clear today that while any chance of getting an agreement with Arizona remains, nothing will be done further to offend that State or jeopardize its rightful interests in the Boulder Canyon project.

Whatever Secretary Wilbur's hopes may be, hardly anyone else in the Boulder Dam aggregation now in Washington believes there is a real chance at this late date to get Arizona to reverse her position and go along peaceably with the Colorado enterprise. The universal feeling is that a court fight is inevitable. However, the representatives of the city of Los Angeles and the Metropolitan Water District of Southern California are not only willing but eager to resume discussions with Arizona if there is the remotest prospect that an agreement finally may be worked out.

There was no indication as the power hearing ended as to how Secretary Wilbur and his staff of advisers were impressed by all the conflicting arguments they have heard, or how far they might decide to go in revising the allocation program laid down three weeks ago. The best guess of observers was that the original division of power will be pretty closely adhered to, and that perhaps the only change will be to give municipalities outside of Los Angeles a somewhat larger share of power than the 4 per cent suggested for them. There is no reason to believe that the Interior Department will back down on its basic allocation of 25 per cent of the power to the Metropolitan Water District, 25 per cent to the city of Los Angeles and 25 per cent to the Southern California Edison Company under the provision that Arizona and Nevada may draw back up to 18 per cent each, and small cities up to 4 per cent, depending on their ability to deliver binding contracts to the government.

CLASH OVER CONTROL

Neither is there any prospect that the government will yield on its policy of having the purchasers of power equip and operate the power plant, or on the make-up of the board to manage the plant which it has said shoul consist of two representatives of the city of Los Angeles and Metropolitan Water District, two for the Southern California Edison Company and one for the Federal government.

The hearing today was featured by a clash between spokesmen for Los Angeles and the water district, and the Edison Company and by an extended statement by W. B. Mathews intended to show that Los Angeles is in a position, legally and financially, to enter into a contract with the government for its share of Boulder Dam power, and for single control by the city of the power plant and transmission lines. The city has demanded this lone control against the government's proposal that it share the management of the plant and line with the Edison Company.

FUTURE STATISTICS GIVEN

Mathews presented a table of statistics purporting to show that by 1940 when Boulder Dam power is ready, the city will be netting a profit of $11,731,000 annually from the sale of power and thus will be in good shape to pay the government for the power it contracts for. The table showed power profits to the city for last year of $8,418,000 and for this year of $8,746,000.

There was nothing in the figures, and nothing in Mr. Mathews's statement bearing on the probable willingness or refusal of the voters of Los Angeles to approve the bond issues, aggregating upward of $200,000,000, which the city must pass before it can carry out its proposed part in financing the Boulder Dam project. He dealt simply with the ability of the city to contract for the power and pay for it when the time comes, and did not go into the matter of raising the capital expenditures it will be called upon to make for power plant equipment, and transmission lines and for pumping domestic water.

Mathews said that Los Angeles wants the dam built to its "highest feasible height" so that all possible power and water storage could be gotten from the project. There is a proposal before Secretary Wilbur now to add 25 feet to the dam making it 575 feet high and adding something like 100,000 horsepower to its generating capacity and 25,000 acre feet to the amount of water it can hold in storage.

EDISON PROTEST MADE

The protest of the Southern California Edison Company against the allotment to it of 25 per cent of the power, as compared with 25 per cent to Los Angeles and 50 per cent to the water district was presented by W. C. Mullendore, general attorney for the company, and was a forceful argument mainly along the line that since the Edison company serves the bulk of the Southern California market, including homes, farms and factories, it deserves a better apportionment than it has received.

Mullendore contended that his company with its more than 2,000,000 customers and the regulation of its rates by the State, is as much entitled to consideration as the Water and Power Department of Los Angeles or any other public power agencies under the provisions of the Boulder Dam Act, stipulating that the power from the project should be distributed according to the terms of the Federal Water Power Act, that is, in the widest manner possible and with an eye to serving the public. He pointed out that the Edison company serves electric power to large areas outside of Los Angeles which can only share in the benefits of the project through the company.

"I speak," said Mullendore, "for four-fifths of the power users in the district supposed to get the benefits of Boulder Dam power, for 2,000,000 homes and three-fourths of the farms of Southern California and my company is compelled by every motive of self-interest to serve the people at the lowest possible rate."

PALMER SILENCED

Mathews, Representative Swing of El Centro, co-author of the Boulder Dam Act; Harlan G. Palmer, and others attempted to heckle Mullendore on the question of just why his company is interested in Boulder Dam power. He explained ten or a dozen times that the company is bidding for the power on the common assumption it will be cheaper than that it could generate by steam, and with the idea of protecting the interests of its customers. The discussion continued and Palmer, who publishes a paper in Hollywood, and identified himself in the hearing as a "personal representative" of Mayor Porter of Los Angeles, was especially insistent. Palmer was finally cut short by Secretary Wilbur, who told him that Mullendore had explained the position of his company amply and that "if you (Palmer) have been asleep it is not our fault; we simply can't keep on interminably chewing the same gum over and over."

Senator King of Utah appeared to demand that 50,000 horsepower be set aside for his State for later use. Ward Bannister, representing the city of Denver, said, ironically, that this gives him an idea and that if Colorado "can have power reserved for it without binding herself financially," he thought he might amend the Colorado briefs so that it will ask a similar allocation. King retorted that Southern Utah is within the area that can be served economically by Boulder Dam power. Bannister said "so is part of Colorado, but we haven't complicated matters by asking for any of the power."

POWER RETURN OFFERED

In this connection, Secretary Wilbur, bewildered by demands for power from every side, reminded the conference repeatedly throughout today's hearing that the problem is to obtain valid contracts "now" from purchasers able to guarantee repayment of the government's investment so that the project may actually get under way. The implication of his remarks was that he is even stronger of the opinion that the project will have to be underwritten by Los Angeles, the Metropolitan Water District and the Southern California Edison Company with other purchasers getting their power under subcontracts.

There was considerable discussion as to how Nevada and Arizona could reserve power without contracting for it immediately and Mathews said Los Angeles would be willing to release power to these States as they were ready to use it, provided this could be done without impairing the financial investment by the city on the transmission lines. Mullendore said that with the same qualification the Edison company would also be willing to hand back power to the two States.

Nevada is demanding one-third of all the power and even offers to take it all. Arizona has not asked for any, but 18 per cent has been set aside for her if she wants it.

TWO HURT WHEN BUS HITS RAILING

PORTLAND (Or.) Nov. 13. (AP)—A north coast transportation bus, Portland-bound from Seattle, crashed into the sidewalk railing on a bridge here today and injured two persons. Owen Seffern, 8 years of age, of Vancouver, B. C., suffered lacerations about the right eye but his parents escaped injuries and H. N. Santiago, Los Angeles, received abrasions on both ankles. The driver blamed the icy pavement for the accident.

ENGLISH RED FINED

LONDON, Nov. 13. (AP)—Hubert Huggins Lovell was fined £2 and 6 guineas cost today with the alternative of a month's imprisonment on conviction of participating in a Communistic demonstration outside of the American Embassy October 27 in connection with the Gastonia convictions.

CABINET MEMBER'S ILLNESS CRITICAL

[A. P. photo]

James W. Good

WAR SECRETARY IN GRAVE PERIL

Life of Good in Balance After Operation

Friends Fear He May Not Survive Condition

Doctor's Late Report Gives Some Encouragement

(Continued from First Page)

was apparent at the White House and President Hoover was kept advised. Lieutenant-Commander Joel T. Boone, personal physician to the President, attended the War Secretary when he was stricken suddenly after dinner at his home last night.

Secretary Wilbur, who is a physician, participated in another examination early today at the hospital where Mr. Good was taken in after his attack. A diagnosis of acute appendicitis was made and immediate operation found necessary. It was performed by Col. William L. Keller, noted Army surgeon, with Commander Boone in attendance. Mrs. Good was with her husband most of the day.

WORD SPREADS QUICKLY

Word of Mr. Good's illness spread quickly through the city, and resulted in numerous calls to the White House from his friends in legislative and diplomatic circles. At one time a report gained circulation that he had died, but this was denied quickly.

An indication of the President's deep concern over the illness of his friend, who served as campaign manager for him in the West last year, is the unusual arrangement for acquainting the public with the progress of the Cabinet member in his struggle. From time to time Senators telephone to the White House for word that has been received from the military hospital.

FIRST SERIOUSLY ILL

Mr. Good is the first member of the Hoover Cabinet who has been seriously ill. He accompanied the President and Mrs. Hoover to the tomb of the unknown soldier at Arlington National Cemetery on Armistice Day and apparently was in perfect health at the time.

As evening wore on tonight Secretary Good's physicians were encouraged by the favorable way in which he had reacted to the operation. He had recovered from the anesthetic, an excess of which had to be administered, and after regaining consciousness he lapsed into sleep. Physicians said that it will be seventy-two hours before the crisis will be over.

HIGH LOSSES GET BLAME FOR SUICIDE

Gas Utility Chief Said to Have Dropped More Than $1,000,000 in Wall Street

ROCHESTER (N. Y.) Nov. 13. (AP) Stock market losses said to have aggregated $1,000,000 are believed responsible for the suicide of Robert M. Searle, president of the Rochester Gas and Electric Corporation, at his home here today.

He was found on a bathroom floor at his home in Brunswick street by Herman Russell, vice-president of the company. A gas jet was open and asphyxiation was given as the cause of death. Coroner Leonardo issued a certificate of death by suicide during temporary mental derangement.

Searle came here yesterday from New York where he had been associated with the main office of the company, which is a subsidiary of Associated Gas and Electric Industries, for the past three years.

According to Vice-President Russell, Searle paid an earlier visit to Rochester last week and at that time talked freely of his heavy losses in the stock market. He is said to have declared at that time that his original fortune of more than $1,500,000 was worth less than $300,000 at present market rates.

Strip of Steel to Link Coasts, Expert Thinks

CHICAGO, Nov. 13. (AP)—Highways made of one single strip of steel welded together and extending from coast to coast were predicted for the future today by Bennett Chappel, vice-president of the American Rolling Mill Company, addressing the annual convention of the International Acetylene Association.

Chappel also forecast the making of steel bathroom units in factories to be hoisted into position in new buildings. The bathroom, he predicted, will be welded into one unit, including all fixtures, before it leaves the factory.

Loans Approved to Cotton Men

WASHINGTON, Nov. 13. (AP)—Loans of $1,000,000 to the Louisiana Farm Bureau Cotton Growers' Cooperative Association and $750,000 to the Arizona Pima Cotton Growers were approved today by the Federal Farm Board to supplement funds received from commercial and intermediate credit banks.

The additional amounts are to enable the associations to make larger initial payments to grower members when they purchase the cotton.

SIX MULCTED BANKS IN SUIT FOR RECOVERY

NEW YORK, Nov. 13. (AP)—Six New York banks, mulcted by Charles Delos Waggoner, Telluride (Colo.) banker, out of $500,000, have started suit for recovery of the money, it was learned today, naming two New York banks, the First National Bank of Pueblo, Colo., and Waggoner as defendants.

BRITAIN SLOWS NAVY BASE JOB

Singapore Work to Wait on Five-Power Conference

House of Commons Stirred by Announcements

Many Questions Propounded on Effect of Action

(Continued from First Page)

LONDON, Nov. 13. (AP)—A. V. Alexander, First Lord of the Admiralty, announced in the House of Commons today that work on the naval base at Singapore will be closed down as much as possible pending the result of the five-power naval conference.

Answering questions on the status of the Singapore base, Mr. Alexander recounted the fact that the previous Labor government in 1924 had decided not to proceed with the proposed base, but that the late Conservative government's action in going on with the work at heavy expense and with contributions from the Malay State, New Zealand and Hongkong, had altered the situation very materially.

WORK DELAYED

"The House is aware that a naval conference has now been arranged, the decisions of which may affect the question of the use of this base," he said, "and in all the circumstances the government has decided that the work already contracted for at Singapore shall be slowed down as much as possible, that all the work that can shall be suspended and that no new work shall be embarked upon pending the result of the five-power conference."

A string of questions followed Mr. Alexander's statement. Lieutenant-Commander J. M. Kenworthy (Labor) suggested consideration of a break clause in the construction contracts to allow for possible eventualities. Mr. Alexander replied he wanted notice of this question, but said the matter of compensation naturally would arise. Replying to a question from H. Graham White (Liberal.) the First Lord said no steps had been taken involving fortification of Singapore.

MORE TIME ASKED

Questioners pressed for the views of the Dominions. Mr. Alexander emphasized they had been notified several times and eventually said: "I would like to wait a little longer before giving a definite answer."

Conservative questioners demanded to know whether the contributions from other parts of the empire "are being spent under false pretense," and whether this is not a policy of "pennywise and pound foolish." The First Lord did not answer.

New Home Treatment for Gland Trouble

Official authorities agree that 65 per cent of all men past middle age (many much younger) are afflicted with a disorder of the prostate gland. Aches in feet, legs and back, frequent nightly risings, sciatic pains are some of the signs—and a member of the American Association for the Advancement of Science has written a remarkably interesting Free Book that tells of these symptoms and just what they mean. No longer should a man suffer nagging or past the prime of life through fear to reg rd these painful conditions, as inevitable signs of approaching age. Already more than 50,000 men have used the drugless method described in this book to restore their health and vigor—and to restore the prostate gland to its proper functioning. Send immediately for this book. Write in person if possible, otherwise by mail your request to The Electro Thermal Company, Dept. 283 Van Nuys Bldg., Los Angeles—the concern that is distributing this book for the author—it will be sent to you absolutely free, without obligation. Simply send your name and address. But don't delay, for the edition of this book is limited.—[Advertisement.

TARDIEU MAKES CHAMBER GAINS

New French Government Strengthens Position

Budget Discussion Brings Third Confidence Vote

Socialist Group in Opposition Meets Defeat in Test

PARIS, Nov. 13. (AP)—The new Tardieu government strengthened its position in the Chamber of Deputies today by winning a division with a majority of sixty during discussion of the national budget.

The chamber voted a motion of confidence in the government for the third time since it appeared before Parliament last week. The vote was 317 to 257.

The Socialist section of the opposition provoked the test of strength, a Socialist Deputy moving that the first chapter of the budget be sent back to the finance committee. M. Tardieu opposed the motion and threatened to resign if it was accepted.

CHIEF ATTRACTION FAILS TO APPEAR

Princess de Broglie

PRINCESS SIDESTEPS ON SHOW

Mrs. Astor Has to Put on Fashion Event Without Piece de Resistance

NEW YORK, Nov. 13. (Exclusive) When New York society went last night to Mrs. Vincent Astor's charity fashion show and waited for the "piece de resistance" of the evening, there appeared in a directoire gown not the Princess Estelle De Broglie of Paris, but a debutante, Miss Frances Gilmore.

Sponsors of the charity affair said the Princess "walked out of the show because she did not get enough publicity and attention," but the Princess Estelle said this evening in her suite at the Hotel Lombardy: "I have, oh, such a bad, infected tooth."

The Princess, a singer, and the wife of Prince Robert De Broglie, a member of one of the oldest houses in France, was asked to appear in the fashion show "You Never Know," a part of the entertainment sponsored by Mrs. Astor for the benefit of the League for American Citizenship.

Miss Barbara Field of Stewart & Co., in whose building the benefit was held, sent out photographs of debutantes and patronesses and copy about the affair, but no photograph of the Princess was mailed to the newspapers and her name generally appeared at the end of the list of New York social leaders.

"If she had only waited," Miss Field wailed tonight. "I said that since she was being naturalized and had just taken out her papers we'd get a movietone of her, and newspaper photographers and everything, but I was waiting until the day before the affair."

HAYS DETAILS FILM SERVICE

Czar of Pictures Addresses New York Trade Board

Slur on Morals of Screen Not Referred To

Effect as Crime Deterrent Made Mention Of

NEW YORK, Nov. 13. (AP)—Will H. Hays, chief of the motion-picture industry, told a luncheon of the New York Board of Trade today that the industry, "if it did not cherish more the privilege of sharing leadership" in business, "might claim the right to a high seat at this or any other board by virtue of material progress and service alone."

Although Hays did not refer to the matter, Don C. Seitz, associate editor of the Outlook, said in a recent address that "the attempts to raise the morals of the films" have been "merely camouflage" for "the filling of seats in every theater."

DETERS CRIME

Hays, however, declared that "in the care of the quality of pictures the motion-picture industry has taken such elaborate cognizance of the medium's attitude-forming power that scientists of repute are agreed that the American motion picture, produced under the safeguards now in effect at Hollywood, constitutes a positive and vigorous deterrent to crime."

"We have within the past year increased the weekly aggregate motion-picture audience in the United States by 10,000,000," Hays said, "meaning an increase each week of that many direct stimuli toward possession of comforts and conveniences available to the American family."

"The direct service to business is incalculable," he asserted, reviewing the investment of the industry, its huge consumption of commodities necessary for picture making and the wide scope of advertising for sales of films.

Speaking on "motion pictures and business," he accepted "on behalf of motion pictures and those countless industries of which we are an ally," the designation of modern American life as a "business civilization."

"Cynics and posers fling the phrase as an epithet," he said. "We accept it, with pride, as an inspiration to keep our faces forward on the road we are climbing."

TWELVE WOMEN ON THIS JURY

First Line-up of Kind in Washington Court Sits in Assault Case

WASHINGTON, Nov. 13. (AP)—A jury of twelve women has been chosen to sit in a case now in progress in the District of Columbia Supreme Court. It is the first all-woman jury to be selected for duty in a Washington court.

The women were called on to consider the evidence against a negro charged with assault with a dangerous weapon. Justice Hitz, who presided in the recent Fall trial, is on the bench in the present case.

SING SING NIPS DELIVERY PLOT

Highly Organized Conspiracy in Prison Foiled

Success Would Have Meant Freeing of All Convicts

Ringleaders in Solitary for Rest of Their Terms

OSSINING (N. Y.) Nov. 13. (AP)—A highly organized conspiracy for a wholesale delivery of Sing Sing prison's 2000 inmates was revealed today by authorities who said the ringleaders have been lodged in solitary confinement.

A week ago prison officials obtained a tip to the plot, and each day since have searched inmates and every cell until they learned that under the direction of seven convicts—at least one of them a killer—a scheme had been effected to smuggle weapons into a cell block, short circuit the lighting system and use a false key to the cells in which the plotters were kept.

Had the plot succeeded, prison authorities indicated, a re-enactment of the bloody riots of Auburn, Dannemora and Canon City, Colo., might have resulted. Some one talked, however, and keepers under Warden Lewis E. Lawes kept a close watch on known unruly prisoners.

Walter Frelig, in whose cell was found a letter including a draftsman's design of implements to be used, has been sent to Clinton prison. Roy Sloane, Joseph Pioli and Edward Ryan are in solitary confinement.

"They will stay there as long as they are here," Warden Lewis E. Lawes said.

Lawes said the letter found in Frelig's cell was in the handwriting of Sloane, a wizard on locks, and was evidently written for the guidance of confederates in secretly taking tools for escape.

STEINWAY
THE INSTRUMENT OF THE IMMORTALS

"In my estimation the Steinway piano stands unchallenged in its ideal supremacy. In speaking of the Steinway piano in these terms, I am only repeating what the greatest musicians have so eloquently expressed, but my own experience compels me to give voice to my conviction and I sincerely trust it may be my good fortune to enjoy the use of these beautiful instruments for the rest of my artistic career."

SOVIET BUDGET SETS NEW MARK

Increase of 45 Per Cent Above Last Year

Most of State Revenues to Come From Taxes

Sum For Education Will Exceed Old Total

MOSCOW, Nov. 13. (AP)—Soviet Russia's budget for the coming year, details of which are announced today, shows the huge total of 11,390,000,000 rubles (about $5,695,000,000) which is 45 per cent more than last year and the greatest in the history of the soviet union.

A large part of the state revenue is expected to come from direct and indirect taxes, the total amount being 5,065,000,000 rubles or nearly 40 per cent more than last year.

The sum of 345,000,000 rubles will be devoted to education, this being more than 60 per cent above last year, while to agriculture is assigned 617,000,000 rubles, electrification 310,000,000 rubles and waterways 110,000,000 rubles. Sixty million rubles will go for the formation of a state grain fund.

All previous soviet budget figures are eclipsed by the estimated profits from state trade which are placed at 230,000,000 rubles, or 618 per cent more than last year. Income from foreign concessions is placed at only 5,026,000 rubles, while revenues from the forests are placed at 450,000,000 rubles and from the mines at 78,000,000 rubles.

The appropriation for the development and extension of new railroads exceeds last year's sum by 108 per cent, while 1,848,000,000 rubles will be assigned to financing the state's industries.

STRANGE ROMANCE CLOSED FOREVER

Princess Victoria

KAISER'S SISTER DIES IN POVERTY

Strange Romance Closed by Demise of Princess

Divorce Action Against Wild Husband Was Pending

Possessions All Auctioned to Settle His Debts

BONN (Prussia) Nov. 13. (AP)—Frau Alexander Subkoff, 63 years of age, who was Princess Victoria Von Prussia, sister of the former Kaiser and grandchild of the British Queen, Victoria, died today at St. Franciscus Hospital here, ending one of the strangest romances written into the records of European royalty.

Death came while she slept, at 7:30 a.m., and followed a brief illness which began last week shortly after her husband, Alexander Subkoff, Russian adventurer, who was thirty-four years her junior, was served with divorce papers on her behalf.

Frau Subkoff, when she married in 1927, renounced her rights as Princess, and accepted estrangement from her family. Members here today at her death were her "baby" sister, Marguerite, Princess von Hesse, her husband, Prince Frederick Charles, and their two sons, Christof and Richard.

LAST DAYS IN POVERTY

Although her fatal illness came upon her only a few days ago, the last months of the Princess were far from happy, and were spent in most modest quarters here in loneliness, poverty and disillusionment.

Just a month ago she was forced to auction off heirlooms of great value to pay the debts of her adventurer husband, but she succeeded in raising only a small amount. Bankruptcy proceedings previously had been instituted against her when she failed to meet obligations contracted by Subkoff. At one time she was wealthy in her own name.

By her first marriage the former Princess was Princess of Schaumburg Lippe, wife of Prince Adolphe of that house. He died in 1916, and for years she lived side by side with other members of the Hohenzollern and Schaumberg Lippe families; all suffered reverses as result of the war, of course, but their lot was exalted compared to what awaited Victoria.

SHE MEETS GIGOLO

In 1927 she met Subkoff, 29, who is said to have represented himself to her as a Russian emigre of good family, but is believed really to have been the son of a cobbler, and to have worked at such professions as waiter and gigolo in a Paris dance hall.

The Princess, then 61, and he were married despite the opposition of the former Kaiser, and others of her family who forced her to renounce her royal standing before she went ahead with the latter-life romance.

No sooner had they been married at Bonn than young Subkoff began to attract attention to himself, with escapades in public houses, affairs with other women, and numerous tilts with the authorities over such matters as bad checks.

He finally was expelled from Germany, then from Belgium, and at various times later had trouble finding agreeable residence in several countries of Europe. His wife for a while remained attached to him, but finally she left him, and when he reappeared in Germany a few days ago served him with divorce papers.

FAVORITE OF QUEEN

"Vicky," as she was called, was the favorite grandchild of Queen Victoria of England, for whom she was named. The British Queen willed her the greatest part of a jewel collection which she had spent years in bringing together. She recently was said to have sold most of these to meet Subkoff's debts.

According to talk in former court circles the latest method of Subkoff to extort money was a threat to write a film scenario in which the courtship, marriage and relationship of the two would be depicted in an objectionable manner.

Victoria contracted a chill while taking her customary lonely walk the 8th inst. She refused to see a doctor at first, but when finally one was called in he found her condition serious, with acute inflammation of the lungs.

FINAL BLOW

Friends said the final blow to the former Princess was the public auction of her possessions at the palace at Bonn to pay her and her husband's creditors. The humiliation of seeing her prized belongings sold to collectors and curiosity seekers is said to have preyed on her mind.

For several months the Princess has lived entirely secluded, without even a maid to attend her. Lately she has been dependent on allowances granted her by the bankruptcy court and her sister, the Princess von Hesse. Her divorce suit against Subkoff, who is believed now to be in Luxemburg, was to have been heard the 22nd inst.

FORMER KAISER WON'T GO TO FUNERAL

BERLIN Nov. 13. (AP)—Maj von Mueldne, representing the house of Hohenzollern in Berlin, today said that any possibility of the former Kaiser attending the funeral of his sister, Princess Victoria, is "wholly out of the question."

What YOU Can Do

with

Green Lantern Ice Cream AT HOME

PHONE HUmbolt 7790 for address and phone number of Green Lantern Fountain near you. Phone your order to the Green Lantern Fountain for "on-time" delivery.

CHARLOTTE CLAC is but one of many delicious desserts that can be made quickly and easily at home with Green Lantern ice cream. This fine ice cream with its delectable taste, high butter content, and strict purity is the perfect base for many desserts and party dishes.

And Green Lantern drug stores cooperate with you by delivering your needs exactly when you want them. In making fancy frozen dishes have other ingredients ready and your Green Lantern ice cream will be delivered on the dot.

Tonight, tomorrow or next week surprise the family or the afternoon bridge gathering with an unusual Green Lantern ice cream dessert. Charlotte Glace for instance.

How to Make Charlotte Glace

The ingredients are: ½ dozen lady fingers, ½ pint whipping cream, 8 maraschino or glace' cherries and 1-quart brick of Green Lantern Ice Cream. Method: Place ice cream on serving plate. Place lady finger halves around sides and ends of brick to enclose it completely as in the picture. Cover top of brick with sweetened whipped cream, working it down between the lady fingers. Garnish top with cherries. Cut in eighths and serve.

SHINGLE KEPT ON FREE LIST

Senate Continues Slashing Tariff Increases

Proposed Higher Duties on Clocks Eliminated

Profits on Watch Making Figure in Debate

WASHINGTON, Nov. 13. (AP)—Continuing its slashing of tariff increases and elimination of proposed duties on free listed commodities as carried in the House bill, the Senate today voted 49 to 29 to keep shingles on the free list and 51 to 24 to restore existing levies on watches.

Without record votes it also eliminated proposed higher duties on clocks, placed on the free list logs of fir, spruce, cedar, and western hemlock, now dutiable at $1 per 1000 feet board measure, and approved retention in the nondutiable column of cedar lumber which the House had made dutiable at 25 per cent ad valorem along with shingles.

The vote on shingles disposed of one of the major controversies in the tariff question. The measure still must go through another stage of revision in conference between the Senate and House.

JONES AND DILL IN DRIVE

Senators Jones, Republican, and Dill, Democrat, both of Washington, who led the drive for retention of the House duty on shingles, mustered nineteen Republicans and ten Democrats on the final roll call, but only after they had proposed the decision be made between free shingles and a 10 per cent rate.

The Finance Committee majority had proposed retention of shingles in the free category, but when the 10 per cent duty was suggested, four of their number, including Chairman Smoot and Senators Edge, Reed, and Shortridge, voted with the Washington Senators.

Twenty-nine Republicans and twenty Democrats supported the committee amendment.

The Finance Committee also won on the log proposition, it having proposed elimination of the present duty which the House retained.

On the record vote on an amendment by Senator Barkley, Democrat of Kentucky, to wipe out increases in duties on watches and restore rate in the present law, twenty-three Republicans, including two members of the committee—Cousens, Michigan, and Sackett, Kentucky—joined twenty-eight Democrats for, and twenty-two Republicans and two Democrats—Broussard, Louisiana, and Walsh, Massachusetts—were recorded against.

WATCH PROFITS QUOTED

Profits of American watch manufacturers and importers of foreign movements for assembling in this country figured largely in the debate on the committee watch amendments, which proposed increases only in the low-priced or small-jeweled timepieces and decreases in the duties on watches of seventeen jewels and over.

Advocating the increased levies, Senator Deneen, Republican of Illinois, said the profits of the Elgin Watch Company of his State had declined to a fraction over 5 per cent, while the earnings of importers of what he termed a self-winding Swiss movement had reached 829 per cent.

Senator Barkley disputed the latter figure, reading a telegram from the perpetual self-winding watch company, which assembled the Swiss watch referred to, saying their landed costs were $17.64 per watch, as against $82.75 stated by Deneen.

The Illinois Senator said the Illinois Watch Company, taken over by the Hamilton Watch Company, had a decrease in earnings from 17 per cent in 1923 to 5 3-4 per cent in 1927.

Senator Reed, Republican of Pennsylvania, also urged higher duties. He said the Bulova Watch Company of Providence, R. I., importer of watch movements, had shown an increase in earnings of 300 per cent in 1928 over 1926 and that this was the only concern among manufacturers and importers which did not favor the "compromise" watch duties written by the Finance Committee.

FREE AIRS HOUSE VIEW IN CONNECTICUT ADDRESS

WEST HAVEN (Ct.) Nov. 13. (AP) Representative Free, Republican, California, asserted in an address here tonight that the House would prefer to have no tariff bill rather than one which does not treat all sections of the country fairly.

Speaking in the home town of the Republican floor leader, Representative Tilson, the Californian said he is satisfied the House will "stand adamant" on the tariff despite the slaughter of the bill in the Senate by the Democratic, Republican, Progressive coalition.

Free suggested that "you in Connecticut be careful in the future and do not be mauled by false political gods. Get back to the Republican column. Be with the party that stands for development of our country and its resources; the party that believes that American-made goods and American-grown products should be used by Americans and our high standard of living maintained by an adequate protective tariff."

JONES FAVORS SENATE NAP

Week's Adjournment Will be Proposed Today; Blease Also Suggests Rest

WASHINGTON, Nov. 13. (AP)—Senator Jones of Washington, the acting Republican leader, said today he is about ready to propose an adjournment of the special session on the 23rd inst., a week before the regular session, in response to appeals from both sides of the chamber.

He indicated he will offer an adjournment resolution tomorrow.

A little rest as a means of obviating tariff troubles was suggested to the Senate today by Senator Blease of South Carolina, who told his colleagues that half of them are "sick and don't know it" and that in addition, the "country is tired of hearing the tariff."

The Senator's observations were forthcoming at the time Senate leaders were maneuvering to reach agreement to adjourn before the December session. He called attention to recent deaths and illnesses among Senators, saying they failed to realize their condition until too late.

REED EXCUSED

Blease said Senator Reed, Republican, Pennsylvania, never would have likened Republican independents to Communists if he had not been overworked.

"What we should do," he continued, "is to go home and rest a little, having a little prohibition, a little something else and a little singing." The South Carolinian also referred to the appellation, "sons of wild jackasses" given by Senator Moses, Republican, New Hampshire, to Republican independents, asserting that "may be true, but he did not mean it."

"He's too brainy a man," added Blease, amid laughter. The country, he said, should have "laughed off" the remark.

Further, he said, the quarrel between Ashurst of Arizona and Barkley of Kentucky, Democrats, over manganese, would have been avoided if the two had not put in a long, hot summer in the tariff.

Senator Copeland of New York, a physician, indorsed Blease's view that a rest was needed.

SNELL OPPOSES REST

Chairman Snell of the House Rules Committee said after a call on President Hoover that the Senate ought to stay in session until a tariff bill is passed.

"If a bill is not passed responsibility will lie solely with the Senate," he asserted. Snell said the House will stand in readiness to receive a bill from the Senate at any time before the regular session opens.

Deputies Face Murder Trials

MARION (N. C.) Nov. 13. (AP)—True bills were returned by the McDowell county grand jury here today against the eight Sheriff's deputies charged with murder in connection with a gun fight at the Marion Manufacturing Company textile mill gates October 2, last, in which six textile workers were injured fatally.

Those name in the bills are B. L. Brobbins, W. A. Fender, Dave Jarrett, Jim Owens, Charles L. Tate, Taylor Green, William Twiggs and Robert Ward. The shooting followed a strike at the textile plant.

CHARTER SIGNED FOR WORLD BANK

Delegates Bring Into Being Institution Framed

Clearinghouse for War Debt Settlements Created

Signatures of Absentees to be Inscribed Later

BADEN BADEN (Germany) Nov. 13. (AP)—The statutes, charter and trust agreements for the Bank for International Settlements, which has been hailed as removing the last of the postwar problems from the realm of politics, were solemnly signed at 6:25 o'clock this evening by the delegates to the conference which framed them.

The signing was shrouded in the same veil of secrecy which has characterized the long and sometimes bitter meetings of the last six weeks. Newspaper men were not admitted, nor were the faithful stenographers who had borne the brunt of the long negotiations.

The first to sign was Sir Charles Addis of Great Britain, the senior by years, who also signed for his absent countryman, W. T. Layton. Another absentee was the French delegate, Pierre Quesnay, who, however, arrived from Paris late tonight.

Belgian signatures also were missing, but General Secretary Walter Lichtenstein of Chicago hopes to obtain the signatures of Francqui and Van Zeeland in Brussels. It is expected that they will make a reservation regarding the selection of Basel as the site of the bank, which caused them to withdraw from the conference a few days ago.

CHAMBER MEN HEAR MORROW

Envoy Addresses Angelenos on Mexican Jaunt

Travelers at Luncheon Fete and Embassy Party

Southern Neighbors Invited to Return Visit

MEXICO CITY, Nov. 13. (AP)—Peoples are prone to judge themselves by deals and others by acts, United States Ambassador Morrow, today told 150 visitors from the Los Angeles Chamber of Commerce. This fact he believes is one of the greatest barriers preventing mutual understandings between the Mexican people and those of the United States.

He was speaking at a Mexico City Chamber of Commerce luncheon given at the American Club.

Other speakers were President Shannon Crandall of the Los Angeles chamber, Loring Emory, general manager of the General Electric in Mexico, and the president of the local Chamber of Commerce. The visitors attended a reception at the American Embassy this afternoon and will be received by the President tomorrow evening.

Mr. Crandall said that the foreign trade council of the United States meets in Los Angeles next May and asked the people of Mexico City to organize an excusion to California at that time to return the present visit.

NEW SEARCH IN BOMBING CASE OPENS

Bay City Officers Seek to Link Ohio Confesser's Name With Bopp Trial

SAN FRANCISCO, Nov. 13. (AP)—An investigation is under way by San Francisco police authorities today to determine whether Lewis Smith, purported preparedness day bomber, and Louis J. Smith, star State witness in the neutrality trial here in 1916 of the late German Consul-General, Franz Bopp, were one and the same man.

Louis J. Smith turned State's evidence and testified he was employed by German officials to dynamite munition plants, trains, ships and otherwise harass Germany's World War enemies. Three months after the preparedness day explosion here he disappeared.

Chief of Police Quinn today received from Chief of Police Moran of Bellaire, O., first details of the purported confession of Lewis Smith, admitting that he, and not Thomas J. Mooney, hurled the preparedness day bomb.

Police authorities here are conducting an investigation as a result of the Ohio developments.

Shortridge in Radio Plea for Memorial Fund

By a "Times" Staff Correspondent

WASHINGTON, Nov. 13. (Exclusive)—Senator Shortridge of California, speaking on behalf of the George Washington Memorial Association over a radio chain extending into twenty-one States, appealed to patriotic Americans to aid the work already started on the George Washington Memorial in the capital city.

The foundations of the memorial have been laid at the cost of $500,000 on land donated by Congress, Senator Shortridge said. Eight million dollars more are needed to complete the building and the call has been sent out for an additional $2,000,000 as an endowment to care for the memorial after it has been completed.

Moral to This is Grab Plenty When You Grab

URBANA (Ill.) Nov. 13. (Exclusive)—A banker who stole $100,000 and a chicken thief who pilfered fifteen pullets were taken to the same penitentiary today.

The banker will serve a sentence of from one to ten years. The chicken thief was sentenced to serve from one year to life.

The banker is John P. Thornburn, former president of the Urbana Banking Company, who confessed to the embezzlement of $100,000 from the bank. He was taken to the Chester penitentiary on the same train with Coy Leach of Penfield, Ill., the chicken thief.

Capt. Smith Gets New Decoration

By a "Times" Staff Correspondent

WASHINGTON, Nov. 13. (Exclusive)—Capt. Lowell H. Smith, leader of the round-the-world flight in 1924, native Californian, holder of the Distinguished Service Medal, the Helen Culver Medal, member of the French Legion of Honor, and at one time possessor of sixteen world records in aviation, has been decorated with the Distinguished Flying Cross for pioneer work in refueling planes carried on at Rockwell Field, San Diego, in 1923, according to announcement from the War Department today. First Lieutenant John P. Richter shares in the award.

THREE MEN KILLED IN POWDER-MILL BLAST

MAYNARD (Mass.) Nov. 13. (AP) Three men were killed and others were injured by an explosion in the yard of the American Powder Company here late today, officials at the plant say they cannot explain the accident until after an investigation. The dead were Carson Bunnel, Simon Kuchun and Kjalmer Nurmi.

WAR BRIDE GIVES UP MATE

She Releases Husband to Wife He Married Before Battle Wound Made Him Forger

CHICAGO, Nov. 13. (Exclusive)—Andree Hawley, 27 years of age, who wed Capt. Cecil Hawley of Salem Or., son of the Oregon Representative, after a courtship that began when American soldiers were in France, today gave her husband back to his first wife. Their marriage was annulled by Judge Joseph Sabath.

Here story revealed another of those tragic romances charged to the war, which left a soldier's mind awry for almost ten years.

"My first husband, Francois, was killed in the battle of the Somme in 1916," Andree testified, "I was in Paris along with my baby when Capt. Hawley came from the front on a leave of absence.

COMES TO AMERICA

"Capt. Hawley made love to me. He said he had been married but his wife had divorced him. After the war he came home. In 1920 I came to this country to visit my sister in Washington. Capt. Hawley, who is the son of Representative Willis C. Hawley, of Oregon, came after me. A two-year courtship followed. On December 8, 1923, we were married at La Porte, Ind. We took up our residence in Kentucky and lived there three years before coming to Chicago.

"In April, 1927, he told me he had to go to New York on business. I did not hear from him for six weeks and finally wrote to his mother in Salem. His mother did not reply, but his wife did. She asked me what the captain had told me and if we had any children. We continued our correspondence. Other relatives told me that Capt. Hawley had suffered a head injury, which caused lapses of memory.

MENTALITY RESTORED

"In the weeks after he had left me he had an operation which relieved the pressure on his brain and completely restored his mental functions. He was as much surprised to learn, when he recovered, that he was a bigamist, as I had been to learn that he had not been divorced.

"He was very apologetic. I filed suit for divorce here in June, 1927. But divorce would not have been fair. I wanted to restore him to his wife as though he never had married me."

Attorney Arthur Hoffman produced Capt. Hawley's war record, his letters to Andree, their marriage license and their certificate of marriage. Andree refused to disclose her maiden name, the name of her sister in Washington or the name of her first husband, Francois.

'Bad Boy' Mayor of Newburyport Wins Primaries

BOSTON, Nov. 13. (AP)—The historic city of Newburyport again has nominated its "bad boy" Mayor, Andrew J. (Boney) Gillis, for the office. In primaries held yesterday Gillis carried every ward and received 2338 votes in the heaviest balloting ever recorded in a municipal election there. Ex-Mayor Michael Cashman was given 1612 ballots and will be the other candidate on election day, December 3, next.

The campaign of the once talkative and defiant "bad boy" was apathetic, and his comment after the voting was that he is pleased. Gillis has served a term in the house of correction for assaulting Cashman.

Bids Opened on Road Jobs

SACRAMENTO, Nov. 13. (AP)—The State Department of Public Works opened bids today on highway construction work to be done in San Bernardino, and Orange counties, and announced the low bidders as follows:

San Bernardino county — For construction of a reinforced concrete slab bridge near Cajon Station and for grading of .06 miles of highway approaches, Pittman & Hippenstiel of Riverside, bid $13,087.

Orange county—for grading and paving with Portland cement concrete, 6.4 miles between Sunset Beach and Newport Beach. The Macco Construction Company of Long Beach, bid $201,545.

Student-Bride Seeks Divorce

SAN FRANCISCO, Nov. 13. (Exclusive)—Mrs. Joan Louise Hellman McNear, daughter of Mrs. George H. Hellman of Los Angeles, in a divorce complaint filed today, declares her husband, George W. McNear, Jr., member of a pioneer California family and son of a wealthy grain broker, has been intoxicated habitually for the last year.

They were married in a surprise midnight ceremony July 9, 1927, while Mrs. McNear was a student of sculpture at the California School of Fine Arts.

Woman Murder Jury Has Case

OROVILLE, Nov. 13. (AP)—With the prosecution demanding "adequate punishment," but making no mention of capital punishment, the jury before whom Mrs. Pearl Baldwin has been on trial for six days for the murder of her husband, William C. Baldwin, was given the case at 4:30 p.m. today.

It was locked up late tonight without a verdict having been reached.

WAR NURSE'S LETTER ARRIVES AFTER YEARS

GRIDLEY, Nov. 13. (Exclusive)—Eleven and a half years ago, while serving as a Red Cross nurse with the American Expeditionary Forces in France, Mrs. Orin R. Beck of Gridley, mailed a letter to her mother, Mrs. M. J. Smith, in San Francisco. Mrs. Beck learned today that the letter was delivered to her mother on last Monday, Armistice Day.

CHOOSE FROM 7

You'll like the Matson ships on the Hawaii run

THERE'S a whole fleet of Matson ships in service between San Francisco and Honolulu. Book passage on any one of them and you'll find broad decks for lounging and sports, staterooms of restful comfort, and the Matson standard of service throughout.

Why not run over soon? At least one Matson ship sails every week—often the fast Matson schedule gives you additional sailings, too.

Summer "below the line"

Down in the South Seas, below the equator, summer is dressing Samoa, Fiji and Australia in sparkling sunshine and gorgeous flowers. Matson ships go there—from Honolulu.

Let us send you folders of inclusive tours.

Cut your score in Hawaii!

You'll play better in the Islands—ideal climate, springy fairways, are in your favor. Ask for a guest card at Waialae.

RILEY ROASTS YOUNG REGIME

State Controller's Platform in Candidacy Told

State Economy and Junking of Experiments Urged

Governmental Costs Dismay Gubernatorial Aspirant

SACRAMENTO, Nov. 13. (AP)—Indicating in no uncertain phraseology that his campaign will be directed against increasing governmental expenditures, Ray L. Riley, State Controller, formally announced today his candidacy for the Republican gubernatorial nomination in the 1930 California election.

"To my friends throughout the State I wish at this time to express my sincere appreciation of the wonderful response they have accorded my announcement of candidacy," Riley said.

Then he launched into a review of existing State conditions, aiming directly at what he termed a "constantly mounting load of functions," an "imposing superstructure and departments that have sprung up like mushrooms."

Regarding these points he said:

WATCHED WITH DISMAY

"First as a citizen, second as a public official, I have watched, some times with dismay, the constantly mounting load of functions assumed by government and the resultant pyramiding of the tax burden. We have reached the point today where we must definitely call a halt or reap the whirlwind of unprecedented and uncurbed governmental experiments.

"Obviously the first remedy if tax bills are to be halted in their upward curve is reduction of the cost of government.

"We have witnessed in the California State government during the past three years the building of a bureaucracy rivaling if not surpassing any other to be found in the nation. An administrator of undoubted honesty but an ultra-idealist, nevertheless, has added to the tremendous structure already erected an imposing superstructure — the cabinet form of government. Departments have sprung up like mushrooms.

BUREAUS PYRAMIDED

"Under the guise of centralization of government we have new departments within departments, with bureaus and divisions, boards and commissions, each manned by its own executive. Salary pay rolls have soared accordingly."

The Controller candidate declared that the State government "may be saving without being penurious." He also maintained that "there are gross inequalities in the present State tax system.

"The true test of democracy," he said, "is its ability to adjust itself to the economic conditions of its citizenry. State government, I believe, should set an example for the lesser governmental divisions in paving the way toward a safe and sane business policy. We can be saving without being penurious. We can be economical and at the same time be truly constructive. Having arrived at a proper burden of taxation then comes the problem of an equalization of government costs.

"No one can question that there are gross inequalities in the present State tax system. Having first attacked the question of outgo we may then intelligently face the problem of income."

VISIT TO POPE ARRANGED

VATICAN CITY, Nov. 13. (AP)—King Victor Emmanuel and Queen Elena will be accompanied only by Foreign Minister Dino Grandi when they make their first visit to Pope Pius December 5.

CANDIDATE RUNS ON ECONOMY PLATFORM

Ray L. Riley

DIXIE FLYER'S MAIL CARS GO INTO DITCH

DANVILLE (Ill.) Nov. 13. (AP)—Seven cars of the mail and express section of the Dixie Flyer, southbound train on the Chicago and Eastern Illinois Railroad, left the rails and turned over near Gessie, Ind., fifteen miles southeast of here, at 12:35 a.m. today. The locomotive remained on the track. No passengers were aboard and an express messenger was the only person hurt, suffering slight injuries.

CHICAGO DYING, SAYS OBSERVER

Fringes Expand While Heart Withers, Economist Holds

Rapid Transit Catastrophe to Cities, He Maintains

Inhabitants Reside Outside and Neglect Politics

CHICAGO, Nov. 13. (Exclusive)—A city growing on the fringes and disintegrating at the core, listlessly carrying on its government with a profusion and complexity of ruling bodies and unable to work its way out of the predicament because of the smug self-sufficiency of the neighbors—such was the sorry picture of Chicago painted today by Prof. Charles E. Merriam, head of the political science department of the University of Chicago.

Prof. Merriam spoke before the National Conference on Improving Government at the Stevens Hotel. He explained that Chicago, more than any other American city, typifies the limitations that are strangling the growth of 100 other cities.

Grave danger lies ahead, he said. The city's population is migrating outside the corporate limits, setting up what the professor-politician called "satellite or parasite cities" at the expense of Chicago. At the present rate, he predicted, there will soon be more Chicagoans living without than within its borders.

"The metropolitan community is disintegrating," said Prof. Merriam. "The foundation is slipping away and we are headed toward the time when we will be hopelessly disunited. Chicago will soon become a state of mind or a geographical expression."

Chicago proper he called a laughable eight-ring circus. The only advantage of the separation of these governing bodies, he said, was that it prohibited the setting up of one political boss to control the whole.

EPISCOPALIANS PICK ANDERSON

Chicago Man Made Presiding Bishop of Church

Diocese Heads Elect Him on Sixteenth Ballot

S. Harrington Little Goes to Honolulu Post

WASHINGTON, Nov. 13. (AP)—Rt. Rev. Charles Palmerston Anderson, Bishop of Chicago, tonight was elected presiding bishop of the Episcopal Church.

The election occurred on the sixteenth ballot after an all-day session of the ninety-four diocesan heads.

Bishop Anderson is 65 years of age and has been Bishop of Chicago since 1908. He is a native of Ontario.

FAMOUS SERMON

At the general convention in Washington last year, Bishop Anderson was elected vice-chairman. He delivered the sermon at the opening of the general convention at that time, and made it a defense of separation of church and state which won him wide acclaim.

"Whenever the church spends its energies of social and political reforms," he said then, "or undertakes to fight the world's political and social battles by using the world's weapons, or identifies itself with the world in hope of producing a glorified human society by external pressure, the result will inevitably be a loss of morals. It is beginning at the wrong end. It is patching up the machinery of society which may work today and break down tomorrow, instead of reconstructing the motives of men."

The new presiding bishop will serve for the remainder of the term of Bishop John Gardner Murray of Maryland, who fell dead on October 30, last, before the altar of St. James's Church in Atlantic City.

BISHOP OF CHICAGO NOW CHURCH HEAD

[A. P. photo]

Bishop Charles P. Anderson

GOES TO HONOLULU

Rev. S. Harrington Littel was elected Bishop of Honolulu.

Bishop Littel, now missionary at Hankow, succeeds Bishop John Lamothe, who died two years ago. Very Rev. Harry Beal, dean of Los Angeles Cathedral, was elected for the Honolulu post in Atlantic City a month ago but declined the position.

NEW MEDICAL SYSTEM URGED

Surgeon-General of Public Health Cites Needs

Millionaire and Pauper Now Have All Attention

Plan to Care for Person of Moderate Means Advised

WASHINGTON, Nov. 13. (AP)—The pauper receives the benefits of modern medicine free of charge and the millionaire pays dearly for them, but, in the opinion of Dr. Hugh S. Cumming, Surgeon-General of the Public Health Service, the man of moderate means who will not accept charity and cannot afford high fees is being neglected.

This situation, he said today, presents a challenge to the medical profession and must be met by a readjustment of the cost of medical attention.

"The charity systems of our medical schools and huge hospitals make it possible for the pauper to share with the multimillionaire the skill of the same surgeon," Dr. Cumming pointed out. "But this type of service is not now available to the man who cannot pay the high fees, and who will not accept charity.

"This means the mass. The mass intelligence in medicine is relatively high. Due to years of health education the average man knows, at least in a vague way, about the advancement of medicine. He knows, too, that he has a way of getting what he wants, through the vote, and if aroused he will use it.

Dr. Cumming suggested that some system should be worked out whereby the tremendous charity contribution of the medical profession should be cut down, the services of the skilled spread to a larger proportion of the population, and State assistance arranged to help meet the costs of further scientific development.

Used Cars for Sunday Outings—Times Want Ads

No Subsidized Press!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE assures the freedom of the press—Public opinion has been freed from the tyranny which denied it the right to pass judgment on public questions.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S *extra* secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

©1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 250°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

ANNOUNCING Important Air-Rail Rate Reduction

Effective Now For Winter Months

THE luxury and time saving of Transcontinental Air Transport, Inc.,* have been brought within the means of the most casual traveler by rate reductions now possible through the universal acceptance of TAT as the ultimate travel mode in America.

Thousands of travelers who have used the service at the former rates have pronounced TAT and its associated railroads "Transportation's highest achievement."

The coast-to-coast rate—including train, Pullman and air fares, transportation to and from airports and all meals west of Columbus, Ohio—now becomes $267.43. The former rate was $336.10 with meals and rail additional. Rates between intermediate points are proportionately lower.

Linked with the vast Pennsylvania and Santa Fe railroad systems, T A T (The Lindbergh Line) continues as America's finest passenger carrier—

E. R. PARKER SYSTEM

Published by Dentists Using the Famous E. R. Parker System, the Largest Group of Dentists in the World United in the Cause of Reducing the Cost of Quality Dentistry.

System Established 40 Years

THE E. R. Parker System has been established 40 years. It has succeeded because it believes in the Square Deal and the Square Deal is the only thing that ever wins out.

The Parker System means the use of every known and proved method to give you good dentistry. It means better teeth for everybody at reasonable prices. It means guaranteed workmanship.

There are 32 dental offices similar to the ones in this vicinity, throughout the United States and Canada, in which the E. R. Parker System is used. Offices using this System are constantly growing in number. Such popularity must be deserved.

The System stands for progress—for what is newest and best. Each office is complete in itself, with X-Ray equipment, laboratories for making plates, crowns and bridges—every branch of dentistry "on the spot."

This saves you time and saves you money. Every dentist is registered and licensed. No students are employed. Reception rooms are airy, spacious and clean. White-robed nurses attend every patient. The utmost in courtesy is an invariable rule.

Do not neglect your teeth. Let dentists using the 40-years-established E. R. Parker System examine them free and tell you in advance how little the price will be to put them in good condition again.

STEEL PRINCE WEDS SERVANT

Heir to $120,000,000 Puts Love Before Riches

Girl from Fishing Hamlet Happy on Honeymoon

Married Life Gets Start in $8 a Week Room

OYSTER BAY (L. I.) Nov. 13. (Exclusive)—In an $8-a-week furnished room a dashing young heir-potential to much of a $120,000,000 fortune—to say nothing of vast acreage, stables, kennels, yachts and fleets of cars—was found honeymooning here today. He was there, instead of in an imperial suite of an outbound liner, because he married the girl he loved, and she happened to have been second chambermaid in his home.

"I'm happy—that's all there is to say," said the 22-year-old honeymooner, William W. Willock, Jr., blue-blooded scion of great wealth. And the girl for whose love he chucked luxury and high social station, the former Adelaide Ingebregtsen, 20 years of age, a pretty blonde serving girl who came here four years ago from the sardine fishing village of Stavanger, Norway, shook her blonde ringlets and grinned happily.

OWN STEEL MILLS

Young Willock's patrician parents own about half of the Jones & Laughlin Steel Corporation.

The honeymooners plan to depart from their unidyllic lodgings in Oyster Bay's drab business section tomorrow for Miami, Fla., according to Willock, Sr., who has declared he will not receive his daughter-in-law or do anything for her. His postnuptial check for $1000 to his son was shown the newly-weds' lodging-house keeper Mrs. George D. Montfort, wife of a retired taxidriver, who is proud of often having driven Theodore Roosevelt to Sagamore Hill.

The steel Crosesus, it was said today, had not yet decided whether he will disinherit his son. But the bridegroom emphatically denied there is any breach between himself and his father. He said the only reason he and Adelaide eloped was that he feared his family might try to interfere.

"I want to be independent," he said, "but now that I am married my family is reconciled to my choice. I could earn our way as a mechanic if it came to that."

SPEAKS GOOD ENGLISH

The bride, who speaks excellent English, explained she was first drawn to young Willock by his democratic manner toward all his father's servants, and declared she "wouldn't have minded if he did not have a nickel."

The romance which resulted in the elopement a week ago when they were married by Rev. Herbert Robinson of Oyster Bay, began soon after the comely immigrant girl went to work in the Syosset home of the Willocks in October, 1928. Gossip among the servants had it that the girl probably would make a match of it with the butler.

TROUSSEAUX HER HOBBY NOW

But She Never Bothers About Using 'em

[P. & A. photo]

Lucille Phillips

CHICAGO, Nov. 13. (Exclusive) In this city tonight there is a "Blue Trio" harmonizing its voices in that old familiar strain, "Waiting at the Church." And in the meanwhile police are endeavoring to locate Lucille Phillips, alias Dorothy Evans, the young woman who, the trio asserts, left each member waiting within the shadow of the religious edifice, if not right at the door. And, it might be interesting to note, Lucille or Dorothy left each member of the trio a little lighter in so far as finances were concerned. At least, that's what police were told.

Each member of the trio, unbeknownst to the other members, became engaged to Lucille. It was the same story in each instance—the girl never loved anyone before and was willing to get married right now, but she really didn't "have a thing to wear." So, each presented Lucille with enough to purchase a bang-up trousseau. The three of them contributed in excess of $5000.

When each member was left, figuratively, at the church door, each took his cherished photo of his fiancee to police and enlisted that department's aid in search for the missing girl. When the police received three different photographs of the same girl it was enough to arouse suspicion, even of Chicago police.

The three swains learned the hard, cold truth, and police threw out the traditional dragnet for Lucille, who may be laughing up her sleeve and obtaining other trousseaux.

FORT BUILDING BURNS

FORT SNELLING (Minn.) Nov. 13. (AP)—Fire destroyed the south wing of the main quartermaster building at Fort Snelling today with loss of $125,000.

NEW NORTHERN FIRES BATTLED

Additional Areas Menaced by Sweep of Flames

Mt. St. Helena Blaze Now Under Control

Plumas National Forest Has Conflagration Also

SAN FRANCISCO, Nov. 13. (Exclusive)—While the Mt. St. Helena fire in Napa county was pronounced under control tonight and the town of Calistoga, which rushed men, women and children to the fire lines, returned to normal, fire fighters in two other sections of Northern California battled stubborn flames.

Between 2500 and 3000 acres of timber in Plumas National Forest along the middle fork of the Feather River and about 2000 acres of grass and brush land near Prunedale, twenty miles north of Salinas, are reported aflame.

The Plumas forest fire is about two and one-half miles southeast of Merrimac, with a strong southeast wind blowing, giving rise to fears the flames may not be controlled before the mountain town is reached, according to Fire Chief Edwards of Quincy.

The Prunedale fire, fought by fifty men in charge of three county rangers, is burning on the Hebert, Harris, Lyons and Seibert ranches, but no buildings have been destroyed so far.

The fire fighters hope to hold the flames away from Prunedale if the wind does not shift or freshen.

Mt. St. Helena presents a vast expanse of devastation with a densely wooded section on the west side of the peak still flaming. Patrols of scout 100 men are on guard.

The burned area is estimated at thirty-five miles long, about twelve miles deep and covering nearly 35,000 acres, extending from the Big Geysers in Sonoma county to about two and one-half miles from Calistoga.

Overcome

ITCHY SCALP

... a forerunner of baldness

You, too, can have a good head of hair

An itching scalp means that the baldness producing germ is at work—gradually and painlessly leading you to complete hair-loss. You must rid your scalp of this germ to prevent baldness and re-grow the hair which you have already lost.

To insure the complete extermination of this baldness producing germ within the shortest possible time, consult The Thomas', World's Leading Hair and Scalp Specialists. Do not gamble with general cure-all remedies which merely dissolve surface dandruff and spread the germs over a wider surface.

The 15-year proved Thomas' treatment goes to the source of your own specific trouble. It is the most perfect method known to modern science for stopping falling hair, eliminating the baldness producing germ and dandruff, and growing hair on the thin and bald spots.

You, too, can have a good head of hair. Call at the nearest Thomas' office today for a free scalp examination, and learn what this reliable treatment is doing for others and what it can do for you.

Pictorial Follow-up on News and Features from Four Quarters of Gl

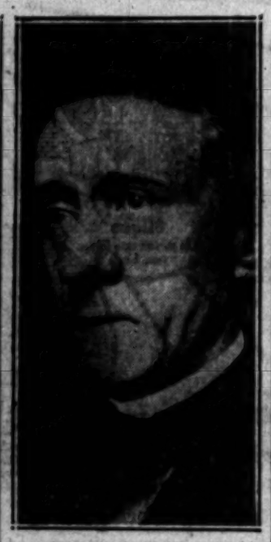
An Unusual Collection of Architectural Designs is on Display at the Los Angeles Times exhibition in the Architects' Building, Fifth and Figueroa streets. Designs are entered by architects from every section of the United States. In this photo local contributors are shown at the initial showing of the designs. (Times photo.)

Two Children Are Dead and Gladys Parks Baker, one-time model, is charged with their deaths at Newark, N. J. She admits burying the children. (A. P. photo.)

An Iceberg Expert, Lieutenant-Commander Smith of the United States Coast Guard, will accompany Graf-Zeppelin party to the North Pole next spring. (A. P. photo.)

Thirty Years Ago the University of Chicago Won One of Its C few days ago, the 9th inst., the entire team assembled on the annual Chicago-Wisconsin game. Here are the old boys in their Coach Alonzo Stagg, who coached the 1899 team, shown at the (P. & A. photo.)

Beaded Gowns are popular again this season, particularly in the delicate shades—orchid, rose and mauve. This one is of rich purple. (A. P. photo.)



He Who Got Slapped—Lillian Foster, American actress, incensed over remarks of Hannen Swaffer, German dramatic critic, took a real American punch at him. (A. P. photo.)

A Company of Adventuresome Britons Sailed a Few Days Ago Aboard Bark Discovery from London, Eng., on an expedition into the Antarctic under the leadership of Sir Douglas Mawson, famed Australian explorer. It is probable that the Mawson expedition will contact Commander Byrd parties in the barren wastes of the Antarctic. (P. & A. photo.)

Plenty of Diplomacy must be exercised by Nelson T. Johnson, former assistant Secretary of State, who was named yesterday as our new Ambassador to China. (A. P. photo.)

Ears of Corn Come Large in Nebraska men exhibited in the office of Con Howard in Washington, D. C., attes grown on a farm near Columbus, Neb., than ten times the size of the aver P. & A. photo.)

When a Wild Animal Loves and Loses, He Dies—This three-point buck was stabbed through the heart by the horn of a rival who fought him to the death for the affections of a female deer in Mescal Canyon in the county park at Big Pines. Chief Ranger Roy M. Tuttle, shown here with buck, witnessed the combat. (P. & A. photo.)

Combination Telephone-Phonograph is latest development perfected by engineers of the Bell company. Miss Katherine Shaughnessy, "the sweetest voice in New York City," is pictured here with one of the first instruments put into service by the company. (A. P. photo.)

A Pound of Flesh, one way or the other, might cost Eva Ivey her life, because that difference in her weight could easily throw her adagio partners off balance. Here is the girl, a Fanchon and Marco dancer, in a fifteen-foot leap. (Don Gillum photo.)

Fourteen Stovebolts and Three Nails, not to mention an assortment of carpet tacks, were taken from the stomach of this dog in a New York hospital. He lived through the operation. A disease peculiar to dogs gave him a craving for iron rust. (P. & A. photo.)

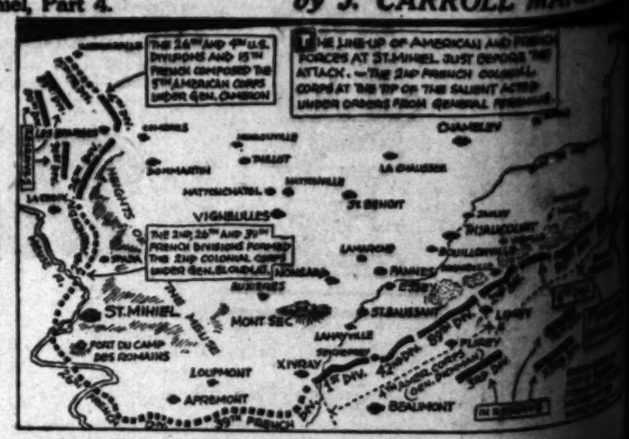
HIGH LIGHTS OF HISTORY 1498

The Story of the World War
268—St. Mihiel, Part 4.

by J. CARROLL MANS

EARLY IN SEPTEMBER, 1918, THE 1ST AMERICAN ARMY WAS SECRETLY ASSEMBLING FOR THE ATTACK ON THE ST. MIHIEL SALIENT. THE CONCENTRATION PROVED DIFFICULT, FOR THE AMERICAN DIVISIONS HAD BEEN SCATTERED FROM AMIENS TO THE SWISS BORDER.

THE GATHERING OF 1481 ALLIED PLANES AT ST. MIHIEL WAS THE GREATEST AERIAL ARMADA IN HISTORY.
THE AMERICANS AT THE MOMENT LACKED ENOUGH ARTILLERY AND AIRPLANES BUT THE FRENCH MADE UP THE DEFICIT. 1481 ALLIED PLANES WERE GATHERED FOR THE ATTACK, GIVING THE AMERICANS AN OVERWHELMING SUPERIORITY IN THE AIR.



THE 26TH AND 4TH U.S. DIVISIONS AND 15TH FRENCH COMPOSED THE 5TH AMERICAN CORPS UNDER GEN. CAMERON
THE LINE-UP OF AMERICAN AND FRENCH FORCES AT ST. MIHIEL JUST BEFORE THE ATTACK.—THE 2ND FRENCH COLONIAL CORPS AT THE TIP OF THE SALIENT ACTED UNDER ORDERS FROM GENERAL PERSHING.

MIRACLE CURES FIND DEFENDER

Religious Differences Aired at Harvard Session

Catholic Says Malden Report Not Yet Checked

Rabbi Answers Protestant Critic from West

CAMBRIDGE (Mass.) Nov. 13. (Exclusive)—The miraculous cures, with special reference to those reported recently at the grave of Rev. Patrick J. Powers in Holy Cross Cemetery, Malden, were defended in discussion at the Calvert Round Table in the Fogg Museum at Harvard today by Mgr. M. J. Splaine. The session was given over to a discussion of preventing misrepresentation or misinterpretation of their own or other faiths by Catholics, Protestants and Jews.

In this materially minded world, Mgr. Splaine declared, it is easy to forget the spiritual, to disbelieve extraordinary phenomena. One may well stop and consider that though invisible, God always is present and can make himself felt in various ways. It is not fair to dismiss such manifestations, or belief in them, as superstition.

CURES NOT TAKEN UP

The cures reported at Malden have not been taken up officially by the Catholic Church, not a thing has been done about it, but after the rush of curious has subsided the church will "see what is in it."

"At some of the great shrines of the world," he declared, "the miracles have been authenticated by men of science and by doctors. To use the word superstition in this connection hurts. One only needs put himself in the place of the poor invalid who makes the pilgrimage seeking relief. It is not a matter for sneers or laughter. Miracles are possible."

OBJECTIONS ANSWERED

To the objection of a Protestant minister that he had followed up "cures" in a city in the West and had found no evidence of permanent help and was left with the feeling that thousands had spent their all vainly seeking a cure, Rabbi Harry Levi of Temple Israel replied that that warranted no criticism of the Catholic Church. There is a definite relationship between faith and healing, he said, and the work done in this line by Rev. Elwood Worcester, D.D., late of Emmanuel Church, merits most serious consideration. There is legitimate reason to believe in the marvelous things which occur, he said.

The findings of this session outlined as successful methods of cooperation among the sects the following:

Lecture courses on the great religions of the world, union thanksgiving services, a fellowship of faiths, ministerial associations inviting clergy of all denominations to join, nonsectarian Boy Scouts and a national conference of Christians and Jews.

SALVATION AS SOCIAL

In a protracted argument which brought the statement that the Catholic Church does not preach a monopoly in salvation, Jewish concept of salvation, it was explained, is not based upon "he who believes" but upon "he who doth," or not salvation as personal but salvation as social.

Parochial schools were discussed, and many topics, ranging from gossip and hearsay to the infallibility of the Pope, the primacy and ecclesiastical doctrine of the church. One Protestant asking for information was told the Jews preferred to be called Jews, not Hebrews, which connotes a language or racial group, or Israelites, as that identifies them with the ten lost tribes, and also that Catholics or Roman Catholics are the correct terms, not Romanist, or papist or names which have acuired a sinister meaning through abuse.

Sessions of the seminar ended today.

BAY CITY SOCIAL PAGES BEAR PRESIDENT'S NAME

SAN FRANCISCO, Nov. 13. (AP)—The 1930 social register for San Francisco, just out, holds new distinction—it includes a President of the United States.

The names of Mr. and Mrs. Herbert Hoover are nothing new to the register, however, as they have been included many years. But this is the first year they have appeared in the register as "Hoover—The President, and Mrs. Herbert Clark (Lou Henry,) the White House, Washington, D. C."

The name of Miss Helen Wills is not in the register—it never has been, in spite of her circulation in the best society of America and Europe—but it will be when she marries her fiance, Frederick S. Moody, Jr., who has been listed ever since he was a junior in knickers.

James Rolph, Jr., is in the register, but without mention of his having been Mayor of San Francisco seventeen years. The name of C. C. Young, Governor of California, is not included. The names of many bankers are present, but not that of A. P. Giannini, one of the best-known Californians of that profession.

NEW MINISTER TO CHINA NAMED

Nelson T. Johnson Chosen as MacMurray Successor

Selection Given Approval of Oriental Nation

William Phillips Resigns as Envoy to Canada

WASHINGTON, Nov. 13. (AP)—Appointment of Nelson T. Johnson, assistant Secretary of State in charge of far eastern affairs, as Minister to China, was announced formally today by President Hoover.

The announcement was made after Minister Wu had informed the State Department that Johnson is acceptable to the Chinese government.

The new Minister succeeds John Van A. MacMurray, who resigned recently.

Resignation of William Phillips as Minister to Canada also was announced today.

Mr. Phillips, who is a career man and one of the leading American diplomats, plans to quit the diplomatic service probably late next month and settle with his family in New England.

RATE REHEARING ASKED

SAN FRANCISCO, Nov. 13. (AP)—The Southern Sierras Power Company today petitioned the State Railroad Commission for a rehearing of the revaluation and revision of rates recently completed. The power company asserts the commission erred in reducing the rates in Inyo, Mono and Imperial counties a total of $300,000 a year.

CENSUS TAKER'S QUIZ REVEALED

Mythical California Town on Sample Sheets

"Who's Head of Family?" Bound to be Poser

Enumerator Going to Learn Everything About Us

By a "Times" Staff Correspondent

WASHINGTON, Nov. 13. (Exclusive)—What the census man will ask when he visits the front door next April was revealed today when California members of Congress were furnished sample enumeration sheets.

The sample is filled out with mythical names of persons who are supposed to live in a mythical California village of Fresno county, and "Alameda township." The object is to illustrate to prospective enumerators how contingencies are to be met in making the actual enumeration.

FOOLING THE BABIES

All returns on the population schedule will relate to the census date, April 1, 1930. Persons dying after April 1 will be enumerated but babies born after that date will not be enumerated.

In general all persons are to be enumerated at their usual place of abode. This is taken to mean the place where a person regularly sleeps, although it may not be the place where the person is sleeping on the census day.

Members of the family who are absent from home on the census day, no matter where they are, will be enumerated. This includes members of the family attending schools or colleges or those who are ill in hospitals. Servants and employees who sleep on the premises will also be enumerated. Those who do not sleep where they work will be enumerated where they actually live.

ENUMERATOR'S TASK

The enumerators will begin, of course, by marking their enumeration sheets with the street or avenue or road over which they are working and also the number of the house visited. They must also keep track of the number of dwelling houses in the order of visitation and the number of families interviewed in the order of visitation.

The name of each person is then written down with the head of the house enumerated first, the wife next, and then the children in the order of their ages, beginning with the oldest and lastly all other persons living with the family, whether relatives, boarders, lodgers or servants.

"HEAD" AND "HOME-MAKER"

Each person enumerated must have his relationship to the family designated, as "head," "wife," "son," "daughter," etc. It is also necessary to designate the "home-maker" and only one person in the household should receive this designation. The enumerator is expected to fill out whether the home is owned or rented and whether it is mortgaged or not. Whether the enumerated person lives on a farm or not must also be designated and also whether he lives on a farm a year ago. The idea of these questions is to determine whether there is any general exodus from farms to villages, towns or cities.

The sex and race must be given and the age at the last birthday—not the nearest birthday, as sometimes is required. In the case of children, ages must be returned in fractions, such as "3 5-12 years old."

The marital status must be indicated, as must also the fact of whether the person attended school at any time since September 1, last.

ILLITERACY TEST

Whether the person can read or write must be indicated and the place of birth given. Another column has been added that the enumerator may indicate the mother tongue of the person.

If the person is foreign born the year of immigration to the United States must be given and whether or not he or she has been naturalized. The enumerator also must check whether the person speaks English and whether he or she can read or write English.

In another column the occupation of the persons shall be given, if any, indicating whether the person has no gainful occupation, whether he is retired or not, or only temporarily employed. If a person has two occupations the one from which he obtains the most money should be established as his occupation.

INDUSTRY NOTED

In the next column the industry in which the person is employed shall be given.

Whether the person enumerated is an employer or a salaried worker should be indicated in the next column, followed by another for use to indicate whether he is employed at the present time or not.

Whether the person is a veteran of any American war and what war or expedition he served in is indicated in the next pair of columns.

SUPERVISORS NAMED

Applicants for positions as enumerators are to be engaged by the supervisors in the various districts. They will be required to fill out a sample blank after reading complete instructions on how the work should be done.

Announcement was made by the Census Bureau today of the appointment of William E. Ballentine of Monrovia, and Thomas O. Decoudres of Long Beach as two of the supervisors of the 1930 census in Los Angeles county. Each will have charge of a part of Los Angeles city and a number of townships outside.

PRINTPAPER CONTROL SCORED BY PUBLISHERS

ASHEVILLE (N. C.) Nov. 13. (AP) A resolution declaring that the membership of the American Newspaper Publishers' Association "views with deepest concern" the continued efforts to substitute an "artificial control" of the price of newsprint paper for the operation of the law of supply and demand was passed by the association here today. The association was urged to follow "the entire matter with closest attention so that adequate action for protection may be taken should that course become advisable."

WAR PILOT'S PEN STIRS ARMY IRE

Magazine Article Brings Order for Trial

Lieut. C. B. Allen Faces Being Cashiered

Views on Air Reserve Corps Termed Disloyal

(Copyright, 1929, by New York News.)

NEW YORK, Nov. 13. (Exclusive) Because a magazine article he wrote piqued army aviation officials, Lieut. Carl B. Allen of the Air Reserve, a World War aviator with 400 hours of flying to his credit, faces the humiliation of being cashiered from the Officers' Reserve Corps as "unfit."

This was revealed by the publication of army orders showing there had been named an official board of inquiry to "consider the fitness of First Lieutenant Allen for retention" in the reserve corps.

Allen, it is learned, wrote the article in the natural order of his business of earning a living as a professional writer in civilian life. Frank Tichenor, editor of an aviation magazine, said tonight he believed the article so chafing to the tender sensibilities of the army aviation officials was "The Embattled Air Reserves," which Lieut. Allen wrote in the October issue of his magazine.

CHARGES DISLOYALTY

According to Tichenor, the Army does not question the truth of the statements made by Lieut. Allen, but the Army does charge against the veteran flyer that the publication of the article constituted "disloyalty" because it tended to arouse discontent among reserve aviators.

Perusal of the article which has rocked Washington (D. C.) air circles so violently revealed that it is frankly but constructively critical of the methods of conducting the air reserve last summer.

Lieut. Allen, holder of a commercial pilot's license and a flyer who has piloted planes for Clarence Chamberlin and other notables during the last seven years, pointed out that the Mitchel Field officials seemed apathetic toward reserve men. He made no attack on any official unless the following paragraph could be construed as such:

"This situation occasioned all the more surprise in the ranks of the reserve because of the roseate promises held out for the future of this organization not so long ago by F. Trubee Davidson, Assistant Secretary of War in charge of aviation."

DECLINES COMMENT

Lieut. Allen, regarded as an authority on aviation by flyers and writing men alike, declined tonight at his home in Brooklyn to comment on the inquiry on his "fitness."

He attained prominence as a newspaper man in Cincinnati and Baltimore, and is now aviation editor of the New York World.

No date is given for the hearing notice of which was in army orders published last Friday. The following officers were named to pass on Lieut. Allen's case: Maj. German De Flarency, Capt. John M. Hayward, First Lieutenant Cornelius J Kenney, all of New York City.

Lieut. Allen, who is 33 years of age, enlisted at Wilbur Wright Field, Dayton, O., in December, 1917, was promoted from second lieutenant to first lieutenant flying instructor a year later, and was discharged with honors in January, 1919, after two years of war-time flying. Since he has flown regularly and is well known on Long Island fields. He is author of Clarence Chamberlin's book, "Record Flights."

CEMETERY "NIGHT CLUB" USES COFFIN FOR BAR

PEABODY (Mass.) Nov. 13. (Exclusive)—Disclosures of wild revels in a Peabody cemetery "night club" were made today by police who swooped down on a party in the cemetery chapel last Saturday night.

It was revealed for the first time that about fifteen girls and twenty men eluded the raiding party of twelve led by Chief Pierce and Inspector Murphy. Nine girls and women and twenty-six men were caught in the raid.

The identities of those who fled were revealed to the authorities by those captured and they may be called in prosecution of the charges filed against Richard Jermyn, caretaker of the graves, who said he had conducted the "night club" for a month.

Suspicions of the police first centered on the cemetery following complaints received by mothers of young women who declared their daughters were obtaining liquor in the neighborhood. A trustee of the cemetery, which is located in an isolated section of the city, also made a complaint.

The club had a $1 a head "cover charge," police said, and beer was dispensed at the rate of two glasses for 25 cents. Thirteen quarts of beer were taken from a coffin table being used as a bar and twenty gallons were found in a tub in the cellar of the brick chapel.

T.A.T. Makes Slash in Rates

ST. LOUIS, Nov. 13. (AP)—A reduction of nearly 25 per cent in air passenger fares was announced today as effective Friday by the Transcontinental Air Transport, Inc., under the new schedule announced by T. B. Clement, general traffic manager.

It will be possible to make the train-plane trip from New York to Los Angeles, or vice-versa, for $387.-43, including meals except those on the Pennsylvania train. The former rate was $338.10.

KELLOGG PACT COPIES OFFERED TO SCHOOLS

VANCOUVER (B. C.) Nov. 13. (AP) A plan to hang a copy of the Briand-Kellogg peace pact in every school room in the Dominion has received the indorsement of Premier King. The Premier, as Minister of External Affairs, said he will undertake to provide copies for any Province wishing them. Under the law the matter rests with the provincial authorities. The plan was broached to the Premier when he unveiled a copy of the pact at the United Church at Ocean Falls last Sunday.

NAVY GUARD TRUSSED UP BY BANDITS

Gang Works All Night to Obtain $86,000 in Safe; Quit Attempt at Daylight

NEW YORK, Nov. 13. (AP)—Eight men, carrying pistols, drove up in an automobile to the United States Navy supply building in Brooklyn at 1 a.m. today, overpowered the officer of the day and his guards and worked for nearly five hours in an unsuccessful attempt to force the safe, said to contain $86,000.

Failing in their objective, the men fled in their car. A preliminary check said nothing of value was taken from the building, which is at Third aenue and Twenty-ninth street.

The hold-up men, police said, evidently had made a careful plan of attack and had an intimate knowledge of the building. Lieut. Clinton Thro, the officer of the day, was covered by pistols and had no chance to resist before he was seized. His five guards were overpowered, one by one, and all six were tied up with bed sheets. They then were thrown into the "brig," the navy jail.

The men went directly to the eighth floor, where the safe is located, and worked on it until the approach of daylight, when they gave up the attempt and escaped.

PRINCE FAVORS LONG SKIRTS

But Wales's Mind's on Wool Trade and Not on Fashions

BRADFORD (Eng.) Nov. 13. (AP)—The Prince of Wales flipped diffidently into the subject of women's fashions today in addressing a luncheon given at the opening of the new Chamber of Commerce Building in this wool industry center.

"It is not for me to express an opinion whether women look better in short or in long dresses," said the Prince. "But for the sake of Bradford's trade I hope they will be made long."

MRS. TREMAINE WINS DIVORCE IN SEATTLE

SEATTLE, Nov. 13. (AP)—Helen Chandler Tremaine, daughter of a wealthy Los Angeles family, was granted a divorce here today from Harry C. Tremaine, president of the Washington Cedar and Fir Products Company. She was awarded their home here and a small amount of money.

PRESIDENT ASKS AID TO RED CROSS

Hoover Praises Efficiency of Humanitarian Relief; Urges All to Enroll

WASHINGTON, Nov. 13. (AP)—Nation-wide response to the annual roll call of the American Red Cross was asked of the American people today by President Hoover.

Mr. Hoover, as President of the United States, is President of the Red Cross. The roll call began Armistice Day and will close Thanksgiving Day. The Chief Executive's announcement follows:

"Both as President of the United States and as president of the American Red Cross, I earnestly bespeak the co-operation of every American citizen in the great humanitarian work of the Red Cross.

"Its prompt efficiency in time of disaster, and its continuing service in numerous less spectacular but no less important tasks of relief, make it an indispensable part of our national life. Every American should be a member, and I urge all to enroll."

What if your guest should peek?

YOU couldn't blame her, really, if her bed was too uncomfortable to sleep in! She'd wonder what sort of mattress it was.

Suppose she were to turn down the sheets—what would she see? Probably she has Nachman Feather-Spring mattresses in her own home.

The Nachman Feather-Spring is the finest, most comfortable mattress made. $39.50 everywhere.

NEWS OF SOUTHERN COUNTIES

BANDITS HOLD UP PAY CAR

San Diego Stick-up Men Get Away With $4000 Cash

Chain Store Machine Robbed in Broad Daylight

Crime Recalls Methods of Agua Caliente Robbery

SAN DIEGO, Nov. 13.—Police today were engaged in an extensive manhunt to capture three armed bandits who yesterday held up and robbed a MacMarr store pay car at Eighteenth and E streets, of about $35,000 in checks and cash. The daylight hold-up, which was executed with precision, recalled to police the robbery and murder of two Agua Caliente money car armed guards on the National City dike May 17, last.

Fritz Landt, driver of the money car, and Mrs. Irma Howell, who was in the car, had reached the parking lot in front of the garage underneath the general offices of the MacMarr Stores when the bandit car swung onto the lot.

Two of the men, with drawn guns, approached the money car, intimidated the driver and his companion and grabbed the money bag, which Mrs. Howell was holding. The trio then leaped back into their own car, drove off the lot, turned west on E street and drove to Sixteenth street. At this point, police believe, the bandit car swung to the north and disappeared after driving toward the stadium.

Captain of Detectives Paul J. Hayes, who is heading the police search for the bandit trio, declared police have no tangible clews on which to work. The descriptions of the men together with the car which they used are in the hands of police.

No trace of the car, described as a late model Buick sedan, has been found. This has handicapped the police search for the trio.

M. V. Ela, general manager of the MacMarr Stores, announced today the money bag which the bandits obtained contained about $4017 in cash and $17,000 in checks.

"The money represented the collections from the various stores throughout the city of the MacMarr chain and was being taken to the bank.

School Janitor Pleads Guilty on Girl Charge

RIVERSIDE, Nov. 13.—Pleading guilty to a statutory charge against a school girl of Coachella Grammar School where he was employed as janitor, Daniel Dotherrow, 35-year-old Indio resident, today appealed to Superior Judge Morton for probation. The time for hearing a report by County Probation Officer Mathews and pronouncing of sentence upon the prisoner was fixed for 1 p.m. December 3.

Dotherrow's plea of guilty was entered after Judge Morton had dismissed on a motion by Dep. Dist. Atty. French, two other counts charging the same offense, to which the school janitor had pleaded not guilty a moment before. The cases involved girls 10, 12 and 14 years of age.

Authorities declared that the clothes were nearly torn from one of the small girls against whom the acts were assertedly committed. The girls were unharmed, it was revealed. Dotherrow, unable to make the high bond imposed by Dist. Atty. Ford, was behind the bars of the County Jail last night awaiting his sentence. He can be committed to prison for a long term or sent to jail here if granted probation. The charge is a felony.

Dotherrow's plea comes within a week of pronouncing of a prison sentence upon Dudley Rose, 56-year-old San Jacinto man arrested for criminal conduct with a small girl 12 years of age. Rose pleaded guilty and was denied probation.

COMBS'S TEAM WINS IN LEGION CONTEST

ONTARIO, Nov. 13.—Fifty-five new members were gained for Ontario Post of the American Legion in the annual membership drive, James R. Austin, chairman, announced today.

The K. P. team, headed by Capt. Walter V. Combs, won the contest and will be guests at a dinner provided by the M. P. squad, headed by Henry B. Hickey, Jr., losers. The dinner will be held late in December. An effort will be made to have the State commander of the Legion present as speaker.

A mop-up campaign will continue until Saturday night.

LOW BIDDER ON HIGHWAY ANNOUNCED

Charles H. Willis and Son Submit Best Figure; Formal Award Delayed

VENTURA, Nov. 13.—Charles H. Wills & Son, of Los Angeles, with a bid of $271,690, were low bidders for construction of Section C of the Maricopa-Ventura-Carpinteria Highway when the bids were opened today by the Joint Highway Commission, but because Willis was not present to discuss his bid with the commissioners the formal awarding of the contract was taken under advisement until the 19th inst.

Bids of two other companies, the Isbell Construction Company for $271,997 and the Mutual Income Properties, Inc., for $272,901, were also taken under consideration with the low bid until the 19th inst. The other fifteen bids on the project were rejected.

The project upon which the eighteen firms bid calls for construction of seven miles of road from the Cuyama Valley to the summit of Pine Mountain, and a short distance over the top and down the south slope.

The board today was assured of $170,000 from the State fund reserved for the purpose of aiding joint highway districts. In addition to the $100,000 now in the joint highway district fund, $108,000 will be forthcoming from the three counties, Kern, Ventura and Santa Barbara, during the next year.

Frost Forecast Service Ready; Begins Friday

POMONA, Nov. 13.—With Floyd D. Young, Federal meteorologist, in charge, the annual citrus frost forecast service in California is practically organized, with headquarters in this city. Beginning Friday, the 15th inst., Young will issue his nightly frost forecasts over radio KHJ, at Los Angeles, at 7:55 each evening. Preliminary frost reports, giving prospects for minimum temperatures, will be issued in the valley early each afternoon in order to give growers in this vicinity ample warning of impending cold weather.

Young and his staff are just completing the examination and correction of hundreds of thermometers used by growers in the field, this service alone being of vast importance to the citrus industry, it is declared.

Fire Damages Candy Factory

OXNARD, Nov. 13. — An overheated boiler in the California Fruit Confection Company's plant at Camarillo caused a serious fire this afternoon, threatening for a time to destroy the entire plant. As it was several thousand dollars' damage had been wrought by the flames before the blaze was extinguished by the combined efforts of the Camarillo and Ventura county fire-fighting apparatus.

The blaze centered largely in the roof in the section of the building where the machinery is located. Some of the machinery was damaged, but, according to Frank Shipley, manager, it is believed repairs can be completed tomorrow so that operations will be delayed for a minimum of time. The California Fruit Confection Company is one of the largest institutions in Camarillo, engaged in the manufacture of canned and dried citrus peel.

BAY DISTRICT LIONS VISIT OXNARD CLUB

OXNARD, Nov. 13.—Secretary Stewart Smith of the Oxnard Lions' Club received word this afternoon that a delegation of twenty-five members of the Santa Monica Lions' Club planned a trip to this city tomorrow evening to attend the regular weekly meeting of the local club. Officers and committeemen of the Oxnard club started in on a completely different program than the one originally scheduled for the benefit of the visitors.

The action of the Santa Monica Club is a part of the new friendship and co-operative move which has existed between Oxnard and Santa Monica since the new Oxnard Boulevard Coast highway has been open. The cities at the two ends of the new scenic highway have much in common, according to Secretary Smith, and are working together on a number of worthy projects for the benefit of both sections and the territory between.

HUNTER DIES IN SALTON SEA

Prominent Coachella Valley Merchant Drowns After Boat Tips Over; Body Not Yet Recovered

INDIO, Nov. 13.—A. G. Peters, a brother and partner of Marshall Peters and one of the most prominent merchants of Coachella Valley, was drowned early this morning while duck hunting on the Salton Sea, in company with J. Howard Pettit and E. R. Goltra, also of Indio. Peters started out early in the morning from the Salton Sea Salt Works near Mecca. Pettit was leading in one boat and Goltra and Peters were in another. Goltra declares that when they got about 500 yards off shore they found the water very rough and Peters, who was in the bow, started to walk to the middle of the boat, tipping it over and throwing them both into the water.

Goltra righted the boat but Peters in trying to get in tipped it over again on top of Goltra; when the latter got out from under the boat he said Peters had disappeared.

Pettit, who was quite a distance in advance of the other boat, returned as rapidly as possible but there was no trace of Peters, who was wearing a heavy pair of hip boots which were strapped to his belt and who could not swim.

Pettit picked up Goltra and the two returned to Mecca where they telephoned to Indio for help. K. Schutt, swimming instructor at the Trading Post, who was among those who volunteered to help find the body, dove for some time without success. Others continued dragging for the body but thus far have not found it. Peters, who was about 35 years of age, was unmarried and lived with his brother on Miles avenue.

BRUSH FIRES REPORTED

Driven by High Winds, Several Blazes Break Out in San Diego County; No Property Endangered

SAN DIEGO, Nov. 13.—Driven by high winds, a number of brush fires were raging in different parts of the county today and two blazes were reported on the outskirts of San Diego city. Residents of East San Diego and Mission Hills reported spectacular blazes in the vicinity of the State College site and the Camp Kearny Mesa. Other fires were reported a few miles inland from Del Mar and Encinitas, and blazes were reported in the vicinity of Rancho Santa Fe and Spring Valley.

Black smoke mushroomed high above the Kearny Mesa Drive, which was raging along the edge of a canyon, and swept in a southwesterly direction. At 1 p.m. no property damage had occurred, word here states.

Two fire companies from East San Diego battled the fire burning north of the State College site. Reported to be blackening a brush area across a canyon from the site, the fire was said to be endangering no property. A call for assistance from county fire fighters was sent out shortly after the blaze started, according to Mrs. Luther C. Gordon of La Mesa, wife of the chief county fire warden.

The county fire truck was sent out to the Spring Valley section, when word of a fire was received from there. A fire, which started about 11 a.m. in the vicinity of Rancho Santa Fe, was reported to be under control.

SHIFTING WIND SAVES OLINDA FROM FLAMES

OLINDA, Nov. 13.—Five hundred residents of Olinda today were thankful for the vagaries of a shifting wind which late yesterday stopped a sweeping fire that for several hours had threatened the community with destruction.

More than 1200 men hastily recruited from the oil fields and surrounding communities had found it impossible to stem the blaze.

Eight oil derricks, one small residence and a small powerhouse were burned, along with an estimated 5000 acres of watershed. Property loss sustained by oil companies today was estimated at $25,000.

The fire broke out on the Ed Gaines ranch in Carbon Canyon, a slight distance from La Vida Hot Springs, a resort community. From there it swept rapidly westward a distance of four and one-half miles, and was at the back yard of Olinda when late in the evening the wind swung squarely about, halting its progress.

General Petroleum lost three derricks and the powerhouse, Shell and the Fullerton oil companies each lost two derricks and the Chanslor-Canfield-Midway one. Several hundred pumping wells were directly in the path of the blaze when it stopped. Also a number of large storage tanks were threatened for several hours.

School Pupils Learn Art of Saving Money

REDLANDS, Nov. 13.—Mary W. Risher who is in charge of the thrift activities in the schools of Redlands announced today that there are now 1097 school children in Redlands with thrift accounts, an increase of sixty in the past month. The sixty new depositors added $1721.97 to the total amounts now on deposit. The report also discloses that since the inauguration of the work locally on March 8, 1926, a total of $23,861.90 has been deposited in savings accounts.

The tenth annual report of the American Bankers' Association for 1928-29 shows that the net savings per capita record made by the pupils of the Redlands schools is exceeded by only four out of nearly 100 California towns and cities listed in the report compiled by the bankers. The net savings per depositor of the local students was $8.47.

That 61 per cent of pupils enrolled in the local institutions are participating in the savings campaign is also shown by the annual statement. While this record is exceeded in a number of California communities the record is considered an exceptionally good one for the first year of operation of the system.

The figures quoted, acording to Superintendent H. G. Clement, represent the accomplishment of the pupils of the elementary schools almost exclusively. Plans are now being formulated to extend the plan more comprehensively into the junior and senior high schools.

Figures recently compiled show that 63 per cent of the boys and 40 per cent of the girls in the junior class are actively enrolled in the thrift work. Records of the other classes show that 61 per cent of the senior class boys and 33 per cent of the girls of this class and that 54 per cent of the boys and 39 per cent of the girls of the sophomore class are savings depositors.

Escaped Addicts Get Jail Terms

POMONA, Nov. 13.—Found guilty by a jury in Judge U. E. White's local Justice Court today, Joseph Kelly, Charles Martini and Gene Beaumont were sentenced to eight-month jail sentences in the County Jail for escaping from a State institution. Kelly and Martini were asserted ringleaders of a wholesale escape from the State narcotic hospital at Spadra several weeks ago when guards were clubbed into submission and the institution terrorized. Seventeen addicts made their escape. Practically all of them have been apprehended.

In conducting their own defense the three addicts attacked living conditions at the institution, but this testimony was ruled out by Judge White, who told the jury to disregard it, inasmuch as these did not figure in the escape charge.

Former Official Dies in Paris

SANTA BARBARA, Nov. 13.—John J. Boyce, a former Santa Barbara District Attorney and State Senator, died October 18, last, in Paris, according to word received by friends today.

Boyce's parents, the late Mr. and Mrs. Anson A. Boyce, were among the earliest American settlers in Santa Barbara, having come here in the early '60's. Deceased was one of the members of the law firm of Fernald, Cope & Boyce.

Mr. and Mrs. Boyce left here some fifteen or sixteen years ago, and have been living abroad much of the time. The widow, Harriet Boyce, is still residing in Paris, where Mr. Boyce passed away. The couple had no children.

NATIONAL EDUCATION WEEK IN PROGRESS

INGLEWOOD, Nov. 13.—This is "Know Your School Day" of National Education Week, sponsored by the American Legion and the National Education Association. Inglewood schools kept open house today, with a committee of Post No. 188 headed by J. R. Hinman in charge.

Tomorrow's program will center on health in the school and Saturday will be "Community Day" on which attention will be directed to what the schools are doing for community life. The final day, Sunday, will be observed in the pulpits of local churches, the theme to be discussed being "For God and Country." Others on the Legion committee which planned observance of the week locally are: Postmaster Fred E. Laxdal, Elton D. Boone, Ed Koffard and I. M. Jonathan.

CRAWFORD TO SPEAK TO ROTARY-KIWANIS

VAN NUYS, Nov. 13.—The Van Nuys Rotary and Kiwanis clubs will hold their annual joint luncheon meeting in the Holly Building tomorrow at noon, with Assemblyman J. C. Crawford as principal speaker. He will talk on legislative matters. J. V. Root, head of the Y.M.C.A. in San Fernando Valley is in charge of the speaking and music program of the luncheon.

GUESTS OF HOTEL WAKE IN ALARM

It Was Only Truckload of Iron Pipe Ramming Into Hostelry, However

VENTURA, Nov. 13.—Occupants of the Anacapa Hotel were rather rudely torn from the arms of Morpheus at 3:40 a.m. today, when a steel truck, parked in front of the building on Main street, tore three of the posts supporting the hotel balcony from their moorings, and left the balcony sagging down toward the sidewalk.

A. Falkner was the driver of the truck, which is owned by the City Transfer Company of Long Beach, and was being used to transport steel pilings to an oil company on the Rincon. Falkner stopped here for a bite to eat, parked parallel to the curb in front of the Anacapa Hotel, and when he started off again, turned into a street too abruptly, and the steel pilings, some of them eighty feet long, broke one post and tore two others from their bases.

City Loses in Injunction Suit

REDONDO BEACH, Nov. 13.—The injunction suit filed against the City Trustees of this city by J. B. Richardson and others citing their action in accepting the municipal pier as illegal, has been decided in favor of the plaintiffs, according to official notification received here last night.

The case, which was head before Judge Thompson of El Centro, involved the payment of approximately $65,000 to P. W. Krans for the construction of the pier which the complaint held was not completed according to specifications. A portion of the assessment under the 1911 act, was collected by representatives of the contractor, the remainder to be covered by the issuance of bonds.

The bonds are being withheld pending the outcome of the suit. City officials say Judge Thompson's decision will be appealed.

Van Nuys Legion Club Assured

VAN NUYS, Nov. 13.—The building of an American Legion clubhouse for members in Van Nuys is assured, it is stated today by officers of the local post.

Following a short drive among business houses and prominent residents, more than $5000 has been subscribed toward the initial erection of the structure. Other pledges are to augment this sum. The local post also has been donated a large site for the building.

When the clubhouse is completed and equipped it will probably represent an outlay of $10,000 to $15,000.

Petters Blamed for Fire Loss

NORTH HOLLYWOOD, Nov. 13. A fire of undetermined origin destroyed a vacant house on Ethel avenue, near Moorpark street. Police state that young couples have been in the habit of using the house for petting parties, and that the blaze probably was caused by a cigarette carelessly thrown in the paper rubbish in one of the vacant rooms.

RED CROSS DRIVE IS MAKING PROGRESS

LAGUNA BEACH, Nov. 13.—Street sales for the first day of the Red Cross drive here totaled more than for the entire drive last year, it was revealed today when a check was completed on the work done on the opening day Saturday. This is the only report completed so far.

Mayor Frank B. Champion is general chairman of the drive and predicts that it will go over the quota set for this city this year.

Mrs. Andrew S. Hall is captain of street sales. Team captains have been named for each of the thirteen districts into which the city is divided and a house-to-house canvass is to be made. Mrs. G. B. Dunham, president of the auxiliary, is elated at the manner in which the drive is going, so far.

PETITION ASKS FOR NEW WATER DISTRICT

SAN JUAN CAPISTRANO, Nov. 13.—Nearly 100 names are affixed to the petition scheduled for presentation to the Board of Supervisors, asking for the formation of a water district in this city, it was revealed by Fred K. Stroschein, member of the Chamber of Commerce committee working on the problem.

The district will embrace the boundaries of the present San Juan Capistrano sanitary district with some added territory. The committee has met with enthusiastic response from all property owners within the boundaries of the proposed district, according to Stroschein.

The district includes water users in both the Trabuco Valley and the San Juan Valley, Stroschein said.

MANSFIELD PICNIC SUNDAY

HUNTINGTON PARK, Nov. 13.—The fourth quarterly picnic of the Mansfield (O.) Society will be held in Huntington Park next Sunday, this being the second time the organization has selected this city as their meeting place this year. The gathering will be in Municipal Park. Holmes Ford, a former resident of Ohio, will be the speaker. The annual election will be held in the afternoon.

City Bonds Are Legal, Opinion of Attorneys

NEWPORT BEACH, Nov. 13.—Bonds voted several months ago for the improvement of Central avenue from Alvarado to B streets in Balboa are legal and work will start on the widening of the street about December 15. It was made known here today. Bonding attorneys, after taking several months' deliberation over the bonds, have decided that all the proceedings are regular and have placed the stamp of approval on the city documents.

The action of the bonding attorneys means that within the next few days the $36,000 voted by the residents of Balboa will be paid to the city and the city will be able to ask the Pacific Electric Railway Company to carry out its portion of the work.

The largest part of the work of improving the street is to be done by the Pacific Electric, as it must remove the poles from the center of the street, remove one set of tracks and relocate the other set of tracks besides placing curbs along the tracks. The city will have only to pave the extra width to complete the street.

Completion of the road will greatly relieve the traffic situation in the Balboa district.

Permission for Bond Issue May be Long Delayed

EL CENTRO, Nov. 13.—Members of the State Bond Certification Commission will not give a final decision in the matter of granting the Imperial Irrigation District a permit to issue $2,000,000 in bonds for the installation of a Diesel power plant until a later date, probably January 15, next, according to information brought back today by local representatives who attended the recent hearing before the commission at San Francisco.

A score of valley ranchers accompanied the district directors to the hearing and urged that the permit be granted without delay.

J. D. Adams, W. P. Mansfield and C. F. Boarts appeared in opposition to the permit and presented petitions signed by over 300 valley property owners urging that the permit be denied on the ground that the ranchers would pay 90 per cent of the cost and that town residents would gain most of the benefits.

EASTERN STAR CHAPTER ELECTS NEW OFFICERS

UPLAND, Nov. 13.—Officers to serve Upland Chapter, Order of the Eastern Star, for the ensuing year were announced today following the annual election last night. They are: Mrs. Sylvia Nichols, Worthy Matron; Roy Barker, Worthy Patron; Blanche Loch, Associate Matron; O. P. Brady, Associate Patron; Fay Kennedy, Secretary; Josie Creighton, Treasurer, Anna Deverts, Conductress; Nellie Settle, Associate Conductress.

FIVE PAY FOR "WHOOPEE"

Quintet Said to Have Wrecked Desert Caravansary on Armistice Night Fined in Indio Court

RIVERSIDE, Nov. 13.—Five men of a desert dude ranch near Palm Springs, asserted to have made "whoopee" to celebrate the night of Armistice Day by wrecking the Cabin Roost Cafe at Cathedral City, near Palm Springs, administering a terrible beating to its proprietor, who had been awakened from sleep by the commotion inside the cafe, and then dragging his cafe furniture over the rough desert roads behind their automobile, late yesterday paid a total of $440 in fines in Justice Thomas E. Allen's Indio court.

The five celebrators who were arrested by Deputy Sheriff Ben DeCrevecoeur at the Indio branch of the County Jail, were Clarence Cusick, asserted ringleader of the gang; C. J. Shaw, C. L. Bears, Joe Licha and Albert Bannen. Cusick was arrested by the officer who traced their car to the dude ranch, verified the license number of the automobile used in the attack on the restaurant and found a rifle that the five had taken from the owner of the cafe, Frank Lewis, as he attempted to protect his property from the invaders. The other four surrendered a short time later.

Children Attend Chino Couple's Golden Wedding

CHINO, Nov. 13.—Several turkeys were sacrificed when Mr. and Mrs. J. L. Andrews, Ramona and Walnut avenues, reached their golden wedding anniversary and relatives and friends gathered at Odd Fellows banquet hall to honor this prominent couple with a turkey dinner and gifts.

Mr. and Mrs. Andrews were married fifty years ago near Keithville, Sheridan county, Missouri. One year later they moved by wagon train to Colby, Thomas county, Neb., then to Colorado Springs, Colo., and five years later to Denver.

During their thirty years' residence in Denver, five daughters and one son were born. Fifteen years later they moved to California, having lived in Chino for the past eight years.

All their children were present at the golden anniversary banquet, and also one sister of Mrs. Andrews, Mrs. S. M. Davis of Newcastle, Wyo. The guests included J. B. Andrews, Mrs. Andrews and family who live here; Mr. and Mrs. Grant Revis of Orange; Mr. and Mrs. W. C. Sorenson and son of Oxnard; Mr. and Mrs. A. Barnett; Mr. and Mrs. M. R. Jenkins; Mrs. C. V. Umell and son, all of Los Angeles; Mr. and Mrs. H. D Moseley of Pomona.

BOARD OF EDUCATION PLANS FIRST SESSION

NEWPORT BEACH Nov. 13.—Leroy P. Anderson, Donald J. Dodge, Dr. F. C. Ferry, Mrs. Frances Nelson and Theodore Robins were preparing today for their first meeting as the first Board of Education of the new Newport Harbor Union High School district, following the election Saturday at which they were elected from a field of twelve candidates.

These men represent various cities and communities in the Southland, for the Newport Club draws its membership from Los Angeles and Riverside counties as well as from Orange county. George B. Shattuck is the single Santa Ana man represented on the proposed list of officers.

DIES WHILE HAVING TONSILS TAKEN OUT

VAN NUYS, Nov. 13.—Mrs. Harriet Moon, 43 years of age, died here while undergoing an operation for the removal of her tonsils. According to police report. Dr. A. W. Swenson and Dr. W. H. McCollough of Van Nuys were in charge of the operation. Mrs. Moon, the report states, was put under the influence of ether, a general anesthetic, and never regained consciousness. When it was realized Mrs. Moon was dying, the inhalator squad was called. Efforts to revive her were without avail. Mrs. Moon was the owner of a dress shop at 439 South Western avenue, Los Angeles.

CONTRACT LET FOR NEW NURSES' HOME

SANTA BARBARA, Nov. 13.—Contract for the construction of a fourteen-room nurses home for the County Hospital was let to O. V. Noble on a bid of $18,748 by the County Supervisors yesterday afternoon. The contract for the heating and plumbing was let to Perry Brothers & Co. on a bid of $3455.

Bids for a 34x42-foot addition to the Santa Maria Hospital were called for yesterday by the County Board of Supervisors. The cost of the improvement was estimated at approximately $5000. Bids for the construction work will be opened December 9.

JUNIOR CHAMBER ELECTS OFFICERS

EL CENTRO, Nov. 13.—At its annual breakfast meeting this morning El Centro Junior Chamber of Commerce elected P. V. Harrigan president for the coming year to succeed Al G. Smith, whose term expires. Other officers named were Louis McManus, first vice-president; Cal Rector, second vice-president; Russell Lewis, secretary, and Clarence Smith, treasurer.

The junior chamber recently was in charge of the entertainment here during the visit of the good-will air tour to Imperial Valley.

MIDNIGHT SHOW PLANNED

HUNTINGTON PARK, Nov. 13.—The Optimist Club of Huntington Park is arranging to give a midnight show at the California Theater in this city on the night of December 9. The proceeds are to go toward a fund for the new home to be erected for boys by the Optimist Clubs of this section of the State.

Modesty to be Rewarded by Strange Will

SAN BERNARDINO, Nov. 13.—Miss Jean Murray, 22 years of age, of San Bernardino and Mrs. Alice Loposa of San Pedro will inherit $2000 each from the estate of their late grandfather, John T. Murray, former San Bernardino business man, providing that they do not bob their hair; that they do not use lipstick, that they do not wear their dresses too short, that they do not attend dances or motion-picture shows.

Their brother, Dr. Malcolm Murray, a San Bernardino dentist, will get $1000, under the odd terms of the will, if he refrains from wearing a "Charlie Chaplin" mustache or attending the movies.

Mr. Murray died October 31 at Huntington Park where he had resided for ten years after leaving San Bernardino. Although not wealthy he was well to do, according to Dr. Murray. Miss Murray said she would observe the terms of her grandfather's will.

Innovation at Growing School

GARDEN GROVE, Nov. 13.—An increase from 210 to 250 in regular attendance at Garden Grove Union High School has been recorded this term. Three members have been added to the faculty and the teaching staff now numbers seventeen. Sixty students are registered for the agricultural classes, new to the school this year.

The new science building costing $35,000 will be ready for occupancy this month. An assembly room with a stage is provided in this building. The old science building has been remodeled to house a cafeteria in which the food is prepared by school employes, with meals provided to students at cost prices.

The student employment bureau, through which townspeople may obtain student help for part time, is another innovation.

Attendance at the adult night school, established about three weeks ago, totals seventy with new enrollments being made frequently.

RITES FOR PIONEER VAN NUYS RESIDENT

VAN NUYS, Nov. 13.—Funeral services for John W. Grimes, 68 years of age, pioneer resident of Van Nuys, who died in the Good Samaritan Hospital, Los Angeles, following a complication of diseases, took place from the Van Nuys funeral parlors, with interment in Oakwood Cemetery at Chatsworth. Grimes was born in Iowa, and at the age of 3, came across the plains with his parents in a covered wagon drawn by oxen. The family settled in Salinas Valley in Monterey county. Grimes was a large farm and ranch operator in Monterey county before he sold out his belongings and moved into the Van Nuys district, soon after the townsite was laid off. He is survived by his widow, a son, Mark E. Grimes, and a daughter, Mrs. Claribel Stennett.

JAIL SENTENCE AND FINE GIVEN DRIVER

BELL, Nov. 13.—Found guilty of driving an automobile while intoxicated Gabriel Higuera of Live Oak street, Cudahy, was sentenced to serve 180 days in the City Jail and pay a fine of $100. Higuera was arrested early yesterday morning in his automobile while driving along one of the streets in the city. Later in the day he was taken before City Judge I. N. Vaughn, when he was given a jail sentence and fined.

Police Chief Harry Smith states that Higuera was arrested last July on reckless driving charges and that he forfeited bail of $100 when he failed to appear in court, and about a year ago, he was before the court on a charge of intoxication.

Net Income of Federal Water Service Gains

Federal Water Service Corporation, subsidiary of Tri-Utilities Corporation, yesterday reported for the year ended September 30, last, consolidated gross revenues of $16,356,410.68 for the year ended September 30, last, as compared with $14,-893,364.53 for the preceding twelve months, an increase of $1,763,046.55, or over 12 per cent.

Operating expenses, maintenance, reserve for retirements, replacements and general taxes totaled $7,277,609.82, as against $6,774,660.70. Gross corporate income totaling $8,078,860.36, showed an increase of $1,260,106.43, or more than 16 per cent.

Net income after interest on funded debt of subsidiary companies and of Federal Water Service Corporation, miscellaneous interest, Federal income tax and other charges amounted to $4,352,094.38, equal after dividends on preferred stocks of subsidiaries and of the corporation to $4.33 per share of Class A stock outstanding in the hands of the public on September 30, last.

Stock Payment Time Extended by Union Oil

Stockholders of Union Oil Company of California and Union Oil Associates have been granted an extension in the time for making the final installment on the additional common stock of both companies subscribed for December 20, last, John McPeak and Lee A. Millbank, respective secretaries of the two companies, announced jointly yesterday.

The time for the payment of the final installment, which amounts to $9.50 a share, on shares of both companies subscribed for, but not yet fully paid up and issued, has been extended from the 15th inst. to February 15, next, according to the announcement.

The final installment may be made any time before February 15, and the shares will be issued as soon as fully paid for, it was stated. The offering consisted of one additional share at $35 for each ten shares held.

CATERPILLAR STOCK LISTING APPROVED

SAN FRANCISCO, Nov. 13. (Exclusive)—Application of Caterpillar Tractor Company for listing its stock on the New York Stock Exchange has been approved, according to advices received here today. The trading on the New York exchange will begin when the new stock certificates are ready which should be within the next two or three weeks. The Chase National Bank is the New York transfer agent and Bankers' Trust Company, the New York registrar.

CHAPMAN'S PROFITS ADVANCE SHARPLY

October net profits of Chapman's Ice Cream Company amounted to $2275.47, against $2900 in October, 1928, an increase of $6275.47, A. A. Comey, president, announced yesterday. The net profits for the ten months this year totaled $118 494.47 before Federal taxes, as compared with $53,572.77 for the full year 1928. October gross sales aggregated $56,-830.53, against $30,252.25 in October, 1928.

FINAL ESTIMATE ON CANADA WHEAT GIVEN

OTTAWA (Ont.) Nov. 13. (AP)—The total yield of spring wheat in Canada for the present term is estimated by the Dominion Bureau of Statistics at 372 756,000 bushels, compared with last year's crop of 546,-672,000 bushels. The yield of fall wheat is given as 26,143,000 bushels this year, making the total estimated yield of 293,899 000 bushels compared with $66,736,000 bushels last year.

STATE ENGINEER TO TAKE UTILITY POST

SAN FRANCISCO, Nov. 13. (Exclusive)—Charles Grunsky, since 1914 gas and electric engineer of the California Railroad Commission, has resigned to accept a position with Pacific Public Service Company as supervising engineer, effective Friday. Mr. Grunsky will be in charge of the company's gas and electric departments in the San Francisco Bay area and also of cold-storage operations, water services and other subsidiaries in Southern California. Officials denied an engineering management company would be formed.

LARGE LOAN DECREASE DUE

Today's Statement May Show $1,000,000,000 Drop in Total; Should Reflect Healthy Cleaning Out

BY EARLE E. CROWE

Publication of brokers' loans this afternoon after the close of the market may halt or temporarily retard the stampede of sellers in the stock market. If the figures run according to anticipation there will be ample reason for a reversal of attitude, since the total loans should reflect unprecedented liquidation of securities and a thorough cleaning out of speculative accounts.

Compiled as of the end of business yesterday, the loan statement will cover the last three days of liquidation, the worst yet seen in this unparalleled stock market. The total decrease from the previous week may easily run above $1,000,000,000 and certainly will run at least $750,000,000. The larger figure will deflate total loans down to within striking distance of the 1928 low.

1928 LOW IN SIGHT

Given a $1,600,000,000 decrease, the total will approximate $3,882,000,000, which will compare with $4,916,617,000 for the corresponding week of 1928. The low for 1928, established on March 7, was $3,690,709,000, or only $187,600,000 under the possible total as of the 13th inst. The 1927 low was $2,713,634,000.

Deflation has already been carried to tremendous proportions, as the decreases in loans since the break in prices attest. The decrease reported as of the 30th was $1,096,000,000, on top of which was added $456,000,000, as of the 6th inst. Should the expectation of a $1,000,000,000,000 decrease as of the 13th inst., materialize, the total reduction in the last three loan statements will reach the astonishing figure of $2,752,000,000.

The high for brokers' loans was reached October 2, last, at $6,804,000,000. This was less than six weeks ago, and in the interval the loans have declined, assuming a $1,000,000,000 decrease in today's statement, nearly $3,000,000,000. The actual decline would be $2,922,000,000, or 42 per cent from the high.

Surely liquidation of this proportion ought to reflect a wholesome correction in the security markets and invite the return of confidence by the public in American corporations and their securities.

CREDIT AIDED

Diverting of all of this money from the stock market has insured easiness in money and credit. Corporation and other outside lenders in the call money market have recalled millions of dollars, which will be diverted into commercial channels if required, reinvested in securities as investments, or returned to the call market if rates should strengthen. The soundness of the credit situation is a powerful bullish factor on stocks.

Since October 22, last, corporations and other lenders have decreased loans in the call money market from $3,823,000,000 to $2,200,000,000 as of the 6th inst., a withdrawal of $1,434,000,000. Today's statement unquestionably will show another large decrease in loans from this source. At the same time, out-of-town banks have cut their call loans from $1,733,000,000 to $963,000,000, or a drop of $770,000,000.

Wall street banks performed admirably in taking up the slack caused by withdrawal of loans by outsiders. Expecting such a contingency for many months, the New York banks have been ready and waiting to loan large sums in the call money market on securities conservatively priced. How well the situation has been met is reflected by the call rate ruling around 6 per cent.

Heavy Tone on London Market

LONDON, Nov. 13. (Exclusive)—The stock market had a depressed tone, all sections of list being under pressure. Industrials generally and margarines, molasses, chemicals and tobacco shares were weak, while rubber had a steady tone. Talking machines, match, wireless and cables and oils were easier. Mines were quiet with Rio Tinto and Rhodesian shares off. Artificial silks and textiles were dull. Ford, Ltd., was quoted at £2 3-8, Brazilian Traction ordinary 37, and International Nickel 30 3-4.

The gilt-edged division had a cheerful tone. Foreigns generally were quiet, Canadian Pacifics and home and Argentine rails lower.

TIME EXTENDED ON GAS STOCK PAYMENT

NEW YORK, Nov. 13. (Exclusive) The executive committee of Columbia Gas and Electric Corporation announced today for the benefit of shareholders, that the corporation will not require payment of the second installment when due, the 15th inst., on subscriptions for additional shares of its common stock. Holders of outstanding subscription receipts are given the option of paying the second installment when due or deferring it in their discretion to not later than February 15 and including second installment payment with 6 per cent interest thereon from the 15th inst. to date of payment.

CHASE SECURITIES IN NEW LOCATION

Removal of the Los Angeles office of Chase Securities Corporation, affiliate of the Chase National Bank of New York, to new ground-floor quarters in the Pacific Mutual Life Insurance Building was announced yesterday The company first opened offices here early in September as headquarters for the Southern California territory under the direction of George L. Humphreys. An office was also recently opened in Pasadena.

RATE CUT FORECAST

ROME, Nov. 13. (Exclusive)—It is understood that a reduction in Central Bank rate is in contemplation. The present 7 per cent rate was put into effect March 14, last.

Big Board Calls on Members for Account Status

NEW YORK, Nov. 13. (AP)—The New York Stock Exchange today asked members to file statements of condition as of the close of business yesterday and daily changes thereafter until further notice.

The statements are to include a list of stocks borrowed, from whom and for whose account; a list of stocks loaned, and to whom; interoffice borrowings and for whose account; a list of all stocks which they have failed to deliver, and for whose account.

The questionnaire does not include a demand for the financial condition of members, but merely the long or short position of their accounts in the market. The action of the exchange is not interpreted as an inquiry into the financial stability of its members.

A spokesman for the New York banking group which was organized to stabilize the market repeatedly has stated that no cases of financial difficulties of stock exchange members or New York banks have been disclosed by their investigations, and inasmuch as no meetings of the group have been held for the past ten days Wall street is inclined to regard the situation as unchanged in that respect.

Members whose offices are in New York must file statements on or before the close of business next Saturday, while out-of-town members will be given until Monday noon.

Status of Local Trade Reported

Unless there is some cooler weather to move merchandise on hand retailers, now featuring holiday goods, who have now only an average inventory, will be found with a larger inventory on January 1, next, according to the weekly summary of business in the Los Angeles area issued yesterday by the Bradstreet company. Retail sales are still below a year ago, the report stated.

Women's wear manufacturers are continuing to do a large business and while the change of styles had its effect, the industry appears in a very good condition. During the past season there has been an actual shortage of experienced help. The coat-manufacturing season has been a slow one. The employment situation is fair but the motion-picture and the oil industry report a decrease.

Shubert-Film Deal Rumor Out

NEW YORK, Nov. 13. (Exclusive) Negotiations are understood to have been begun between Shubert Theater Corporation and one of the leading motion-picture companies looking to an affiliation which would be of material benefit to both concerns. The Shubert-Pathe merger discussions which had been carried on in recent months are stated on excellent authority to have been discontinued.

Opinion in the financial district is that the company's dividend will be passed and several directors of the company are reported to favor this course feeling that a wise policy at this time would be to conserve cash. At the same time some of the directors are understood to favor the declaration of the dividends with payment being made out of the company's large surplus.

Braun Named for New Post

T. W. Braun was elected president of the Associated Ice Distributors by the board of directors yesterday. The company is one of the largest distributors of ice in the Los Angeles territory, operating a fleet of about 300 trucks in this field.

Mr. Braun last week was elected director, vice-president and general manager of Pacific Public Service Company's Southern California properties, including California Consumers' Company and subsidiaries, and the California Consolidated Water Company.

Trading Hour Reduced Here

Both the Los Angeles and San Francisco Stock and Curb exchanges voted yesterday to curtail hours of trading today and tomorrow and to close on Saturday. The New York markets will also close Saturday.

Closing time in Los Angeles and San Francisco today and Friday will be at 11:30, which eliminates afternoon trading. Los Angeles markets will open at 8:30 a.m. and San Francisco at 9 a.m. The New York markets open at 7 a.m. and close at 10 a.m. Pacific Coast time.

CURB CUTS OFF GROUP OF STOCKS

Removal of Twenty-nine Announced by Board as New Policy Adopted

Twenty-nine stocks on the Los Angeles Curb Exchange, all of which are listed on the New York Stock Exchange, will be removed from the local board today by a ruling of the board of governors under a new policy which will permit the market to confine its activities to stocks of western corporations or those about which information, registrar and transfer facilities are readily available.

Some of the more active issues of the curb, which are on this list, include Mexican Seaboard Oil, Aviation Corporation, Koister Radio and Atlantic Refining. These will not be taken from the board until tomorrow. Others are Tidewater Associated Oil, common and preferred, American Telephone and Telegraph, American Hawaiian Steamship, Armour & Co., Continental Oil, Crown Zellerbach, Emporium Capwell, Fox Film, Grigsby-Grunow, International Combustion Engineering, Pan American Western Petroleum, Paramount Famous Lasky, Pathe, Phillips Petroleum, Safeway Stores, Sinclair Oil, Standard Oil of New York, Superior Oil, Texas Corporation, United Aircraft and Transport, Warner Brothers' Pictures, Inc., and Western Dairy Products.

"The removal of these issues is designed as a further constructive move on the part of the Los Angeles Curb Exchange to strengthen its listing policies," according to a statement issued by the governors. "In all cases of typically western stocks, the curb has provided a much needed and well regulated free and open market for those issues, whereas in the instance of New York stocks, arbitrarily placed on the board, the exchange has found it difficult to give investors immediate and authoritative information on corporations, whose administrations are handled from a source far removed from this city. Further, registrar and transfer facilities for these stocks are lacking in this city."

The curb listing forms are being made more searching in their thoroughness and companies are being checked from time to time to assure investors of sound management and the legitimacy of their offerings, according to the statement.

Oil Production Shows Decline

NEW YORK, Nov. 13. (Exclusive) For the week ended the 9th inst., the daily average gross crude-oil production in the United States decreased 188,250 barrels to 2,631,200 barrels, according to the following weekly summary of the American Petroleum Institute.

	Daily average (barrels)	Production difference (barrels)
Oklahoma	411,250	dec. 44,500
Kansas	110,000	dec. 450
Panhandle Texas	102,500	dec. 2,400
North Texas	91,100	dec. 100
West Central Texas	88,750	dec. 1,150
West Texas	397,400	inc. 7,350
East Central Texas	17,850	dec. 150
Southwest Texas	47,500	dec. 1,400
Arkansas	84,450	dec. 600
Coastal Texas	148,000	inc. 4,300
Coastal Louisiana	23,550	dec. 600
Eastern (not including Michigan)	119,150	dec. 150
Michigan	117,750	dec. 1,250
Wyoming	51,300	dec. 2,300
Montana	10,600	dec. 50
Colorado	4,400	dec. 100
New Mexico	6,150	dec. 1,150
California	706,000	dec. 153,000
Total	2,631,200	dec. 188,200

Rail Line Plans to Boost Capital

NEW YORK, Nov. 13. (AP)—New York Central Railroad stockholders are to be asked to increase the authorized stock from $500,000,000 to $700,000,000 at the annual meeting January 22. They will vote also on permitting the directors to issue additional shares from time to time in accordance with needs of the company.

The Interstate Commerce Commission recently gave the road authority to issue 35,000,000 in capital stock, which is to be offered to shareholders at $100 on the basis of one share for each thirteen held on the 15th inst. Issuance of this stock, proceeds from which will be used for corporate purposes, will account for virtually all of the $200,000,000 authorized.

JADE OIL COMPANY REPORTS EARNINGS

Jade Oil Company yesterday reported for the ten months ended October 31, last, net operating profits after expenses and taxes, of $7296. After dividends of $3804, a total of $3432 was carried to surplus. The company showed a deficit of $36,529 on January 1, last, which was reduced to $33,096 as of October 31, last. Current assets as of October 31, last, were $6235 and current liabilities, $814. Total production for the ten months was 35,960 barrels.

DISTRICT BOND NET EARNINGS JUMP

District Bond Company in a report issued yesterday for the ten months ended October 31, last, showed net profits of $315,750 after all charges except Federal taxes and officers' bonuses, equal to about $6.10 a share on the average number of shares outstanding as compared with $256,111 for the entire year of 1928 or $5.96 a share on the average number of shares then outstanding.

BELGIUM BANK RATE CUT

BRUSSELS, Nov. 13. (Exclusive) Bank of Belgium has reduced its bank rate from 5 per cent to 4½ per cent. The 5 per cent rate had been in effect since August 31.

STOCK CRASH ILLUMINATING

Recent Tobogganing of Market Values Cited to Show Margin Speculation Dangerous Policy

BY JOHN F. SINCLAIR

(Copyright, 1929, by the North American Newspaper Alliance)

NEW YORK, Nov. 13.—Today and yesterday were a repetition of Monday in the stock market. Prices melted away under feeble support. Brokers now realize that the buying public is waiting. This is very disheartening to those now in the market as purchasers. The bears are chuckling but there are not many of them, for the short interest is probably the smallest one in any bear market in recent history.

I talked this morning with a seasoned "investor" who left the market two years ago; sold all his stocks and put his millions into "call money"—then off to Europe. He returned to the United States this week.

"I'm taking my money now out of call money and converting it into cash," he told me. "Then I expect to return to an active place again in common stocks."

"And have you started buying yet?" I asked.

"No, not yet. I am going over all standard stocks with a fine tooth comb—studying, analyzing and finding out for myself the book value as well as the earnings of each stock. When I buy, I will do so with my eyes open. I play no tips and no hunches. I buy for investment—no margins and no worries. You see, I can play a better game of golf than for my time is my own—not my broker's."

This Yankee has come to the conclusion that there is more in life than spending half one's time getting into trouble and the other half getting out.

And he's right.

No margins.

Had that conservative plan been followed things would be different for thousands of people who played the market for all it was worth and lost.

Margin accounts are danger accounts. It makes no difference whether the stocks purchased are of the high grade "blue chip" variety or not.

Let us say, for example, that Mr. Jones had $10,000 in the savings bank on September 1. He takes it out and invests it all in Johns-Manville common stock. He buys 100 shares costing $22,000, puts up his $10,000 and borrows the $12,000 extra from his banker or broker, putting up the 100 shares of stock as collateral.

When the stock drops to $130 a share, his broker asks for more margin. Say Mr. Jones raises $2000 more, mostly from the savings account of his wife. All right—fine, until the stock drops to $120 a share. More margin demanded by the broker.

But Mr. Jones has reached the end of his financial rope. He watches every sale, hoping for a rise. But the market goes down, down, down—when the stock hits $112 a share, his broker sells him out and his $12,000 is gone. Over drawn? Not a bit. For Johns-Manville, common stock closed at under 95 last night.

Now this stock is merely used as an illustration. For it is a well-managed company and a leader in its field. I could take fifty blue chip stocks and show the same results during the past sixty days—American Can, Anaconda, Consolidated Gas, Du Pont, General Electric, International Telephone and Telegraph, Otis Elevator, Radio, Union Carbide, General Motors, United States Steel and Westinghouse.

What investor would want a better choice of high-grade common stocks than those found on this list? Yet margin trading within the past sixty days would have been disastrous to any one dealing in them, as well as in hundreds of other stocks not so seasoned or high grade—provided the investor had no extra reserves with which to pay in full for his stock purchases, if the worse came to the worst.

Margin trading is dangerous bust-

(Continued on Page 16, Column 3)

STOCKS RENEW DIP DOWNWARD

Values Sharply Reduced in Heavy Liquidation

More Than 400 Issues Drop to New All Time Lows

Trading Volume Largest for Three-Hour Session

NEW YORK, Nov. 13. (AP)—Ruthless and unremitting crushing down of quoted values went forward with augmented force on the stock market today as officials of the stock exchange took action to learn the source of the destructive pressure, and unofficial reassurances as to the nation's financial stability and strength were forthcoming from important sources in Washington.

Again the decline was as orderly as it was persistent, but more than 400 stocks explored low levels previously untouched this year, and the volume of trading for the three-hour session swelled to 7,761,450 shares, a total unsurpassed in any session of like duration, even exceeding the turnover of 7,184,000 shares of October 7. The pace of trading was relatively smaller than on October 29, however, when 16,410,010 shares changed hands in five hours.

Losses ran from 2 to a maximum of 29 points, but few leading issues dropped more than 10 points. The Standard Statistics Company-Associated Press price index of fifty leading industrials was depressed 8.8 points and the index of twenty leading rails 4.9 points to the lowest levels since February 20, 1928, and that of twenty leading utilities 11.5 points to the lowest since August 27, 1928.

That the continuance of the decline has become highly perplexing not only to the man in the street, but to officials of the stock exchange and leading bankers as well, was indicated in the action of the exchange in requesting members to

One Security That Has Met the Test of Time

CALIFORNIA MUNICIPAL IMPROVEMENT BONDS are one security that has successfully met the test of time. For more than twenty-five years the popularity of this investment has grown steadily among conservative investors. This popularity is soundly based on:—

1. *The fundamental character of the security...a lien on California property ranking prior to all mortgages, present or future.*
2. *A liberal income of 6% to 6½%, completely exempt from all Federal Income Tax and California Personal Property Tax.*

Since 1904, this Company with its direct predecessor has dealt in California Municipal Improvement Bonds. The broad experience gained over this long period is at your disposal in selecting dependable investments.

[*A complete list of our current offerings gladly furnished; simply send name and address below.*]

Change in Security Measurements

Conditions again emphasize the necessity of judging securities by the most conservative investment standards.

Recent policies are being supplanted by more searching investigation of the real worth of securities.

We offer the services of this organization to assist investors in studying the business and analyzing the securities of established companies.

Reports on prominent companies are released at frequent intervals. Also lists of leading issues are compiled, giving pertinent data as a convenience in comparing the relative positions of investments in the same class.

This authentic information, secured from reliable sources is compiled to help you draw your own conclusions about buying or selling.

STOCKS RENEW DIP DOWNWARD

(Continued from Fifteenth Page)

submit reports of the long and short positions of all accounts. In the absence of bank or brokerage house failures, or indications of serious conditions in industry the driving of even select investment stocks to levels where they yield from 6 to 10 per cent, has become mystifying.

STREET PERPLEXED

Naturally, each break through to new lows spills over a new batch of thinly margined accounts and touches off more stop loss orders, but even these technical considerations seem inadequate to account for the enormous volume of selling at this late stage of the decline. It has been rumored that an enormous bear pool is active, but it seems strange that such a pool could not be driven to cover.

There was nothing alarming in the day's news. Freight-car loadings and steel production were reported to have declined further, but these developments are largely seasonal. Iron Age reported some hesitancy in new steel buying, as a result of the stock-market crash, but pointed out that railroads and farm-implement manufacturers were still large takers. Crude oil production figures for last week were the most favorable in several months. Remington Rand declared a special dividend of 50 cents, the first in more than two years. Sinclair Oil, however, while declaring the regular dividend on the common, omitted the usual extra of 25 cents.

Call money again was in abundant supply at 6 per cent, and thirty-day time money was reduced to 5 3-4 per cent from 6. Further reduction in bankers' acceptance rates was announced. Another huge reduction in brokers' loans to levels far below that of a year ago, is expected to be announced after the close tomorrow.

It was reported from Washington that Secretary Mellon discussed the situation with President Hoover today. While no official statement was forthcoming, it was unofficially reported that Washington feels the situation calls for no emergency measures.

NEW LOWS SCORED

Among shares reaching new lows were such premier issues as General Electric, which dropped 16 5-8 to 168 1-8 and closed at 173; United States Steel, which dropped 3 1-2 points to 150, and closed at 151 1-2, having sold as high as 160 during a brief rally in the morning; American Can, off 10; Anaconda, off 6 1-2; Chesapeake and Ohio, off 13 1-2; Eastman Kodak, which dropped 8 points, then reduced its loss to 3; National Biscuit, off 9, and scores more.

Detroit Edison registered the maximum loss of 29 points, while Laclede Gas and American Machine and Foundry closed off 20, Coca Cola and Hershey Chocolate each 15. General Motors closed off about 3 points, and Radio 1 1-4, and they failed to touch their previous lows. Toward the close of the session, a bid for 1,000,000 shares or any part of it, was placed for Standard Oil of New Jersey at 50 by an unidentified buyer. The bottom for the day was 50, and it closed at 50 3-4, off 3 3-8. The day's turnover was less than 110,000 shares.

A handful of stocks met strong support. American Telephone closed at 207, up 4 points, after touching 197, and United States Freight rose more than 5 points. Chesapeake Corporation, National Cash Register and Houston Oil each closed 2 points higher, and Johns Manville closed up 1 1-2.

Commodity markets rallied briskly after early declines. Wheat futures broke sharply in sympathy with stocks, some positions reaching new lows for the season, then rebounded on good export buying and closed 1 to nearly 2 cents higher. Corn sold up about a cent, and cotton futures, after dropping nearly $1 a bale, rebounded to a close of $1.05 to $1.25 a bale, net higher.

Foreign exchanges again sagged, with the Canadian dollar, under marked pressure, touching 97 3-4 cents, the lowest level in more than a year. Sterling cables closed at $4.87 5-8, off 1-16 of a cent.

STOCK CRASH ILLUMINATING

(Continued from Fifteenth Page)

ness, either in good or poor stocks.

That much the present market has demonstrated.

"Well, at least the stock-market smash has helped to restore confidence in Europe and to bring the world back to sanity," remarked an American just returned from Germany.

It is true that when the New York Federal Reserve Bank rate was increased from 5 to 6 per cent an increase in the discount rates of nearly all the central banks of the world followed. For the world leader—the bellwether—has become the Federal Reserve.

The higher cost of money naturally had its effect in slowing down business in Europe. It had an effect in every nation outside Europe. With American money rates higher than those of other nations, the New York stock market was cleaning Europe of its much-needed surplus capital. Even the nonsurplus capital countries were sending money into Wall street.

But that day is over. The United States from now on may be expected to co-operate in helping to restore European economic disorder caused by the war, and to co-operate in rebuilding the purchasing power of the dollar.

This is one good side of the market crash.

People will go back to work, not only in Europe but in the United States. Fewer chairs will be filled in the stock brokers' offices. Executives will not be considering the financial set-up so much as the profit end of the business. Production and work will take the place of speculation and easy money.

SINCLAIR OIL DROPS PAYMENT OF EXTRA

NEW YORK, Nov. 13. (AP)—Directors of the Sinclair Consolidated Oil Corporation today omitted declaration of the extra dividend of 25 cents a share on the common stock, which has been paid during the past three quarters, authorizing only the regular payment of 50 cents a share. No reason was given for the omission of the extra dividend.

LOS ANGELES EXCHANGE

Collapse of Stock Prices Continues as Traders Are Forced to Liquidate

Severe pressure brought on by an extension of the wholesale liquidation in New York knocked prices down to still lower levels on the Los Angeles Stock Exchange yesterday. In line with the action of other major security markets, governors voted to close the exchange at 11:30, cutting two and one-half hours off the regular session. These new hours will be maintained today and tomorrow while on Saturday the market will be closed entirely.

Although the declines were not as extensive as in Tuesday's break, eighteen new low marks were recorded. Petroleum stocks as a group exhibited the greatest resistance, no losses among the major issues exceeding 1 3-8 points. Bank and investment stocks and the utilities were hit the hardest.

Southern California Edison, which dropped 6 points Tuesday, slumped another 4 5-8 points to a new low at 47 1-4. The last sale crossed the board at 48 after a transfer of more than 6000 shares. Pacific Lighting was not traded, the closing bid being 59 7-8, which compares with a sale at 64 Tuesday, the year's low. Pacific Gas traded at 46 3-4, a drop of 6 1-4 points from the previous day.

Transamerica sunk 4 points to 35¼ and recovered to close at 37 3-4, after 24,400 shares had changed hands. Pacific Finance new, with more than 10,000 shares crossing the board, dropped to 39¼ and ended unchanged at 42. Seaboard National Bank slumped 4 1-8 points to 47. Security First National hit a new low at 111 1-4 and closed at 112, off 3½ net. California Bank flopped 7½ points to 120, a new low, and Citizens National hit a new bottom at 110, off 4. International Re-Insurance broke 7 1-8 points to a new low at 40 3-8.

Oil stocks continued the favorites in point of volume and showed indications of strong buying by the ready manner in which offerings were snapped up. Each issue had a turnover of between 6000 to 7000 shares for the short session. Richfield dropped to 26 3-8 and ended at 26 3-4, off 1 point net. Rio Grande touched 19 5-8 and closed at 19 3-4, off 7-8 net, and Union, after sinking to 42 7-8, a new low, swung back to 43 1-4, off 1 3-8, and Union Associates dipped to 41 3-4 and rallied to 42 7-8, off 1 1-8 net. Standard of California dropped to 87½ and closed at 59, off 1 1-4.

Sales totaled 90,480 shares valued at $3,665,275; previous day, 92,329 shares valued at $4,097,892.

COTTON MARKET

NEW YORK, Nov. 13. (AP)—Relatively easy Liverpool cables and rather more definite talk of probable mill curtailment seemed contributing factors on declines in the cotton market here today. Trade buying and covering checked the break and caused occasional rallies and the midafternoon market was rather steadier at net losses of about 6 to 10 points.

RANGE OF PRICES

NEW YORK, Nov. 13.—Cotton futures closed:

	High	Low	Close
January	17.15	16.76	17.14@17.15
March	17.70	17.32	17.68@17.70
May	17.70	17.32	17.68@17.70
July	17.92	17.53	17.90@17.92
October	17.92	17.53	17.90
December	17.02	16.55	17.00

NEW ORLEANS, Nov. 13.—Cotton futures closed very steady at net advance of 13 to 20 points.

	High	Low	Close
January	17.05	16.66	17.04@17.05
March	17.60	17.22	17.58@17.60
May	17.60	17.22	17.58
July	17.77	17.40	17.75@17.77
October	17.77	17.40	17.75@17.77
December	16.92	16.55	16.90@16.92

SPOT PRICES

NEW YORK, Nov. 13.—Spot, steady; middling, 17.70.

NEW ORLEANS, Nov. 13.—Spot cotton closed steady, 19 points up; sales, 2190; middling, 16.70.

COTTONSEED OIL

NEW YORK, Nov. 13. (Exclusive)—Cottonseed oil remained active and under pressure today, with January and March deliveries touching new low levels for the season. Final prices were 1 to 10 points net lower; sales, 14,000 barrels. Prime crude, 7.5@; prime summer yellow, spot, nominal; December closed at 8.04@; January, 9.00@; March, 9.17@; May, 9.34@.

LOS ANGELES CURB

Many issues on the Los Angeles Curb Exchange were depressed yesterday to a greater extent than on the previous day in a widespread selling movement that forced more than ten issues to new low levels. The exchange closed at 11:30 in line with the action taken by the parent board.

Claude Neon Electrical Products led the volume and slumped 4½ points to a new low at 30½, recovering to close at 32 1-4 after a transfer of 2500 shares. Intercoast dropped to 20 1-8 and ended at 7-8, off ½. Mexican Seaboard lost 1 1-8 to 12 7-8. Gladding McBean sunk 8 3-8 points to 56, a new bottom, and Fokker hit a new low at 15 and rallied to 16 3-4, off 2 1-4. Caterpillar slumped 6 points to 45 3-8, also a new low.

On a lighter volume of sales, Diamond Electric broke 4 to 36, a new low, and Consolidated Steel fell 2½ to a new low at 11½. Axelson broke 2 to 11 and Aviation, 5-8 to 6. Bank of America, National Association, fell off 28¼ points to a new low at 135. Pacific Mutual dropped 4 to 85½; Security units, 4 7-8 to 50; Pacific Associates, 1 1-4 to 25 and Samson Tire, ½ to 8.

Sales totaled 62,116 shares valued at $4-7,513, previous day, 103,045 shares valued at $504,122.

NEW YORK CURB STOCKS

NEW YORK, Nov. 13. (AP)—Prices on the new York Curb Market sank to new low levels again today under a steady stream of liquidation which carried the active stocks down 1 to 14 points, and sent a number of speculative shares 20 to 30 points. Trading was in enormous volume, total sales of 3,770,600 shares getting by reason for 4 three-hour session. The ticker was delayed more than two hours at times, more than 200 individual stocks were thrown in, not one level, most recent leaders as Cities Service and Electric Bond and Share received strong support when the low prices established in the drastic break about two weeks ago. Despite the enormous trading, the decline was orderly with no wide open breaks except in a few high priced specialties for which there is a thin market.

Commonwealth Edison broke nearly 30 points on a few sales. Duke Power, Northern States Power A, Middle West Utilities (old), and Standard Power and Light lost 10 to 17 points on a small turnover. Allied Power, American Super Power, Niagara and Hudson, and United Gas were among the many issues to touch new lows, the declines ranging from 1 to 7½ points.

Investment Trust and Trading Corporation issues were again hard hit as a result of the inability or unwillingness of their sponsors to support the market. Blue Ridge preferred, Goldman Sachs, Continental, Allied Shenandoah units and numerous others established new minimum prices.

Among the high priced shares Duport & Co. lost 80 points, Timker Axleshaft fell broke 44½ points to 120 which compares with the year's high of 186. Great Atlantic and Pacific Tea fell 38½ points, Aluminum Company of America 15, and Vermont Mining 11.

Cosden Oil common, which did not sell yesterday, dropped 10 points below the previous sale. Standard Oil of Indiana, Standard Oil of Nebraska and several other petroleum issues sold at new low levels, although the declines were relatively small.

The closing price is quoted when same as the low, and bid low and asked when same as the high.

STOP

and analyze what is back of your securities

IMPORTANT recent developments have made every thinking investor stop and analyze what is back of his security holdings. The most searching analysis, we believe, will reveal few securities backed by greater net assets or higher earning power than Pacific Coast Aggregates, Inc., 7% Sinking Fund Convertible Gold Debentures, due 1939. Note the following highlights:—

1 for 1 Security Net tangible assets applicable to this issue exceed $14,640,000 or more than $9000 for each $1000 debenture. The Company is one of the leading producers and distributors of rock, sand and gravel on the Pacific Coast . . . a highly essential industry.

High Earning Power Consolidated net earnings over a five-year period available for this issue, have averaged more than 9.8 times maximum annual interest charges.

100% Income In addition to a liberal 7% fixed income, an attractive common stock bonus and conversion feature offer an opportunity to share in stock profits.

To obtain more detailed information concerning this attractive issue, simply send us your name and address below.

Special Values in High-Grade Listed Bonds

with yields from 4.92% to 7.98%

WE HAVE compiled a special list of 47 attractive investment bonds, most of which are listed in New York, offering yields from 4.92% to 7.98% at present prices.

Rails, public utilities, industrials and foreign government issues are included... all yielding higher returns than the average for these classes.

Interest in other securities during the past year or two has tended to lower the price of investment bonds. As a result, many are now selling materially below their normal levels.

The bonds we have selected are in the most strategic position for price appreciation with increased interest in securities of this kind. In addition, security of principal, dependability of income and quick marketability are offered.

You are invited to call or write for this timely list of special values in this attractive investment group.

Greater Convenience
for the investor

THE STRENGTH and dependability of California Municipal Improvement Bonds have been thoroughly established for the past 35 years, during which period a large percentage of our street work has been financed through this medium.

But despite their soundness and high tax-exempt yield, many large investors have found these street bonds too inconvenient to handle, since they are issued in small uneven denominations with yearly payment on the principal.

To provide a security which combines the strength and high yield of street bonds with the convenience of a serial coupon security, assignments of ownership are executed by the District Bond Company. These assignments convey actual title to selected improvement bonds, deposited with the Title Insurance & Trust Company, Trustee, and are executed in any desired amount from $100 to $100,000 and are available for periods of three to five years.

Payment of principal and interest on all deposited bonds is unconditionally guaranteed by the District Bond Company, whose paid-up capital and surplus exceed $1,800,000.

Yielding 6% completely tax-exempt

EXPERTS DIFFER
.... *regarding* ....
STOCK PRICES

—but all agree bonds are low and are in a decidedly attractive investment position.

Already average bond prices have shown an up-turn from October 15th, which marks a low point for several years. The investment in bonds of money withdrawn from the call market indicates a growing demand for high-grade issues.

The investor who buys good bonds at today's prices is obtaining a high degree of dependability combined with an income rate materially greater than has been available for several years.

We have prepared a list of ten seasoned market bonds which we believe are particularly attractive at today's prices. We shall be pleased to mail them to you on request; simply send name and address below.

"My $5,000 Investment is Protected by $45,000 in Security"

"ONE of the most satisfactory investments I ever made," one of our clients said yesterday, "was upon your recommendation a few months ago."

"At that time I was sorely tempted to put all my funds in stocks, but you persuaded me to place a portion of this money in a high-grade bond, which was protected by $9000 in security for each $1000 invested, and by earnings of nine times interest charges. In addition, an attractive common stock bonus and a conversion feature offered me a share in stock profits."

"Today the market value of my stock investments has declined greatly, but my principal represented by these bonds remains intact. And what is more important, I receive a regular 7.10% income."

A few of these bonds are still available and we will be glad to tell you about them. Details on request below.

NEW YORK BOND PRICES

NEW YORK, Nov. 13. (AP)—Heavy selling carried bond prices sharply downward today, and at the end of the busy three-hour session the averages showed that all but a small fraction of the gains made over the period of more than a month had been lost.

The liquidation was similar in character to that of recent markets when bonds have been dumped freely by holders needing funds.

The loss in the Associated Press combined averages for representative rails, industrials and utilities—forty bonds in all—was approximately ¼ a point, bringing the composite price to 92.65 against 92.34, the low mark established late in September.

A feature of today's trading, which reached a volume of more than $22,000,000, was the easiness of United States government obligations. Liberty 3½s declined ¼ a point and the first 4¼s went to a new low for the year on a loss of ⅝.

Utilities and industrials showed some resistance to the pressure, but later weakened with the rails, which were off sharply. Although a few prime investment issues held steady, the selling in general showed little regard for investment values or yields. However, traders expressed the opinion the decimation was only a technical condition directly attributable to the demand for funds created by the continued slump in stocks.

Numerous convertible and other share privilege bonds touched new lows. Among these were American International 5½s, off 3 to 83; Allegheny Corporation 5s of 1949, off 4 to 82; Commercial Investment Trust 5½s, off 2½ to 80; Missouri Pacific 5½s, off 1½ to 91; and Readings Coal and Iron 5s, off 9½ to 88. American Telephone 4½s closed a point lower. International Telephone 4½s lost ½, and American I. G. Chemical 5½s dropped 2½.

Losses of 1 to 2 points appeared in such industrials as Allis Chalmers 5s, Armour & Co. 4½s, Standard Oil of New York 4½s, and Shell Union Oil 5s. American Telephone listings lost ½ a point each.

In the rail group numerous losses of a point or more were suffered, notably in Canadian Pacific 5s, Great Northern 4½s, New York Central 6s, Pennsylvania Cold 5s and 6½s and Union Pacific first 4s.

Foreign obligations showed extensive losses and several new lows developed.

The quotations represent sales of bonds (in thousands of dollars) and their high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the high, and both low and close when same as last.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press.)

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were announced as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
November 12	43	13
Season to date	1,511	1,134
Last season to date	78	140
CENTRAL CALIFORNIA		
November 12	0	1
Season to date	6	32
Last season to date	991	15
NORTHERN CALIFORNIA		
November 12	0	1
Season to date	0	1
Last season to date	5	4

California oranges were spotty at eastern and middle western auction centers yesterday, the trend being lower. Lemons were generally lower.
Analysis of trading gave the following price range per box:

	ORANGES Graded above choice.	Choice.	LEMONS choice.	Graded above	Choice.
New York	3.10@3.25	2.65@3.05	6.00@ 9.30		6.15@7.85

LAND VALUE INSURANCE
Benefits Policyholders and Stockholders

The insurance business is based on the law of average—that is, losses can, without exception, be predictable, and, consequently, rates therefore determinable—this from years of actual experience.

In consequence, the premiums charged cover the insurance hazard plus a reasonable amount to provide a small profit; to stockholders and a surplus to further increase the stability and solidity of the companies.

OIL NEWS

BY HOWARD KEGLEY

Plans to curtail oil production in the Elwood field were given a slight setback yesterday because of the completion of the Bankline Oil Company's Tideland Permit No. 89-1 for 3450 barrels of oil per day from a depth of 3800 feet.

Bankline is the third operator on the coast at Elwood to bring in a tideland well. The Barnsdall-Rio Grande combination has one tideland producer and the Pacific Western Oil Company has another.

Early this week it was reported that daily average production at Elwood was approximately 35,000 barrels, and with the completion of Bankline's new well the output has increased to about 39,000 barrels daily. It is the intention to pinch back the production there to 21,000 barrels to conform to the State's program for curtailment.

Little Difficulty

Considering the number of deep tests under way in Southern California little real mechanical difficulty is being experienced. Aside from several projects being tied up by fishing jobs, which seem to be the principal delay in the majority of tests, progress has been rapid in the search for extensions of proven territory.

The Standard has the deepest wildcat at present. It is Saticoy-Citrus No. 5, near Saticoy. The drill is making progress below 8190 feet in hard brown shale, and since drilling operations started there only one small fishing job has developed.

Standard K.C.L. No. 1-27, in the Elk Hills, now is drilling below 8012 feet in hard sand, and no oil sand showings have been discovered. The company's Mascot No. 1, near Taft, is drilling below 7578 feet in hard blue shale and gray sand, and to date has not penetrated oil sand.

The Texas Company's Patterson No. 10-A, at Santa Fe Springs, which encountered about 200 feet of oil sand, has developed several fishing jobs, and has been forced to redrill, losing more than 500 feet of hole. Oscar Howard's Hathaway No. 7, at present the deepest drilling project in the world, below 8578 feet, is said to be the only hole drilled to such great depth, without developing mechanical troubles.

At Signal Hill the Shell Oil Company's Nesa No. 11 went to 9280 feet in search of deep production, and now is endeavoring to recement to shut out water at 9144 feet, below the shoe. It has experienced one fishing job.

Small Producer In

George F. Getty, Inc., has completed Becker Fee No. 2 at the western end of the old Summerland field for 100 barrels of 20-deg. gravity oil per day at 1300 feet. The flow is expected to be somewhat less when it steadies down.

Getty's Sandsona No. 16-1 tideland permit, which was brought in more than a week ago, is being cleaned to bottom. Sucker rods are being pulled, and when that is done it is expected that the output will be somewhat improved. The Becker Fee No. 1 is yielding about seventy barrels of oil per day, while Becker Fee No. 2 is idle.

Getty's State Tideland Permit No. 16-1, located farther out in the surf, was spudded in three days ago and is drilling below 475 feet. Location is being prepared for Getty No. 11, on this same permit, indicating that future tests along the coast there will be farther out in an endeavor to check up the theory that the main field is under the ocean.

Progress Steady

Rohde & McAdams's Rohde No. 1 in the southeasterly portion of the Santa Fe Springs field is sidetracking below 4405 feet in an effort to recomplete. It was the first well to be brought in several months ago from the lower Clarke sand.

Initial output of Rohde No. 1, completed at 7404 feet, was between 3000 and 5000 barrels of oil a day. When an earthquake shook that district the casing collapsed high in the hole and the production changed from oil to hot salt water and redrilling operations were started a short time later to improve the situation.

To Dine and Dance

Instead of having a formal business session, featuring technical papers, the California National Gasoline Association will dine and dance at its annual fall meeting tonight at the Biltmore Hotel. The committee on arrangements says that at least 500 guests are to be in attendance.

Completes Two

The Standard Oil Company has just brought in No. 7 well at Maricopa Flat. Its initial output is estimated at 1500 barrels a day, testing 21.6-deg. gravity, from a depth of 3730 feet.

In the Midway district Standard's No. 16 on Sec. 5, 32-24, came in for approximately seventy-five barrels of oil a day from a depth of 3704 feet.

Brings in Deep One

The Richfield Oil Company has completed Wardman No. 1 at Santa Fe Springs for 1500 barrels of 35-deg. gravity oil a day at 7123 feet, in the lower Clarke sand. The gas output is approximately 3,000,000 cubic feet a day.

Spuds Wildcat

The Shell Oil Company has spudded in Carenga No. 1 wildcat near the old Santa Maria field and will make it a deep test for that area. Shallow production has been found there, but this is the first deep test that has been scheduled.

New Location

The Standard Oil Company has made location for K.C.L. No. 35, northwest of Bakersfield. It will be drilled on the southwest quarter of Sec. 24, 29-27, the same where its K.C.L. No. 5-3 is standing suspended with bottom at 4777 feet.

Curtailment Effective

Indications that the production curtailment order put into effect several weeks ago is almost fully effective is shown by last week's daily average output for the Santa Fe Springs field. The daily average was estimated at 150,695 barrels, slightly above the 150,000-barrel output requested by the major oil companies. Less than 1000 barrels a day are being produced from the upper sands.

Completions last week included Shell Oil Company's G.H.N. No. 21, 2000 barrels; Standard Oil Company's Weisel No. 16, 1000 barrels; Richfield Oil Company's Wardman No. 1, 700 barrels; Rio Grande Oil Company's Community No. 2, 1830 barrels; Universal Consolidated Oil Company's Blanchard No. 6, 1100 barrels.

Drilling Permits Increase

The number of drilling permits issued last week by the State Mining Bureau was double the number granted the preceding week. Of those issued two were for the Newhall district two at Potrero, one each at Huntington Beach and Santa Fe Springs; three in the fields of Ventura county, one in Santa Barbara county, ten in the fields of Kern county, one in Kettleman Hills, and one in Tehama county.

Following are the permits: F. E. Bundy's Camp Ground No. 4, Huntington Beach; Ventura Pacific Petroleum Company's No. 2, Potrero; Consolidated Oil Company's No. 1, Newhall; York-Smullin Oil Company's Fee No. 2, Potrero; Southern California Drilling Company's Needham No. 2, Newhall; Shell Oil Company's Besser No. 1, Santa Fe Springs; M. E. & T. Oil Company's Sulphur Mountain No. 1, Ojai; Chandler-Canfield Midway Oil Company's Hobson B No. 10 and Hobson B No. 11, Seacliff; Wildcat Oil and Royalty Company's Donovan No. 1, Santa Barbara county; Hugh B. Evans's No. 27, Midway district; Standard Oil Company's Bonynge No. 3 in Sunset district and No. 360 in Midway district; Reservoir Hill Gasoline Company's Havenstrite No. 4, Sunset district; Doyle Petroleum Corporation's No. 1 and Evelyn Eubank's No. 1 in Kern county; A. Bruce Frame's Dominon No. 2, Poso Creek; General Petroleum Corporation's Wetmore No. 11, Kern River; Elbe Oil Land Development Company's Freeman No. 5, Round Mountain; Pan American Petroleum Company's No. 6, Kern River; Superior Oil Company's Huffman No. 1, Kettleman Hills; Marker Drilling Company's No. 1, Tehama county.

Gas Pressure Heavy

The Latin-American Petroleum Company's Whitley No. 1, near Shannon in San Luis Obispo county recently cleaned up a small fishing job and is reaming below 3840 feet. According to officials the gas pressure has been quite heavy, making it impossible to take cores for the last four days. The company holds leases on approximately 6000 acres. Its test is located on Sec. 27, 27-15.

MARKET FLASHES

NEW YORK, Nov. 13. (AP)—Stocks weak; industrial and rail leaders at new lows.
Bonds soft; rails liquidated freely.
Curb weak; investment trusts and several utilities at new lows.
Foreign exchanges irregular; Canadian dollar at 2½ cents discount.
Cotton higher; active covering at close.
Sugar steady; trade support.
Coffee higher; firmer Brazilian markets.

CHICAGO, Nov. 13. (AP)—Wheat declined on weak stock market, then rallied on export business.
Corn steady; unfavorable weather.
Cattle steady to lower.
Hogs higher.

RUBBER MARKET

NEW YORK, Nov. 13. (Exclusive)—Futures on the local rubber exchange today were again under pressure, in a session in which deliveries were alternately strong and weak, but final quotations at the end of the day were from 10 to 40 points below Tuesday's closes, after a fairly heavy turnover.

New low levels for the current downward movement were found, while the near-by deliveries hit lows for all time. Sales amounted to 1080 contracts, or 2855 long tons. Liverpool spot closed quiet after early easiness at 7 7-16d. When London spot sold at 7 11-16d early in the day it established its lowest price in seven years. Outside spot in the local market here was heavy but unchanged at 17½c.

LOS ANGELES MARKET

CATTLE—Fairly broad demand developed and a good clearance was made of the moderate supply at generally steady prices on all classes.

A car of top medium 975-pound Utah steers topped at 11.25; this price also takes a small lot of 986-pound yearlings. Three loads of Utah steers, Utahs and California, sold from 10.25@10.60; with two small lots common dairy type steers at 9.75 and 9.75.

Half a load of good 107-pound heifers made $10; this price also being paid for a load of 886-pound Utah cows and heifers, mostly heifers. Common and medium grade kinds liberal; the supply from $.50@8.00; with odd head higher, and a few very common kind down to 6.00. Two pens of 813-pound Arizona cows were included at 8.50. Cutters and low cutters went over from 5.00@5.75; a few bulls were included from 4.50@6.00.

CALVES—Fairly active demand developed and a good clearance was made. Prices were generally steady. Odd head of vealers sold above 13.00. A car of good 348-pound Arizona calves went over at 11.25, while about three loads of 331 to 331-pound Arizonas sold New Mexican veal from 10.00@10.50. A car of 493-pound calves for feeding purposes brought 9.00.

HOGS—An early clearance was made of the small supply at about steady prices. A car of good to choice 194-pound Nebraska butchers topped at 11.35. A car of mixed 184-pound Imperial Valley packers made 11.35, while a few lots of other California, mostly truck-fed, sold from 10.75@11.10. A double deck of 220-pound Nebraska packing sows made 9.50, with a few other sows around 9.00.

SHEEP—Nothing was offered to test values; however, the general trade quoted the market steady to strong at from 10.50@12.50 on medium good and choice lambs, with a few good to choice 98-pound lambs. Medium to choice ewes were quoted from 4.00@5.00; with cull and common ewes from 2.50@3.50, according to quality, weight and pelt.

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Nov. 13.—[Reported by H. R. Herser, Meteorologist.] At 5 o'clock a.m. the barometer registered 30.28; at 5 p.m., 30.23. Thermometer for the corresponding hours showed 55 deg. and 86 deg. Relative humidity, 5 a.m., 22 per cent; 5 p.m., 29 per cent. Wind, 5 a.m., northwest, velocity 4 miles; 5 p.m., west, velocity 4 miles. Temperatures, highest, 72 deg.; lowest, 50 deg. Rainfall for season, .32 of an inch; normal to date, 1.24 inches; last season to date, .53 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS—Nov. 13: An immense field of high pressure, central over Wyoming this morning, covers the country from the Missouri River to the Pacific Coast, giving generally clear, cold weather in that region. Rain has fallen during the past twenty-four hours in the Missouri and Mississippi valleys and eastward to the Atlantic Coast. The precipitation was generally light to moderate, but in some points in the Lower Mississippi Valley it was quite heavy. Temperatures were well above normal this morning in the Atlantic and Middle and Eastern Gulf states, but it was very cold in the Middle and Southern Rocky Mountain country. In Southern California clear, moderately cool weather prevailed yesterday. It was clear this morning at all stations, with temperatures near the normal. Fair weather and moderate temperatures will continue in Los Angeles and vicinity Thursday. Low humidity and moderate to fresh winds will give high fire hazard.

SUN, MOON AND TIDES.—Los Angeles Nov. 14, Sun rises 6:25 a.m., sets 4:50 p.m. Moon rises 3:34 p.m., sets 3:48 a.m. Los Angeles Harbor, Nov. 14: High tides, 6:16 a.m. and 7:53 p.m.; low tides, 12:53 a.m. and 1:58 p.m.

LOCAL TEMPERATURES. — Nov. 13: Minimum and maximum temperatures from southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Station—	Max.	Min.
Imperial	70	43
Los Angeles Harbor	69	54
Mt. Wilson	53	39
Pasadena	72	41
Pomona	69	40
Porterville	65	38
Redlands	69	44
Riverside	68	36
San Bernardino	66	34
Santa Barbara	71	48
Sierra Madre	74	32

LOCAL FORECAST

For Los Angeles and vicinity: Fair Thursday and Friday; mild temperatures; moderate north to east winds.

STATE FORECAST

SAN FRANCISCO, Nov. 13. — Weather forecast:

San Francisco and vicinity: Fair Thursday and Friday; light to fresh northerly winds; mild day temperatures; gentle variable winds; no rain; clear.

Northern California: Fair Thursday and Friday; frost Thursday morning; mild day temperatures; gentle east and southeast winds.

Sierra Nevada: Fair Thursday and Friday; not much change in temperature; moderate east to southeast winds.

Sacramento, Santa Clara and San Joaquin valleys: Fair Thursday and Friday; frost Thursday morning; mild day temperatures; gentle east and southeast winds.

Southern California: Fair Thursday and Friday; frost Thursday morning; mild day temperatures; moderate north to east winds.

ARIZONA FORECAST

PHOENIX (Ariz.) Nov. 13.—Forecast for Arizona: Fair Thursday and Friday; little change in temperature.

COLORADO RIVER

YUMA (Ariz.) Nov. 13.—[Exclusive Dispatch from the U. S. Reclamation Service.] Mesas Intake (Colorado River, 18.15 feet. Discharge, Wednesday, 7200 cubic feet.

SOBS SHOCKING TALE OF WEIRD ATTACK

Tommy Hepberington

BOY BEATEN BY "WITCH" KIDNAPER

Mystery Woman Reappears and Lures Lad from Auto; Twice Flogs Child

Reappearance of a so-called "witch woman," who caused much excitement six months ago by kidnaping and severely beating several small children, was reported to police late yesterday with Tommy Hepherington, 4-year-old son of Mrs. Joseph Hepherington, of 8721 Grade street, the new victim.

Within an hour after the mother notified police at University station that her son had been kidnaped while she was shopping in a store at Fifty-first street and Broadway, the boy's aunt, Mrs. A. V. Standard, reported the lad had appeared at her home at 203 East Forty-ninth street, sobbing hysterically from the effects of a severe whipping. His back and legs, it was stated, are covered with red welts made apparently by a sharp, thin switch.

The boy told Detective Lieutenant Donohue that while he was sitting in his mother's automobile waiting for her to return from the store a middle-aged woman snatched him out of the machine and took him to a vacant house a block away. There she stripped him of part of his clothing and beat him with her hand. Then, promising him that she would buy him something nice because of the whipping, she took him to South Park, he said, where she pulled him into a rest room, again took off part of his clothing and whipped him fiendishly with a sharp branch broken from a clump of shrubbery. Shrieking for help, the lad broke away and ran out of the park. The woman made no attempt to follow him, he said.

Several persons verified the lad's story, according to Donohue, when they told of having seen the woman take the boy from the automobile, but did not interfere, as they thought the woman his mother.

The woman is described both by the boy and witnesses as being of middle age and wearing a black dress and light stockings.

Half a dozen similar beatings of children were reported to police six months ago. For a period of several weeks officers searched in vain for a woman who grabbed children in department stores and beat them in rest rooms. She never was apprehended.

JUDGE SOUGHT TO CITE MAYOR

Municipal Jurist Turney Refuses Warrant

Arrest Demanded Because of Election Expenses

Citizens May Now Ask Action by Superior Court

The chances of getting a Superior Court judge to mandate the Municipal Court to issue a warrant for the arrest of Mayor Porter on Paul A. Shilling's complaint that Porter violated the election law regarding public statement of candidates' campaign expenses was under consideration by Shilling and associates last night. This is about their only recourse, Shilling's attorney, Arthur Guerin, said, if they wish to carry the matter farther, following the refusal yesterday of Presiding Judge Turney of the Municipal Court to issue the warrant at their request.

Judge Turney reminded Shilling that he could go to any of the other Municipal judges and present a similar request and that one of them might issue the warrant. Guerin told Judge Turney that this would be most unlikely after adverse action by the presiding jurist.

RECITES OBSTACLES

"We realize," Guerin said, "that it would be a difficult matter to get a judge to do this. Mayor Porter was elected by a great majority and owing to this, his popularity and the nature of some of his supporters we realize that the judge who issues the warrant will immediately 'be placed on the spot,' but we thought we might find one to do it."

Judge Turney gave as his reason for declining to issue the warrant "at this time" that "it is a most unusual proceeding," saying that he knew of no case where a Municipal judge had issued a warrant for so high an executive officer as a Mayor on a misdemeanor charge. He said further that he is inclined to believe that there is something more to the pressing of the case than appeared in the testimony before him of Les Vaughan and Shilling. He said he believed there must be some animus in addition to the reasons they gave.

Shilling said that he came to be interested in the matter because he was told that Porter's supporters were working without pay and that he knew there were persons at work who did not work for nothing. He said he looked into the matter and found they were being paid, found that Porter had not made public campaign expenditures as required by law and so as a citizen of twenty-three years here he thought somebody ought to do something about it and he did, or attempted to do something.

VAUHAN'S REASONS

Vaughan, who said Porter had him as a member of the Porter executive committee handling the campaign, testified that he presented his testimony because he believes Porter unfit to be Mayor and because as one of the men who helped put Porter in office he now is being criticised every day for Porter's failure to live up to pre-election promises. He said he does not now believe Porter is big enough man for the office.

Attorney Clifford Thoms presented the warrant request in form of affidavit, setting out asserted violations by Porter of the law intended to establish clean elections. He argued that it was enough to present such an affidavit and then get a warrant, but offered to place Vaughan and Shilling on the stand to go further.

Judge Turney consented and Vaughan testified that Porter's public statement covering campaign expenses listed but $1579, as such expense whereas he and Porter and others once had conferred on, authorized and executed a campaign advertising plan that cost approximately $6000. Porter knowing even in advance that the expense would be that much. He testified that Porter received an offer of about $2000 from Robert J. Gans, later referred to in the court as "the slot-machine king of Los Angeles;" that the offer was accepted and Gans was told to spend the money in his own way on the East Side; that Gans spent more than $1700 for the purpose and Porter personally tele-

DONER'S HEARING SET IN CHILD CASE

Actor, in Jail, Hopes for Reconciliation With His Wife

Ted Doner and Family

The musical comedy actor, his wife and daughter Rosea. (Picture of Mrs. Doner by Lansing Brown Studio.)

TED DONER, 33-year-old musical comedy actor, confined in the County Jail on a charge of child stealing preferred by his wife, announced from his cell last night that he will make no attempt to obtain his release under bond until the legal controversy is settled.

The actor was arraigned earlier in the day before Justice of the Peace Billings of Beverly Hills. His preliminary hearing was fixed for 10 a.m. tomorrow. Bail was set at $1500.

Doner was taken from a New York-bound Santa Fe train at Barstow Tuesday night by deputy sheriffs. He had with him his 20-month-old daughter Rosea Eleanor Doner, who, Mrs. Doner charges, was taken from her home at 7957 Fountain avenue by her husband without her consent.

The arrest of Doner revealed a story of privation and hardship endured by the actor in trying to recoup his scattered fortune and repay loans obtained to finance expenses while recovering from serious injuries received in an automobile accident a year ago.

It also revealed the longing of a father to be reunited with his wife and children which prompted him to "sign on" a tramp freighter, the Robert Hopkins, at New York City, as an assistant purser and work his way to Los Angeles that he might be with them again.

The steamer docked at San Pedro on the 6th inst. and since that time Doner has been living with his wife and children at their Hollywood home, he said.

"We did not separate, when I went to New York," Doner said. "At least not in the accepted terms of such affairs. I was deeply in debt and there was no employment for me here, but I had a good offer in the East. Therefore we decided that I should go to New York and follow my profession there until I had paid my debts. My wife

PLEA MADE TO MAYOR FOR FUNDS

Police Commission Asks That Appropriation for New Stations be Approved

An appeal was made to Mayor Porter yesterday by the Police Commission to approve an appropriation of $80,000 allowed by the City Council nine months ago to cover additional cost of three new police stations, two of which are nearing completion. Of the latter two one is in Hollywood, at Wilcox and De Longpre streets, and the other is in Venice. The third, to be located at Westmoreland and Oakwood avenue, has not been started.

When the Council approved the additional appropriation of $80,000 last spring no action was taken on the measure by former Mayor Cryer, and it passed into Mayor Porter's hands as unfinished business of the former administration.

It develops that approximately $30,000 is required to complete the Hollywood and Venice stations, in addition to the $204,000 left of the 1924 police bond funds used for the construction.

The commission authorized President Thorpe to ask the Mayor to approve the appropriation or approve a new request for sufficient funds for the stations, and the Mayor took the request under advisement.

Elderly Smoker Killed by Blast as Stove Leaks

Failure to turn off completely the valve on a small gas heater in his room at 530 Temple street resulted in the death yesterday of George B. Willey, 70 years of age, according to a report at the Coroner's office.

Willey, according to a police report, awoke in his room early yesterday morning and, apparently not knowing that leaking gas had filled the atmosphere, lit a cigaret. There was an explosion. In the sudden blast of flame Willey was burned fatally.

Firemen confined the subsequent blaze to the room. Damage is estimated at not more than $200.

QUIZ GOES DEEPER IN DAVIS PLOT

Stewart Declares Inquiry Will Reach Bottom of Asserted Conspiracy

Chief Deputy Dist.-Atty Stewart yesterday continued the official investigation put under way Tuesday of the asserted underworld plot to produce false testimony against Chief of Police Davis. A number of witnesses were questioned during the day.

"We are going to the very bottom of this matter," declared Stewart yesterday, "and will leave no stone unturned to bring about indictments if evidence of the asserted plot can be unearthed."

Stewart, assisted by a couple of investigators' was placed in charge of his investigation by Pitts after a long statement had been taken by him from Miss Odette Bachelard, young French dancing girl, who first made public some of the details of the asserted plot.

And while the District Attorney and his assistants spent the day investigating the charges made by Miss Bachelard, Police Commissioners Drake and Pierce, assisted by Deputy City Attorneys Fox and Fellows were preparing the formal charges agains Davis. The charges which will be followed by an open hearing will be made at a special meeting of the Police Commission tomorrow morning.

Taxicab Permit Plea Refused

A request by the General Cab Company for seventy-one more taxicab permits has been refused by the Board of Public Utilities and Transportation, which contends that the company has failed to show the additional number is based on public necessity.

The board recently granted the company eighteen new permits of sixty-eight requested and holds that sixteen of the new permits have not been called for.

CRYER IN HOT SHULER CLASH

Ex-Mayor Cross-examines Pastor in Libel Trial

Preacher Denies Questioning Honesty of Executive

Case Expected to Go to Jury Tomorrow Afternoon

Trial of Rev. R. P. Shuler, charged with criminally libelling former Mayor Cryer, neared a dramatic close last night with Shuler on the witness stand under cross-examination by Cryer, who occupies the unique position of both complaining witness and associate prosecutor in the case.

All yesterday afternoon the preacher and Cryer, who in private life is a lawyer, waged a battle of words in Municipal Judge Pope's court and adjournment time saw them still in heated controversy.

Cross-examination of Shuler is expected to be completed this morning, and arguments on the case probably will start this afternoon, with the case going to the jury probably not later than tomorrow afternoon.

ADMISSIONS MADE

Cryer in his questioning of the minister drew the following admissions:

(1.) Shuler does not question the personal honesty of Cryer.

(2.) When Shuler advised Dist.-Atty. Fitts in an open letter if the latter didn't know what was meant by taking a "bribe via the real-estate route" to ask Mayor Cryer, he "absolutely" did not mean to infer that Cryer accepted advantageous real-estate propositions from persons seeking political favors.

(3.) Shuler, who, according to his own testimony, once "challenged" Cryer to explain how he acquired his fortune, now is fully informed on the matter and admitted it was one of the most thorough explanations that could be given.

"Don't know as I ever heard a better," admitted the witness.

NO REFLECTION CAST

(4.) When, after referring to former Dist.-Atty. Keyes, convicted of conspiracy to receive a bribe as an "exploiter" in a written article and a little further on in the same paper describing Cryer as the "chief exploiter of them all as the head of the city government," Shuler was only accusing Cryer of being head of an administration subject to criticism but was not casting a reflection on the personal honesty of the former Mayor.

Often Cryer saw fit to walk to the witness stand as he fired his questions, standing face to face with Shuler. Shuler's answers often came tumbling one after another in his apparent eagerness to explain his written statements. Often Cryer halted his answers, asserting that it was for the jury to determine from the language as set forth and not from Shuler's explanations.

PARROT ONCE APPROVED

Questioning by Cryer drew forth the admission from the witness that at once time he had approved of and co-operated with Kent Parrot former Chief of Police Vollmer, former Chief of Police Heath and Chief of Police Davis, all political figures during the Cryer administration, and that eventually he turned on them in vigorous attack.

"You attacked everyone, didn't you?" demanded Cryer.

Shuler had lengthy explanations for his conduct. He decided Parrot was not honest when Chief Vollmer told him (Shuler) that the city was saddled with vice protected by Parrot; he "lost confidence" in Vollmer when the Chief quit his job because, he told Shuler, he couldn't buck Parrot; he didn't like Heath's political affiliations, and he was "informed" that Chief Davis had double-crossed him, because places of asserted vice still continued business after he had furnished the Chief with their addresses.

COURTS BLAMED

"Isn't it a fact that Chief Davis told you that small penalties inflicted by the courts allow these offenders to get out and resume business after they have been ar-

(Continued on Page 21, Column 3)

The Lancer

by Harry Carr

POLICE have started another "campaign" against traffic fiends.

It has come as far south as Glendale; and the storm is traveling in this direction. To an outsider it doesn't seem to do much good except to give the police a chance to get a little melodrama out of their systems; and some of the traffic court judges an opportunity for a few feeble wise cracks at the expense of culprits who are afraid to answer back.

SPEEDING

There isn't any answer to "speeding." Every year motor cars grow in power and flexibility. It is as though the whole population were mounted on spirited thoroughbred horses; and we expected them to keep the gait down to a walk.

LOS ANGELES UNIVERSITY

Lieut.-Col. Andrew J. Copp has come through with an interesting suggestion—that the name of University of California at Los Angeles be changed to "Los Angeles University."

"U.O.C.A.L.A." sounds like a label on a box car. Also, the long name sounds uncomfortably like the tail trying to wag the dog.

Los Angeles is the best-known city in America. A university under that name will make its own tradition.

SWEET COMPASSION

One of the most touching exhibitions of sweet sympathy I know is the way the Los Angeles real estate dealers are sobbing and sobbing and sobbing with compassion over the collapse of Wall street stock gambling. It is sometimes difficult to articulate the words that accompany great sorrow; but the sorrow of us realestaters sounds like "Goody! Goody! Goody!"

THE VERY TIRED GIRL

"You seem to be tired; Will Rogers is tired; Lee Shippey is tired. Everybody is tired," writes an indignant young lady—who says she is also tired.

"I go to bridge parties, and a woman says: 'I could bid, but I am too darn tired.'"

Take heart, fair one, perhaps it is just the Indian summer.

HIS RABBIT'S FOOT

Hollywood continues to be a city of incredible Cinderella stories; but most of the latter-day Cinderellas seem to be he ones.

One of the most interesting cases I have ever known is this young boy Lew Ayres, who has just been chosen for the lead in "All Quiet on the Western Front." Doors of fame suddenly flung open to a boy of 20.

Ayres was a student at the University of Arizona and played the banjo. Having a mother to support, he tried to get into the movies, and couldn't get as far as the studio gate man. Finally he drifted down to Tia Juana, where he sang in the cafes while he and his mother maintained a home in San Diego. Movie magnates used to come down. After two or three seidels they were moved to sentimental tears to hear him sing "Mexicali Rose." They—blubbering—would put an affectionate hand on his shoulder and say—in high tremolo—"Me boy, come to see me in Hollywood; you oughts be in the movies."

Time after time he came to Hollywood—but they had forgotten him with the foam. Finally he blasted a way in and now has drawn the best chance that I have ever known any youngster to get—with the exception of Betty Bronson in "Peter Pan."

BRICKLAYER STRIKE CALLED

Bosses Force 150 Men to Quit Walker Jobs But Open-Shop Workers Take Up Tasks

Approximately 150 union bricklayers here and in San Francisco working at $11 an eight-hour day, and willing and anxious to continue so, today are out of a job within a few weeks of the holiday season because, it was learned last night, Indianapolis (Ind.) officials of the union decided that it is time again for another union demonstration against the open-shop building industry in Los Angeles.

The men were at work on jobs for which P. J. Walker Company is construction agent. The company was working some nonunion men on one job and officials of the union notified it that either the nonunion workmen must be discharged or the union men elsewhere employed by it would be ordered to quit work and the jobs paralyzed.

FORCED TO QUIT

The company refused to do so, and accordingly about 100 union bricklayers here were ordered on a strike and virtually were forced by their union bosses to obey although with some reluctance. In San Francisco about fifty bricklayers on a Walker job were ordered out also. They at first defied the international headquarters order, but later capitulated with complaining.

The jobs are the Federal Reserve Bank, California Club and some smaller buildings here and in Pasadena, and the Shell Oil Company Building in San Francisco.

It was not apparent at first as to just what is behind the move. For six years Walker has been building in Los Angeles, for six years it has been working union and nonunion crews on jobs, sometimes on the same job and sometimes on separate jobs at the same time. Never before has it been confronted with a demand as is being made at this time. The company is in no difficulty with either its bricklayers or other workmen concerning wages, hours or conditions of employment nor has it any other dispute. The demand now made on it is entirely on the basis of forcing the company to use none but union men in all of its work everywhere, a policy it has never adopted in its six years here.

THEORY EVOLVED

However, open-shop observers have reasoned along this line: Walker is perhaps the largest single building agency in Los Angeles. It has constructed nearly $100,000,000 of buildings in the city, including most of the very finest large ones. It now has approximately $20,000,000 of construction under way or just beginning. It is building the largest building now going up in San Fran-

(Continued on Page 3, Column 3)

USE OF LIPSTICKS OR ROUGE TO COST GIRLS' INHERITANCE

Lipsticks, face paint, dancing and the wearing of jewelry will cost the three grandchildren of John Quincy Murray their inheritance, according to the provisions of his will filed for probate yesterday.

Murray put $4000 in trust for his grandchildren as follows:

The income of $2000 to Jean Murray, 22 years of age, of 2164 Genevieve street, San Bernardino, if she never bobs her hair, applies a lipstick or eyebrow pencil, wears any gold or jewelry or "clothing too short at both ends," goes to any dance or film show or in any wise comports herself "not in harmony with Bible teaching."

Alice B. Murray, 25, of 1208 Alton street, Wilmington, will enjoy the income from $1000 as long as she fulfils these provisions.

Malcolm John Murray, 27, of San Bernardino, likewise will enjoy the income from $1000 if he never wears what is described as a "Charlie Chaplin moustache," attends any dances or joins a secret society. He is not prohibited from the use of the lipstick or rouge, however.

If these beneficiaries do not fulfill the terms of the will, superannuated ministers of the Free Methodist Church will get the money. However, even the superannuated ministers have a condition to fulfill. None of them must wear a watch chain and their wives must not sport wrist watches.

The residue of the $7881 estate, after the $4000 trust funds are financed, will go to the three grandchildren and Tollie Beth Murray, a daughter-in-law.

CHEST APPEAL SPEEDS UP

Hundreds of Workers Given Encouragement at Luncheon as Total Reaches $551,474

When the 600 volunteer workers for the Community Chest gathered in the Biltmore yesterday for the second daily report luncheon, the meeting took on something of the aspect of an old-home week, what with most of the faces being the familiar ones of those dependable troopers who give so generously every year of their time and energies in the stupendous task of filling the Chest for the needy of the city.

However, it is a reunion with a serious purpose, and if a certain air of determination and a calm conviction in the rightness of the task before them, which is unmistakably in the atmosphere, portend anything at all, the end of the drive should see the Chest coffers filled to the brim with this year's goal of $3,200,000.

LARGE SUMS GIVEN

The campaign is off to a flying start as shown by the figures of the first day and a half of campaigning. At noon yesterday there had been 33,908 persons solicited with total subscriptions of $551,474, or 17.34 per cent of the goal. The subscriptions for one day from the previous report luncheon were $362,-775, and the amount yet to be raised is $2,648,526.

Yesterday was Industrial and Business District Day, with E. E. Manning, assistant general manager of the Southern California Telephone Company and chairman of the Industrial District, acting as chairman. Joseph Scott was the chief speaker.

The world hates a quitter, he said, and warned against a dodging frame of mind if things don't go smoothly and solicitors are met with rebuffs and discouragements.

"The Chest has its defects, of course," he said, "but it is the best solution yet evolved for this particular enterprise. We are always open to constructive criticism, but we must train ourselves to be indifferent to destructive criticism. Regardless of what anyone says to the contrary, we are our brothers' keepers, and whoever dodges that responsibility is not a man."

RUMOR REFUTED

William Lacy, president of the Community Chest, scored the rumor which has gone about town that employees in some establishments are compelled to contribute a part of their wages to the Chest. Nothing could be further from the purpose of the Chest than that, he said, for the Chest represents the soul of Los Angeles and a soul will never rise by force.

Mrs. Ethel M. Turk of the Assistance League, one of the 131 Chest agencies, spoke briefly on

Anarchist Sought Here as Sequel to Finding of Giant Bomb

"SHELL" FULL OF DYNAMITE

Supposed "Prop" at Studio Really Lethal Engine

Two Hundred Ball Bearings in Death Instrument

Armistice Day Blowing-up Believed Plotted

An archanarchist who had perfected plans to deal out wholesale death and destruction, most likely in some densely populated section of the city on Armistice Day, became the object of an intensive police search last night, following an examination that revealed the bomb found Tuesday night under a building of the deserted Metro studios as containing sufficient dynamite to shatter an entire city block.

Announcement that the bomb proved to be an astonishingly potent engine of death and not a long-discarded motion-picture "prop" was made by Capt. Katzenberger, head of the police safe and loft squad, after he and Detective Captain Felts, explosive expert, had taken apart the contrivance at the Lincoln Heights jail stockade.

CLEWS UNCOVERED

Coincident with his disclosure that the bomb turned out unexpectedly to be a lethal instrument of immense proportions, Capt. Katzenberger stated he is certain it had been intended for use on Armistice Day, possibly at the Coliseum, where thousands congregated to pay homage to the dead of the World War. He arrived at this definite conclusion, he said, as the result of an investigation. Detective-Lieutenants Slaughter, Colling and Kleinfeld were conducting while he and Capt. Felts gingerly were taking the bomb apart to learn what it contained.

Capt. Katzenberger declined to reveal the clews on which search for the anarchist is based. He admitted, however, that his men had learned a gang of workmen were present the night before Armistice Day in the building under which the bomb was found, namely, the improvised warehouse of the Hollywood Reclaiming Company, which extracts the silver from waste motion-picture film. It is his theory, he stated, that the anarchist merely had secreted the bomb beneath this old building, intending to retrieve it under cover of darkness the night before the day of nation-wide celebration of peace; and that his plans unknowingly had been defeated through the presence of the workmen in the reclaiming plant.

BALL BEARINGS IN SHELL

Capt. Katzenberger pronounced the bomb to be the most perfectly constructed and powerful thing of its kind he has seen since the memorable Haymarket riots in Chicago, in 1886, which claimed the lives of nearly a score of policemen, and in which the Los Angeles officer himself played a part. He explained it had been so constructed as to insure a widely directional force on detonation, instead of the straight downward force common to exploding dynamite.

The shell in which the dynamite was packed had been fashioned from a section of steel pipe fourteen inches long and four inches in diameter. Sixteen sticks of Hercules No. 40 dynamite were found within it, together with more than 200 solid steel ballbearings of assorted sizes. The ball-bearings were to have served as shrapnel, Capt. Katzenberger explained.

Each stick of dynamite had been broken in two, and then sixteen of these half-sticks had been tamped into the pipe section. Against these had been packed half the ballbearings. Then the remaining sixteen halves had been admitted, followed by the rest of the bearings. Within the mass had been forced a No. 9 detonator, from which ran two wires, one to each orifice of the pipe. A threaded steel cap sealed each end of the shell, a small hole having been bored for passage of the wire.

PLANS SURMISED

It was the intention of the anarchist, Capt. Katzenberger theorized, to plant the bomb in the night at the place chosen for destruction, pay out more wire to a place of hiding where he would connect it with a battery, and then return and discharge it in the midst of an Armistice Day celebration.

Armed with the clews growing out of their investigation, Detective Lieutenants Slaughter, Colling and Kleinfeld, under Capt. Katzenberger, set out last night in search of the man under suspicion.

The Hollywood Reclaiming Company, on the premises of which the bomb was discovered by a night watchman early Tuesday, is on the old Metro motion-picture "lot" on Cahuenga avenue and Willoughby street. At first, and before the bomb had been examined closely police expressed the belief it had been placed there with intent to blow up the studios. Later this theory was discarded temporarily, when due to an accidental confusion of filed police reports, the detectives were given to understand that the explosive in question had been covered with dust and cobwebs, leading them to believe it had been tossed under the building by film "prop" men and forgotten with the abandonment of the studio.

Model Plane Display Among Features of Exhibit

Miniature Flying Craft Attract Much Attention

Marjorie Davis shows some of replicas of old and new planes, made by boys and girls of this city, gathered for Western Aircraft Show.

Door Opened for All Health Ideas

Representation on the planning committee of the forthcoming White House conference on child health and protection will not be limited to any particular school of medicine, it is assured by Dr. H. E. Barnhart, director of the conference, in a letter received yesterday by the California Anti-Vivisection Society at 145 South Spring street. Dr. Barnhart's letter was in reply to a protest voiced by the society against confining members of the committee to partisans of the allopathic school.

"The conference would not fully complete its work if it did not give everyone having sound facts to contribute an opportunity to place them where they belong," read the letter in part.

STUDENTS TO ATTEND EXPOSITION

Western Aircraft Show Management Designates Today as "Collegiate Day"

Today is "collegiate day" at the Western Aircraft Show at Wilshire Boulevard and Fairfax avenue, and is being sponsored by the Alpha Eta Rho Fraternity, the only international aviation fraternity. Herbert Hoover, Jr., is one of its members. Practically every college in Southern California will be represented at the exposition today. Entertainment will be offered by the U.C.L.A. band, a male quartet from the Occidental College Men's Glee Club and the Trojan Trio from the Women's Glee Club of U.S.C. under the direction of Eloise Jones, according to G. E. Moreland, executive of the show.

Sixty-five planes and every known device in the aviation industry have been gathered from all parts of the world for the show, and total $2,000,000 in value. The planes range in size from the smallest two-seater to the giant trimotored transports.

Among the larger ships the one which has attracted the greatest share of attention is the huge trimotored Emsco, painted in a bright green and gold. Displayed almost beneath the wing of this ship is the tiny low-wing Emsco monoplane, which also is in green and gold.

Tiny amphibians, large amphibians, planes with folded wings, and huge transports all are displayed. The public is permitted to sit in many of them and to examine them all at close range.

A large display of plane motors is featured among the aeronautical equipment.

Coming especially to attend the aircraft exposition, Col. William E. Easterwood, Jr., member of the National Aeronautic Committee of the American Legion and of the national advisory board of the American Air Cadets, is due to arrive in Los Angeles on a Southern Pacific train at 9:15 a.m. today.

BRICKLAYERS OUT OF JOBS

(Continued from First Page)

cisco. In their Indiana headquarters the international officers of the principal building trades, it is thought, believed they had Los Angeles' largest builder "over a barrel" with so much work and so they "sprang" the order on it to use none but union men.

The only thing wrong with the union campaign, according to open-shop advocates last night, is that the Indiana officials did not figure strongly enough on Los Angeles being an American-plan or open-shop town, for the Merchants' and Manufacturers' Association, which is the city's great open-shop agency, assembled open-shop bricklayers sufficient to keep all the Walker jobs here running without interruption save for the few hours necessitated by the change.

It was understood here last night that in San Francisco also the strikers have been replaced by open-shop men.

GROUP IN BAY CITY ALSO CALLED ON STRIKE

SAN FRANCISCO, Nov. 13. (AP)—San Francisco brick masons employed on the new Shell Oil Company twenty-nine-story building at Bush and Battery streets here went on strike today on orders from their international headquarters.

Officials of the brick masons' and plasterers' union local No. 7 said the strike was called in sympathy with a similar strike in Los Angeles. A conference was called here immediately following the strike order and it was reported efforts are being made to bring about mediation proceedings.

PROTESTS DUE TODAY

Protests are scheduled to be heard by the City Council today against the ordinances of intention for the improvement of Colden avenue between Halldale and Western avenues, Dolores street between Broad avenue and Avalon Boulevard and of the streets in the Hyler-avenue and Langdale-avenue improvement district.

JUDGE SOUGHT TO CITE MAYOR

(Continued from First Page)

phoned thanks to Gans for what was done. Vaughan testified that Rex Goodsell also had provided $500 for Porter. None of these receipts nor expenditures were mentioned in Porter's statement giving public account of what he spent, as is required by law, the witness testified.

HOTEL RENTAL

Vaughan testified that he, Porter and others conferred about engaging rooms in the Hayward Hotel for campaign headquarters and that they agreed to pay $150 a week for the space and used the place from January to June. Notwithstanding this, he testified, Porter listed only $140 in public statement of rentals paid for. The telephone bill alone at the Hayward, Vaughan testified, was $1000.

Judge Turney asked if Gans were the one called "the slot-machine king of Los Angeles" and Thoms told him that some refer to Gans as such. The judge expressed a desire to hear Gans's testimony to ascertain, he said, what Gans expected to get for the contribution to elect a Mayor. Gans was not present.

Shilling testified that he could not find in the county official files a single voucher for Porter's campaign expense. Guerin previously had read to the court the law requiring filing of such vouchers.

"What is the reason for the filing of this action against Mayor Porter?" Judge Turney finally asked. Thoms replied in substance that high executives in public places should be citizens with proper regard for law observance, that Mayor Porter in his accounting to the public for conduct of his campaign had demonstrated himself to be otherwise.

TELL OF CIVIL SUIT

Judge Turney learned from counsel that the truth or falsity of some of the issues at stake in the request for the warrant also are at issue in a civil case against Porter and that this case will come to trial on the 25th inst. The judge expressed a desire to take no action in the misdemeanor complaint, at least until after that time, notwithstanding arguments of counsel against such a course, over which they expressed some amazement. The judge pointed out to them that if the situation then still warrants such action they can again come before him with their request.

Guerin said that speedy action means much to his associates because already one witness, he said, "has lost his little red book; "another's information was destroyed by fire and George Pepperdine (a Porter supporter) has "left for the East."

After leaving court, Guerin said no appeal will be made to any other Municipal Court judge for a warrant, but that the chance of getting action from the Superior Court will be considered.

Shilling previously sought a complaint against Porter from City Prosecutor Nix and Nix refused to issue it. This was related to the court yesterday with the explanation by Guerin that "the City Prosecutor holds office under the Mayor."

HEARING FIXED FOR TED DONER

(Continued from First Page)

was working in Hollywood in motion pictures and wished to remain there temporarily at least.

"But I couldn't bear to be separated from my children, Rosea and Sonny. So I worked my way out to Los Angeles and Tuesday on a sudden whim I decided to take Roses back to New York with me at once. It seems as though the Sheriff's office changed my plans."

Doner still is hopeful of reaching a reconciliation with his wife. "I still love her," he said, "and I feel certain that we will reach an understanding soon."

ORDINANCES ADOPTED

Ordinances of intention were adopted by City Council yesterday for the improvement of the streets in the Barrington-avenue and Rochester-avenue and the Bellevue-avenue and Laveta-avenue improvement districts. The protest dates were set as December 19, next, on the former and December 23, next, on the latter.

OIL REFINERY EMPLOYEE ARRAIGNED IN FRAUD CASE

Harold Parks, a loader employed by the Western Oil Refinery at Signal Hill, yesterday was arraigned before Superior Judge Aggeler charged in a grand jury indictment with stealing large quantities of gasoline from his employers during the last year.

Parks's arrest came as a direct result of the investigation of Deputy Sheriffs Ousby, Hurst and Barney into asserted conspiracies to defraud the State out of hundreds of thousands of dollars of gasoline taxes.

According to the officers, the youth illegally sold approximately $20,000 worth of gasoline to various "bottleg" service - station operators in Los Angeles.

Several additional witnesses will be called before the county grand jury tomorrow to testify regarding the asserted gasoline-tax fraud which already has led to the indictment of several prominent gasoline brokers and executives of exportation firms.

The officers charge that the exporters bought gasoline ostensibly for exportation, thus evading the tax of 3 cents a gallon, and then sidetracked the fuel and sold it in Los Angeles tax-free.

Mother Denied Writ for Child

Superior Judge Schauer yesterday refused a writ of habeas corpus asked by Mrs. Zaida Gury to get possession of her son David, 6, whom she asserted was illegally held by her divorced husband, Chester Gury.

Mrs. Gury was awarded custody of the child by a decision of Superior Court, which was appealed. Pending the appeal the father took his son and has been caring for him since.

WANTED MULHALL ACTOR'S NAMESAKE

Jack Mulhall, film actor, is not wanted on a traffic warrant, as erroneously reported yesterday. Judge Swain issued a warrant for the arrest of Jack Mulhall, 1533 McCadden Place, who is not the motion-picture man, on Tuesday when he failed to appear in court to answer a charge of speeding in a business zone.

A dam costing between $3,000,000 and $5,000,000 is to be built at Chats Falls, Can.

DR. A. REED CUSHION SHOES

A Tonic for Feet That Are Weary

Women's Fancy Cut-out Slippers in the wanted materials and colors. Stylish and comfortable.

Men's shoes that have smart style and still give perfect comfort. High and low, black, tan and brown.

DR. A. REED Cushion Shoes stimulate the proper blood circulation, give tone and comfort to tired, aching feet and impart vigor to the whole body. That is why thousands of men and women wear no other shoes but these.

The ORIGINAL Dr. A. Reed Cushion Shoes are the *only* arch-support shoes made with a CUSHION SOLE. Remember this when you buy. Do not confuse the "easiest shoes on earth" with other so-called "health shoes." Ask for the cushion sole and built-in arch support.

HOLLYWOOD CHEST WORKERS GET BUSY

One Team Reports Oversubscription on First Day

They Help to Raise Money for Needy
Left to right—Father John McHugh, Mrs. John F. Mead, Rabbi Magnin and Dr. James H. Nash.

ENTHUSIASTIC Community Chest workers in Hollywood met at the Roosevelt yesterday noon to report results of their first day's soliciting. Dr. James Hunt-ington Leak, who has been identified with the Chest campaigns for several years, stated that the enthusiastic beginning forecast greater success than any previous year. Rabbi Magnin was the chief speaker.

The honor of going over the top with 143 per cent subscribed the first day of the drive was won by the Dickinson memorial team under the captaincy of Dr. S. E. Dickson, who will be able to report at today's luncheon that subscriptions for $656.50 have been made, while the team's quota was $441. The team's service is a personal tribute to the late James Dickinson, brother of the present team captain.

Other features to mark the Chest luncheon in Hollywood today will be the fact that the Hollywood Optimist Club will act as hostess, sharing in the cost of the luncheon. Frank Brigiel and Joseph Brewer will serve jointly as toastmasters. Joseph Scott will speak and A. B. Howard and Tracy Cheatum will render musical numbers. Division 28, Mrs. Lowell C. Frost, will be in charge.

TOTAL IN CHEST DRIVE MOUNTS

(Continued from First Page)

"Family Welfare and Relief," telling of some of the human interest problems that are encountered in this type of charity work.

Today the women workers will have their innings when Mrs. Albert Deichen, in charge of the residential district, acts as chairman for the Woman's Day report luncheon. Her vice-chairmen, Mrs. Florence Wolfstein, Mrs. E. Avery McCarthy, Mrs. Benjamin Bledsoe and Mrs. Frank Schaefer, will call on their team colonels for complete reports of the progress made to date in the residential areas.

BLEDSOE TO SPEAK

Benjamin F. Bledsoe will be the chief speaker, and Mayor F. Adams of the Children's Home Society will give a five-minute talk on "Orphanages, Day Nurseries and Others." Dr. Willsie Martin of the Wilshire Methodist Church will deliver the invocation.

At yesterday's meeting J. A. H. Kerr, campaign chairman, presided and Mgr. John Cawley of the diocese of Los Angeles and California, delivered the invocation. According to Mr. Kerr, the organization of the Chest is about 30 per cent better this year than it was last, and with the wheels running more smoothly and the enthusiasm of the workers at high pitch, he believes that the final results should be very gratifying.

LARGE SUBSCRIPTIONS

Following is a list of yesterday's largest subscriptions:

$12,000—Pacific Mutual Life Insurance Company.

$5000—Mr. and Mrs. Harry J. Bauer, Bullock's May Company.

$2500—Barker Brothers, Inc.

$1000—Mr. and Mrs. George I. Cochran, Los Angeles Gas and Electric Corporation; Mr. and Mrs. Elliott Mott, Mott, Lee & Phillips; Mrs. Lee Ann Pallett.

$500—Goodyear Tire and Rubber Company of California; McKean & Co., Wilbur May, Mr. and Mrs. Fred Bartlett.

$250—Mr. and Mrs. Albert Edington, Hotel Edison; Mr. and Mrs. John G. Ellwood, Firestone Tire and Rubber Company of California; Pacific-Telemail Company; Mr. and Mrs. Edwin W. Fowler.

$100—Mr. and Mrs. Walter Wanger, Metro-Goldwyn-Mayer Theatres, Inc.; Mr. and Mrs. Harry Warner, Warner Brothers Pictures, Inc.; Mr. and Mrs. Jesse L. Lasky, Famous Players-Lasky Corporation; Goodyear Rubber Company, Beatrice M. Robinson; Mr. and Mrs. Adolph Zukor, Famous Players-Lasky Corporation; Mr. and Mrs. Adolph Lehman, Pacific Telemail Company.

$50—Carleton F. Burke, Mr. and Mrs. Robert L. Eaton, Mr. and Mrs. Gustaf Lavin, Mr. Hastings Oil Company; Mr. and Mrs. Ben Piazza, Mr. and Mrs. Reverend, Mr. and Mrs. Wm. Pelli, Pelli Music Company, John Milton Russell.

MacWATTERS SAYS COERCION FORBIDDEN

In order to answer rumors which have reached Community Chest headquarters to the effect that coercion was being used to obtain subscriptions to the annual fund-raising campaign, now in progress, D. C. MacWatters, general manager, has issued the following statement:

"The Community Chest, in its six years of existence, has never at any time countenanced coercive methods to obtain subscriptions to its fund-raising appeals. All contributions have at all times been voluntary. The 15,000 civic-minded men and women who each year act as unpaid volunteer solicitors for the Chest are strongly instructed never to attempt to obtain subscriptions in a manner that will be interpreted as coercive.

"The general public is well aware that the Community Chest is the chief instrument which cares for the unfortunate of the city. All men and women, whether they be workingmen in factories, housewives or business executives, have been generous in giving in accordance with their means. They number more than 25 per cent of our population. Their gifts have been entirely voluntary and greatly appreciated. Only gifts given in such a manner benefit us, and benefit the givers as well.

"The Community Chest will appreciate being apprised of any specific instances where coercion is used. It will immediately take steps to correct such a situation which it has never knowingly permitted to exist."

"WHOOPEE RING" WARRANTS OUT

Federal Grand Jury Indicts Sixteen San Diegans

Liquor Purveying at August Convention Charged

Mayor and Chief of Police Exonerated in Case

As the result of asserted jollification at a convention at San Diego in August, last, sixteen persons were indicted here yesterday by the Federal grand jury on charges of conspiracy to violate the National Prohibition Act.

At the same time the grand jury returned no bills as against Harry C. Clark, Mayor of San Diego; Arthur R. Hill, Chief of Police of the city, and others, including Clark Eabs, Charles P. Hartman, Frank Antosh, F. S. Logan and Harry A. Snow.

It is charged in the indictment that a conspiracy was entered into by which Charles H. Muloch was to hold the "concession" for the distribution of liquor during the convention and that he was to handle the situation through others. This arrangement brought into the indictment returned yesterday the names of Logan E. Buggles, William M. Perley, Clive E. Wayland and Stanley Hale, the trio said to have represented that they had "everything fixed;" Charles H. Muloch, reported as the leader of the liquor-distribution ring, and helpers as follows: L. W. Neltzman, William E. Bemis, Peter Nieblas, John T. Stafford, J. N. Dawson, George Bruke, Ira Sluss, Joe Bain, Adolph Neiman, Wesley Muloch and A. P. Desrault.

It was testified that large quantities of liquor were distributed at San Diego during the convention and that Chief of Police Hill seized a large part of it.

Five other indictments were returned, among them one for violation of the Dyer Act, and one for violation of the Immigration Act.

Dog That Bit Nine Reported Rabies Victim

Reported to have bitten nine persons, three of them now receiving Pasteur treatments by the City Health Department, a white and brown collie dog, formerly owned by Mrs. Evelyn C. Sommers, 710 East Kensington Road, and now owned by a Mr. Lohman of 5321 Second avenue, according to Mrs. Sommers, was reported to be a victim of rabies by Dr. F. B. Gage, assistant city veterinarian, yesterday.

The dog is reported to have bitten June Chittick, 10 years of age, of 849 West Fortieth Place; Tommy Mitchell, 13, of 852 Fortieth Place, and Everett Walcott, 9, 873 West Forty-second street. It was killed by University police.

Inquest Fails to Clear Boy's Death Mystery

A Coroner's jury yesterday admitted inability to determine whether suicide or accident caused the death of Fay Bud Clark, 15 years of age, who was found dead of pistol wounds last Saturday in a garage at the rear of his home, 5447 La Mirada avenue. Police believe the boy committed suicide. The inquest was conducted yesterday at the request of the boy's mother, who refused to believe he killed himself. The Coroner's jury reported it was unable to determine whether the death was suicide or accident. Chief Deputy Coroner McDonald conducted the inquest.

Young Clark was found dead in a garage where dynamite and weapons were found. He left a cryptic note in boy's code to a chum.

NEW TRIAL DENIED IN LAND SUIT

Beverly Hills Victorious in Fight for Property for Municipal Park Purposes

Another victory was won yesterday by Beverly Hills in its fight to acquire property in a condemnation action for municipal park purposes when Superior Judge Baird denied a new trial of the action which was heard several months ago.

Following a day of argument the motion for a new trial was taken under advisement by Judge Baird two weeks ago. His ruling was announced yesterday.

The suit involved thirty-six parcels of property fronting the north side of Santa Monica Boulevard between Doheny Drive and Wilshire Boulevard and along the east side of Wilshire Boulevard between Santa Monica Boulevard and the Beverly Hills city limits. Awards made by the court were satisfactory to a majority of the defendants. Three property owners, however, the Catholic Church of Beverly Hills, Patrick O'Connor and Miss Mildred Cobb, asked for a new trial.

Richard C. Waltz, City Attorney for Beverly Hills, and the law firm of Hill, Morgan & Bledsoe represented the city in the proceedings, while Attorney J. Wiseman McDonald represented the protesting property owners.

BRIDGE TEA ANNOUNCED

The Los Angeles Junior Council will give its first of a series of bridge teas Sunday afternoon at the Gayford. Entertainment will be presented by Jean Clark, radio harpiste; Delia Lewis, pianist; Helen Grossman and Inez Small, dancers. The arrangements are in charge of a committee composed of Dorothy Jacobsen, chairman; Hattie Zealoff, Ruth Volk, Frances Gilbert, Frances Wilson, Henrietta Gradowitz and Bertha Sall.

HOME DESIGNS EXHIBITED

National and Local Prize-Winning Plans from All Over Nation Shown in "Times" Collection

[Illustration on Picture Page]

Men and women interested in the designing and building of moderate priced homes visited The Times exhibition of prize-winning home designs which opened at the Architects' Building, Fifth and Figueroa street, yesterday.

Among the designs exhibited are the three national grand prize winners, those receiving honorable mention in each of thirteen districts representing the entire United States, and the best of those submitted in the local region comprising California and Nevada.

ARRANGED IN GROUPS

In order that the public may have an opportunity to compare the work done by architects in California with that done by architects in other parts of the country, the designs have been arranged and hung in groups representing the sections of the country from which they came. There are thirteen groups. There is the group done by New England architects, one by those from the Southeastern States, another representing the Atlantic States and so on.

The three national prize winners and those receiving honorable mention in the California-Nevada district have been hung in one room.

THEIR BEST WORK

The designs shown in the present exhibit represent the best of the work submitted by the competition from some 2000 architects in all parts of the United States. H. Roy Kelley and Harrison Clarke, both of Los Angeles, won the first and second national grand prizes, respectively. First prize was awarded $5000 and second prize $3000. The third grand prize was won by Amedeo Leone of Detroit, who was awarded $1500. Each of the national prize winners had to be placed in the top three designs in each local competition before being eligible to enter the national judging. In addition to the national prize money, each of the three local winners was awarded $500 in cash.

The exhibition will be open daily from 9 a.m. to 9 p.m. for the present. There is no admission charge.

Practical Joker Granted Divorce

John Wesley Starr is a practical joker and played his pranks on his wife, Para Belle Starr, during their married career, according to her complaint in a petition for divorce which came before Superior Judge Price yesterday.

One of Starr's jokes, according to his wife, was to shoot at her with an air gun. Another was holding her against a hot radiator.

Mrs. Starr did not appear to prosecute her complaint and at the close of the hearing the husband was granted a decree of divorce on his cross-complaint on the ground of desertion.

APPEAL HEARING TODAY

After several postponements in each case City Council is scheduled to hear appeals today against the confirmation of the assessments for the opening and widening of Raymond avenue between Eighty-third street and Manchester avenue and for the improvement of Atlantic street between Loreta street and Fresno street.

CHINA DISCUSSED

"Changing China" was the subject of an illustrated travel lecture by Garner Curran at the Central Library, 630 South Hope street, last evening. It was the first of a series of oriental travelogues under the auspices of the history department of the library by this distinguished lecturer.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example, they should be religiously observed.
—Abraham Lincoln.

Today's Bible Text

"I will not leave you comfortless; I will come to you." St. John xiv:18.

USE NO HOOKS

A chapter on etiquette gives as a first rule: When in doubt use a fork. Would this suggest sticking a fork into your table neighbor to find out whether he was done?

THE BAD START

Our modern daughters are practically unanimous in the feeling that the education of their parents has been sadly neglected. What they are doing about it is plenty.

THE BIG PARADE

Some of the lambs are liable to have their pelts scotched in getting back into the Wall-street jam. It is no parade for anything subject to prickly heat. For a lot of folks that is only a one-way street—leading direct to the cleaners.

THE BONY PART

Among the relics recently acquired by Washington and Lee University is the skeleton of Traveler, the famous horse ridden by Gen. Robert E. Lee during the Civil War. First thing we know some of the wild blades at the university will be learning to shake the bones.

ONE THING NEEDFUL

Senator Sheppard will not be content until he has a law which will punish the buyer and user as harshly as the bootlegger. He figures that prohibition can hardly be expected to prohibit until that idyllic condition is found. If it were only possible to put all rum-flavored breaths behind the bars—iron bars—the Texas Senator would be happy.

THE NEW RUSSIA

Under the new Russian calendar Sunday will disappear from the soviet republic. So will Monday and the other days for that matter. There are but five days in the week and they will be known by number rather than name. In their itch for economy the Communists are also pruning the Ten Commandments. But they are making plenty of regulations of their own.

THE DOG HERO

State of Massachusetts awards a medal to a collie dog as a real hero. The animal dashed in front of a locomotive and seized a child that had crept on the track. One of those things sometimes read about in story books, but seldom happening. Here is the real thing and the dog can show a medal to prove it. Yet the canine is not proud and yawns as if it were all in the day's work.

THE ROUGED WOMAN

A woman has rights. Here was a case in court in which the husband commanded the wife to mop the rouge from her face. She refused and the fiend smote her. Now the judge says the lady was justified in her position and she gets a divorce from her peevish spouse. It is a woman's privilege to adorn herself and if she chooses to use the paint brush in the process no brutal husband shall say her nay.

AMBITIOUS ARABS

The Arabs have further ambitions. They not only urge an Arabian federation to extend from the Suez to the Persian Gulf and from the Mediterranean to the Indian Ocean, but they also crave dominion in North Africa. They would lord it over the hot sands. They would dominate the desert with Palestine as a key. It is a good thing the sheiks never made much headway in the Mojave or we might be having troubles of our own.

PACIFIC ZEPPELINS

Prospects for the establishment of Zeppelin lines between Los Angeles and the Philippines by way of Hawaii are advancing every day. The Goodyear interests are very heavily interested and most of the details of organization have been worked out. There will be two great ships, each being able to easily carry eighty or more passengers, and a vast hangar in this city will be the base of operations. It takes time to build Zeppelins and the Goodyear people must first finish the two huge ships being built for the government—unless we can coax Uncle Sam to lease them for service for a while.

THE PUBLIC LAND POLICY

Wide differences of opinion seem to be developing over President Hoover's suggestion that public lands might be better administered in State hands. Opponents of the plan range from those who fear that the States will abuse their heritage if it is granted to them, to those who believe that Congress will be less likely to grant Federal aid for road building if one of the reasons for that aid disappears. In California there is feeling that the national forest conservation policy, and particularly the forest protection service, sets a pace for the State and an example that cannot well be dispensed with. It is also being declared that if any public lands are to be turned over to the States, all should be, including oil and mineral rights, since the grazing lands alone might be rather a burden than an asset.

A very practical objection to surrendering Federal control of oil and mineral rights exists at the present moment, however, since that control is necessary to conservation. Several of the States with undeveloped or partly developed oil resources are in favor of immediate exploitation and that they would proceed to reverse the present no-drilling policy at a time when the market is unfavorable to further production can hardly be doubted. The limitation of production would not have been possible, or at least would have been very difficult, had these lands not been under a single control.

As for the grazing-lands problem, it is in part because Federal control has proved inefficient and unsatisfactory that the change is proposed. Localized control, able to take quick action, should theoretically at least be superior. In the case of the ranges whose value has, as the President says, been depreciated 80 to 90 per cent, State control could hardly do worse. Granted that these ranges are not, at present, much of an asset to the States in whose borders they lie, the States may be able to supply remedies that will bring back their utility. Passed into private hands, the ranges would almost certainly be made productive.

One of the problems with which the President's commission will deal is the reorganization of the Reclamation Service. How much this service needs a thorough shaking up is plain from its records. Of twenty-four reclamation projects, only four, the Salt River, the Yuma, the Orland and the Strawberry Valley in Utah, do not show a loss and it is known the Salt River project has been helped financially by power development. The Williston project, North Dakota, is a complete failure; six other projects show more than 50 per cent loss; five more than 35 per cent loss. There is an average loss of 19 per cent on all projects.

In the cases only of the Salt River project and the Carlsbad project in New Mexico has as much acreage been irrigated as the Reclamation Service estimated before the project was begun, and the total of losses, definite and probable, is more than $27,000,000. A comparison of estimated acreage with the acreage actually developed shows a huge discrepancy—the latter is, in fact, only 39 per cent of the former.

No doubt part of this loss was occasioned by log-rolling and politics, but much of the rest can only be laid to deficiencies in the service itself.

The third problem of the commission is the conservation of oil, coal and other minerals on the public domain. On this question, as already indicated, there will be much difference of opinion and many conflicting views will be presented.

The personnel of the commission is outstanding. Its chairman is James R. Garfield, former Secretary of the Interior, and other members include Ex-Gov. Goodrich of Indiana, George Horace Lorimer, Philadelphia publisher; Col. W. B. Greeley, former head of the Forestry Service, and Gardner Coles of Des Moines, Iowa. Each of the public-land States will have a representative in addition.

The commission has a difficult but important task before it and the nation will watch its activities with hope tempered with anxiety.

WHY LENGTHEN LIFE?

In the last half century the average span of life has been lengthened twenty years. This does not mean that the biblical norm of three-score and ten has been pushed forward; but that more folks reach that age. Not as many newborn babes are immolated on the altar of poor sanitation. The babe now has an expectancy of twenty years more than in 1870.

However, at the age of 40 the chances of long life are no greater than they were fifty years ago. Indeed, with the salvage of childhood, the perils of age seem to have increased.

We are traveling at such a fast clip that the old man has a harder time escaping the juggernaut. Some even say that the expectancy of 40 has slightly decreased since 1920.

The death rate from degenerate diseases is rising. While we are saving the babies from diphtheria and scarlet fever, cancer and kindred ills are exacting a higher toll.

Cars may have something to do with it. Death no longer rides in a chariot, its pathway well-nigh choked with flowers. It rides in a dashing motor honking its way through traffic. It is mowing the aged down right and left. We save them from the sicknesses of childhood to get them at the intersections. Death's maw is never satisfied.

Occasionally some one reaches the century mark; but even then there is often a suspicion that some of the empties in the train of the years have been cut out by a poor memory.

In 1880 the death rate for the United States was twenty per 1000. In 1926 it was twelve. There were three funerals fifty years ago to two today. In Los Angeles there are but 1200 graves dug for 2000 in cities of the same size a half century ago.

Greenland has a death rate of 40 per 1000 and England 11½. Formerly children swarmed into the home only to be turned over to the undertaker. Today the mortician just postpones his visit twenty years.

While the doctors are lengthening our days, some employers are firing at 40. The question arises, why lengthen life? Why bring that up?

The LEE SIDE O' L.A.
By Lee Shippey

WE'VE never seen Pershing Square look so tropical as it does just now. The banana trees which were set out near the center of the park have grown luxuriant, and in the fountain foliage has grown rank, so that instead of being able to look across the square from one side to another one looks into a vivid green mass of foliage about the fountain, ringed by banana trees which lift almost to the lower fronds of the palms. Only the grass, which recently was plowed up, and one tree near the southeast corner which seems to be dying, keep the park from being utterly lovely, and the grass will be looking well in a couple of weeks. After one sees the miracles which have been wrought about the City Hall one has faith that the park department can get beautiful results in record time.

But Pershing Square is important. Not every transient visitor gets to see the best of Los Angeles, but practically everyone sees Pershing Square. And many a Biltmore guest strolls out, sees those luxuriant banana trees and is immediately convinced that he has come to the right place for the winter.

Gold Diggers

Gold diggers are not much admired
Or treated with respect immense—
Except those experts who are hired
To serve as college presidents.
ADAM SINNICK.

Girls Once More Self-Conscious

Only a month ago you saw plenty of girls on Broadway whose knees were showing, and they never thought of being self-conscious. Now if you see one with skirts which show the knees she looks abashed, furtive, hangs her head as Lady Godiva does in some of her pictures. The change came so suddenly that hundreds of the smaller storekeepers about town were caught by it—they had laid in stocks of very short skirts which now are as dead as bustles. Yesterday we saw a window full of short dresses which must have been made to sell for at least $10. They were marked $2.98. But two little flappers who paused to glance at them only sniffed.

"Why, they'd show the knees!" exclaimed one, in horror. "I wouldn't be caught dead in one!"

Yet no doubt two months ago she would have worn one down Broadway proudly.

We had thought, when legs were all one could notice, that modern girls couldn't feel abashed. But they still can feel very much abashed at being caught out of fashion.

We Hadn't Thought of It, But—

Lee: In about one-third the towns in Los Angeles county it is wicked to drink wine tonics, but quite all right in the others. Isn't this what we used to call local option?—N. B.

Another Pagan Song

We've nicotineless 'bacco now
And cafes caffeineless
And tea that's tannineless, somehow,
And mess on mess on mess
Of predigested foodless foods
That make your teeth and tum
Old style, unnecessary goods
You rarely use. Ho, hum!
I'm one of the wild, wicked few
Who still encumber earth
Who do not give a darn what's new,
But cherish old things' worth.
Yes, woolly, wild and pagan we—
We still enjoy good meat
And (Sush!) take sugar in real tea,
And yet the gallows cheat.
We think our teeth worth something to
Ourselves, not just extractors;
We think our buns need work to do,
Nor hire it done by tractors.

Ere following fads, we pause to think!
(Strange that we ever mo-tured!)
And, worst of all, we drink—we drink
Cafes that's not denatured!
MAXIM WILDE.

The Filipino Invasion

Late at night, Broadway from First to Fourth is thickly sprinkled with Filipinos. Until recently, Main street was their promenade, especially in the region of its dance halls. But now when their work is done many of them go out like scouting parties for the advancing foreign front. They ride in nifty roadsters, four in a seat. They stroll the sidewalks, three or four in a row, possibly for mutual protection against larger men, possibly for sociability. Anyhow, four of them take up no more sidewalk space than would their old-time friend, William H. Taft.

Besides the houseboys, many come from hotels and clubs in which they act as pages or call boys. All are dapper, sheikish and wear the widest, flappiest trousers flaunted on the street. And often the loudest shirts, for, being very small men, those who can get custom-made shirts. And always their black hair is the slickest thing on Broadway.

Spreading Foreign Quarters

On First street between Spring and Broadway there is a three-story lodging-house, run by a white American, which is exclusively for Filipinos. The proprietor says they are good boys, most of them trained on battleships or as houseboys to neatness, cleanliness and quiet courtesy.

A couple of years ago the Filipinos downtown were noticeable only along Weller street and First street, between Weller and Main. Now it would appear that our Filipino population is growing, for many are seen on Main, Spring and Broadway as far south as Fourth, and Spanish signs, of interest to both Filipinos and Mexicans, are more noticeable on those streets. We also note that the little Greek center on East Fourth street is spreading, a couple of Greek restaurants having blossomed out around the corner on Los Angeles street.

A BRIGHTER SIDE

That Chicago is not all bombings and racketeering, gang wars, strikes and rotten politics is realized by all thoughtful persons. Without industrial and cultural solidity, without healthy growth and healthy conditions on which to feed, this parasitism could not, of course, exist. But sometimes it requires something out of the ordinary to make the brighter side evident.

That something out of the ordinary is going on at the moment. The opening of the opera season in a surpassing new building has been followed by the opening of a civic theater as fine, and the debut of a Civic Shakespeare Society with a permanent repertory company which will give an open season of twelve weeks' duration. Such activities do not characterize the Chicago which gets most frequently into the headlines.

PATSY
By James J. Montague

Eddie likes to play with tops;
A teacher's pet is Bill;
Tommy gorges lollypops
Until they make him ill.
Looking at the comic strips
Is little Jack's delight,
George has fun with painted ships
But Patsy likes to fight.

He never is amused somehow
By any sort of toy,
He rather far would have a row
With some small neighbor boy.
He sometimes rashly takes a dare
And suffers a defeat,
But little Patsy doesn't care,
He'd rather fight than eat.

The child has managed to collect
Some rather bitter foes,
And often, as one might expect,
He has a battered nose.
But bruises quickly fade away
And hardly hurt a mite,
So Patsy almost every day
Will start another fight.

The neighbors living round about
Declare that they are sure
That Patsy's certain to turn out
A rough and brutal boor.
But when he gets along in life
Whose terms are stern and grim
That urge of his for stress and strife
May make a man of him.

WHAT OTHERS THINK ABOUT IT

TRIUMPH FOR THE WETS
[Christian Science Monitor]

Can it be possible that the wet press of the United States, which has so long vaunted the Canadian Control Act as the ideal of temperance legislation, has finally recognized that "government control" is after all a sad misnomer and in effect a government-sponsored instrument of the liquor traffic? If such be the case, then the victory for government control in the Nova Scotia plebiscite and the Ontario elections, however unhappy for the cause of temperance in Canada, will surely clarify the prohibition issue in the United States.

Now the fact is that for years the newspaper opponents of American prohibition, whenever they have been pressed to suggest any practical alternative to the Eighteenth Amendment, have glibly done homage to the system of Canadian control and have characterized the Dominion liquor policy as an agency of temperance and as a means of coping with the liquor evil. But now in their eagerness to construe every possible event in every possible place as an expression against prohibition, they are openly hailing the new approval of Canadian government control not as a gain for temperance but as a "triumph for the wets."

If the vote in favor of Canadian government control is a "triumph for the wets," as the wet press accurately but perhaps unwittingly declares, then government control cannot command itself as any constructive substitute for prohibition.

WE DON'T WANT APOLOGIES
[Atchison Globe]

We're sorry that the G.A.R. recently refused to join the Confederate veterans in a final reunion, unless the few surviving "boys in gray" would condescend to publicly admit that they were wrong during and prior to the Civil War.

To our mind, the South and the North wiped the slate clean when both contributed their sons to the World War.

We would exact no more apology from the South after its valiant participation in the Spanish-American War and the World War. The mingling of both southern and northern blood on the fields of France should be considered the final reconciliation between North and South—and to ask the South to make an apology at this late day is not only a sad commentary on prejudice, but it is at the same time almost laughable.

The Civil War was fought in the '60's.

That's a long time ago.

The southern forces eventually were defeated, the southern government was destroyed, and because their currency became null and void the southern people were left in abject poverty.

All they had left was their pride.

Why in the world should any organization in 1929 request that the southerners give up their pride, the only thing they had left when the Civil War ended?

TRY A SUBSTITUTE
[Boston Transcript]

A man has been before a court in Maine charged with stealing drinking water. But, perhaps, even in the original prohibition State, he may keep out of further trouble by drinking something else.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Rival Clocks

LOS ANGELES, Nov. 11.—[To the Editor of The Times:] An important inaccuracy of statement is on record in the Los Angeles Times Sunday Magazine of November 10, in an article, "Beauty for an Emperor," by Jerome N. Wilson, who writes: "Los Angeles possesses the world's most beautiful clock! It is a masterpiece by Dubuc, created for the Emperor Napoleon in commemoration of the Egyptian campaign."

The Louis XV clock which can be seen at 2225 West Washington Boulevard, is a marvelous creation by the clockmaker, Lepine, who introduced an entirely new design. Hours and minutes are indicated on two bands rotating horizontally.

Lepine in his mechanical creation was assisted by artists such as Falconet, the sculptor; Himbert, the modeler, and Fouinat, the painter-decorator, all inspired by Madame de Pompadour, that enlightened patroness of the arts.

The height of this clock is thirty-six inches and the base is twenty-four inches long. It is made entirely of golden ormolu, hand chased and decorated porcelain. It is an extremely impressive composition in design and of striking coloring with gold and turquoise blue, invented by Hellot in 1752, predominating. There are twenty porcelain medallions and a porcelain vase surrounded by eight classic pillars in ormolu which support the unique clock topped with a porcelain cupola and a golden cupid.

In my opinion the Dubuc clock in comparison with this one is depressing and a long way from the most beautiful clock in Los Angeles, regardless of how one judges.

FERDINAND PERRET,
Consultant of Fine Arts and Director of Research.

Bill of Rights

LAGUNA BEACH, Nov. 10.—[To the Editor of The Times:] A recent news item tells us that the United States government declined to accede to the plea of the Chinese government for a change in the status involving extra-territoriality in China, the theory being that justice to Europeans could not be had in Chinese courts.

Without agreeing with the methods of the victims of archaic laws in North Carolina, under which a difference of religious convictions was used to bar the evidence of a witness in his own behalf, I regard the existence of such laws as a menace to the liberty and rights of every citizen in the United States.

The right to affirm a creed carries with it the right to deny. Otherwise, the right of choice, necessary to the barest elementals of liberty and citizenship, is denied. My convictions are the involuntary and automatic conclusions of evidence. They cannot be imposed or impugned by the highest court in the land without the gross invasion of constitutional rights guaranteed to us all under the Bill of Rights. HENRY J. WEEKS.

A Sunnyvale Booster

LOS ANGELES, Nov. 9.—[To the Editor of The Times:] In the interest of fair play I ask the privilege of correcting some statements made in yesterday's Times regarding Sunnyvale, Cal. I speak from personal experience.

I resided in Sunnyvale for several years. One year I commuted to my business in San Francisco, which is forty miles north of Sunnyvale. During the summer months, especially, I found fog and wind in San Francisco, on account of the Golden Gate opening to the sea, while Sunnyvale has mountains to the west and southwest. 2000 to 2500 feet high, to shut off the ocean winds and fog and also reducing the rainfall to about half of that of San Francisco.

Last summer, as I have often done during my twenty-one years' residence in Los Angeles, I spent my vacation at Sunnyvale. I find all traffic congestion is being eliminated by widening the present State Highway and constructing the Bay Shore Boulevard from San Francisco to San Jose. Both of these projects are under construction.

The Bay Shore Boulevard will serve the proposed air-base site. The site is level, well drained, the tide is not high, and Sunnyvale is not a misnomer. Knowing The Times through two-score years as a subscriber leads me to believe that you will publish this letter.

HORACE E. SMITH.

A "Times" Trio

POMONA, Nov. 6.—[To the Editor of The Times:] Thank you for the picture of Alma Whitaker in The Times this morning. She looks just like she writes . . . perfectly splendid. As a matter of fact, Alma Whitaker, Harry Carr and Lee Shippey are a trio of superlative newspaper feature writers.

This is from one who has been a subscriber for the Los Angeles Times since 1901. He is the proud possessor of a copy of that little four-page sheet printed on a job press by The Times on the fatal morning in October, 1910.

STANLEY F. WIDENER.

Another bronze statue of Lincoln has been erected in a public square, this time in Freeport, Ill., to commemorate the debate of the Great Emancipator against Douglas seventy-two years ago. W. B. J.

MERCIFUL MURDER

BY BAILEY MILLARD

No end of argument has been evoked by the verdict of the French jury which recently acquitted young Richard Corbett of Draguignan in the Department of Var, charged with having slain his mother. Corbett, who acted as his own attorney, pleaded that his terrible deed was justifiable. His mother, he said, had suffered tortures from cancer. The doctors had declared that her case was incurable. He could not sit by and see her in such misery, so he shot and killed her and then shot himself. He recovered in a hospital and was tried for murder, with the result stated.

While not a pleasant subject, it is a vital one and challenges the imagination. It brings up the question whether society can permit one human being deliberately to take the life of another and go unpunished by the law. The jury pondering upon the case must have felt this, but its sympathy for the slayer won for him a verdict of "not guilty." And it had the people with it. "Men and women," said the press dispatch, "rose as one mass of cheering and sobbing humanity." The judge must have been pleased with the verdict, too, for his attitude throughout the trial had been sympathetic to the defendant.

Yet, harsh and unfeeling though it may seem, a man or woman with the best interest of society at heart will hardly acquiesce in the opinion of that jury that a "mercy" killing should be so readily excused. The case is a rare one, but there have been others of the kind, and even though the act has been condoned on occasions where circumstances seemed peculiarly extenuating, it has not been accepted as a general precedent that may be safely followed.

I have searched through comprehensive digests of English and American criminal law and can find no authorization of merciful murder" or any recognition of it as constituting justifiable homicide. In India, where there have been plenty of cases of "merciful murder," judges, taking into account the traditions of the native races, have been very lenient in punishment. And there are certain semicivilized tribes in remote parts of the world where the merciful slayer is permitted to go his way without trial.

But the course pursued by barbarians in such cases hardly can be followed by Americans or Europeans, until such time as civilized nations shall adopt laws recognizing mercy slayings as excusable manslaughter. I predict that that time never will arrive. The fact that physicians have declared a malady incurable cannot be considered sufficient justification for the commission of such an act. Doctors are only human and have been known to err in their diagnoses. Cancer is a terrible malady, and as a rule, ends in death. But in rare instances it will run its course, and what is known as a spontaneous cure will follow. If a patient is slain by some merciful friend or relation he will be afforded no chance of such a cure, however remote that chance may be.

Men slay horses and other animals suffering from serious injury, or even because of a broken leg, to "put them out of their misery." But human beings are not to be classed with horses or dogs, and even though through sympathy or extreme pity, one may feel an urge to follow the example of the French matricide, he should stay his hand, not alone for fear of legal punishment, but because he has no right to flout the moral law against the taking of human life save in self-defense or in pursuance of a well-defined and well-recognized duty.

WHERE CAN I LEARN
Real Estate?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

A ten weeks' course, covering every phase of real estate law in real property, estates, conveyances, mortgages, trust deeds and leases, is offered free by the Los Angeles Evening High School, 4600 Country Club Drive, on Tuesday and Thursday evenings. This course prepares for both salesman's and broker's State examinations.

The instructor is Arthur S. Bruce, for years engaged in the real estate business in Los Angeles, and acquainted with every phase of the local and State laws, as well as traditions and customs that go toward making this business intricate yet fascinating.

The school is at the end of the "L" car line. For those who drive there are excellent parking facilities.

People of all ages are welcome, and both men and women are admitted without any money being asked.

DOES POETRY PAY?

Though Joseph Auslander is responsible for the statement that "poets are born, not paid," yet it is rumored that five publishers bid for his fall volume of verse with goodly offers of advance royalties. Meantime he is lecturing on writing of poetry at Columbia University. Recently, too, we heard that $50 de luxe copies of Edna St. Vincent Millay's poems were oversubscribed by the bookstores. Now comes the word from the Brownings that the love letters of the famous pair are valued at $135 each, totaling a fortune of some $75,000! Some poets, it seems, do not need to sell their verse for a song. F. H. H.

STATE FORGES MURDER LINKS

Selph on Trial in Killing of Woman Barber

Brother of Victim and Two Neighbors Testify

Shooting on Watts Street Described on Stand

Herbert H. Selph, 43-year-old oil worker and former border patrol officer, calmly sat at counsel table yesterday in Superior Judge Fricke's court and watched the State forge a chain of evidence by which it hopes to send him to the gallows for the murder September 3, last, of Mrs. Georgia Greggins Bowman, Watts barber.

The State charges Selph shot and killed Mrs. Bowman, his reputed sweetheart, in front of her home at 11743 Holmes avenue, Watts.

Andrew H. Perkins, brother of the dead woman and first witness called yesterday by the prosecution, testified he was picking grapes at his sister's home when he heard shots and ran around the house in time to see his sister fall to the street. He said he followed Selph down the street from the scene of the shooting.

Vunia Taylor, a neighbor, testified she also heard shots and ran to the front of her home and saw Selph standing over Mrs. Bowman.

Mrs. Marie Pawlowich, 11835 Holmes avenue, told the jury she was near Mrs. Bowman's house waiting for a bus when she heard shots and turned around to see Mrs. Bowman fall. She identified Selph as the one who shot Mrs. Bowman and added that Selph fired again at Mrs. Bowman while she lay in the street.

Dep. Dist.-Atty. Ferguson, who is prosecuting the case, is asking the death penalty.

Defense Attorney M. A. Stutsman indicated in his opening statement to the jury that the defense will try to prove Selph was intoxicated at the time of the shooting and had no knowledge of what happened.

WIELDER OF KNIFE DEAD OF WOUNDS

Wife Slashed by Waiter in Critical Condition at Wilmington Hospital

After slashing his wife with a butcher knife last night David Whalen, 29 years of age, a waiter, cut his own throat at 1311 North Haytt avenue, Wilmington, police reported. Whalen was taken to Seaside Hospital, Long Beach, where he died later. The wife, Willa May Whalen, 20, also was sent to the hospital in a precarious condition.

Mrs. Whalen had left her husband and had instituted divorce proceedings. Whalen, who lived at a hotel near Seventh and Hill streets, Los Angeles, went last night to the home of Maria Ragat in Wilmington, where Mrs. Whalen was living temporarily. Miss Ragat said that Whalen denounced his wife for leaving him, knocked her down, and then slashed her with a ship's butcher knife, following which he cut his own throat. Mrs. Whalen's left hand was cut off, her left ear was slit, and her shoulders and body hacked.

A perfect violin recently completed by a Peterborough (Eng.) artist, is four inches long, weighs a quarter of an ounce and has ninety-one separate parts.

JURY TO TRY GUN-TOTING TEXAS GIRL

Judge Orders Further Hearing for Miss Heath After Report of Experts

A jury trial to determine the question of the sanity of Rudell Heath, 26-year-old Texas gun girl, was ordered yesterday by Superior Judge Wood, before whom Miss Heath appeared for sentence on a charge of forgery.

Miss Heath has been under observation at the psychopathic ward at the General Hospital since she pleaded guilty several weeks ago to the forgery accusation.

Although county alienists, in their reports to Judge Wood, expressed the theory Miss Heath is insane, Judge Wood said there still is some doubt in his mind, and he ordered the jury trial for the 26th inst.

According to the report of Dr. Charles L. Allen, Miss Heath created a furore at the County Hospital two weeks ago when, suffering from an illusion that her milk had been poisoned, she screamed, fought the nurses and tore her bed clothes. Dr. Allen expressed the theory Miss Heath is the victim of a "psychosis approaching dementia praecox."

The girl, who first attracted attention here two years ago when she is said to have emptied a pistol at her sweetheart, first was placed in the psychopathic ward at the request of her attorney, S. S. Hahn.

Committee Will Urge Adherence to World Court

Preparatory for the approaching campaign to obtain ratification by the United States Senate of the new protocol of the World Court, a conference was held yesterday afternoon at the Public Library for the purpose of organizing a Los Angeles World Court committee along lines of the committee which functioned when the matter of adherence of the United States was last before the Senate.

Mrs. Frank A. Gibson, chairman of the Southern California committee on the cause and cure of war, acted as temporary chairman. Mrs. Frank A. Vanderlip, representing the American Foundation, reported on what is being done elsewhere to organize similar committees. The following were elected permanent officers of the Los Angeles World Court committee: Thatcher Kemp, chairman; Durward Howes, first vice-chairman; Mrs. John C. MacFarland, second vice-chairman; Clarence S. Beesmeyer, secretary.

The object of the committee, Mr. Kemp declared, is "to make vocal the widespread local sentiment in support of the World Court and make it heard in Washington."

Mental Quiz in Trolley Mishap

Accused of throwing himself in front of a street car, Otto Pietsen, 35 years of age, of 4224 South Harvard Boulevard, was committed yesterday to psychopathic ward of General Hospital for observation. Pietsen was taken to Georgia-street Receiving Hospital on Tuesday slightly injured after being rolled under a street car on Hill street near Seventh street.

His sister, Mary Pietsen, signed a request for commitment and Detective Lieutenant Stilwell sent Pietsen to the observation ward.

MESSENGER BOY KILLED IN CAR AND CYCLE CRASH

A messenger boy, believed to have been W. S. Platt, was killed yesterday morning in a collision between his motorcycle and an automobile at Thirty-eighth street and Santa Fe avenue. Vernon police, who handled the case, refused to give any information about the death. This follows the policy of the Vernon police, who for no explained reason continuously have refused to give out information about cases in their district.

As the driver of an automobile which crashed into a police car, seriously injuring one officer, at Seventh street and Broadway early yesterday morning, according to detectives, Francisco G. Amador, 23 years of age, an artist of 201 South Grand avenue, was arrested for driving while intoxicated. His asserted companion, Manuel Pena, 26, a musician of 317 Stockton street, was held as a material witness and for drunkenness in an automobile.

The injured officer is J. L. Willis of 261 Orange street, Montebello. He was reported recovering at the Georgia-street Receiving Hospital from a fractured collarbone, possible fracture of the left arm, severe lacerations and possible internal injuries.

Douglas Jarmuth, 38 years of age, salesman, of 230 North Fuller street, was arrested early yesterday morning for driving while intoxicated after his car, driven, according to police, at between forty and fifty miles an hour, crashed into a machine in which Mr. and Mrs. H. B. Lollier of 3746 South Wilton Place were riding.

Mr. and Mrs. Lollier were injured and were taken to the Dickey & Cass Emergency Hospital Jarmuth escaped injury, police said. The accident occurred in the 7000 block on Beverly Boulevard shortly after midnight.

Asserted reckless driving landed two men in jails. Policemen Bricker and Hofer of the traffic division arrested C. C. Bloom of 1739 West Thirty-seventh street after he is said to have driven head-on into a car driven by Roger Mills of 1258½ South Plymouth Boulevard. The police said Bloom was on the wrong side of the road, going twenty-eight miles an hour, when he made a left-hand turn at Hill and Fourteenth streets.

Bricker and Hofer, arrested A. P. Aleman of 3827 South Harvard Boulevard, a motorcyclist, accused by Mrs. R. G. Minto of Roscoe of running her down at Eighth and Carondelet streets. She said Aleman was not looking where he was going, while she was walking across the street.

TENTH STREET SUITS BEGIN

Condemnation Proceedings Involve More Than 600 Pieces of Property in Project

Condemnation proceedings for the establishment of Tenth street as a through traffic artery from Indiana avenue to the city limits of Beverly Hills, were begun in Superior Judge Guerin's court yesterday, and according to attorneys interested, will continue for three or four months.

More than 600 pieces of property are involved in the $13,500,000 project, which will require five different lawsuits to decide. Four will be tried before juries, and twenty-seven individual parcels will be submitted to the court.

Besides Tenth street, Ninth street and Eleventh street are made parts of the through traffic way, which will be sixteen miles long, and 100 feet wide, with no sharp turns or jogs.

Ninth street will be widened from Indiana avenue to San Pedro and a jog eliminated there. From San Pedro to Figueroa street, the route will follow Tenth street, with diagonal cuts to eliminate jogs. From Figueroa to Francisco a new street will be opened, and from Francisco to Westlake, Tenth street will be widened.

From Westlake to Hoover, a new street will be opened, and from Hoover to Gramercy, Tenth will be widened. Another opening is from Gramercy to Arlington, and there will be a widening from Arlington to Bronson, and an opening to Lucerne avenue, where the street turns into Country Club Drive.

Country Club Drive ends at the Fox studio, which extends with a high wall from Pico to Santa Monica boulevards. Traffic will be diverted from the ends of Country Club Drive to either Pico or Santa Monica.

TRAFFIC SIGNAL HEARING TODAY

Whole Council Will Listen on Wilshire Project

Civic Bodies Will Argue for Device They Desire

Plan of Operation Deemed Province of Police

Sitting as a committee of the whole, the City Council at 2 p.m. today will conduct a public hearing on the controversy over the type of new traffic signals to be installed on Wilshire Boulevard between Park View street and La Brea avenue. Two previous public hearings, conducted by the Council's Traffic and Lighting Committee, were not productive of any definite conclusions and the committee recommended that the matter be acted on by the entire Council.

Since the inception of the controversy over the type of signals on this one thoroughfare, the Los Angeles Traffic Commission and other civic bodies have recommended to the Council that a new traffic signal policy for the entire city should be worked out at this time.

SENT ON TOUR

First the Wilshire Boulevard Association and later the Wilshire Chamber of Commerce began the campaign for a comprehensive traffic control system for Wilshire Boulevard. Early this year the association requested the Building and Safety Commission to send R. T. Dorsey, chief of the traffic signal department, on a tour of large eastern cities to observe and report on their systems of traffic control.

The association paid the expenses of Dorsey's trip, which lasted six weeks, and on his return a copy of his report to the Building and Safety Commission also was given the association. After making this report, Dorsey was instructed by the commission to make another on the cost of installing a control system for the boulevard.

In this report Dorsey did not specify any particular type of signal but did base it on the assumption that the system will call for a four-post, near-corner, two-way installation at each intersection. When this report was transmitted to the Council, the two Wilshire civic bodies asked the Council to defer any action on the matter and then presented a report which provided for the elimination of the ringing bells and the semaphores, only lights to be used both by day and night. It also recommended that the installation at each intersection be four-post, far-corner, one-way. Another feature of the report was a recommendation that safety isles with blinker signals on them be constructed at intervals in the center of the boulevard.

POLICE LANE CONTROL

There were other recommendations, concerning the plan of operation of the signals so as to expedite traffic movement, but at the previous hearings the Council committee has considered them outside its province, as the operation of the signals after their installation is under the control of the police department.

It is understood that a majority of the members of the Council at this time are still unconvinced of the advisability of eliminating either the bells or the semaphores from the city's traffic signals. As to the design of the signals, from the esthetic point of view, Chairman Holland of the Council committee said yesterday there is no doubt that the Council will allow any design which the two Wilshire organizations desire, provided the latter are willing to pay the cost above the cost of the present standard design.

Actress Must Go Back to Hospital

Mary Nolan, screen actress, today will enter Good Samaritan Hospital for re-examination of a leg injury suffered in an automobile accident several months ago. As a result of the mishap she suffered a fracture of the right thigh which, in spite of treatment given at the time, has caused almost constant pain. Yesterday she completed a performance at Universal studios; whereupon her physician ordered her to return to the hospital for further examination and possibly a minor operation.

MARY NOLAN

RESTAURANT GROUP WILL DINE TONIGHT

The annual stag dinner and smoker of the Southern California Restaurant Association will be held this evening at Leighton's Cafeteria, 542 South Broadway. Francis Patrick Shanley will be master of ceremonies and introduce Sidney Hoedmaker, first vice-president of the National Restaurant Association, who will give a report of the recent national convention in Louisville, to which he was a delegate from Los Angeles. Other speakers will include James A. McPherson, Cyrus Boos, Mr. Schaber and Mr. Heller, who also were delegates. The entertainment program has been arranged by Eddie Brandstatter, assisted by James A. McPherson and Howard Rose.

ALUMNI WILL HEAR GAME

Los Angeles alumni of Amherst and Williams colleges will meet at a joint luncheon at the Alexandria Saturday to hear the returns by direct wire of the football game between the two institutions at Williamstown, for the Little Three championship of 1929. The third member of the conference is Wesleyan. The luncheon will be attended by Prof. Hardy, head of the mathematics department, and E. Herbert Botsford, general alumni secretary of Williams. First returns will be received about 11 a.m.

THE FOLLY OF FAT

PROVED FOR 22 YEARS—AND TO MANY

CONSIDER the fact that countless people, for many years, have been fighting fat in the modern way. No abnormal exercise or diet to bring harm.

Note the results you see everywhere. Slender figures now prevail. Excess fat is the exception. New youth and beauty, new health and vigor, have come to multitudes in the easy, pleasant, right way.

One great reason is a discovery that science made some years ago. It was found that most fat people had an underactive gland. That gland largely controls nutrition, and its weakness leads to fat.

Modern physicians, since that discovery, have applied a new treatment to obesity. They have fed the lacking substances.

Marmola prescription tablets, prepared by a famous laboratory, contain the factors they employ. So this effective and right method is at everyone's command.

Marmola has been used for 22 years—millions of boxes of it. Users have told others the results until Marmola now stands alone. A book in each box gives the formula and explains the reasons for results. So users know what they are taking and why the good effects appear.

Is it not folly to stay fat when so many have found an easy way to slender, normal figures? And the right way. Go try the method they employed. Watch the results from a box or two of Marmola, then decide for yourself what it means. A right condition means much to you. Go start today.

Marmola prescription tablets are sold by all druggists at $1 a box. Any druggist who is not will gladly order for you.

PRESCRIPTION TABLETS
The Pleasant Way to Reduce

Of Interest to Women

Society

by JUANA NEAL LEVY

One of the lovely affairs of yesterday was the luncheon and bridge with which Mrs. S. M. Goddard and her daughter, Mrs. George E. Burrall, entertained at the Los Angeles Country Club, covers being arranged for 100 guests, who were seated at round tables which were charmingly decorated with broad low plaques of autumn fruit, the Thanksgiving Day motif being effectively carried out. Bridge and contract followed in the sunny lounge.

Luncheon and Bridge

Carrying out a charmingly arranged rose motif, Mrs. Norman Frederick Sprague is entertaining this afternoon with a luncheon in the Wedgewood Room of the Town House, bridge being featured in the ballroom afterward. Those included will be Mrs. Samuel Knight Rindge, Mrs. Fred Gooding, Mrs. Willits J. Hole, Mrs. Charles S. Crail, Mrs. Harry H. Culver, Mrs. William Armstrong Moses, Mrs. William Oscar Jenkins, Mrs. Edward A. Dickson, Mrs. Mayne Kuns, Mrs. Closeman, Mrs. Edward C. Dieter and the hostess.

Betrothal and Wedding Date

Mr. and Mrs. William Henry Stiles of Monterey Park announce the engagement of their daughter, Miss Clytie Alice Stiles, to Paul Matthews, son of Mr. and Mrs. Paul Matthews of Oklahoma, the wedding to be an event of February 25, the date celebrating the birthday anniversary of Mr. Matthews, the ceremony taking place at the home of the bride's parents.

Home from Honeymoon

Having returned from their honeymoon trip to Monterey, Del Monte and Lake Tahoe, Mr. and Mrs. George Edwin McGary are at home to their friends in Alhambra. Mrs. McGary will be remembered as the former Miss Dorothy Watson, daughter of Mr. and Mrs. Arlow Alwin Watson of Alhambra. The wedding was an event of late September in the Church of Our Savior, San Gabriel, more than 500 guests being in attendance.

Hallowe'en Dance

One of the many recent affairs for which the Hallowe'en motif served as inspiration was the dance given the 1st inst., by the Kappa Gamma Sorority in Hillendale Place, with Mrs. Lillian Slotum, Dr. and Mrs. Andrew Lise and Mrs. Phillip Zobelein as patrons.

Miss Celestine White, social chairman, was assisted by Miss Betty Tabert, while Miss Mary Haresberger was in charge of the decorations, Miss Virginia Wilmot of programs, and Miss Dorothy Everett of the refreshments.

Miss White, who is the daughter of Mr. and Mrs. William Horace White of Santa Ana, recently announced her engagement to Raymond Kent Harvey, Phi Kappa Tau member. Their wedding is planned for the early spring.

Church Ceremony

One of late October's prettily appointed weddings was that of Miss Leola May Lodge, daughter of Mr. and Mrs. R. L. Lodge of 1900 Rodney Drive, and Kenneth William Knight, son of Mr. and Mrs. William Young of Orange. The ceremony was read October 26 in the Little Church of the Flowers by Rev. Stewart P. McLennan of the Hollywood Presbyterian Church, in the presence of 100 guests.

The bride, given in marriage by her father, was gowned in white satin and tulle, en traine, with cap of lace and long tulle veil and carried lilies, sweet peas and roses. Her maid of honor was Miss May Knight, sister of the bridegroom, gowned in two-toned pink lace and chiffon, while the bridesmaids, Misses Katherine Hartman, Claire Caulson and Dorothy Potter, were in yellow, pink and green satin and tulle, respectively. All carried bouquets of pastel sweet peas with ties to match their gowns.

Mr. Knight chose for his best man Leon Conkwright, and as ushers Dick Ewert, Jack Potter and Willet Winslow. Miss Gertrude Lodge, a cousin of the bride, played the wedding marches, and Miss Florence Dunbar was soloist.

After a reception at the home of the bride's parents, Mr. and Mrs. Knight left for a motor trip through Southern California. They will later establish a home at 1124 West Eighty-first street.

President Feted

After a two weeks' trip to Arizona and Mexico City, President and Mrs. Rufus Von KleinSmid of the University of Southern California, accompanied by their attractive daughter, Miss Elizabeth Von KleinSmid, have returned to their home in Chester Place.

En route to the Mexican capital, the Von KleinSmids made a brief visit in Tucson, where Dr. Von KleinSmid officiated at the dedication of the new athletic stadium at the University of Arizona, of which he was formerly president.

During their stay in Mexico City, the Von KleinSmid trio were highly honored and entertained by students and faculty of the National University, on the anniversary of Dr. Von KleinSmid's first visit to the university ten years ago.

Home From East

Miss Daisy Parsons, daughter of Mr. and Mrs. Arthur C. Parsons of South Plymouth Boulevard, will return to Los Angeles some time this week, accompanied by her parents. They have been visiting in Florida, New York, Washington and Baltimore, where Miss Parsons attended the Mt. Vernon Seminary, and will return via New Orleans.

Hagerty-Bishop

Miss Helen Hagerty, lovely daughter of Mrs. John Lewis Bishop of 4152 Cromwell avenue, Hollywood, was married at 4 p.m. October 19, to Henry John Curr, son of Mr. and Mrs. Henry Arthur Curr of Los Angeles, by Dr. Charles Franklin Seitter, who officiated in the First Methodist Episcopal Church of Hollywood.

Banked with greenery and lighted with white tapers, the church made a lovely setting for the ceremony, which was witnessed by a few intimate friends and relatives only. Immediately afterward a reception was given at the home of the bride's mother.

Given in marriage by her brother, Horace H. Hagerty, the bride was attractive in a quaint gown of white chiffon, made with a cape effect and uneven two-tiered skirt. In her hair she wore a wreath of orange blossoms, and she carried a bouquet of Castle Brunner roses and lilies of the valley.

Her only attendent was her cousin, Miss Elizabeth Matson, who wore orchid taffeta and carried an armful of golden Ophelia roses. Serving Mr. Curr as best man was Noah E. Miller.

After the 15th inst. Mr. and Mrs. Curr will make their home in Hollywood. The bride is a member of Delta Zeta Sorority of the University of Southern California, from which she was graduated.

University of Redlands Gets Large Bequest

The University of Redlands will inherit $50,000 from the estate of Spurgeon Vance Riley of Monrovia who died August 25, last, leaving an estate of $190,000, according to the decedent's will, filed yesterday. By the terms of the will the bequest will be used to build a library to perpetuate the name of the donor.

Elisabeth Caldwell and Ollie Howard, nieces, and Estelle Knowlton, a friend, inherit $500 each. The residue of the estate is divided equally among the widow, a son and a daughter.

JUNIOR CHAMBER WILL HEAR BUILDER TODAY

R. Holiby Myers, identified with building and investment circles of the Southwest, will speak today at the luncheon-meeting of the Junior Chamber of Commerce at the Biltmore. Reservations have been made for more than 300, according to Clifford Rawson, secretary-manager of the junior chamber. Entertainment will be furnished by members of the American Light Opera Company, presented through the courtesy of Lawrence Lambert. The meeting will be called by President Kennedy Ellsworth of the junior chamber. Arrangements are in charge of Sid Charnes.

NEBRASKANS PLAN SESSION

Nebraskans are to meet tomorrow evening in the Music Arts Hall at 233 South Broadway. A popular program is promised with Bernard Beckle, boy tenor, Bernard Robinson, pianist; Irwin Lichenstein, saxophone numbers, and Warren Selon, violinist. R. W. Richardson is president of the Nebraska State Society.

Household Love

Apples will keep fresh and sound for any length of time if packed in dawdust.

Add a little starch when laundering the cheesecloth curtains and they will keep clean longer.

To tighten the springs in curtain rollers, hold the rollers firmly and with pinchers tighten the end springs.

A much more sanitary cake tester than the popular broom straw is a wooden toothpick. Keep a supply on hand.

Jelly tumblers and glasses are ideal to hold the small leftovers in the refrigerators. They are sanitary and take up so little room.

RETURNS FROM WEDDING

Couple Now at Home in Beverly

Mrs. Donald Shelmerdine Tunnell

AMONG the recent brides who have returned from the wedding trip is Mrs. Donald Shelmerdine Tunnell, who before her marriage was Miss Alice Ranyard, daughter of Mrs. Frederick Ranyard of Santa Monica. The wedding took place in the historic little Washington Memorial Chapel at Valley Forge. Mr. Tunnell is the son of Mrs. Raymond [illegible] Phila.

Health and D[illegible] ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

MORE ABOUT GAINING WEIGHT

Often underweight people are troubled with mental outlooks which keep them thin. They may get into such a habit of eternally worrying over little things that they cannot avoid, and will invent something to worry about if necessary. One who is continually thinking, "I just know something wrong is going to happen—am looking for it any minute now," is just in the frame of mind which prevents a normal digestion of food. Those who are tangled up with domestic troubles and don't know how to obtain harmony in the home also come under this class. There is usually one martyr in every family who waits upon all the others and agonizes over the little things that go wrong, who must sit up after the others to see that the lights are out and the doors closed, and get up early in the morning to pay the milkman. One who loses too much sleep is chronically underweight. This kind of a person should make a business of sleeping, just as a baby does.

Some people are underweight because they prefer soups, coffee, tea and other liquids. Consequently they indulge in a taste for these articles. It is not so much that these items of food are bad as that they take up room in the stomach which should belong to the more nourishing and vital foods.

When one wishes to drink liquid it is better to do so between mealtimes rather than start at the beginning of a meal. One cannot gain by doubling the food intake, although one may lose by cutting it in half. All we get when we try to eat twice as much are indigestion and billousness.

Some people become so excited and nervous that they get into the habit of never eating enough at mealtime. Nervous children sometimes often come under this class, as are the [illegible] office workers [illegible] luncheons quite [illegible] no hunger [illegible] were eliminated, [illegible] pacity of the [illegible] not being used, [illegible] the size of the [illegible] after which there [illegible] ing a full meal [illegible] and too full [illegible] does not [illegible] portions.

Often patients [illegible] dition of [illegible] ailments in the diet [illegible] weight even [illegible] not intended [illegible] However, they [illegible] the diet with [illegible] mine without [illegible] satisfaction of [illegible] impossible.

There is a [illegible] underweight and [illegible] the best way [illegible] to lose some. [illegible] underweight people [illegible] a pessimistic [illegible] nation is the [illegible] coming this [illegible] mation progress [illegible] find the shortest [illegible] the way of the [illegible] on the fast [illegible] able weight. [illegible] good quality [illegible] more important [illegible] your health than [illegible] weight. If you [illegible] eat [illegible] over and [illegible] gut and [illegible] find that [illegible] and nourishing.

Chronically [illegible] suffer from [illegible] digestive [illegible] a result of [illegible] All those [illegible] a special [illegible] which will [illegible] condition of [illegible] usually prompt

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the auditorium room of the Southwest Building, 130 South Broadway.

CANNELONS OF CHICKEN

Chop fine one cupful of cooked chicken, cream one tablespoonful of butter with one tablespoonful of flour and mix with it two tablespoonfuls of cream, the yolk of one egg, a seasoning of salt, white pepper and one teaspoonful of chopped paraley. Add to this the chopped cooked chicken, roll out rich pie paste, very thin, cut it into squares, four inches in size, place two tablespoonfuls of the filling on each one of the squares, fold over, wet the edges of the pasury and pinch together, place them on a baking dish and bake in a hot oven until brown. Serve with a cream sauce.

FLORENTINE BAKED TOMATOES

Cut a slice from the top of the tomatoes, and hollow out the centers, rub a saute pan with a clove of garlic, add two tablespoonfuls of olive oil, and one finely chopped onion and cook until the onion is tender but not brown, add six chopped mushrooms, two large chicken livers, chopped fine, and a teaspoonful of lemon juice, cook until well done, [illegible] fire, add the [illegible] beaten eggs [illegible] grounds to thicken [illegible] with the [illegible] and bake in [illegible]

APPLE AND [illegible]

Two cupfuls of [illegible] cupful of [illegible] one and one-[illegible] gelatine, one-[illegible] finely chopped [illegible] cupful of [illegible] half a cupful [illegible] the gratings [illegible] soft [illegible] sugar, and [illegible] and cook for [illegible] the gelatine [illegible] of cold water [illegible] cooking [illegible] until it [illegible] peanuts, [illegible] in individual [illegible] with chopped [illegible] lettuce [illegible] with mayonnaise.

6 Fruit Flavors and Mint

because it Jells so WELL

Madam:

When these clever little dishes were offered last spring the great demand for them exhausted grocers' stocks in a few days. Thousands of women were disappointed.

We therefore, at great expense, have arranged to repeat this unusual offer—*four dessert glass-ettes FREE when you purchase six packages of Jell-well from your grocer.*

Something NEW in Tableware

The design of these little dishes is entirely original. Nothing exactly like them has ever been produced. You can use them as cocktail glasses—as custard cups. You can fill them with nuts and candies. Being all alike, you can use them for parties—or put them on the family table at almost every meal.

You can serve Jell-well RIGHT IN THEM. Or, if you prefer, you can turn out beautiful molds of this favorite dessert.

ACT NOW! DON'T DELAY!

Don't wait this time until they are all gone. See your grocer NOW. Or phone him! Order six packages of Jell-well and get your set of 4 dessert Glass-ettes FREE.

All we ask in return is that you recommend Jell-well to five of your friends.

A *quality* that has no peer

The New in Stores & Homes

Novelties, Ideas, and Suggestions

By OLIVE GRAY

Have you made out your Christmas gift lists? If not now is the time by its spit-curl and get at those lists! For this season, more than for many years, Christmas buying will be fast and furious; and the early bird is the one to catch the fat fruition of those lists. You know, have known in many seasons past, how provoking it is, after having decided just what to buy for her, for grandma and all the others, to find that those articles all have been sold out, even though "others are expected to arrive"—just after New Year's. So take advice and be the early (not worm, but) shopper; and not the one that waits its indefinite time (waits its indefinite time) to take a turn.

Calling Down for Christmas

Shoe buckles, which now are so [illegible] as gifts, come in many [illegible] designs—some gem-set, many [illegible] fine enamels and, among the [illegible] set, those in shape somewhat [illegible] cartridge belts—the convoluted [illegible] finished in enamels in various [illegible] colors to go with the shoes [illegible] which they are to adorn. Four of [illegible] rounded "cartridge-holders" [illegible] to form each buckle.

Dressy

Breast neckerchieves are fashioned from chiffon in gay tones. [illegible] are in size similar to the [illegible] of silk which we are so loth to relinquish and come in either plain [illegible] or hatched in color-contrasting [illegible]. Most flattering are these delightfully diaphanous frills.

"Tay" Is Coffee

You remember the story of the [illegible] waiter in a country hotel who [illegible] each guest: "Will yes have coffee or tay?" and if any replied "coffee," he replied, "Well, yes'll [illegible] git coffee, it's tay, ye'll git, fer [illegible] have no coffee." But it is the case with many hostesses today. [illegible] many of the present-time "afternoon teas" serve only coffee. [illegible] the vogue of coffee, both for [illegible] ten-time hour and for the comfortment of the dinner is a reversed mode of now.

Coffee Tables

Whether the after-dinner and [illegible] vogue of coffee, brought [illegible] the charming little coffee tables [illegible] whether the revival of the heavy-[illegible] hundred the tables, history [illegible] doth not. But, whichever way it [illegible] these tables with fine wooden [illegible], into which are set squares [illegible] of colorful tiles, add a delightfully [illegible] note to living-room or [illegible]. Gifts worth while, these [illegible] are, too.

Ready

There new chairs, similar in [illegible] to the beach lounging chairs, [illegible] that they are far more [illegible], being framed in stick-[illegible] usually and comf'led by [illegible] downy pillows—what good [illegible] they would make! For the [illegible] or the sun-arium one could [illegible] imagine any piece of furniture [illegible] welcome.

Paper Dolls

When you are making out the list [illegible] Christmas gifts for the small girl [illegible] do not above the doll's play age [illegible] not forget the paper dolls. Not [illegible] the history of these papery peo[illegible] have they been so charming. [illegible] as to their bodies—pliable, [illegible] jointed by means of brass, in[illegible] buttons—and their take-off and [illegible] clothes, are these dolls a de[illegible] to little girls. It develops [illegible] in dress, too, making gar[illegible] in commingled colors for the [illegible] family.

Some Colored Smokes

[illegible] cigarettes and holders come [illegible] dainty pastel colors, fitting them [illegible] ly to adorn the table in [illegible]-room or boudoir. Packed in [illegible]-made wooden boxes, the [illegible] are—the holders, which are [illegible] paper, coming in containers as [illegible] and colorful as are the hold[illegible] Fine for inexpensive gifts to [illegible] who smoke.

Cards

[illegible] the cruse for games, now so [illegible], the sets of playing cards, [illegible] or pack bearing on the [illegible] a scene beautiful enough to [illegible] as a picture for the wall, and [illegible] packed together in a dainty box, [illegible] a solution of the gift problem [illegible] at least one member of the [illegible].

Christmas Tree

[illegible], like many of us, are too [illegible] of the diminution of our [illegible] to choose a cut-down tree [illegible] hold the Christmas gifts, have [illegible] thought about making a tree—[illegible] the store decorators make [illegible] by cutting pasteboard and [illegible] it with paper. Modernistic [illegible] when well designed and [illegible] solve the Christmas tree [illegible] but lend a very up-to-the-[illegible] appearance to the home.

Table Linens

[illegible] linen, also, save wear and [illegible] on brown and dust pan, since [illegible] long no "needles" as do living [illegible] only cleaning up after the [illegible] holiday.

Tea Time Tea—

[illegible] side to the made-up [illegible] tea is that after the [illegible] have been taken down and [illegible] packed away the [illegible] will help out the morning fire

Notions, Ideas, and Suggestions

By CLIVE GRAY

WHEN THE SANDMAN COMES

A Bedtime Story

by THORTON W. BURGESS

UNC' BILLY POSSUM IS TEMPTED

Temptation never quits until
Desire has attained its fill.
—Old Mother Nature.

Unc' Billy Possum couldn't get the thought of chickens out of his head. He had found some feathers where Reddy Fox had dined on a hen and the sight and smell of those feathers had stirred such a longing for a chicken dinner that Unc' Billy just couldn't get the matter out of his mind. He didn't know where Reddy had caught that chicken, but he guessed that it wasn't far away. He wished he knew whether Reddy had caught that chicken out in a field, or if he had somehow managed to get into a henhouse. He knew his own chances of catching a hen, or even a half-grown chicken, outside of a henhouse were very slim, indeed, unless he could get into a henyard and corner one there.

Now, the nearest henyard was that of Farmer Brown's boy. Unc' Billy knew that. Once long ago he had visited that henhouse. He had visited it and he had been caught there, and forthwith he had made up his mind to keep away from there for the rest of his life. He had done pretty well. He had kept away from there. But now the longing for a chicken dinner was tempting Unc' Billy more than he had been tempted for a great while.

"Ah reckon there wouldn't be any harm in jest havin' a look," muttered Unc' Billy. "Ah could jest go over there and look. Lookin' wouldn't hurt anybody. Ah might. If Ah was jest hidin' around, have a chance to catch a hen. There must be some ol' hen over there that Farmer Brown's boy wouldn't miss."

But common sense told Unc' Billy to keep away from Farmer Brown's henyard. Common sense told him that he was safest over in the Green Forest. But common sense and appetite very often do not agree. When they disagree, common sense seldom wins. The more Unc' Billy thought about a chicken dinner the more necessary it seemed to him. He was being sorely tempted, was Unc' Billy. He couldn't think of anything but chicken, and as he thought about it, he kept moving along, moving along toward the Old Orchard, along which the old stone wall reached up to the henhouse.

"Hello!" exclaimed Unc' Billy. "Ah never heard that dog before."

When he reached the edge of the Old Orchard Unc' Billy climbed up on the old stone wall and sat down. Common sense told him that he had better go no farther. Common sense told him that he would be taking a great chance if he went any farther. He heard Flip the Terrier barking over in Farmer Brown's dooryard. Unc' Billy knew all about Bowser the Hound, but he didn't know about Flip.

"Hello!" exclaimed Unc' Billy. "Ah never heard that dog before. Ah wonder if he is jest visitin' up there, or if he is livin' there. Ah reckon Ah don't want any meetin' with that dog. Ah reckon Ah better go back to the Green Forest."

Unc' Billy had actually turned to do just this when another sound was borne to those small, but keen ears of his. A young rooster was trying his voice. Unc' Billy stopped abruptly and cocked his head on one side, that he might listen better. There it was again! Unc' Billy started slowly along the old stone wall. He was being tempted and the temptation was very great, indeed. But even yet Unc' Billy was cautious. He wasn't quite ready to yield to temptation. He still had sense to know that it would be best for him to keep away from that henyard.

[Copyright, 1929 by T. W. Burgess.]

in the fireplace instead of having to adorn the rubbish pile. Nothing is more forlorn in all the category of "morning-afters" than the stripped and wilted evergreen thrown out to gradually disintegrate when its glory has departed.

Woodies

Amusing figures from the children's fairy books are fashioned from wood and gayly painted to use as book-ends. Excellent as gifts for Bobbie or small sister, these.

CLUB NOTES

BY MYRA NYE

Eric Howard of University of California at Los Angeles will speak on "The Writing Game" for the Scribblers' League meeting Saturday at 8 p.m. at the Alexandria. Mrs. J. Ernestina Wyatt will give an original reading and Ralph E. Villeman will sing.

Wisconsin Alumnae Club

To honor Mrs. Fred J. Turner and Mrs. Abbie Fisk Eaton the Wisconsin Alumnae Club will meet Saturday at 1 p.m. at the home of Mrs. A. W. Byrd, 1205 South Oakland avenue, Pasadena. Miss Helen Kellogg is president and reservations may be made with her, telephone WHitney 3881.

Audubon Society

Mrs. Frederick T. Bicknel, president emeritus of the Los Angeles Audubon Society, will be the speaker at the indoor meeting Thursday, the 21st inst. Meetings usually are conducted out of doors in the parks and at the beaches, where birds may be observed and studied. This one will be held in Museum Building, Exposition Park, at 2 p.m. Mrs. Bocknel's talk is 2 entitled "Historic Trees of California."

Beverly Hills

Alice Barrett Greenwood will be the speaker for current events at the Beverly Hills Women's Club Tuesday, the 19th inst. Miss Greenwood will discuss "Washington, the City of Nine Lives," and "The Literature of Disillusion," as well as review several new books.

Woman's City Club

Mrs. Joseph W. Hamer, president of the Woman's City Club, at the meeting Monday at 1 p.m. in the Majestic Theater will present W. L. Pollard as the chief speaker. His subject is "Economics of City Planning and Zoning." As a member of the State Realty Board Mr. Pollard has been active in work along the lines of his subject, and is regarded as an authority.

"English as She is Spoke" is the subject of a semihumorous talk to be given by F. Arnold Young of New York at the luncheon at 11 a.m. Lawrence A. Lambert and Miss Eva Olivotti will sing, accompanied at the piano by Miss Katherine Orr. Mrs. T. J. Bourn, treasurer of the club, arranged the program.

Use Arrowroot with Your Flavors

COLD CUTS

Cut them thick or thin—to taste. But to make them all taste their best, serve with rich, fruity H. P. Sauce. Aged and bottled in England.

For H. P. Recipe Book address Parrett & Co., Dist., Los Angeles

Artists Offer Wares as Gifts

Five Los Angeles art groups have joined in a movement to call the buying public to the possibilities in buying paintings, drawings and sculptures this holiday season. They will open a co-operative sale at a place and time yet to be determined.

In the movement are the California Art Club, Los Angeles Painters' and Sculptors' Club, California Art Teachers' Association, California Water Color Society and Women Painters of the West.

No Necessity for It

The housekeeper today does not store great quantities of food; the telephone and delivery trucks have done away with the necessity. In consequence, the butler's pantry, food closets and pantries are poor investments in the small home, just occupying valuable space and requiring needless steps and work for the housekeeper. Think well before you plan so much storage space in the new home.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 4 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

BABIES OFTEN SHOW DOMESTIC TASTES

One of my readers gets her thumb right square on a flat-headed tack and pushes, when she says, "If mothers had more imagination, there would be less irritable and more contented babies. I have known both kinds." Mothers aren't always aware of the treasure stores of their own kitchens. Babies like simple toys. All bright things attract them, as Daddy well knows. His watch or his metal-topped pencil rate very high with baby. And so the patty pans and custard cups of aluminum, the kind that fit into each other, will keep a baby enthralled for long periods. Series of bright lids, or any kind of box in which small objects can be placed and the lid easily lifted and shut will never lose interest. Mothers too often rely upon balls and rattles alone for the small baby's entertainment. They might better open up a new field of interest, and new mental stimulants by offering objects of new shapes and colors, with fascinating new possibilities from baby's angle.

It was the following letter from Mrs. D. P., which urged me to stress this particular subject today. She writes:

"Your department has been a source of great interest to me, and now my husband and I read it together and save many articles for future reference.

"I have been feeding according to your leaflet with the doctor's hearty approval, though I am getting a little ahead of the schedule because baby is heavier. He weighs twenty-one pounds at 9 months and wants to be on his feet all the time. Isn't there danger of bowlegs?

"I followed your article suggesting how to amuse the baby with remarkable success. Now I give him only a few toys at a time and he is fascinated by them. I have devised several forms of amusement which other mothers might enjoy trying.

"I suspend a bright toy by an elastic from a strong hook or chandelier, and baby plays with it like a kitten. I place toys in a light, strong cardboard box and leave it in different corners of the room and let him find it. He enjoys upsetting the box and spilling the toys. He likes toys placed in a cupboard, too, for babies are naturally curious. If the door is part way open almost any baby will try to get it the rest of the way open and amuse himself with the fruits of his discovery. If baby wants a spool that is too small for safety, tie several together. They make a good toy and avoid the necessity of refusing him the one and thus disappointing him. If mothers had more imagination, there would be less irritable and more contented babies. I have known both kinds."

Answer: I am always happy when mothers and fathers read the department together. If both have the same ideas, there is so much less chance for the friction that makes the mother's lot harder and baby the chief sufferer.

You needn't worry about the bowlegs. The healthy baby who is struggling to stand up at 9 months could hardly be suffering from rickets, which would be the only reason for the legs to bow. Put him on the floor so he can creep and he'll amuse himself with this activity for a month or two more.

ASTRONOMER TO GIVE LECTURE AT LIBRARY

Those interested in the problem of building a great telescope will be given an opportunity of hearing how such a great scientific instrument is being planned, when Dr. J. A. Anderson of the Mt. Wilson Observatory delivers his lecture on the subject in the lecture room of the Public Library tomorrow at 8 p.m. The lecture is open to the public without charge, and will be given under the auspices of the Astronomical Society of the Pacific. The Amateur Telescope Makers' Society will hold their regular meeting in the fiction seminar room at the library at 8 p.m. Frank Mergenthaler is secretary of the organization.

TRI-STATE RALLY MONDAY

Former residents of Arizona, Nevada and New Mexico are to hold a joint rally next Monday night in the Veterans' Hall at 346 South Hill street. A program will be offered by the New Mexico folk. Dancing is to follow the entertainment. Plans for the three States' day at the Live Stock Show are to be formulated.

HOUSEHOLD SUGGESTIONS

Stains

Sealing wax may be removed with alcohol.

Tea, coffee and fruit stains can be removed from linen by smearing glycerine on them for two hours, then laundering.

Chocolate and cocoa stains will come out of linen if soaked in a strong solution of borax and water for about a day.

Egg stains will come out of linen if soaked in cold water before laundering. They can be removed from silk materials by rubbing with table salt.

Obstinate fruit stains on linens will have to be wet with a solution of oxalic acid (three ounces to one pint of water) and then placed in the sun. As soon as the stain disappears rinse well and then wet with ammonia to counteract the acid, rinsing well again in clear water. Sounds like a lot of trouble but an expensive tablecloth is worth the effort to have it spotless.

Ready for Home

When starting on a journey, tack a card with your home address on the trunk. Over this tack a larger card with the destination address on it. Then when coming home the top card can be torn off and you are all set for the homeward trip.

A Long-Handled Brush

The pipes of the refrigerator can be cleaned thoroughly and quickly if a long-handled bottle brush is used. It will not be necessary to remove all the shelves and articles of food to do this most essential duty if this measure is employed.

A Household Necessity

A large bottle of mouthwash should be in every medicine closet as well as the toothpaste. The mouthwash does for the gums and tissues what the toothpaste does for the teeth and will prove a great deterrent of receding gums.

Get

Bayer Aspirin when you seek relief from pain. Because the genuine is dependable. It is always the same, and always safe. The tablets marked Bayer will not harm the heart. You needn't submit meekly to the suffering caused by a cold, or rheumatism, or other aches. You can always take Bayer Aspirin. And you can always find it at any drugstore.

Today's Fact on SINUS TROUBLE

No. 10—The Common Head Cold

A SIMPLE cold in the head inflames the nasal mucous membrane. A cold lasts about nine days, and unless care is taken another cold is very apt to be contracted before the first is over. The inflammation is continued and the health of the nasal membrane broken down.

Thus a fertile soil is prepared for germs of all sorts, which enter the air passages as you breathe. New inflammations arise and spread into the sinuses. Increased secretions drain slowly through the openings which are gradually closing from inflammation and swelling. Ventilation is reduced. The harbored secretions degenerate, infection multiplies and sinus trouble is well under way. By frequently cleansing the nasal cavity of germ-bearing mucous secretions you can allay the inflammation and enables Nature to rebuild normal, healthy tissue, resistant to the attack of germs. (Next article, No. 11 Tuesday, "Your Vocal Tones.")

SinaSiptec washes away the drainage from sinuses and rids the nasal cavity of toxic secretions. Reduces congestion and inflammation. Quick relief for head colds and catarrh! Highly recommended by thousands of users everywhere. Comprehensive booklet, "What Is Sinus Trouble?" in every package. At all druggists.

SINASIPTEC

TRAIN WRECKER CLEWS MEAGER

Cleaner Marks in Coat Now Strongest Links

Deputies Will Make Check-up of Clothes Shops

Long Beach Man Gives Tip on Robbery Talk

The blurred pencil marks made by a dry cleaner and found in the lining of a torn gray coat were yesterday the only tangible clew to the bandit who wrecked and robbed the Southern Pacific West Coast limited train near Saugus on Sunday night. Capt. Howard Brooks of the Sheriff's robbery detail said last night that after four days of intensive manhunt and tracing dozens of reports the coat found near the wreck presents the strongest clew to the identity of the train wrecker.

Sheriff's deputies yesterday were installed to visit dry-cleaning and second-hand establishments in the county in an endeavor to trace the ownership of the coat, which carried the marks of "203X" and "1236," the latter mark underscored with three dashes. The first mark was blurred and might originally have read "DO3X."

POSSIBLE CLEW

A possible clew to the identity of the train wrecker was given by W. E. Bradford, who gave his address as Twenty-ninth and Cherry street, Long Beach. Bradford told the investigators that he had been in Saugus on the 1st inst., nine days before the train was derailed. He said he overheard a conversation in the washroom at the railway station in Saugus between two men who were discussing the best means of derailing a train.

"There were two men," Bradford was quoted as saying. "One of them weighed about 170 pounds, was about 34 years of age and was dressed in a worn blue suit; the other was about five feet six inches tall, slender build, sandy hair, possibly red, and wore a gray sweater and a gray coat.

DESCRIPTION TALLIES

"They were talking together how they could pull out spikes, derail the train and rob the passengers. I had nearly $200 in gold in my pocket. I was going to give my wife for a birthday present and left as soon as I could, fearing they might hold me up."

The Sheriff's deputies said the description of the second man tallied closely with the stranger picked up on the highway near the wreck scene by Tom Frith and brought into Hollywood to the Children's Hospital.

Capt. Brooks said his men had investigated dozens of reports of mysterious cars parked near the Baker ranch where the train was wrecked and had combed the haunts of the moving-picture cowboys in Hollywood without result.

Dan O'Connell, chief of the Southern Pacific special agents, yesterday said his men have been unable to find any trace of a suspect thought to be a former employee of the railway yards at Saugus.

LEGION MEN WILL FLY

Commander Clarence L. Kincaid of the American Legion in California, and James K. Fiske, adjutant, are scheduled to leave Los Angeles in a plane of the Standard Air Lines this morning, bound for Indianapolis, where they will attend the national convention of American Legion State commanders and adjutants on the 16th inst.

Independence in Philippines Called Unwise

Philippine independence is purely a political movement and is neither desired nor understood by 95 per cent of the population of the islands, according to Capt. R. O. Worick, who has returned to the United States after an absence of thirty-one years.

"If independence were granted the Philippines every industry out there would be wrecked. Tariffs would be imposed on copra, tobacco, hemp and many of the other products now being developed and shipped into this country," Capt. Worick said last night at the Clark.

"The politicians are behind the self-government movement and when a party of Congressmen arrives they get out the natives who wave flags and shout, but with the marchers it is just holiday performance and they are having a good time but they don't know what it's all about."

After more than thirty years in the Orient, Capt. Worick finds his countrymen changed. The speed at which we travel and the rapidity of our speech leave him somewhat bewildered, he confessed. "And you can't tell a grandmother from a flapper," he said in conclusion.

After several years in the United States Army, Capt. Worick entered civil service, and then engaged in the lumber business and the growing of cocoanuts. He ships thousands of tons of copra, the dried cocoanut meat, into the United States and millions of feet of Philippine mahogany. He will return to his home on the island of Luzon, about 100 miles from Manila, next Sunday.

J. P. HAGEMAN SOUGHT

Anyone knowing the whereabouts of Jerome P. Hageman, believed to be in Los Angeles, is requested, in a letter received by The Times yesterday, to communicate the address to his brother, Leo K. Hageman of 620 Twentieth street, Denver, Colo. The missing man last was heard from four years ago when he was living at 711½ East Seventh street.

HORTON IN NEW RADIO FEATURE

Actor Billed to Begin Series of Skits Over KHJ

Members of Stage Company Supporting Artists

Culver Slated to Talk Via National Network

The Times Forum, KHJ, at 10:30 a.m. today will present Dr. Philip M. Lovell, in charge of the care of the Body Department of The Tithes Magazine and George Hood, old-time reader.

BY JOHN S. DAGGETT

"Large moments from successful and original plays" will constitute the theme of a series of presentations to be given at KHJ, the Don Lee station, every Thursday evening by Edward Everett Horton, actor of the stage and screen.

EDWARD EVERETT HORTON.

Assisted by leading players of his company, Mr. Horton will introduce this series tonight at 7 o'clock with an original skit, "The Ninety-ninth Amendment," by J. H. Neebe. Florence Eldridge, star of "Her Cardboard Lover," will play opposite Horton. Kenneth Randall, juvenile in the same production, will complete the cast.

IN NATURE OF RESPITE

The entrance of Horton into the field of radio drama is expected to heighten the interest which the listening-in public has evidenced in skits and plays as a respite from musical programs which appear to dominate the broadcast field, both locally and on national networks.

The program also will present Ruth Terry Koechig, a graduate of Pomona College. Raymond Paige, musical director of KHJ, found Ruth Terry, as she is to be known in radio, on his discovery hour. Marion Sevier will whistle and the "Four Boys" quartet will sing.

CULVER TO TALK

Speaking from WEAF, New York, Harry H. Culver of Los Angeles, president of the National Association of Real Estate Boards, will discuss "Recent Tendencies in Real Estate Financing" at 7 o'clock tonight over a coast-to-coast network, including thirty-seven broadcast stations. KFI will be the local release.

Half an hour later, at 7:30, the Los Angeles Philharmonic Orchestra, under the baton of Artur Rodzinski, again will be heard over the Pacific Coast network of the National Broadcasting Company during the Standard Symphony Hour.

OLD FAVORITES LISTED

Old favorites are included in the Philharmonic program, which follows:

Overture, Euryanthe ..... Weber
Die Meistersinger: Prize Song ..... Wagner
Die Meistersinger: Overture ..... Wagner
Favorites from the classics:
(a) Melody in F ..... Rubinstein-D'Indy
(b) Traumerei ..... Schumann
(c) Spinning Song ..... Mendelssohn
(d) Ruins of Athens: Turkish March ..... Beethoven
Scenes Napolitaines ..... Massenet
(a) La Danse.
(b) La Fete.

Tonight at 9 o'clock will be heard the ninth and next to the final episode of the radio mystery serial, "Who Killed the Caretaker?" which has been a weekly feature at KFWB. Johnstone McCully, the author of this and also of "The Mark of Zorro," will speak briefly to clear up some points about the mystery not clear to all listeners.

JURORS IN SIGN CASE DISMISSED

Suit for Damages Over "No Gambling" Placard Ends in Disagreement

After stating to Superior Judge Keetch that they "could not possibly agree," a jury in the $15,000 "gambling sign" damage suit of Mrs. Ann Slater against her next-door neighbor, Mrs. Annie Hughes, was dismissed by the court after two hours' deliberation yesterday afternoon. A poll showed the jury stood seven for the plaintiff and five for the defendant.

Mrs. Slater testified that she was "greatly humiliated" when Rev. R. P. Shuler broadcast over his radio that a sign was posted on Mrs. Hughes's door, reading: "No gamblers live here. For gambling and bets apply next door, Slaters."

Mrs. Hughes said the sign was inside the screen door, and was posted only to keep people from disturbing her in their search for "gamblers."

Mrs. Slater denied that she had ever accused her husband Ernest of gambling, in a divorce complaint she filed.

New Trial for Stafford Asked

Sentencing of C. C. Stafford, El Monte grain dealer convicted last week of criminally attacking Miss Rae Schade, his former secretary, was delayed yesterday by Superior Judge Wilson to the 22nd inst. when Stafford's attorney, W. W. Ford, filed a motion for a new trial.

Miss Schade testified at the trial that Stafford lured her to a cabin in Turnbull Canyon and attacked her. Stafford denied the girl's story, saying that they went to the cabin at her suggestion and that she offered no resistance to his love-making.

Under the verdict Stafford faces a penitentiary term of from one to fifty years.

FORTUNE-TELLING LAW REPEAL DEMAND FAILS

On the assurances of City Attorney Werner that there is no doubt as to the legality of the ordinance regulating the practice of "the business or art" of fortune telling, mediumship, prophecy, clairvoyance and a number of other sister arts which are specified in the ordinance, the City Council yesterday merely filed a demand for the repeal of the ordinance which was made by Rev. Edward C. LeVyne. He describes himself as "president of the Universal Association of Spiritualists' Mother Church, Inc., of Southern California."

In his demand for the repeal of the ordinance LeVyne charges it violates the Constitution of the United States, the Constitution of the State of California, the charter of the city of Los Angeles and the "unwritten law of the State of California."

Explaining how it violates the "unwritten law," the communication from Rev. Mr. LeVyne says "it violates and breeches every statement of the Scriptures, both the Hebrew and the Greek, that enjoins the duty of communing with the other world and seeking the solace, comfort and happiness that appertains thereunto."

One of the grounds on which it was argued that the ordinance is unconstitutional is "that it impairs the obligation of contracts" in that it hinders anyone "from entering into a contract for the purpose of giving and receiving prophecies." It also was urged that the ordinance is a violation of Section 3386 of the Political Code of California, "which exempts all exhibitions or entertainments given for the benefit of the churches."

HEARING OF STREET PROTESTS DELAYED

City Council yesterday again postponed the hearing of protests against the ordinances of intention for the improvement of Harper avenue between Willoughby and Melrose avenues and of Curson avenue between Melrose avenue and Beverly Boulevard. The next protest date set for each is January 16. Meanwhile, the City Engineer will report to the Council on the cost of abandoning the projects, against each of which there is a majority protest.

Excellent For Young Girls

Daughter of MRS. IVA FRYOR R. No. 1, Parkersburg, W. Va.

"When my oldest girl was seventeen years old she was pale and weak. I got a bottle of Lydia E. Pinkham's Vegetable Compound and began giving it to her. I thought it was good for girls in her condition and I found it was just what she needed for she began to gain weight and strength as it gave her an appetite. She goes to school and does some work at home too. I am giving it to my next oldest girl too and have taken it myself to build me up. I am going to give it to the rest of my girls as they get old enough. I am blessed with a nice big family—nine girls and two boys. I recommend this medicine to other mothers for their girls."—*Mrs. Iva Fryor.*

Daughter of MRS. CATHERINE LAMUTH Box 72, Mohawk, Michigan

"After my daughter grew into womanhood she began to feel run-down and weak and she took Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Herb Medicine. Her nerves are better, her appetite is good, she is in good spirits and able to work every day. We recommend the Vegetable Compound to other girls and to their mothers."—*Mrs. Catherine Lamuth.*

10,000 Bottles Sold every day

Daughter of MRS. JOHN WEIMER 730 Burleigh Ave., Dayton, Ohio

"Three years ago my daughter Eugenia fell from a horse. She was then 14 years old and weighed 130 pounds. Her health failed and when she was 16 she weighed 85 pounds and she was so weak she could hardly walk. My mother gave me Lydia E. Pinkham's Vegetable Compound when I was a girl so I have begun to give it to Eugenia. She is gaining in weight and is better of all her troubles. I work in a factory and she is now doing all the housework and is a different girl altogether. My relations and my neighbors as well as all the women of the factory are watching her case. I tell every one I meet about it. If my letter will be of any help, pass it on."—*Mrs. John Weimer.*

VALHALLA CASE ECHOES AGAIN

Judgment of Lot Owner on Value Given Weight

Appeal Court Backs Him as Against "Experts"

Award to W. W. Burns in Land Deal Upheld

Testimony by a property owner on the value of his own property should be given weight and consideration by a trial court in a lawsuit involving property valuations. The court is not bound by the testimony of experts alone in such a suit.

This, in substance, is the opinion of the First District Court of Appeals, filed here late yesterday in the case of the appeal of the Osborne Fitzpatrick Finance Company from a judgment in the Superior Court in favor of W. Wilson Burns, real estate broker. The suit grew out of the notorious Valhalla Memorial Park fiasco.

Burns, it developed, purchased twenty-five lots in the park for $65 each in 1923. In 1925 he filed suit against the company, asserting fraud and deceit. At the trial Burns testified that the lots were worth $10 each. He won a judgment of $3875 against the company, although an array of expert witnesses fixed the value of Burns's lots at $300 or $400 per lot. Evidence was introduced to show that the lots would have been worth $165 each had the finance company carried out its promises. The trial court held with Burns and awarded a judgment accordingly.

In affirming this judgment the Appellate Court declared that, "It is well settled that the jury or a judge is not concluded by the testimony of experts. The province of such testimony is only to aid in coming to a conclusion and it does not exclude a consideration of other evidence pertinent to the issue involved.

"There were in the evidence many facts showing the manner of the flotation of this cemetery scheme by its promoters, the defendants, and the fact that the whole scheme collapsed under public criticism. This evidence, as well as all the evidence in the case, was necessary to be considered by the court in arriving at its decision and the evidence is such as to justify the findings that the lots did not exceed the value of $10 each at that time.

The court was not bound by the expert testimony of defendant's witnesses if the other facts in the case reasonably convinced him that their opinions were colored and exaggerated."

HAW-HAW HABIT URGED TO HELP US KEEP FIT

Advocating cultivation of "the healthy hee-haw habit" as a panacea for many of the ills which afflict the body and mind of man, Dr. Holmes Ford, educator and lecturer, in an address at the City Club yesterday said that if rulers and diplomats of 1914 had possessed a sense of humor there would have been no World War.

"One of the great needs of today is the development of a sense of humor," said the speaker. "However, it is difficult to know just how to start a campaign to educate the public in the art of laughing, because laughter depends largely on little shocks and surprises and today it is hard to shock or surprise anybody. Still, the people of America are neither altogether blase nor entirely serious about life, as is evidenced by the big money paid to the few clever writers and actors who give the public an opportunity to laugh."

Discussing the subject, "Why Do We Laugh?" Dr. Ford admitted that he does not know exactly what makes a person laugh, unless, perhaps, it is "the recognition of the law of incongruity."

"The moment the laugher attempts to analyze his laughter and the cause of it he becomes serious an dthe sense of humor leaves him," said Dr. Ford.

POLICE HEAD ASKS PUBLIC AID TONIGHT

Appeal Made to Motorists Who Will See Christmas Unveiling Ceremonies

To obviate traffic tie-ups and confusion in the downtown district during the simultaneous unveiling of Christmas windows at 7 o'clock tonight Chief of Police Davis has asked for the co-operation of the public. A statement issued yesterday says:

"We expect a record crowd in the central area tonight, and have made every preparation to keep traffic moving. In an outpouring as large as this is expected to be, the public can aid materially by cooperating with the police. There will be thousands of children downtown especially to see the mechanical toy windows, and every consideration should be shown these little ones. It is suggested that motorists come downtown as early as possible."

The unveiling of the store windows will be attended by elaborate ceremonies. Merry Worker trumpeters, especially trained for this event, will sound the official unveiling time on receiving a signal from Mary Brian, Paramount actress, who is the hostess.

Downtown retail stores promise one of the most spectacular exhibits of toys and gift merchandise ever shown. They have prepared for the simultaneous unveiling for several months.

FRESHMAN DANCE ARRANGED

Alumni of the University of Southern California law school are invited to attend the annual dance given by the freshman class at the Town House on the 16th inst. Martin Malone, class president, has charge of arrangements and is being assisted by Charles O'Hader and Beulah Middleton. Janet Chandler and Manuel Ruiz will give an exhibition Argentine tango dance. Norman Shelby will present his revue. Hal Grayson's orchestra will play.

Mrs. Somerset Will be Buried in Texas City

The funeral and burial of Mrs. Shelby Worrall Somerset, wife of Pat Somerset, former English stage actor, who died suddenly at their home, 1423 Crescent Heights, early Monday morning, will be conducted in Galveston, Tex.

Arrangements for the last rites will be completed after the arrival in Galveston of the body and husband. Somerset left last night for the Texas city, accompanying the body.

Mrs. Somerset was a daughter of Shelby Worrell, a wealthy Texan, who died some years ago.

The body was prepared for shipment yesterday by the Leroy Bagley funeral directors, after announcement by the Coroner that no inquest will be conducted as it was determined that death was due to heart disease.

EX-OFFICERS DINE TONIGHT

Southern California chapter, Disabled Emergency Officers of the World War are to dine tonight in Marchetti's Cafe, 501 South Western avenue. Col. F. H. Fowler, commander, announced that all disabled emergency officers of Army, Navy and Marine Corps, including those retired under the Tyson Act, are invited. Entertainment has been arranged by the Castle Sisters, entertainers to the A.E.F.

The Silver Lining In Wall Street Cloudburst

Many financial experts see behind the storm-cloud in Wall Street such blessings as the release of the huge funds that have been tied up in speculation now freed for use in productive enterprises; the cure of the speculative craze that turned America into a vast Monte Carlo; and the elimination of false values of securities which have been a danger hanging over the investment world for several years past. The essential soundness of business is emphasized everywhere.

Stock speculation in the past had a great deal of influence on business sentiment, but the National Industrial Conference Board argues that this is no longer true. It presents an impressive array of figures involving stock prices and various business factors which enable it to reach the conclusion that "the violent stock fluctuations during the present and past year have had little relation to business activity, the more so as business during that period has shown a hitherto unusual stability and thus far a steadily increasing trend."

In The Literary Digest this week, November 16th, there is a very comprehensive survey of the business situation and the effect upon it of the Wall Street slump, with conservative predictions of what may be in store for the individual investor, business man and job holder. Other striking articles in this number are:

STORE PATRONS TIED UP IN RAID

Proprietor Also Victimized in Drug Shop Foray

Bandit Gunmen Bind Three and Take Money

Merchandise Also Stolen as They Make Get-away

Two bandits, carrying large-calibered revolvers in shoulder holsters, late Tuesday night took part in a spectacular robbery in the Gray Drug Company store at 2823 West Pico street, according to reports filed yesterday at Central Police Station.

Leaving an automobile with the motor running at the curb in front of the pharmacy the bandits walked in, jerked their guns from the holsters and forced Irwin Gray, proprietor, and a customer, Ralph Haygan of 1906 Irole street, into a rear room. There the druggist and his patron were bound securely hand and foot and gagged with handkerchiefs.

As the bandits searched their victims, taking $140 in cash from Gray, a second customer, Kenneth J. Bond of 2222 Cambridge avenue, walked into the store. He promptly was pounced on by the bandit pair, dragged back to the rear, and also bound and gagged. From him the bandits obtained $36. They took nothing from Haygan, according to the report.

Then, with their victims helpless, the bandits helped themselves to cigarettes, cigars and candy, walked leisurely out of the store and drove away.

Within a few minutes after the bandits' departure another customer, hearing the bound men in the rear pounding on the floor with their feet, went to their aid and released them.

Crown City Trio Fights to Block State Testimony

A number of motions to strike prosecution testimony in the case of O. K. Hearte, William J. Watson and Warren C. Earle, charged with grand theft in connection with Pasadena improvement contracts, were taken under advisement yesterday by Superior Judge McComb.

Hearte, a contractor, is asserted to have conspired with Earle, former City Engineer of Pasadena, and Watson, an inspector, to gain an illegal profit in a contract for work on a Pasadena sewer.

The defense motions were technical in nature and were argued at length before Judge McComb.

Mother Fears Girl Victim of Kidnaping Plot

Fears that Ola Arnold, 18 years of age, had been kidnaped and taken to Agua Caliente were expressed yesterday by the girl's mother, Mrs. Mary Arnold of 2578 Bersa street, Pasadena, when she appealed to Los Angeles juvenile authorities. Mrs. Arnold said her daughter came to Los Angeles Tuesday with a young woman, their destination being a local dance place, and that the girl did not return home.

Juvenile authorities started an investigation.

LINKS STILL REPORT SAID TO BE FALSE

Custodian of Locker Room Seized on Liquor Charges But No "Plant" Found

Reports of the discovery of a huge still concealed on a Los Angeles golf links yesterday were spread about the city as a result of the arrest of Phillip Givin, custodian of the locker rooms at a local golf club, charged with possession of three quarts of whisky, according to Capt. Clyde Plummer, chief of the District Attorney's liquor detail.

Capt. Plummer asserted that no still was found at the place, and that Givin was the only person arrested, being charged with a minor offense.

Officers still are investigating information discovered Tuesday with the arrest of Harold Healey, proprietor of the Hollywood Buffet at 6505 Sunset Boulevard, charged with conspiracy to violate the Wright Act. In the evidence seized is a book reported to contain a list of liquor "plants" at various places in the city and the names of numerous customers.

This list, according to Dep. Dist. Atty. George Stahlman, contains the names of two prominent Los Angeles clubs, several motion-picture actors, attorneys and others.

In addition, the officers found a group of business cards bearing the names of several police officers, attorneys, deputy sheriffs and others. Little importance is attached to this evidence by Stahlman, however.

The complaint filed against Healey also charges John R. Evans, Jess Martin and O. S. Hersig with conspiracy to violate the Wright Act.

HUSBAND IN CLASH WITH 'OTHER MAN'

Withers and Cowboy He Names in Divorce Action Battle at Courthouse

Harry Withers, Malibu rancher, assaulted Jay Mahoney, cowboy and correspondent in his divorce suit against his wife, in the Courthouse corridor shortly before Superior Judge Sproul granted him a divorce late yesterday.

Bailiff E. F. Bishop separated the battling litigants and warned Withers that if court had been in session he would have been in contempt.

Withers had charged that Mahoney and his wife misbehaved in his absence.

Mrs. Withers, who denied her husband's charges, was given an equal share in the couple's $160,000 ranch, and her two children, Harriet, 16 years of age, and Mary, 10, will be placed in a neutral home until they are of age.

SETBACK PROTESTS DENIED

Protests against the establishment of setback lines on Vermont avenue, between One Hundred and Eighty-second and One Hundred and Nine.leth streets, were denied by the City Council yesterday, thus clearing the way for the adoption of the final ordinance, but the Council deferred until December 3, next, hearing protests against the establishments of setbacks on Horton avenue, between Venice Boulevard and Seventeenth street.

LASKY TO STAR POPULAR ACTORS

Jack Holt Stars for Columbia in Graves-Mayo Story; Charlie Ruggles is in "Come Out of Kitchen;" Zasu Pitts to Appear in War Play

BY GRACE KINGSLEY

Picture producers are becoming very wise nowadays regarding star-making. Instead of proclaiming as a star some unseasoned player who happens to strike the fancy of some swivel-chair executive, picture producers are now awaiting the acclaim of the public as well as the developing skill of the players.

MARY BRIAN

All of which leads up to the fact that, according to authoritative word, Mary Brian and Jack Oakie will doubtless soon be starred by Paramount. These two are becoming such great popular favorites that their stardom is quite legitimately earned, and, moreover, their talents and acting skill entitle them to such recognition. No official announcement has been forthcoming in this regard, but unofficial word assures us that the two popular young players will shortly be designated—what they actually are at present—superluminaries.

ACTOR AND DIRECTOR WRITING FOR HOLT

Now it is Jack Holt who is to appear in a story of the underworld, the picture to be produced by Columbia.

JACK HOLT

Ralph Graves, that versatile young man who can do anything about a studio, and do it well, from rustling props to acting, writing and directing, is now exercising his talents in collaborating with Archie Mayo in the writing of an original story, to be called "Black Sheep," and which will star Jack Holt.

Archie Mayo will direct, and the picture is to be made one of Columbia's specials.

Charlie Ruggles In It

Charlie Ruggles, who began his stage career in the old Morosco stock days in Los Angeles, is coming back here to play in talking pictures, according to assurances just received.

CHARLES RUGGLES

The comedian, long a favorite on New York's Broadway, will have the juvenile lead in "Come Out of Kitchen," which Paramount is to produce with Wesley Ruggles, brother of Charles, directing. Nancy Carroll plays the leading role.

Charlie is now on his way to Hollywood, and will arrive here early this week from New York.

ZaSu Pitts With Universal

While Universal's talking version of "All Quiet on the Western Front" is to have no heroine, nevertheless, no picture would be a real picture without a gal or two in it.

ZASU PITTS

And indeed the war story, as you remember, devoted some episodes to divers ladies.

One of these ladies, we hear, is to be played by ZaSu Pitts, while still another character, if all goes well, will be in the hands of a piquant young Follies player named Nudey Crane.

Col. McCoy Among Us

That interesting showman, Col. Tim McCoy, is among us once more following a somewhat lengthy sojourn abroad.

McCoy formerly was under contract to Metro-Goldwyn-Mayer. His contract completed, he went to Europe accompanied by his wife and children.

He has had several offers to go back into pictures, and probably will accept one or another of these within a few days.

Mary and Doug Decide

Mary Pickford and Douglas Fairbanks, we have it on good authority, are to continue on their way around the world, returning to Hollywood about the middle of January.

They are in Cairo, Egypt, at present, and are going thence to India, China and Japan. This will be their first trip to India, although they have visited Egypt on a previous trip.

Earle Foxe Has Military Job

Movies may come and movies may go, but Earl Foxe isn't worrying a bit.

Foxe, formerly one of the best-known heavies on the screen, has put aside his make-up box and grease paint to strap on an officer's sword and a Sam Brown belt, and assume the office of major in the Black-Foxe Military School in Hollywood, where he is now one of the two directing executives.

Foxe was with Fox films as a contract player for several years, and when his contract expired he had the opportunity to realize his life-long ambition to start a military school. Before entering pictures he had a varied military career, and was an officer with the Irish Allied forces in the World War.

Included in the cadets now enrolled in the Black-Foxe school are the sons of Erich Von Stroheim, John Ford and several other screen celebrities.

SPORTS FOR WINTER NOW ON PROGRAM

Association Organized to Foster Possibilities for Southern California

Organized as a major activity of the publicity committee of the State Chamber of Commerce, the Southern California Winter Sports Association came into being yesterday when a joint meeting representing various mountain communities in San Bernardino, Riverside and Los Angeles counties was held at Seeley Flats, the Los Angeles City Playground.

After a survey conducted last June by the State chamber the possibilities of capitalizing on ice and snow and making of them a worthwhile asset were realized. As a result of this survey a State-wide movement has been launched for the encouragement and development of all phases of winter sports in every section of the State where snow conditions, roads and installation of proper facilities seem practicable.

Russel H. Dyas is general chairman of the Southern California State committee, and through his co-operation and direction the present organization is being developed.

The Southern California Winter Sports Association will represent the ten southern counties and its membership will be made up from these districts. Skating on specially constructed ice rinks, tobogganing and skiing will be available to the public during the winter season at each of the member resorts.

Arrangements have been completed for keeping roads open and information on weather conditions will be available through local information bureaus and the Automobile Club of Southern California. Weekly programs of winter sports will be arranged by each of the members during the season.

COUNCIL VOTE DELAYED

Failure to procure unanimous consent for suspension of the rules prevented the adoption of an ordinance by City Council yesterday which would establish a setback line on Glendale Boulevard between Montrose and Kent streets. Under the Council rules the ordinance cannot be voted on now until next Wednesday.

PHARMACY GROUP LICENSED

Seventy-three Licentiates and Eighty-five Assistants Pass Written Examination

Registration of seventy-three licentiates and eighty-five assistants was announced yesterday by the California State Board of Pharmacy, following written examinations in this city and in San Francisco. The board announced that the next examination will be held here on January 7, 1930, and that local applications must be on file not later than December 27.

LICENTIATES

"FLIGHT" HIGH IN INTEREST

Broadway Palace Feature Human and Spectacular

Holt, Graves and Lila Lee in New Air Epic

Intimate Glimpses of Life in Service Attractive

BY EDWIN SCHALLERT

The skies again become the setting for stirring exploits of the cinema. With planes on the wing, and planes in battle, "Flight" brings the full panoply of splendid aerial adventure.

This new air-minded production opened last night at the Broadway Palace, and drew a crowd of interested spectators. The picture is undoubtedly here for a stay, as it will attract all those who like a pleasing combination of romance and spectacle.

"Flight" is perhaps chiefly a man's picture, because it is of men's achievements mostly, but it does not shun a love story or familiar paths of humanness. It has the benefit of capable portrayals, and excellently repressed direction for which Frank Capra is to be duly credited.

Principals in the cast include Jack Holt, Lila Lee and Ralph Graves, with Harold Goodwin enacting a role important. They are an infrequently seen group, but they enter with zest and sincerity into their portrayals.

This picture has a smoothness in its story telling, which even "Wings" did not possess. Though its takeoffs may not all be as imposing as those in the earlier picture as regards sheer magnitude, they are, on the whole, to much more purpose. Anything savoring of the circusy is not stressed in this production, and you feel after seeing it that you have had an intimate glimpse of the work of the air service.

A football game, curiously enough, introduces the story, and duplicates Roy Riegels's famous run to the wrong goal line as a feature. Ralph Graves, with two minutes to play, is one who carries the ball. Incidental to his collegiate debacle he meets Jack Holt, who is the hard-boiled marine sergeant. The plot of "Flight" revolves around these two and the heroine played by Miss Lee.

In a story that is occasionally a little strained it depicts the rivalry of the two men for the girl. Graves eventually assuming to be the John Alden proposing for Holt.

One can perhaps indulge in less enthusiasm for the romance than for any other portion of the picture "Flight" is great as an impression of the life of the men in training for aviation. It is splendid, too, in its maneuvers and its battles. Authenticity is lent to the scenes by the fact that they were made with the aid of the Marine Corps.

Strong, too, is the theme of the hero's peculiar lack of confidence, which seems to imply that he also lacks courage. Lefty Phelps, well-chosen name, appears to want the right hunch in the moments of crises. He fights this hoodoo through most of the story and eventually overcomes the fear born of overanxiety. It is a splendid story idea.

The characters of the sergeant, Panama Williams, and Lefty are particularly well drawn, and they are more than capably played by Holt and Graves. Holt is notably good in the earlier episodes when he is instructing the recruits, and he has a fine voice for the talkies.

Graves has improved more than a little in his acting. He has a difficult role to play and with very small exception does it competently. The best test of his appeal is that one feels consistently sympathetic for him and finds his attitude toward his handicap of nerves reasonable.

The warmth of feeling that Miss Lee has lately gained in her work is adding to her value measurably as a screen personality. Her portrayal of the heroine is very natural and believable.

Harold Goodwin dies with convincing realism and he shades his smart-aleck character capably in the transition to the good-will he displays for Lefty, the chap whom he had always kidded.

Alan Roscoe as the higher officer of the air squadron fits into the scheme of the film very satisfactorily. Jimmy De La Cruse plays the bandit leader.

"Flight" indulges in none of the usual strong so-called marine language that has been thrust upon the auditor from the screen lately. This is all to its benefit, and will probably assure the picture more genuine popularity.

At times, reproduction of sound was ineffective at the showing last evening, but doubtless will be early remedied. This was true of the battle scenes especially. It took something from their reality, and they achieved a far stronger effect when I viewed and heard them a few weeks ago in a studio projection room.

Summed up, "Flight" is a very worth while and entertaining production, and it is supplemented on the program by one of those irresistible "Mickey House" cartoons, which is a show to itself. Mickey this time is the hero of a jazz outburst, called "Jungle Rhythm," that is rich in ideas, even though a few of them may remind of the "Springtime" silly symphony now showing elsewhere.

I might mention that during the course of "Jungle Rhythm" every wild animal's head or some other part of his anatomy is musically played upon by the versatile Mickey, who, in this picture, is a virtuoso.

DEL RUTH RETURNING

Roy Del Ruth, who has been in New York for the past three weeks scanning the play market for future directorial efforts under the Warner Brothers' banner, is to start his homeward trip on Friday. In company with Jack L. Warner, however, Del Ruth will stop over in Chicago to lend moral support at the U.S.C.-Notre Dame gridiron scuffle.

EASTERN VISITORS

In a letter written from New York, June Collyer declares there are too many of her motion pictures in the eastern metropolis for her to be homesick for Hollywood. Wherever she goes Miss Collyer says there is sure to be some one from this city pop up.

Favorite Conquers New Fields

John Boles and Bebe Daniels

In a scene from "Rio Rita," scheduled to start at the Carthay Circle Theater the 21st inst. Miss Daniels is said to present a particularly lovely voice in the production.

De Mille Uses Actualities in Latest Picture

The proverb about truth being stranger than fiction has been substantiated again, it is claimed, the latest proof being found in "Dynamite," Cecil B. De Mille's first talking picture, which is now showing at the Criterion Theater.

The story is said to be adapted almost entirely from fact, two of the incidents which form the major plot having been adapted from press dispatches. In addition several of the minor sequences are in reality the re-enacted scenes of happenings which De Mille himself has witnessed.

The basic truth of the story is doubly interesting in view of the fact that when the picture was first exhibited many expressed doubt as to the actual possibility of many of the happenings. A further reason for the realism of the picture is said to be in the fact that the story was adapted with the four principal players already in mind for the leading roles.

Screen Players Will Celebrate "Pathe Night"

Tonight is to be celebrated as "Pathe night" at the R.-K.-O. Theater in honor of the stage and screen appearance of Eddie Quillan, who is cofeatured with Sally O'Neil in the all-talking campus comedy, "The Sophomore."

Stars and executives of the Pathe studios will attend this evening's performance. Many of the film celebrities will make personal appearances. Among those scheduled to appear on the stage are Jeanette Loff, Sarah Padden, Stanley Smith, Walter O'Keefe and Brooks Benedict.

The Quillan family, headed by Eddie himself, is appearing throughout the engagement of the picture in the R.-K.-O. vaudeville revue. Young in age but troupers of the variety stage since their early teens, John, Buster, Marie, Joe and Eddie Quillan will reveal their singing and dancing abilities. Charles Irwin enters his last week as master of ceremonies.

Rambeau Play Attracts Many Drama Students

Many motion-picture stars and directors identified with talking pictures are making the pilgrimage to the Vine-street Theater to gain pointers on dramatic diction from Marjorie Rambeau's appearance in "Merely Mary Ann," and study the direction of the comedy-romance, it is said.

Miss Rambeau is noted for her speaking voice as well as her stage personality. Since "Merely Mary Ann" was the production in which she first established herself as a star here, her presentation of the part of the London slavey is pronounced one of her greatest roles.

The two-way distinction of having been a prominent director both on the stage and screen goes to David Hartford, Miss Rambeau's original director in "Merely Mary Ann," who was brought out of retirement by Franklin Pangborn to direct her in the revival.

Noted Actress Will Leave on Eastern Tour

Edward Belasco of the producing firm of Belasco & Curran and proprietor of the Belasco Theater, will leave for the East next week to make arrangements for the eastern tour of Pauline Frederick in "The Queen Was in the Parlour," in which the popular star is now appearing at the Belasco Theater.

Miss Frederick has not appeared in the East in more than a year and the brilliant Noel Coward romantic comedy has never been seen there. Belasco will look over the theatrical situation and decide in what cities the star is to play. Miss Frederick's engagement at the Belasco is limited to but a few weeks owing to previous bookings.

SIMMONS PLAYS MIXED MODERNS

Interesting Pianist Gives First of Series of Programs of Today's Music

BY ISABEL MORSE JONES

A piano recital by the contemporary composer-pianist, Homer Simmons, attracted musical attention to the Beaux Arts Auditorium last evening. Mr. Simmons, as was fitting, elected to play the moderns, Casella, Lord Berners, Scriabine and Homer Simmons with a Franck chorale and a Rachmaninoff prelude, Chopin and other more conventional music writers. The result was a program of unusual interest.

Simmons is one of the few interesting pianists playing in public. Many pianists lose the common touch, the vital touch, when they achieve the technical proficiency necessary to public performance. Perfection of the means employed has not yet been attained fully by Mr. Simmons, but he has begun to achieve the ultimate end in that he has understanding and ideas about music which he is able to convey to his listeners.

Casella's Preludio, Serenata and Berceuse and Lord Berner's Three Little Funeral Marches were contrasted "moods." One does not speak of emotions in the modern idiom. Simmons plays these things because they are expressive of his nature. In that sincerity lies his charm. Too many players play the moderns with a sophisticated, smart-set air that fails to convince.

His interpretation of the Scriabine sonata No. 5 had excellent moments, but was not deep enough for my liking. Some more study of the philosophy of theosophy, which inspired this work, would have a good influence on the Scriabine.

Of his own numbers, the picture-making Hacienda, the rhythms of Dance Madness and the sympathetic Weary Blues attracted me with the aptness and refinement of their jazz. Processional was at first impressive, but continued too long with one idea. Auf Wiedersehn was hauntingly lovely, but apologies to Kreisler were omitted on the program and Guten Tag, Marin Lieb, was too obviously inspired by the Blue Danube waltz, concert version.

Recitals are announced by Mr. Simmons for January, March and April and I, for one, shall look forward to them with anticipation.

"Unholy Night" Starts Today at Boulevard

Ben Hecht, mystery writer, and Lionel Barrymore, talking-screen director, get together in what is called one of the most thrilling films of the season. This is "The Unholy Night," which starts at the Boulevard Theater today. It is the all-talking version of Hecht's novel, "The Doomed Regiment."

An all-star cast includes Ernest Torrence as the mysterious Dr. Ballou and Roland Young as Lord Mowry, leader of a group of British officers. Dorothy Sebastian is seen in a new type of role as Ezra, the mystery woman of the East. It is distinctly different from her usual parts. Others include Natalie Moorhead, Richard Tucker, John Roche, Sojin, Polly Moran, George Cooper and Phillip Strange.

On the stage Norman Selby with his Boulevard Band and Girls are to be seen and heard in "A Novelty Revue." Fox Movietone News and shorts round out the program.

Frances Starr Essays Leading Role in "Shelf"

Frances Starr will make her first local appearance at El Capitan Sunday as Stella Amaranth, the attractive widow, who is the central figure of "The Shelf," the comedy by Dorrance Davis in which she starred last season in New York.

The comedy is said to be a hilarious one, revolving around Stella's humorous revenge on a band of women who tell her that she is approaching middle age and that the time for romance is past.

The supporting cast for "The Shelf," which is now in rehearsal under the direction of Edwin H. Curtis, will include William Lloyd as the Senator, Frederic Howard as his son, Leah Winslow in her original role of the minister's wife, Doris Phillips, Frank Darien and Alma Chester.

COMEDIENNE TO HEADLINE AT ORPHEUM

Fannie Brice Returns to Vaudeville Stage Starting Saturday

Fannie Brice will head the Orpheum bill for the week commencing Saturday. This news from the local Orpheum management is probably the most important variety announcement of the year and is of special interest since it is over two years since Miss Brice appeared on the local vaudeville stage.

A brief interval between the completion of "The Champ," a United Artists' musical and talking picture, in which she will star, and the commencement of work on her next production has enabled Miss Brice to accept an engagement of one week only at the local Orpheum Theater.

Historical Set Built for New Arliss Vehicle

The utmost pains were taken to have every detail of the set representing No. 10 Downing street, the official residence of the British Prime Minister, correct for the filming of scenes of "Disraeli," the George Arliss starring Vitaphone production now at the Warner Brothers Hollywood Theater.

This house, of modest exterior, is one of the most famous residences in the world. The council room, with its long table around which the fate of England has been decided by members of the Cabinet in many crises, is one of the best known in history. Its every detail has been caught by countless photographs, and by several hundred paintings depicting historic events.

The technical department at Warner Brothers studio obtained official photographs from London showing how the room looked in 1875, the period of this story. The room was built exactly to the proper dimensions.

Western Story Has Long Run at Paramount

"The Virginian" starts its third week at the Paramount Theater today. This is the first time in the history of the house that any picture has been held for so long a run.

"The Virginian" was written by Owen Wister in the early 80's and is an old-time favorite. As a book it was the best seller for years. It has been enacted as a stage play many times. The silent motion picture version was a success and the present all-talking picture has proven even more outstanding.

The play was written by Wister and Kirk La Shelle. Howard Estabrook adapted it into the talking picture. Gary Cooper, Mary Brian, Richard Arlen and Walter Huston are cast in the leading roles. Taylor Holmes in a Christie laugh play, "He Did His Best," is also on the program.

Hotel Arranges Whiteman Night

Last-minute preparations were being made today for the fete to be staged tonight in honor of Paul Whiteman in the Blossom Room of the Roosevelt Hotel, at which the noted orchestra leader and his entire band of thirty-four musicians will be guests of honor.

PAUL WHITEMAN

The Roosevelt's popular bandmaster and master of ceremonies, George Olsen, and Whiteman, despite being in the same field of artistic endeavor, have been friends for years, and Olsen arranged this frolic in tribute to Whiteman. The entire cinema capital quickly responded to a request to participate in honoring the outstanding "King of Jazz" as he is popularly known.

"Marianne" Has Popular Showing

Marion Davies's first all-talking and singing film, "Marianne," starts its first local popular showing at Loew's State today. The comedienne is supported by Laurence Gray, Cliff Edwards and Benny Rubin, in the humorous sequences which follow when a regiment of hungry doughboys flock into the little French town.

Several popular song hits are introduced in the Metro-Goldwyn-Mayer picture, among which are "Marianne," theme song of the picture; "Just You, Just Me" and others. Fanchon and Marco's new stage idea, "Let's Pretend," features Tillyou and Rogers at the head of an all-star cast of entertainers, together with Georgie Stoll and band.

Million Dollar Shows Comics

During the making of "Why Bring That Up?" starting today at the Million Dollar Theater, the two black crows, Messrs. Moran and Mack, were forced to read their lines and drawl their jokes as many as five and six times before the scenes could be taken. This is a precaution against laughs from the various carpenters, electricians, cameramen and others with the company occurring to spoil the shots. Exactly the same reason that new clerks at the candy counters are urged to eat their fill during the first few days on the job.

REED BUSY

Luther Reed is filming Technicolor sequences of "Hit the Deck," the R.-K.-O. musical comedy he is directing with Polly Walker and Jack Oakie featured.

Of Course IT'S THE HIT OF THE TOWN Why Not?

SUNNY SIDE UP

It looks very decidedly as if William Fox has another hit to contend with in "Sunny Side Up"... All in all it strikes me as being a robust musical extravaganza in which Miss Gaynor and Mr. Farrell step into a new field and find their handsome selves as radiant as ever. —Quinn Martin, Morning World

Produced by WILLIAM FOX

Put "Sunny Side Up," on your list of pictures to see. The William Fox screen musical comedy which opened at the Gaiety Theatre last Thursday night is irrepressibly gay and utterly delightful... The co-stars, Janet Gaynor and Charles Farrell, are grand. Miss Gaynor is a revelation in her singing, dancing and comedy moments. —Rose Pelswick, Evening Journal

with JANET GAYNOR and CHARLES FARRELL

Janet Gaynor's acting is delightful in "Sunny Side Up"... Her performance is as fine as anything she has done on the screen... David Butler, the director, has done extraordinarily good work. —Mordaunt Hall, Times

"Sunny Side Up" is destined to be a hit—because it is so beautifully built up that it has something definite to offer—and it has Janet Gaynor... This little actress is amazing. She reveals a singing voice which has charm and depth... "Sunny Side Up" contains the finest ensemble numbers we've ever seen presented on either stage or screen. —Irene Thirer, Daily News

Directed by DAVID BUTLER

"Sunny Side Up" is a diverting screen musical comedy... Miss Gaynor's voice is so natural, softly charming and entirely winning that it is an enormous asset to any motion picture. —Richard Watts, Jr., Herald-Tribune

William Fox has another tremendous money-maker in "Sunny Side Up," the latest Janet Gaynor Charles Farrell talking motion picture which had its premiere last Thursday night at the Gaiety... —George Gerhard, Evening World

Story, Words and Music by De SYLVA, BROWN & HENDERSON

Welcomed to the screen of the Gaiety Theatre last Thursday night by the season's most distinguished audience, "Sunny Side Up" made its Broadway debut... "Sunny Side Up" holds sufficient distinction to draw approval from the crowds sure to flock to the latest starring vehicle of Janet Gaynor and Charles Farrell... —Regina Crewe, American

Musical Numbers Staged by SEYMOUR FELIX

"Sunny Side Up" will undoubtedly prove another box office success for the Gaynor-Farrell combination... Several of its musical numbers will be among the season's hits... It has a dance spectacle with a hot song, Turn On The Heat, which surpasses anything of its type yet attempted in these elaborate musical films... Neither Mr. Ziegfeld, Mr. White nor Mr. Carroll ever staged anything quite so effective and novel. —Julie Shawell, Evening Graphic

ROMANCE—TEARS AND LAUGHTER

"Sunny Side Up" Knockout Movie. The staging of Turn On The Heat is the greatest thing the talking-movies have yet achieved in the line of musical comedy... "Sunny Side Up" would be first class entertainment even without Farrell and Gaynor. With them it's a knockout. —Bland Johaneson, Daily Mirror

SONGS THAT WILL LINGER WITH YOU—
"If I Had a Talking Picture of You"
"Sunny Side Up"
"I'm a Dreamer; Aren't We all?"
"Turn on the Heat"

Janet Gaynor demonstrated all over again in "Sunny Side Up" that she is just about the screen's finest and most versatile actress. —William Boehnel, Evening Telegram

GAS COMPANY WILL FIGHT CUT

Corporation Denies Earnings Exceed Fair Return

Willingness to Reduce Rates on Electricity Shown

Rail Commission Hearing to be Resumed 26th Inst.

Yesterday's hearing by the State Railroad Commission into the rates, contracts and practices of the Los Angeles Gas and Electric Corporation, an investigation launched several months ago by the commission on its own initiative, brought out two fairly definite indications:

The corporation is willing to reduce its existing rates on electric power in Los Angeles to a level comparable with those recently established by the municipal system.

GAS CUT OPPOSED

The corporation is unwilling to reduce, and will oppose bitterly the efforts of the commission's experts to bring about a reduction of the utility's existing gas rates.

To this end, Herman Phleger, special counsel for the Gas and Electric Corporation, yesterday reiterated the corporation's request, made on the first day of the hearing, that engineers of the company, the municipal electric system and the commission get together for a discussion of a reduction in electric rates. To this end also, Phleger demanded that the corporation be given time in which to prepare its defense against commission experts' charges that its earnings on its gas business are far in excess of a reasonable return on its investment. Phleger asked that the hearing be continued until the second week in December but Commissioner Carr, before whom the evidence and testimony have been heard, scored the corporation for its lack of preparedness and set the hearing over to the 26th inst.

EXPERTS TESTIFY

Yesterday's session was devoted exclusively to the hearing of additional testimony by the commission's experts, all of whom declared under oath that their investigations revealed that the corporation has been earning considerably more since 1927 than it is entitled to under the commission's rule of "7½ per cent as a fair return on the investment."

C. C. Brown, gas engineer; J. E. McCaffrey, electrical engineer; L. E. Torrey and R. A. Wehe, valuation experts, and Edward Pankhauser, finance and accounting expert, all in the employ of the commission, testified as to the various phases of the company's operations, their earnings, operating costs, physical valuations and other matters. Their reports and testimony, they testified, were based on information supplied them by the company under investigation.

EARNINGS GROWING

They testified that the information and figures furnished them proved the assertion that earnings will be at the rate of 9.47 per cent on the total investment for 1929, and, if allowed to continue under existing rates, the company will be earning at the rate of 10.55 in 1932. A reasonable rate, the commission has held, in similar cases, is between 7 and 7.50 per cent.

At the resumed hearing on the 26th inst., the corporation, it was indicated by Attorney Phleger, will be prepared to prove these assumptions to be wrong and to show that it is not earning more than a reasonable return, particularly in its gas department.

City Attorney Werner, who, throughout the proceeding, has been an interested spectator, urged Commissioner Carr to expedite the completion of the hearing.

"The city attorney's office feels that the people of Los Angeles are entitled to a reduction of rates and there should be no waste of time. The city's engineers are ready to confer with those of the company and the commission for the reduction of electric rates by the company, and this will leave open to further hearing only the matter of the gas question," he said.

NIGHT PERIL OF AIRWAYS SOON TO GO

Twelve-Hour Service on Coast-to-Coast Lines Visioned by Engineers

Airplane transports flying passengers night and day across the United States on twelve-hour schedules were predicted in papers by aviation authorities read to members of the Society of Automotive Engineers last night at the Alexandria.

W. E. Boeing, president of Boeing Airplane and Transport Company, believes that night flying, now aided by radio telephone communication between plane and ground and by radio directional beacons, soon will become as safe and common as day flying. He pointed out that the airway from New York to the Pacific Coast already is lighted, and that pilots over this one line fly more night hours than all the pilots in Europe.

Two essentials—an air-minded public and airplanes that can cruise at 200 miles an hour—will bring about the twelve-hour coast-to-coast air schedule, it was stated in a paper by Horace M. Hanshue, president of Western Air Express. He sighted the world's speed record of 356 miles an hour, and predicted that commercial planes will be built that can fly steadily at 200.

Gerard Vultee, chief engineer of Lockheed Aircraft Company, builders of the fastest commercial planes in the world, said that their ships now cruise on a 960-mile daily airline in Mexico at 135 miles an hour. The latest Lockheed ships can fly at 194 miles an hour.

Wind tunnels for testing airplane designs in miniature were recommended to builders by Dr. A. L. Klein of the California Institute of Technology.

LIFE STORY OF BOLTON CHECKED UP

Officers Continue Inquiry of Man Jailed Following Slaying of Wife on Road

Deputy Sheriffs Penprase and Brewster yesterday were checking back through the life story of John Bolton, held in County Jail suspected of slaying his 20-year-old wife a week ago, in an attempt to bring to light additional evidence in the case.

Bolton was arrested shortly after he reported the death of his wife and the wounding of himself in an asserted hold-up on Roosevelt Highway near Topanga Canyon early last Friday morning. Bolton exhibited a slight flesh wound in the shoulder. Mrs. Lucille Bolton was shot twice in the head.

Bolton reported that two bandits stopped him and robbed him of $26. Then, as they were leaving, Mrs. Bolton remarked that she know one of the bandits and called his name, "Woods." Whereupon the highwayman turned and fired the fatal shots.

According to Capt. William J. Bright, chief of the Sheriff's homicide investigation detail, the shooting could not have occurred in the manner described by Bolton.

While the investigators were continuing their work, Capt. Bright completed arrangements to have the entire case presented to the county grand jury next Tuesday.

PANTAGES DETECTIVE ACQUITTED

Harold Dolley Cleared of Charge of Attempting to Influence Witness

Harold H. Dolley, detective and former prohibition agent, yesterday was acquitted in Superior Judge Wilson's court of a charge of attempting to influence Ivan Samsonoff, who had been subpoenaed as a State witness in the recent trial of Alexander Pantages on a charge of attacking Eunice Pringle.

Dolley was asserted to have offered Samsonoff a bribe to change his proposed testimony about Miss Pringle's character so that it would be favorable to Pantages.

Dolley denied he had tried to influence Samsonoff, declaring that the defense decided not to use the latter as a witness following an interview.

The jury deliberated thirty minutes.

Leonid Flock Disports in Midnight Sky

If you stayed up until after 12 o'clock last night and gazed fixedly toward the northeastern sky, and were lucky, you might have seen two or three Leonids a minute, according to Dr. Mars Baumgardt, astronomical expert.

The Leonids are with us again, according to Dr. Baumgardt. This month is the time for the annual visit of the swarm of meteors, the earth crossing the orbit of the flock at right angles.

Every thirty-three years, however, the exhibition really amounts to something, according to Dr. Baumgardt. In 1933, he says, 200,000 to 300,000 meteors an hour will be visible as at that time the earth will be in the midst of the thickest mass.

TWO VERDICTS WON BY DESERTED WIFE

Mrs. June Fawcett

BALM SUIT WINNER NOW HAS DECREE

Mrs. June Fawcett Given Divorce from Spouse on Infidelity Grounds

Mrs. June Fawcett, who recently won a $10,000 heart balm verdict against Mrs. Harriet Binney, divorced her husband, Clyde H. Fawcett, Hollywood business man, in Superior Judge Keetch's court yesterday in an action that named Mrs. Binney corespondent. Mrs. Binney was not in court but through her attorney denied she was guilty of misconduct with Fawcett.

"When I went to Mrs. Binney to urge her to give up my husband she called him on the phone and had him come out and get me," Mrs. Fawcett said. "He dragged me away and hit me several times."

Mrs. Fawcett said she saw her husband and Mrs. Binney together in an auto camp near Santa Monica. On another occasion, it was testified, Mrs. Binney sat in Fawcett's lap and ran her fingers through his hair, saying: "Who will be my nice Santa Claus when you are gone?"

Cinema School Heads' Actions Under Scrutiny

Investigation into the operations of the proprietors of two Hollywood motion-picture schools was ordered yesterday by Grant V. Cooper, deputy District Attorney, assigned to the complaint department.

The inquiry was suggested as a direct result of the trial in Municipal Court recently of V. M. Barnett of the Cinema Schools, Inc., and U. M. Dailey of the United Talking Pictures. The defendants were convicted and since have appealed from the decision.

Should investigators discover fraudulent transactions involving sums exceeding $200 felony charges will be filed, according to Cooper.

FETE FIXED FOR NEXT SATURDAY

Vermont-Avenue Event Arrangements Now Near to Completion

Plans are nearing completion for the celebration to be held on Vermont avenue Saturday night to mark the completion of the widening and paving which has involved a year's work and an expenditure in excess of $2,000,000.

Capt. A. McCaleb of the Hollywood division of the police department, is in charge of the parade and will be the grand marshal. The Los Angeles police and fire departments will participate in the parade. Merchants and other business interests on Vermont avenue are entering floats. Bands in the line will include the Belmont High School Band, the Fireman's Band, the City Parks and Recreation Band, 100 boys of the Public Schools' Harmonica Band, the Junior College Band and several others. Decorated cars of merchants and residents also will be in the line of march.

Red lights will illuminate the entire length of Vermont. The parade will be from Los Feliz Boulevard to San Marino street, starting at 7:30 p.m.

The evening also will be featured with a street carnival and vaudeville show. The vaudevil is to be presented on five stages located along the length of Greater Vermont avenue.

Dabney Starts Another Suit Against Cultist

Another legal move on the part of Clifford Dabney, former member of the Great Eleven cult, to recover money and property which he asserts he turned over to the cult under fraud, was made yesterday in Orange County Superior Court.

Dabney filed suit against Mrs. May Otis Blackburn and her daughter, Mrs. Ruth Wieland Rizzio, cult leaders, for the cancellation of a $20,000 Huntington Beach oil lease.

In his complaint Dabney charges that prior to January 20, 1928, he contributed $21,000 in cash, and on that date made first assignment of the oil well that paid a royalty of $400 a month. Royalties subsequently collected by Mrs. Blackburn amount to $7615.55, Dabney asserts in the complaint.

The cash and oil well, according to the charges, were turned over to Mrs. Blackburn and her daughter on promise that the book they were writing, "The Sixth Seal," would reveal the location of mines and jewels.

Mrs. Blackburn is facing twelve counts of grand theft in local Superior Court on charges brought by Dabney. These also cite the "divine" book of the cult leader as the center of contention.

For the first time in two years Dame Nellie Melba, the former opera star, sang in public recently, making her appearance at a charity concert in London.

FARM BOARD'S AIM SET FORTH

Cattlemen Hear Executive of Marketing Body

Co-operative Expansion Held Federal Purpose

Steadiness of Price Levels on Coast Cited

Pointing to the value of co-operative movements in modern business, R. M. Hagen, managing director of the Western Cattle Marketing Association, addressed an audience of prominent cattlemen at the Chamber of Commerce yesterday. He said the Federal Farm Board is putting its efforts into the strengthening and expansion of co-operative marketing in the belief that this program will solve the marketing problem.

Discussing the Federal board in relation to the business of cattle raising, Mr. Hagen said cattlemen can receive aid only through co-operative organizations.

Although there is a good potential demand for feeder and stock cattle, interest in feeder cattle to date has not been as great as a year ago, California buyers apparently finding it necessary to wait for the first rains and midwest buyers, marking time in the hope of reduced prices, Mr. Hagen stated.

PRICE LEVELS STEADY

Reviewing the present season to date, the speaker said that throughout the summer months Pacific Coast price levels were held steady despite unfavorable feed conditions.

"The effects of the association's export of surplus cattle from California during the summer materially aided the general price situation," the speaker said, "and the cattlemen are to be congratulated on the excellent patronage of northern and eastern buyers. Packer confidence in the fairness and ability of the organization has increased greatly within the last few years."

STRONG POSITION

Elaborating on the strong position of the co-operative, Mr. Hagen called attention to reserves on hand, reduced costs of operation and refunds made to members, the most recent refund having been on October 15, last, covering all sales through the association from January 1 to September 30 and reducing costs to members by one-sixth.

"The tariff situation on cattle and hides looks favorable, due to the splendid work of various State cattlemen's organization and the American National Live Stock Association," said the speaker.

Calling attention to cycles in the cattle business, Mr. Hagen said that about every fifteen years high prices prevail, that the present cycle has nearly reached the zenith and soon may begin the downswing. The immediate outlook, however, while slow, has potential strength, he added.

CHURCH SALE ANNOUNCED

A sale in the steeple of Hope Reformed Church, 344 West Florence Boulevard, is announced by the Ladies' Aid Society for the 19th inst., from 9:30 a.m. until 10 p.m.

POLICE RECOVER PLUNDER

Apartment Reveals $5000 in Jewelry and Clothing; Two Youths Jailed as Robber Pair

Plunder in jewelry and clothing to the value of $5000 was recovered by detectives yesterday, according to a police report, from the rooms occupied by John Wilson, 18 years of age, and Samuel Orman, 20, in an apartment at Wilshire Boulevard and Ridgeley Drive. The youths were booked on suspicion of robbery Tuesday night, following an automobile accident.

The assertedly stolen articles were recovered by Detective Lieutenants O'Connor and Wessel of Georgia-street division, who assert they believe the total amount stolen by the youths since the 1st inst., will approximate $10,000. Search for a third person suspected as an accomplice was instituted following the recovery.

HANDFUL OF RINGS

Identification of Wilson and Orman as robbers, according to police, resulted from a collision at Wilshire Boulevard and St. Andrews Place, in which Orman was seriously injured. Taken to the hospital, he asked that Wilson be notified. When Wilson arrived, the injured young man gave him a handful of diamond rings, Detective Lieutenant Ellis reported. The rings were linked with a robbery on the 11th inst. of the Economy Jewelry Store, operated by Max Nathanson at 568 West Eighth street. Summoned by police, Nathanson declared Wilson and Orman the two who had bound and gagged him and then plundered the store of $3000 in gems.

Wilson is held at Georgia-street Jail and Orman in the prison ward of General Hospital.

CONFESSION LIST

According to the detectives, Wilson and his injured companion have confessed to robbing the Plumley Shirt Shop, 111 West Sixth street, the 1st inst.; Wellman's Hat Shop, 602 West Sixth street, the 4th inst.; Roselyn Shirt Shop, 117 West Fifth street, the 6th inst., and Beckman Drug Store, 1001 West First street, on the 10th inst.

Dr. Bold's Trial Over Death of Woman Begins

Dr. Francis J. Bold, Whittier physician, yesterday went on trial before Superior Judge Wilson on a charge of second-degree murder growing out of the death September 12, last, of Mrs. Charnellita Wilhite. The State charges Mrs. Wilhite died of an illegal operation asserted to have been performed by Dr. Bold.

Defense Attorney William T. Kendrick, Jr., in his opening statement said the defense will try to prove that Mrs. Wilhite had already undergone the operation at the time she called on Dr. Bold. Kendrick added the defense will endeavor to show that Mrs. Wilhite was suffering from peritonitis when she first came to Dr. Bold and that whatever treatment the latter gave was in an effort to save her life.

Dep. Dist.-Atty. Barnes is prosecuting the case. A jury of seven women and five men will hear the testimony.

Hagen Here for Midwinter Tournaments

NOTED GOLFER IN PRO EVENT

Sir Walter Plans Practice Over Hillcrest Club

Returns to Southland After Year of Traveling

Begins Campaign in Berkeley Open Championship

BY EDWARD LAWRENCE

Walter Hagen is back in town! Bob Harlow, councilor to "The Haig" through many golfing battles on widely separated links, dropped in yesterday to announce that Walter has set his mind on winning the American professional golf championship, which will be played over the Hillcrest Country Club the first week in December.

WALTER HAGEN.

Five times national professional champion, and until last year undisputed "kingpin of the pros," Sir Walter is serious in his desire to regain the title held by Leo Diegel, and will begin practice immediately at Hillcrest.

As he announced earlier in the year, Hagen will curtail his tournament competition and will compete in only a few selected events during Southern California's annual "mid-winter" championship, Harlow said yesterday that Walter would likely play in the Berkeley $4000 open championship the 25th to 30th inst., in order to get his game on edge for the

RESULT OF TILT DEPENDS ON WORK OF RIVAL LINES

Both Squads Boast Strong Forward Walls; First-String Players on Edge for Hard Contest

BY PAUL LOWRY
"Times" Sports Editor

EL PASO, Nov. 13. (En route with the Trojan team bound for Chicago)—Booming through Arizona, New Mexico and Texas today, the head men of the University of Southern California coaching staff were prevailed upon to make a few predictions in connection with a certain football game to be played at Chicago Saturday afternoon.

The said game, if it is necessary to mention the matter, is between the Trojans of Southern California and the Ramblers of Notre Dame, the first-named the highest scoring teams in the country today, and the second, one of the few undefeated teams.

And these opinions, to wise and to wit, are as follows:

Howard Jones, head coach: "If Southern California can make 200 yards against Notre Dame, we stand a great chance of winning the ball game. If we can do as well as we did last year and manufacture over 300 yards, we will win the game."

Sam Barry, head coach's chief assistant: "A wet field will play no part in the issue. If anything, Southern California's power should make itself manifest on a slippery, sloppy field."

SCORE EASILY

Aubrey Devine, chief scout of the head coach, who has seen Notre Dame play against Carnegie Tech and Georgia Tech: "If Southern California plays against Notre Dame as it did against California Notre Dame will win by five or six touchdowns. Just relax your alertness on one of ten plays and the Irish will go for a touchdown. They score as easily from the 60-yard line as from the 6-yard line."

Bill Hunter, one of the head coach's chief assistants and athletic director at Southern California for the past eleven years: "I believe our line has a shade on the Irish from guard to guard. From tackle to tackle I am not so sure. The edge in ends is with the Irish because they have two veterans whereas we have a veteran on one end and a sophomore on the other flank."

In view of the fact that Mr. Jack Elder, the ace of the Irish

RAMBLERS PREPARE FOR TROY

Rockne's Leg Still Bad But Eyes and Voice Are Up to Par

BY JACK GALLAGHER

NOTRE DAME (Ind.) Nov. 13. (Exclusive)—Practice goes on apace here in preparation for the season's biggest intersectional football game, and, incidentally, Notre Dame's outstanding contest of the year.

KNUTE ROCKNE

Knute Rockne was taken to Cartier field in an ambulance again today and he directed the last hard workout the fightin' Irish team will have before meeting the Trojan horse at Soldier Field, Chicago, on Saturday.

Rockne's ailing leg, heavily bandaged, confined him to his wheel chair but there was nothing wrong with his eyes or his voice. He had all the snap and drive and vim and dash that he possessed ten years ago.

Repeatedly you could hear him boom, "Where were you on that play, Ted? Didn't you see that end cutting across. Watch him out of the corner of your eye."

Rockne should have been home in bed giving his leg the rest it needs. Each trip he makes to the football field sets back his recovery a week or two. Southern Cali-

LIFE BAN IS THREAT TO MICKEY

Walker and Kearns May Get Lengthy Suspension from Illinois Board

SACRAMENTO, Nov. 13.—A threat to suspend Mickey Walker, middleweight champion of the world, and his manager, Jack Kearns, for life is contained in a letter received today by William H. Hanlon, chairman of the State Athletic Commission, from John V. Clinnin, chairman of the Illinois Boxing Commission.

MICKEY WALKER.

Clinnin says the life suspension will be decreed and, he told Hanlon, "all other States in the National Boxing Association will co-operate" unless the controversy over the $16,000 forfeit posted last summer by Walker with the Illinois commission is settled in accordance with the terms of the agreement with that body.

The money was posted in Chicago before the Walker-Loughran match there as a guarantee to the Illinois commission that Walker would defend his middleweight title in a bout before September 30, 1929.

After Walker was signed for a title match in California by Ancil Hoffman, San Francisco promoter, the Illinois commission sent the $10,000 forfeit money out to Hanlon. Walker fought Ace Hudkins in Los Angeles for the title on October 29, but the Illinois commission con-

(Continued on Page 14 Column 5)

BRUINS POINT FOR GAELS

U.C.L.A. Gridders Prepare for Tilt at Coliseum; Local Boys Expect to Upset St. Mary's

Although local football fans may have counted the Bruin grid team out of the tanbark picture this Saturday against St. Mary's in the Coliseum, Coach "Bunker Bill" Spaulding, varsity mentor at the University of California at Los Angeles, doesn't know anything about it, and wouldn't care if he did know.

Practice went on apace on the Westwood practice field yesterday, with the object in view of upsetting, at least partially, Coach "Slip" Madigan's Galloping Gaels.

The belief of Spaulding that his men will have a chance against the Gaels was given fresh impetus in practice this week by the startling development of two sophomore players. "Howie" Roberts has been going great guns in scrimmage, both on the offensive and on the defensive at right halfback, and is indicated as a probably starter Saturday against the Gaels. Roberts wears the old number of ex-Capt. Joe Fleming, star half, who made the Bruins' opponents the last few years remember the number "14."

BILL SPAULDING

Jack Remsburg, chunky guard, is the other sophomore who has suddenly found his strength this week. In scrimmage, he smothered every St. Mary's play that the "goofs" directed at him. Remsburg will probably start against the Gaels. Eddie (King) Solomon, who has been understudying Cliff Simpson at quarterback so far this season, may be in the starting line-up, also, at Buddy Forster's halfback position, Spaulding said. Simpson at quarter, and Norman Duncan, an-

WAY PAVED FOR OPEN NET PLAY

Amateurs vs. Professionals Tennis Matches Favored

NEW YORK, Nov. 13. (AP)—Tennis produced an off-season sensation today in the shape of definite action by the United States Lawn Tennis Association in favor of open competition between amateurs and professionals.

BILL TILDEN.

If the unprecedented proposal cabled to the Internatnational Lawn Tennis Federation in Paris by the U.S.L.T.A. is accepted the way will be open no later than next year for such epic matches, now impossible, as Helen Wills vs. Suzanne Lenglen, Karel Koseluh vs. Bill Tilden and Henri Cochet or Rene La Cosie vs. Vincent Richards. The barriers that have so long existed between the paid and unpaid performers will be levelled at a blow and all-star open tournaments like those in golf will be in order.

The action of the U.S.L.T.A.

(Continued on Page 14, Column 6)

CALIFORNIA NET STARS SELECTED

Many State Performers on Davis, Wightman Lists; Wood is Possibility

NEW YORK, Nov. 13. (AP)—W. Barry Wood, Jr., flashy sophomore quarterback of the Harvard football team, has been selected as a member of the American Davis Cup squad for next year's international tennis campaign along with such stars as Bill Tilden, Frank Hunter and John Doeg, it was announced today.

MIDGE GLADMAN.

The versatile young Milton (Mass.) athlete who tied the Army with a touchdown pass and astonished Michigan with his sharp shooting pegs last Saturday, took a set from Doeg in the national singles championship and is ranked by the Davis Cup committee among the most promising of the country's younger players.

Starting its 1930 preparations early, the committee headed by Chairman Joseph W. Wear of Philadelphia, decided to file a formal challenge for the famous trophy in the American zone as usual.

The committee named the following seventeen men as the "tentative Davis Cup squad" of 1930:

William T. Tilden, II, Philadelphia; Francis T. Hunter, New Rochelle, N. Y.; George M. Lott, Jr., Chicago; John F. Hennessey, Indianapolis; Wilmer Allison, Austin, Tex.; John Van

TOPORCER IS SUSPENDED YEAR FOR UMPIRE RUN-IN

ST. LOUIS, Nov. 13. (AP)—George Toporcer, second baseman of the Rochester Club, champions of the International League, who has been recalled by the St. Louis Cardinals for 1930, stands suspended for one year from the National Association of Professional Baseball Leagues, it was announced here today.

The suspension resulted from a run-in with Umpire L. Goetz, which resulted in a near riot in the final contest of a "little world series" between Rochester and Kansas City of the American Association. Manager William Southworth of Rochester was fined $500 for failure to restrain Toporcer.

Toporcer protested when he was called out on strikes in the ninth inning. Goetz asserted Toporcer "threw his bat to the ground, butted into me, pushed and shoved me around and indulged in the most vile and profane language that it

(Continued on Page 14, Column 3)

EDELSON IMPROVED; MAY FLY TO GAME TOMORROW

Dr. Harold Van Metre, head of the Trojan medical staff, will decide this morning whether Harry Edelson, S.C. varsity halfback, will be able to fly to Chicago for the Notre Dame game. Edelson has been confined to the Good Samaritan Hospital with a case of influenza, but yesterday has shown so much improvement that Van Metre believes he will be able to go. If Edelson shows a similar improvement at 10 o'clock this morning, he will o.k. a trip by Western Air Express for the first-string halfback. Dr. Van Metre will leave tomorrow morning by air whether Edelson is able to go or not.

Santa Barbara and San Bernardino to Meet in Southern California Prep Grid Play

TORNADO HAS GREAT RECORD

Northern Eleven Undefeated This Season

Eight Teams to Compete in C.I.F. Race

Personnel of Play-off Still Undecided

BY IRVING ECKHOFF

Santa Barbara High's Golden Tornado, which has blown over all opposition so far this season, will meet the San Bernardino Cardinals in the first round of the C.I.F. prep play-off for Southern California football honors a week from Saturday. The game will be on the Santa Barbara gridiron. This was the announcement received from Santa Barbara sources last night.

Both the Golden Tornado and the Cardinals have virtually cinched their league titles, with the Santa Barbara eleven having the best record. In eight games played to date, the Saints have run over all opposition, chalking up the grand total of 199 points to 32. Owensmouth, Muir Tech, the Oxy frosh, Ventura, Santa Paula, Santa Maria, Glendale and Fillmore have all been on the short end of the score against the powerful Saint eleven.

EIGHT TEAMS

Contrary to a recent rumor that but five teams would be in the C. I. F. play-off, Seth Van Patten, athletic director of the C.I.F., announced last night that eight leagues would be represented in the fight for the prep title.

Plans are being worked out gradually for the play-off by Van Patten. At present Santa Barbara, San Bernardino and Santa Monica will be in the running provided of course that they win their respective league titles. All three of them, however, are almost cinch bets to win their remaining games.

Either Long Beach or Santa Ana will represent the Coast League. Both teams are undefeated and battled to a scoreless tie earlier in the season. According to Van Patten they may meet again after the season closes to decide which team will go into the Southern California play-off.

TITLE TILT

In the Foothill League, the Muir Tech Terriers and the Fullerton Indians meet a week from tomorrow to decide who will enter the play-off and incidentally win the first Foothill League pennant.

Five of the smaller leagues have decided to enter the race, Colton, winner of the tri-county title, Puente, San Gabriel Valley champion, and the winners of the Orange County League, the Riverside county loop, and the private school circuit.

According to Van Patten, these five leagues will have to have a play-off among themselves to eliminate one or two, so that the total number in the first C.I.F. round is not over eight.

The Orange county race is all tied up at present, with Orange, Huntington Beach, Tustin and Brea deadlocked in first place with one defeat apiece.

El Segundo has the best record in the private school league. They meet Pacific Military tomorrow in a game that will decide the title. Pacific hasn't lost a prep contest this season, a 13-13 tie with "Pest" Walker's Harvard Military eleven being the only black spot on their record.

War Flag of Troy Missing

The Trojan war flag was stolen last night by person or persons unknown. The big cardinal and gold banner, which was hanging from the third floor of the administration building was first noticed missing about 10:30 last evening. It was to remain on its mast until after the Notre Dame classic, but someone had other plans for it. The flag was left unguarded by the Trojan squires, a sophomore organization, because they believed that Notre Dame was too far away for the Irish to make a raid on the S. C. campus. However, such was not the case and this morning there is much gloom and mourning at the Trojan school. The war flag is to S. C. what the Stanford ax was to the Cardinals before California borrowed it many years ago.

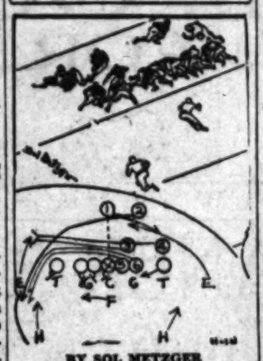
LA SALLE GIVEN NOD OVER TOMMY ELKS

Benny Whitman made a mistake last night. At least that is what a packed house down at Wilmington thought when he raised Bobby La Salle's hand at the end of a ten-round bout with Tommy Elks, Arizona slugger. Elks was credited with eight rounds. Kenneth La Salle, Bobby's brother, took a six-round decision over Joe Borola in the semi-wind-up. Chick Peralta and Brooks Hooper drew in the special event. Lewis Tittlemans and Johnny Martinez battled to a draw in four rounds. Warren Frakes bested Frankie Abendino in the opening bout.

KLAWITER DEFEATED IN SQUASH TOURNEY

Les Klawiter of the Hollywood Athletic Club, defending senior national handball-squash singles champion, was eliminated by Bob Ackley of the L.A.A.C. last night in the feature match of the second round of the senior national tourney being staged at the Mercury Club. The score was 21-20, 15-21, 21-12. Other second-round scores were: Tom Gallery (H.A.C.) defeated Maxwell Stiles (L.A.A.C.) 21-17, 13-21, 21-16; Chet Cooper (H.A.C.) defeated Hal Vance (L.A. A.C.) 21-14, 21-11; Harold Hopper (H.A.C.) defeated H. G. Boultenhouse (P.A.C.) by default.

Linemen Out for Reverse



BY SOL METZGER

Notre Dame suddenly shifts to the left. All previous plays have been from a right shift. It begins to look as though Rockne's eleven was seeking new fields to conquer on the opposite side of the line. The left side of the defensive line breathes more easily. Whereupon it is smashed off the map.

No. 1 gets the ball, he starts to the left, but hands it to No. 2 beating to the right. Note the cloud of interferers preceding No. 2. This reverse is one of the few sweep plays in which Rockne brings linemen out behind his own line in orthodox fashion to precede the runner.

What a powerful play it is! My, how it rocks that side of a defensive line that views the shift to the other side with consummate relief!

(Copyright, 1929, Publishers Syndicate.)

UNLUCKY BREAK RUINS ED'S DAY

Challenger Knocks Himself Out in Missing Hold

(Continued from Thirteenth Page)

by missing a flying tackle, and soaring through the ropes. Later he clamped an arm lock on Lewis which lasted about five minutes, and caused the challenger extreme pain and anguish. Lewis's headlocks and wrist locks forced Sonnenberg to go for the ropes twice during the first twenty minutes of the festivities, occasioning much jeering from the assembled multitude.

STARTS HEADLOCKING

Lewis started headlocking again, and four murderous ones apparently put Sonnenberg in a bad way. But he suddenly zoomed up out of a crouch, knocking Lewis flat on his back. The challenger jumped up instantly, but Sonnenberg dove in with a flying tackle, and smashed him to the floor for the first fall in 24m. 48s.

Lewis started headlocking again immediately at the start of the second fall, and Sonnenberg appeared greatly weakened by the attack just before the first tumble. Sonnenberg tried the tackle again, and Lewis once more sidestepped, the champion sailing through the ropes.

Lewis then tried the rabbit punch, slamming his locked hands on the base of Sonnenberg's neck and floored the champ twice. Returning to the headlock, he successfully evaded two tackles, and then introduced the revolutionary move of modern wrestling. He invented the "leaping headlock." Football fans cheered their approval as Lewis, who had been exhibiting extreme caution as Sonnenberg came up off the floor, assumed a position similar to that used by guards and tackles on defense. Feet braced, one hand on the floor, he awaited the expected tackle. Sonnenberg didn't know what to do in a case like this, so he straightened up. Lewis came out of his crouch with almost as much speed as Sonnenberg had shown, and applied a headlock. It was successful, and Ed took the second fall in thirteen minutes and thirty-three seconds. Sonnenberg was so far gone that he had to be helped to his corner by Referee Don McDonald.

CHAMPION GROGGY

Lewis opened up the third spasm with a series of headlocks and rabbit punches that had the weary champion groggy. Sonnenberg tried one despairing flying tackle that Lewis sidestepped. The champion went into the first-row seats on the north side of the ring and was fully fifteen seconds getting back into action. Groggy from his crash, he staggered around, and Lewis clamped on two more headlocks. Then, the third one slipped off, just as Lewis was exerting all his weight to throw Sonnenberg over. He crashed to the mat, head-first, and was knocked completely out. Sonnenberg, still dazed, looked at Lewis in surprise, jumped on his fallen foe, and was awarded the third and deciding fall.

Dick Daviscourt got a bloody nose shortly after the start of his semifinal engagement with Jack O'Malley because O'Malley was roughing it up considerably more than his foe. Instead of fainting at the sight of blood, Daviscourt became enraged and smashed O'Malley to the mat under a series of headlocks in fifteen minutes and thirty seconds.

Everett Marshall, the former University of Washington amateur, threw Don LeLaun of Long Beach in five minutes and forty-eight seconds with an airplane hold. He picked up DeLaun on his shoulders, whirled him around a couple of times and then dumped him on his head.

Lou Papiano and Ad Herman wrestled very excitedly for twenty-two minutes and twenty-two seconds before Papiano finally won. A right hook to the neck knocked Herman down, and a body pin held him there.

McNAMARA CYCLISTS WIN

CHICAGO, Nov. 13. (AP)—Reggie McNamara, Newark (N. J.) veteran, and Gateano Belloni of Italy, won Chicago's twenty-second six-day bicycle race which ended at 11 o'clock tonight at the Chicago Stadium. McNamara and Belloni, both veterans of the game, took the lead early yesterday and held it to the finish.

EDDIE MACK TO TACKLE MORGAN

Olympic Signs Flashy Pair for Bout This Month

Junior Lightweight Crown Not to be at Stake

Christner, Les Kennedy Also Billed for Local Go

Tod Morgan, junior lightweight champion, yesterday signed to meet Eddie Mack of Denver at the Olympic on the 26th inst. The title will not be at stake. The weight is 123 pounds.

Matchmaker Wad Wadhams also booked K. O. Christner of Akron, O., with Les Kennedy, the promising young heavyweight from Long Beach. Kennedy has just returned from Chicago, where he fought several times. The date is December 3.

It is the plan of Matchmaker Wadhams to use the winner of the Christner-Kennedy bout with next week's victor, when Frankie Campbell and Harry Dillon meet.

Both Dillon and Campbell settled down to serious work yesterday. There is more than the usual interest in the bout, since Campbell has knocked out three men straight in Los Angeles.

Dillon, who defeated George Cook, Australian heavy, in Minneapolis on the 1st inst., bears a striking likeness to old Jack Dillon, once the middleweight champion of the world.

ACID TEST

Campbell has yet to face a fighter of Dillon's caliber here. The men Campbell stopped were all hard-punching youngsters. Harry Dillon has never been stopped before until he went down before the Jack Dempsey-like attack of the sturdy Italian.

Dillon is 23 years of age and he has engaged in fifty-two bouts. He has fought Young Stribling, Leo Lomski, Tuffy Griffith, Charley Belanger, Jimmy Byrne and Big Boy Peterson.

Both Campbell and Dillon weigh around 180 to 185 pounds. Dillon has been fighting out of Minneapolis for the last year. He has been featured in ten main events there so far.

Matchmaker Wadhams yesterday booked Henry Goldberg, New York Jewish middleweight, to box Eddie Burnbrook in the semi under Campbell and Dillon. Goldberg holds a decision over Rene DeVos and is rated as a good prospect in the East.

HEAVIES IN SPECIAL

Wally Fraser and Bud Doyle will box the special event. They are heavyweights. Fraser has quite a following in Hawthorne. The other two bouts are Society Red Millett vs. Joe Reinhardt and Herbie Breen vs. Tommy McGough.

The Olympic yesterday wired tickets to Joey Sangor in Milwaukee. Sangor is signed to box Santiago Zorilla here December 17.

BALL PLAYER IS SUSPENDED

(Continued from Thirteenth Page)

is possible for human tongue to utter."

"I then ordered him from the game," Goetz continued, "whereupon he became furious, and make strenuous efforts to strike me.

"Toporcer, instead of going straight to the bench, came toward the plate and remarked 'I'll get you after the game.' Immediately after the eleventh and final inning, Toporcer again ran on the field, surrounded by hundreds of angry fans, thereby creating a mob scene."

ROCHESTER (N. Y.) Nov. 13. (AP) George (Specs) Toporcer of the Rochester Red Wings, 1928-29 International League champion team, said he was "staggered" when informed at his home here of his suspension from the National Association of Professional Baseball Leagues.

"The suspension staggers me," he said, "especially in view of the fact I have already been fined $200 and had no chance to defend myself at the hearing called by President Michael Sexton in Chicago October 25.

"At that time I was in New York settling affairs, and telegrams notifying me of the hearing were mailed to me several days after it was held.

"The charge that I shoved and pushed the umpire is unfounded. I recall there was some profane language used, but that is not uncommon on the ball field."

POMONA-OCCIDENTAL TICKETS ON SALE

CLAREMONT, Nov. 13.—Tickets for the annual Pomona-Occidental game at Alumni Field here the 23rd inst. will be placed on sale tomorrow at the B. H. Dyas Company in Los Angeles, Ojen Turner, Pomona graduate manager, announced today.

Tickets also will be available at the office of Phil Ellsworth, Oxy graduate manager, ALbany 1151, and at Turner's office here in Claremont. Advance reservations, according to Turner, indicate the largest turnout this year in the history of the annual classic, which was inaugurated in 1895.

DALE ROBINSON WINS WAY TO SEMIFINALS

Dale Robinson, captain-elect at Occidental, trimmed Dick Belote, ace of the freshman class, 6-2, 6-3, in the all-college tennis championships yesterday, which advances the winner to the semifinal bracket. In the lower half, Chapin Bristol eliminated the last of the faculty threats when Comptroller McLain dropped a decision of 6-3, 10-8. Mary Barbara Taylor and Martin Hansen are the other two favorites expected to gain the semis.

LET GEORGE DO IT

"Bustem Gawge" Ackerman, a big tackle from little St. Mary's, who will face the Bruins Saturday at the Coliseum. Besides being a great tackle, George place kicks right-footed and punts left-footed. Anything but all-American terms in George's case borders on sacrilege up in Moraga Valley.

BRUIN GRIDDERS POINT FOR ST. MARY'S CLASH

(Continued from Thirteenth Page)

other sophomore, at full, complete the backfield. The addition of Roberts and Solomon would raise the weight average of the Bruin backs to 175 pounds to the man.

In practice this week the Bruins have been able to smother the St. Mary's attack as presented by the second-string eleven, but it will be a different matter to stop the thrusts of the Gael backfield, known in Northern California grid circles as the "Four Blue Ghosts." The Bruin offense has been going good in practice, also, and Spaulding is directing all his efforts toward the goal of crossing the St. Mary's goal. The Galloping Gaels hold the distinction of being unscored upon this season in competition so far, a distinction they hold jointly in the country with the University of Texas, so Spaulding's men will have to go at their top speed to cross their opponents' goal line.

St. Mary's has one of the stiffest defenses on the Coast, as is shown by their game with the University of California at Berkeley this year which ended in an 0-to-0 tie. The Golden Bears were unable to advance the ball beyond St. Mary's 40-yard line, and only gained some 89 yards all during the day. Dick Boyle, Gael halfback, rang the bell with 87 yards from scrimmage against "Nibs" Price's team.

A speedy boy by the name of Frederick Francis Stennett, otherwise known as "Stud," is the big shot in the Saints' offensive campaigns. Stennett is hailed by Northern California sports writers as a candidate for All-American honors. Southern California fans will be interested in seeing how he stacks up with "Bending Benny" Lom, California back, who recently made a strong bid for All-American fame in the Los Angeles Coliseum against the University of Southern California Trojans.

Seghetti is another St. Mary's player who is hailed as plenty good. It will be interesting to watch the fight for supremacy between the leader of the Gaels and Marion (Patches) French, star center of the Bruins, whom Spaulding considers the best ever to play on the Westwood eleven. Ackerman, playing right tackle for St. Mary's, is the kick-off and punting artist of the team. In the California game this year, he kicked off way over the Bear goal posts and halfway up into the stands.

The St. Mary's team will roll into town tomorrow morning from Oakland, and will probably work out in the afternoon on the field in the Pasadena Rose Bowl.

The Bruins are through with strenuous practice before the game, Spaulding said yesterday, and indicated that he might lay off work tomorrow. No scrimmage was held yesterday at Westwood, but intensive drilling in plays featured the workout. The Bruin mentor is preparing a new pass play with which he hopes to startle the visiting team.

IRISH PREPARE FOR TROJANS

(Continued from Thirteenth Page)

fornia is regarded as the most formidable foe on a schedule bristling with strong opposition. Rockne plans to go to Chicago Friday night and will direct his team from a wheel chair at Soldier Field.

"I wouldn't miss that game if I had to stay in bed the rest of the winter," Rockne said before leaving for practice. He had just gone through a sheaf of telegrams and letters, most of which were applications for tickets. Others were from friends wishing him luck. One was worded like this: "Is that leg trouble of yours on the level or is it merely a publicity stunt?"

There was little in the work of the varsity today to warrant a victory forecast for Notre Dame Saturday. Failure of the offense to click was attributed partly to the slippery turf. Regular linesmen were tardy in diagnosing Southern California formations and several times the reserves got away for big gains.

OSCAR STANAGE WILL AGAIN COACH PIRATES

PITTSBURGH, Nov. 13. (AP)—Oscar Stanage has signed a contract to continue as coach of the Pittsburgh National League baseball team in 1930, the club management announced today. Stanage was reported to have been contemplating joining the Chicago White Sox as coach under manager "Donie" Bush, former Pirate pilot.

ILLINOIS SEEKS WALKER'S SCALP

(Continued from Thirteenth Page)

tends the bout came a month after the guarantee date of September 30.

When the Illinois body made a demand upon Hanlon for the $18,000, declaring it had been forfeited under the agreement, Kearns obtained an order in the local Superior Court restraining Hanlon from forwarding the money to Chicago until the bout can be settled by court.

TOUGH SOCCER TILTS ON SUNDAY'S CARD

Three of the four city-league soccer teams, who are waging a hot battle for the first-round title, will appear on the prize card offered for Loyola field Sunday afternoon. In the first game at 1 o'clock the strong Hollywood club meets the flashy Spanish-Americans, while at 3 o'clock a crucial game will develop between L.A.A.C. and the Magyars. The Vikings, now leading the league, draw a bye Sunday.

SHANDELL COPS BOUT

SAN FRANCISCO, Nov. 13. (AP)—Chet Shandell, giant San Francisco heavyweight, doled out a terrific beating to "Bad News" Johnson, Bakersfield, to win an easy ten-round decision at National Hall here tonight.

GAMMA EPS LOSE

Phi Sigma Kappa Fraternity of the University of Southern California won the interfraternity basketball championship last night by defeating the Gamma Epsilon five by a score of 30-24.

VANDERBILT MAY PLAY HERE ON CHRISTMAS DAY

Coach Dan McGugin's Vanderbilt Commodores, who have one of the best football records in the country, may play in the Los Angeles Coliseum on Christmas Day. This was the announcement made yesterday by Ernie Bain of the Vernon Post of the American Legion, who is back of a movement to stage a game here on December 25.

Telegrams were sent to leading eastern and southern elevens and yesterday Bain had had word from three of them. Tulane and the University of Texas both refused offers, saying that their faculty would not sanction a post-season game. However, Vanderbilt is very much interested and the Commodores may make the trip to the Coast.

Bain plans to have one of the three strong California elevens as the West's representative. California, Southern California or St. Mary's. Stanford has been already counted out as they have a post-season game with Army at Palo Alto on December 21.

OXY GRIDDERS FACE CALTECH

Tigers Prepare for Game at Rose Bowl Saturday

Eagle Rock Players Recall Last Year's Upset

Occidental Team Will Go in at Full Strength

Stinging memories of a surprise defeat at the hands of Caltech last year, when a weak Engineer eleven rose to supreme heights to capture a victory from a highly touted Occidental team, have spurred the Tigers to their hardest work of the season in preparation for the Caltech game this Saturday at the Pasadena Rose Bowl.

Oxy knows the Engineers have always been tough for its elevens and Coach Kienholz is well aware that Saturday the Bengals will meet an eleven that has been pointed for this particular fray. Caltech would rather defeat Occidental than any other Southern California Conference team.

Satisfaction of the Engineers over an Oxy defeat would be twofold this season because of the fine record boasted by the Bengals. The Tigers have two defeats behind them, one to Arizona, a team until last Saturday undefeated, and the other to the strong U.S.C. aggregation, but nevertheless the Oxy eleven this year is considered one of the most powerful ever to represent the Eagle Rock institution.

Kienholz will present his strongest line-up of the season on Saturday. After experimenting in previous games, Kienholz has decided upon his regular backfield, the quartet to receive the call this week being Johnston at quarter, Bud Collier and Glenn Roselle at halves, and Glover at fullback. This quartet showed to wonderful advantage against Whittier on Armistice Day, and Kienholz considers it his ideal combination.

Plans to start the same backfield that showed so well against Stanford two weeks ago, when the Engineers held the Cards to the very respectable score of 39-to-0, have been announced by Coach Fox Stanton. Levine will call signals, Bennett and Boyle will be at halves, and Dickey at fullback. Last week the Engineers defeated Redlands, 14 to 0, their margin being greater than that enjoyed by Pomona against the Bulldogs. After a bad start the Engineers have come along rapidly and apparently will be in their peak condition for the Oxy clash.

WAY PAVED FOR OPEN NET PLAY

(Continued from Thirteenth Page)

marks the first step taken by any nation toward the goal of open competition.

If accepted by a two-thirds vote at the annual meeting of the federation in Paris on or about March 15, 1930, the proposed change will become effective immediately.

Belanger and Lomski Clash

DETROIT, Nov. 13. (AP)—Charley Belanger of Vancouver, light-heavyweight champion of Canada, will meet Leo Lomski of Aberdeen, Wash., here Friday night in a ten-round elimination bout for the title recently vacated by Tommy Loughran, Dick Dunn, manager of Olympia Arena, announced tonight. Belanger replaces George Courtney of Oklahoma City, who was ejected out of the fight with an infected toe. Yale Okun, New York light-heavyweight, has been signed to meet the winner of Friday night's engagement.

HANDBALL CROWN TO BE AT STAKE TODAY

The doubles handball championship of the Southern Pacific A.A.U. will be decided at noon today at the L.A.A.C., when Maynard Laswell and Grant Kuhns meet Joe Powers and Harry Le Goube. Both teams are from the Mercury Club and a hot battle is predicted by L.A.A.C. handball fans.

Laswell and Kuhns won their way into the finals by trimming Olney and Spalty, while Powers and Le Goube triumphed over Griffith and Mueller.

STAG JINX PLANNED BY HOLLYWOOD A.C.

A "stag jinx" featuring all sorts of entertainment will be provided for members at the Hollywood Athletic Club Saturday, beginning at 2 p.m. and lasting until the members go home.

F. A. (Bert) Hartwell, club president, is preparing the program and refuses to divulge his plans, saying them as a sort of a surprise. Over 12,000 invitations to the combined clubs under the L.A.A.C. banner have been sent out.

JACK SLAGER BEATS ARCINEGA IN BOUT

Jack Slager beat Joe Arcinega in the eight-round main event at the Ocean Park Arena last night. Howard Fritz outpointed Rudy Mendes in the six-round semi-wind-up. Jimmy Carter took the decision over Jimmy Delicola in the four-round special event. Pete Cardine beat Bob Murray in one of the four-round preliminaries, while Johnny Crivas defeated Pablo Alejo in the curtain raiser.

KENNEDY WHIPS YARBO

OAKLAND, Nov. 13. (AP)—Del Kennedy, Fresno middleweight, outboxed Wilson Yarbo, hard-hitting negro from Cleveland, O., here tonight to win the decision after ten slow rounds of milling.

Faults About Taking Stance

BY SOL METZGER

Many golfers start off wrong because they do not understand the fundamentals of the swing. You'll see them address the ball either with the weight evenly balanced between their two feet, or, what is even worse, with the greater share of their weight on their right foot.

Neither is conducive to good golf. The weight should be a bit more on the left than the right leg at stance. That is the natural way to carry it, though many easily swing it to the right side without knowledge of doing so, because the lowered right shoulder tends to place it there.

Enjoy the thrill of long, straight drives. Write Sol Metzger, care of The Times, for free leaflet on driving. Inclose stamped, addressed envelope.

OHIO CLUB WINS RYDER CUP PLAY

Scioto Country Club Awarded Event for 1931

ATLANTA, Nov. 13. (AP) — The annual meeting of the Professional Golfers' Association of America ended here today with the decision to leave the selection of the site for next year's tournament in the hands of the executive committee.

After some discussion the Scioto Country Club of Columbus, O., was awarded the Ryder Cup matches to be played in 1931 between picked teams of British and American professionals.

The 1929 tournament of the association will be played over the Hillcrest course at Los Angeles beginning December 2. Leo Diegel is the P.G.A. champion.

The Lake Forest Club of Chicago was awarded next year's annual meeting.

CALIFORNIA NET STARS HONORED

(Continued from Thirteenth Page)

Rye, East Orange, N. J.; Frederick Mercur, Bethlehem, Pa.; John Doeg, Santa Monica, Cal.; Frank X. Shields, New York; Berkeley Bell, Dallas, Tex.; Gregory Mangin, Newark, N. J.; J. Gilbert Hall, South Orange, N. J.; W. B. Wood, Jr., Milton, Mass.; Sidney B. Wood, Jr., Forest Hills, N. Y.; Wilbur F. Coen, Jr., Kansas City; George J. Jennings, Chicago, and Richard N. Williams, second, Philadelphia.

The committee took no apparent notice of the fact that Tilden has announced his international tennis career is at an end, and that Hunter's further participation also is considered doubtful.

Ten women players, six of them Californians, were selected for the Wightman Cup squad from which a team will be picked to go to England in defense of the trophy next June. Those named were Helen Wills, Berkeley, Cal.; Helen Jacobs, Berkeley, Cal.; Edith Cross, San Francisco; Marjorie Morrill, Dedham, Mass.; Marjorie Gladman, Los Angeles; Mrs. L. A. Harper, San Francisco; Sarah Palfrey, Brookline, Mass.; Mary Greef, Los Angeles; Mrs. Hazel Hotchkiss Wightman, Brookline, Mass.; and Marion Williams, Pasadena, Cal.

The name of Mrs. Molla Bjurstedt Mallory, mainstay of several Wightman cup teams, was conspicuous by its absence although the Norse veteran eliminated the young sensation, Betty Nuthall, in the last national championships.

AMATEUR PUCKS TO TANGLE UP TONIGHT

Hector Proulx's husky band of Van Fleet-Durkee pucksters will be out to hand the league-leading Shell Oilers another setback tonight in the Southern California senior ice-hockey circuit tonight, when these teams clash at the Palais De Glace rink. The station men also will be anxious to shake the jinx that has hovered over them all season when playing the Oilers, the Shells having won each game by a slight margin.

Due to numerous clashes having resulted in the last tilt between these teams, Referee Chummy Irwin will have an eye peeled for any unnecessary roughness tonight.

The line-ups follow:

Shell Oil.		Van Fleet-Durkees
Castillion	Goalie	Lister
Miller	Defense	Howard
Barr	Defense	Devet
Smith	Center	H. Proulx
Clark	Wing	Mullinax
Richards	Wing	G. Proulx

LEW FALK TO VISIT STABLES OF NATION

Lew Falk, copublicist of the Agua Caliente Jockey Club, left last night on the Chief for a tour of inspection of the nation's turf centers. Falk will visit every track in the United States and will return to the border city on December 20 in time for the opening of the rack on December 28.

CALIFORNIA WINTER LEAGUE

San Francisco, 8; Alameda, 2.
Oakland, 8; Missions, 5. (Tie.)
Twelve innings.

Traditional Games on Saturday's Football Schedule

GLICK CHOICE AT LEGION

Crack Junior Lightweight Favored to Win Over Murdock in Hollywood Feature

Joe Glick, Brooklyn boy who has fought the greatest junior lightweights in the world and gave Jimmy McLarnin a great fight in Madison Square Garden, is favorite to beat Eddie Murdock in the main event at the Hollywood American Legion Stadium tomorrow night.

Glick is being made favorite on his reputation, but Murdock has his boosters. Joe Roth, who manages Eddie Mack, claims that the Hollywood fight fans will like Murdock, because he is a busy battler who makes a hit whether he wins or loses.

JOE GLICK

The winner of the main event will be in demand. Should Glick win, he wants Cejdie Hess or Eddie Mack. Glick would like nothing better than a shot at Hess. Murdock is managed by Joe Roth, who manages Eddie Mack, so he seeks a fight with Hess.

The semi-wind-up winner is apt to get Frankie Campbell in a main event at the Legion stadium early in December. Campbell must meet stiff competition if he starts again at Hollywood, and both Bud Doyle and Tom Patrick want to fight Campbell.

Campbell didn't want any part of Doyle last Friday night, and that necessitated bringing Alex Rowe here from San Francisco. Doyle will be the favorite because he is more aggressive. If Patrick can be ribbed into getting sore he makes a great fight.

Frankie Burnell and Red Millett, welterweights in the special, are newcomers. They will have to prove their worth tomorrow night. Ora Smith fights a stranger, Melford Lergfund, in the second spot, and Gene Mullin battles Mike Cima in the curtain raiser. They are a pair of strange welterweights.

Perry of Army, and Mooney of Georgetown are all extremely useful. Donchess of Pittsburgh, Bates of Western Maryland, Smith of Georgia, Stromiello of Colgate, Barres of Yale, Pester of Ohio State, and O'Connell of Harvard are among the good ends. The smaller and shifty back is the thrill producer, but he can't do his stuff without co-operation from the larger forward. Give the big boy a hand.

TROJANS GOOD

Scores in football mean little. In spite of defeats they have suffered, we know that Harvard, Southern California, Colgate, Dartmouth, Vanderbilt and other colleges have strong elevens. We know that Yale is powerful in the extreme and suspect that Princeton will show a lot of stuff on Saturday.

Cornell is a team which deserves much credit. At the beginning of the season Cornell was one of the squads described as having fine boys, but poor football material. The line was not heavy and the backs were supposed to be none too good. Still, Cornell has managed to best all its opponents, including Princeton and Columbia.

In spite of their unbeaten states and fine records it is hard to judge such teams as Detroit and Western Maryland. We know that they are strong, but, with fairly light schedules, they don't get battered to the extent that many other elevens do and can concentrate on a couple of hard games. But the fact is plain that each team has some great players on it.

The Kansas Aggies seem to be one of the most formidable elevens in their part of the country and would undoubtedly do well against the best in any section. Stanford didn't do so much against Washington, but you must remember that game was played in the mud and that Stanford's chief objective now is a victory over California.

INSPIRATION

Dartmouth has had the very bad luck to lose Marsters, who has scored far more points than any other ball carrier, but the Green has had the good luck to discover Bill Morton. This boy appears to have the faculty possessed by such quarterbacks as Albie Booth—that of inspiring a team. Carideo of Notre Dame has it and Wood of Harvard showed signs of it against Michigan.

One of the most thrilling games of this week will be held at Chicago, where Southern California lines up against Notre Dame. The fighting Irish will be without the leadership of Rockne—or should be, if Rock has fortitude enough to stay in bed where he belongs—but for that very reason the Notre Dame squad is likely to be keyed up to great efforts. They will feel that they are playing for an absent and loved leader and will be eager to do their stuff.

One New Face in Richfield Oilers' Line-up

A line-up that with one exception will be familiar to local hockey fans will be presented by the Richfield Oilers in their forward line next Monday night when they meet the Hollywood Millionaires in the opening Coast Professional Hockey League game of the season at the Winter Garden Ice Palace.

The one exception, of course, is Rube Brandow, who was Hollywood captain last year. Although the Oiler uniform is new to Brandow, Rube isn't new to the fans, and so it may be a familiar line-up after all.

With Brandow in, the forward line will be the old offensive favorites from last year, including Jack Lawrence, Guy Poole, Jack Wilson and Sammy Larkin.

The only change that may be worked in this is the two men due from Winnipeg in the deal that sent Louis (Bullet) Coupes to the Portland club.

Lawrence, Poole, Wilson and Larkin all are well known to and liked by the local fans and the Oilers should have their old following when they see action against the Millionaires. With hockey interest evidently at a fever heat, judging from the attendance at amateur games, the new schedule of popular prices ought to turn out a record opening crowd the 18th inst.

Loyola Team Gets Ready for Bronchos

The entire Loyola University football team arrived home from their College of the Pacific game early yesterday and immediately set to work to prepare for their great homecoming game with the Santa Clara Broncbos at Wrigley Field on Thanksgiving Day. The Lions lost their northern battle by a 16-to-7 score, and are out to make up for their showing on Clipper Smith's strong Broncho eleven.

Monday's defeat marked the second upset for the local eleven. Both times they played away from home and both times they were favorites to down their rivals. One of the most logical reasons that they have lost seems to be the result of the long trips which stiffen the players and keeps them from giving their best.

No injuries were reported after the Stockton fracas and Driver is consequently taking the two weeks' lay off to advantage by sending his aggregation through some of the toughest scrimmages of the year. He hopes to have his entire squad ready for the Thanksgiving game, and will have them in better condition than they have been yet this season.

Henry Flies to St. Louis A.A.U. Meet

Leslie A. Henry, newly elected president of the S.P.A.A.U., leaves early today by airplane for St. Louis, where he will represent this district at the National A.A.U. convention to open Sunday. Henry will take in the Notre Dame-U.S.C. grid classic at Chicago Saturday.

An interesting A.A.U. meeting will develop and some hot battles waged when the records made during 1929 are brought up for approval. These include the sprint marks made by George Simpson, Ohio State flyer, who used starting blocks when he stepped 100 yards in 9 2-5s. Selections for 1930 national sports events will also be made at St. Louis.

Panther Team Through for Season

The varsity football season at the California Christian College was brought to a sudden and unexpected end at a late hour yesterday when the game scheduled for next Saturday with Glendale Junior College was canceled by the Jaysees, due to heavy injuries received in their Armistice Day struggle with San Bernardino Jaysee. Varsity men turned in their suits immediately following the announcement, since this was to have been the final game.

Coach Ralph Welch has made a good showing against three Southern California Conference teams, and last week defeated Santa Barbara State College, 13-6, all with a small squad of seventeen players. Though injuries were many the Panther coach turned out a team noted for its fight and its ability to play together as a unit. The Panthers hope that another season will find them in the Southern California Conference, whose teams they have been playing since football was inaugurated on the Panther campus in 1923.

Coach Phil Taylor's freshman team will meet the San Diego Army and Navy Academy eleven next Saturday at 2:30 o'clock on Loyola Field with the visitors heavy favorites to cop, due to injuries sustained by the frosh in last week's encounter with the strong L.A.J.C.

Hughes Meets Hood in Ring

Tommy Hughes, one of the country's best flyweights, is to encounter tough opposition tonight when he goes to the Pasadena Arena to take on Ernie Hood, Crown City's pride of this division. They are booked for ten rounds, but as each specializes in knockouts it may end earlier.

Hughes, in six weeks out here, has fought Speedy Dado twice and Newsboy Brown once and had them both badly worried. Dado landed on the floor twice in their Hollywood fight. Hughes has just been sent for to come back to New York and fight Black Bill, ranked as the second best flyweight of the world.

Another flyweight scrap which is likely to have the crowd on its chairs is the six-round semifinal between Young Sport and Speedy Lucas. Sport won the Arena main event last week. Lucas is another Speedy Dado in race, style and courage.

Sailor Larry and Paul Drake, slugging middleweights, will fight the six-round special event. Four-round bouts on the great card tonight will be: Tommy Huffman vs. Phil Blood, 148 pounds; Melvin Bob vs. George Monson, 135 pounds.

MAJORS MEET DECEMBER 12

CHICAGO, Nov. 13. (AP)—Baseball Commissioner Kenesaw M. Landis today issued a call to major leagues and their constituent clubs to meet at the Roosevelt Hotel, New York, at 11 a.m. December 12.

S.C. TEAM ON EDGE FOR TILT

Trojan Mentors Say Squad Has Chance to Win

Outcome of Game Depends on Work of Lines

Elder is Shining Light of Notre Dame Eleven

(Continued from Thirteenth Page)

this year, was not much the last two years running, it was the endeavor of your correspondent today to pry from Mr. Devine the real reason for Mr. Elder's sudden greatness.

Mr. Devine is more or less evasive about the matter. He is willing to admit that great lines make great backs, but he intimates there is something more behind the sudden rise of Elder to greatness.

He alleges and deposes that the master mind of the Notre Dame forces, Mr. Knute K. Rockne, the great Norwegian spellbinder, spent a great deal of time with Mr. Elder last spring.

That taking Mr. Elder's speed as a sprinter for the starting point, he has taught the Irish ace to spread his legs, run lower, and dodge, sidestep and swerve with the best of them.

Mr. Devine points out that in the Georgia Tech game, for example, Elder got away for a fifty-three-yard run to a touchdown and evaded three men in the backfield, who never laid a hand on him.

FINE INTERFERENCE

Mr. Elder couldn't do that as a sophomore or as a junior, but as a senior he is simply a riot, who is aided greatly by the interference running of Jack Cannon, a 195-pound guard; Marty Brill, the 180-pound halfback who transferred from Pennsylvania to play with the Irish; Frank Caridee, the 175-pound quarterback, and either Moon Mullins of Pasadena or Joe Savoldi as fullbacks, weighing 172 and 192 pounds, respectively.

Aside from the statement of the head man, Mr. Howard Harding Jones, your correspondent has been unable to gain a verdict on the respective lines.

Mr. Jones is frank enough to say that he believes he has the better forward wall.

Mr. Devine, who has seen both teams play, and is ghost writing for another newspaper is withholding all information on the subject.

All except the statement he let slip that Rockne has the better center trio, and that the guards run better interference than the Trojan guards—a statement which, of course, is somewhat at variance with that of Mr. Will Hunter, who has only seen the Trojans play and must rely on Mr. Devine for information on the enemy.

Although there are all sorts of arguments on the subject the Trojan line on the face of things seems to have an edge on the Irish wall. And for this reason, with two exceptions, it is the same line which yielded 194 yards, excluding 116 yards by forward passes to the Trojans in their 27-to-14 victory at the Coliseum last year.

The exceptions are Cannon at left guard and Leahy at right tackle. They replace respectively Leppig and Miller. Law, a lighter man, was at left guard last year, but is on the right side of the line and Cannon takes his old place.

However, there is another point to be considered in the favor of the Irish. Tim Moynihan, the center, went out in the first quarter of last year's game with a broken wrist. He is a big factor on both the Notre Dame offense and defense.

On the Trojan side of the ledger they have veterans in the line who played in those last two Notre Dame games—Barrager, Anthony and Tappaan in 1927 and the same boys, plus Galloway last year. Hoff and Steponovitch also saw service last year as well as in 1927 when they were subs.

TWO NEWCOMERS

Much depends this year on the work of the newcomers in the Trojan line—the two sophomores, Bob Hall at left tackle and Garrett Arbelbide at right end.

If they hold up, the Trojans stand an excellent chance of victory. Arbelbide is set on the side of the line over which the Irish run their strongest plays with Elder carrying the ball, Tappaan having been switched from the position he has occupied the last two seasons.

But the Irish run well to both sides, and Arbelbide will have to keep his head up better than he did in the California game to hold his position.

Mr. Jones came well prepared with eight flankers, and the minute one falls down on the job in will go a fresh boy.

All the boys are in great spirits, and had four workouts along the way today. Of course, these were only of the impromptu variety. No suits were donned, the boys merely getting out and tossing the ball around on the station platforms.

These workouts were at Tucson, Ariz.; Lordsburg, N. M.; Deming, N. M., and El Paso, Tex., this evening.

Tomorrow the boys will have a real workout—the only one along the route until they hit Chicago Saturday morning. This will be at Pearson, Kan., where a stopover of nearly two hours will be made. The boys will don their suits there and run through formations.

Don Moses, Steponovitch, Hill and Arbelbide were the busiest birds at Tucson this morning. At Lordsburg some of Arbelbide's relatives came down to the train to see him and photograph some of the celebrities with the party, including all-American Morley Drury, doubled for by your correspondent.

At Lordsburg Mr. Arbelbide again was in the picture, and caught the winning pass that will turn the tide against the Irish Saturday.

Pop Smith inspected the engines at this point and predicted the train would make Chicago on time.

DEFENSIVE RECORDS

The Chicago Cubs and New York Giants had remarkable defensive clubs in 1929. Unofficial figures credit both teams with fielding .975, which equals the National League high-fielding mark set up by the Cubs in 1928.

BULLOCK'S Stores FOR MEN

MT. ROCK ALPACIAN

OVERCOATS

Mt. Rock Fleece Alpacians

$50

Now In Los Angeles

REMARKABLE—that is the word for Mt. Rock Fleece *Alpacian* Overcoats. Down from the wind-whipped pinnacles of the Andes comes the fleece—sheared from the back of the wild alpaca (South American camel). Sixty years of matured skill in looming and tailoring the selected undyed 100% pure alpaca fabrics then imparts that characteristic masculine appearance of plain or blended patterns. Mt. Rock Fleece *Alpacians* (made by Adler-Rochester) are nationally known and desired. Comfortable, whether in Los Angeles or New York, for they are very warm, but not heavy. Theirs is the peak of style, and they look it. Bullock's recommends and endorses Alpacians for an extraordinary durability, unexpected in pile fabrics. As for value, determine it yourself—wear, and compare! You can make no better investment of $50.

BULLOCK'S STORES FOR MEN ARE THE ONLY AUTHORIZED REPRESENTATIVE IN LOS ANGELES FOR ADLER-ROCHESTER MT. ROCK FLEECE ALPACIANS.

"The Cigar that Wins"

ADMIRATION

THE BEASTS OF TARZAN

By Edgar Rice Burroughs

"Come" said Kai Shang, motioning the two women to follow him. Jane turned for help toward the Kincaid's mate, only to see him standing with the Chinaman's dirty group, a leering grin upon his face. Then it dawned on her that some foul plot was afoot and resistance was useless. "Explain the meaning of this," she demanded. "Very simple, your ladyship," he replied mockingly. "It means we've found a [illegible] are leaving Jungle Island."

"Why did you send Mugambi into the jungle?" she inquired. "Also very simple, your grace,—he ain't scomnig with us. Only you and me, and the Mosula woman is so favored!" And now Kai Shang stepped forward to put an end to the questioning. "Come!" he repeated, and seized Lady Greystoke roughly by the wrist. One of his henchmen grabbed the Mosula woman and when she would have screamed struck her brutally across the mouth.

Mugambi raced through the jungle toward the place the mate had said the apes were approaching. For a mile he continued his way, but saw no signs of the missing man or of any of the apes of Akut. At last he halted and called aloud the summons which he and Tarzan had used to hail the great anthropoids. There was no response to his weird call. For another half-mile the black searched, calling occasionally.

Finally the truth flashed upon his savage mind, and then, like a frightened deer, he wheeled and dashed back toward camp. Arriving there it was but a moment before full confirmation of his fears was impressed upon him. The camp was deserted—as silent under the tropical twilight as any tomb. Lady Greystoke and the Mosula woman were gone. So, likewise, was the treacherous mate and every last member of the Kincaid's surviving crew.

CORDAGE FIGHT AIRED IN COURT

Control of Company Stake in Legal Battle

Old Board Members Charge Ouster Illegal

Reorganization Meeting of Concern Attacked

A battle which has been waged for more than a year for control of the California Thorn Cordage, Inc., large rope and twine concern, is now being aired before Superior Judge Tappaan in the hearing of a suit to determine who are the valid officers and directors of the corporation. The hearing was begun yesterday and will continue throughout the week.

The plaintiffs, members of a board of directors who contend they have been ousted illegally, are Wilburn Smith, Chester S. Lyday, Wylie E. Richey, Thomas V. Cassidy and H. K. Gilmour. They are being represented in court by Attorney Lorin Andrews.

DIRECTORS NAMED

The defendants, directors whom the plaintiffs assert are acting illegally, are Frank C. Langdon, M. G. Sawyer, George I. Devor, Carl Williams, Don Chambers, L. Weiss, William Dilley and John C. Thorn. They are represented by Attorneys Lee Combs, Jr., Frank G. Finlayson, George I. Devor and George Halperson.

The prayer of the petition asks: That Wilburn Smith, Chester S. Lyday, Wylie E. Richey, Thomas V. Cassidy, H. K. Gilmour, Frank C. Langdon and John C. Thorn be declared the legally qualified board of directors.

That Frank C. Langdon be ordered to turn over to H. K. Gilmour the books of the corporation.

That a meeting of the corporation held on July 6, last, be declared void.

INJUNCTION ASKED

That an injunction issue against the defendants restraining them from interfering with the plaintiffs as directors of the corporation.

That the defendants, other than John C. Thorn and Frank C. Langdon, be restrained from acting as directors of the corporation.

That John C. Thorn be restrained from acting as president of the corporation and Frank C. Langdon as secretary.

The plaintiffs assert they are the ones who financed the cordage company which was promoted by Thorn; that later Thorn manipulated affairs of the concern in a way to oust them and place a directorate of his own choosing in power. They now ask that the men who financed the corporation and who were members of the old board be restored to office.

The defendants hold that the election of their board is legal.

One of the questions involved is whether Thorn, who held 1600 shares of promotion stock, had the right to transfer his shares to others during a financial readjustment of the corporation's affairs in 1926.

CITRUS FRUITS BREAK RECORD

(Continued from First Page)

profit losses have equaled only sixty-six ten thousandths of 1 per cent of the f.o.b. returns.

Car lines serving California built during the past year 1706 refrigerator cars. This brings the total in service to 58,872 cars as against 51,-850 cars on January 1, 1929.

Crops of the season just closing were recognized as large at the outset of the season and indicated a total quantity during the winter and spring comparable to the heavy season of 1923-1924 when both California and Florida had maximum crops during the same season, Mr. Dezell says.

FACILITIES TESTED

"This situation, together with six weeks of the most severe weather in years in the central section of the country during the Florida and California navel orange season, proved a large test to the harvesting, packing and marketing facilities," said Mr. Dezell. "It also tested the consuming capacity of the American public for oranges and grapefruit.

"The fact that large crops of unsalvable stock were absorbed by the markets clearly shows the wisdom of the exchange growers in the formation of their own marketing agency and of its work over a period of years in widening of distribution and the development of demand in advance of the continuously increasing supplies. It also indicates the need for further intensive work to increase demand and improve returns in years of heavy supply."

Gratifying increases in exchange membership are taking place, including several successful growers' organizations which recognize the value to the entire industry of the work the exchange has done and desire to give their support in strengthening its efforts toward perfecting the distribution of the crops and to an extension of its educational work with the trade and consumers in further popularizing the industry's products, he said.

CO-OPERATION FAVORED

"It is significant," declared the general manager, "that the Federal Marketing Act designed for the relief of agricultural industries in distress and the policies announced by the Federal Farm Board, which is administering that legislation, consider the solution of the ills of these industries the organization of producers into one growers' co-operative organization representing each industry to make the most efficient distribution of its products and, if need be, handle its surplus problems intelligently."

Discussing the menace which arose as a result of the discovery of the Mediterranean fruit fly in Florida last April, Mr. Dezell observes:

"The success of the eradication as indicated at this time has been beyond expectations, but quarantines are still in effect against the shipment of Florida fruit into the southern and western States. The exchange is preparing to adjust its production to care for the demand in these and other States previously supplied by Florida in an endeavor to adjust the total distribution and to avoid, so far as possible, a disproportionate supply in the eastern States, to which the shipments from large sections of Florida are at present restricted."

EBELL JUNIORS STAGE PLAYS

Two Presentations Given for Seniors

Beauty Shop Setting for Comedy

Left to right—Mrs. Gaines Hon, Mrs. Tom P. Robertson (in chair,) and Mrs. James A. Marcus appear in "Cherry Special" on club program.

WEEKS of rehearsal in the drama workshop of the Los Angeles Ebell Club culminated yesterday afternoon in the presentation of two plays by the Ebell Juniors for the approval of their seniors.

"The Duchess Says Her Prayers," a costume play by Mary Cass Canfield, opened the program at 2:30 p.m. in the auditorium of the Windsor Square Theater. Mrs. Margaret Gillette Purcell directed. Leading roles were taken by Miss Beatrice Brand, Mrs. Frederick C. Beyl, Kenneth Randall and Mrs. Leslie S. Bowden, who also directed the second play, "Cherry Speial," by Beatrice Humiston McNeil.

Included in the cast of "Cherry Special," a comedy for which the setting was a beauty parlor, were Mrs. Tom P. Robertson, Mrs. Gaines Hon, Mrs. James A. Marcus, Miss Winifred Huntington, Mrs. Frederick C. Beyl, Miss Beatrice Brand and others.

HARBOR BATTLE WILL GO ON

Council Committee Submits Plea to Government to Continue Plans Looking to Port Unity

Subject to approval by the Los Angeles City Council, the government will be asked not to abandon the project to unify the ports of Los Angeles and Long Beach. A communication to that effect indorsed by Councilman Henning, chairman of the Council Harbor Committee, Harbor Engineer Nicholson and President Crandall of the Chamber of Commerce will be submitted to Mayor Porter and the Board of Harbor Commissioners today.

Mayor Porter recently appointed Henning and Nicholson to represent the city at the port-unity hearing before the Federal Board of Army Engineers at Washington later this month, and Clarence H. Matson, manager of the foreign trade and shipping department of the Chamber of Commerce, was appointed by the chamber as its representative there.

COMMITTEE'S FINDING

Henning and Nicholson, representing the city, and Maj. James of the chamber, met yesterday and drafted the outline of policy as a means to obtain official sanction from the city for the presentation of the Los Angeles position as described in the communication, as follows:

"The following is an outline of the policy which the appointed committee believes should be presented to the Board of Engineers of Rivers and Harbors, War Department, at the hearing regarding the breakwater extension to be held in Washington on the 26th inst. The committee proposes to submit a detailed brief conforming to the following declarations:

"(1.) To submit in detail that in compliance with the provisions of House Document No. 340, Sixty-eighth Congress, first session, the city of Los Angeles has consistently and conscientiously endeavored to fulfill all government conditions precedent to government participation in the extension of the existing breakwater.

WITH ONE EXCEPTION

"(2.) To submit that all conditions of the House document above referred to have been generally fulfilled, with the exception of reaching an agreement with the city of Long Beach for organization of a port district or equivalent organization; that the city of Los Angeles stands ready to effect such an agreement as soon as it may be possible, and requests, therefore, that the government will not at this time abandon the breakwater project but amend certain of the conditions in order to more readily facilitate compliance with such requirements as may be in the interests of the government.

"(3.) To present data showing immediate and pressing needs for an extension of the existing breakwater, in order to provide adequate deep-water anchorage and meet the other requirements of commerce and navigation, contemplating this extension to be constructed on the forty-eight-foot contour at government expense.

"(4.) To present data relative to the dredging projects for which government aid is now being sought for the harbor by the city of Los Angeles, a portion of which can be utilized to advantage in connection with the construction of breakwater extension.

STREET SOWED TO TACKS BRINGS PUNCTURES CROP

There was enough vitriolic "cussing" and indignation on Sunset Boulevard during the period of an hour to cause several world wars when more than 100 motorists were stalled by flat tires on a two-mile stretch between Glendale avenue and Hill street last night. In every case the punctures were caused by carpet tacks which police believe were deliberately strewn in the street by the thousands.

Reports that several boys had scattered the tacks in the hope of making money by offering to aid motorists in repairing their tires are being investigated. Descriptions of the boys were given to the police by motorists who asserted they saw them riding up and down the street a half dozen times offering aid.

Several motorists asserted the boys referred them to a tire shop and this phase is to be investigated by the Automobile Club and the police. The punctures began to occur around 6 p.m. when there was heavy traffic because of theatergoers. Flat tires became so prevalent around Figueroa street that the police were called to straighten out traffic jams. Filling stations did a land-office business in fixing tires and pulling out tacks.

Russell Alberts of 289 Palm street, Ventura, had two flats at the same time. In one of his tires he found thirty tacks. They were ordinary carpet tacks and apparently were new. In most instances the drivers found from a half dozen to a score of tacks in their tires. Art Smith, 459 Croft street, had one puncture from three tacks, but in two of his other tires which were still inflated he found two dozen tacks.

Woman Killed in Auto Plunge

By a "Times" Staff Correspondent

SANTA BARBARA, Nov. 13. (Exclusive)—A woman was killed, her husband injured gravely, and two women companions hurt seriously late today, when their automobile plunged from the Coast Highway forty-five miles north of here.

The woman killed was Mrs. May T. Maguire, 54 years of age of Santa Barbara. Henry M. Maguire, 55, was injured so seriously that it is said at the Cottage Hospital that he is not expected to live. Their companions, Mrs. R. F. Cummings, 60, and Miss E. Steadman, 70, also are in the hospital. All are of this city.

BOOK BASIS OF SERMON

A sermon based on the book "Are We Civilized," will be preached tomorrow evening by Rabbi Isadore Isaacson at Temple Israel, 1738 North Ivar street, Hollywood. Another service at the Temple will be conducted Saturday at 10 a.m.

GAS-WASTE CASE PUT OVER

Continuance of Writ Hearing Until Today Revives Rumor That Issue May Go to Supreme Court

Following a conference in chambers, yesterday between the justices of Division One, District Court of Appeals, and attorneys interested in the case, hearing of arguments on the writ of prohibition sought by Santa Fe Springs oil operators in the State's fight on gas wastage, was continued until today at 10 a.m.

The continuation is the third since the writ hearing was first set for October 28, last. At that time Presiding Justice Conrey set the case over until the 12th inst. At the request of legal representatives of the operators, an additional continuance was granted until yesterday, and immediately following the conference in chambers, Justice Conrey ordered another continuance until today.

The court's action revived rumors that efforts are being made to transfer the case to the State Supreme Court. Attorneys connected with the case, would neither confirm nor deny that report.

The writ of prohibition is being sought by the independent operators in the Santa Fe Springs field to restrain Superior Judge Haslett from hearing injunction proceedings brought against them by the State Conservation Department, through the Attorney-General's office, growing out of the State's attempt to enforce the new law against wastage of natural gas in California fields.

LECTURES ON SOUTHWEST

"The Story of the Indian Southwest" will be the topic of Dr. Etienne B. Renaud, professor of anthropology at the University of Denver, in a lecture before the Los Angeles Society of the Archeological Institute in House Hall, University of Southern California, tomorrow at 8 p.m.

Blame in Death of Boy Buried Alive Unplaced

Responsibility for the death of Tito Picone, 5-year-old son of John Picone, wealthy Italian vineyard owner of 1650 West Manchester avenue, who was buried alive in a sewer ditch at 1641 West Eighty-seventh street last Saturday, was not fixed by a Coroner's jury sitting at the inquest yesterday.

The verdict in part read: "We find that Tito Picone came to his death by suffocation. We find this to have been accidental and we find no other person or persons to have been negligent."

Funeral arrangements will be announced today by the boy's family.

SOONERS WILL DANCE

Oklahomans are to rally at their reunion tomorrow night in Moose Hall, 1034 South Grand avenue. Songs and fancy dances are announced to precede the general dancing.

WORLD-WIDE GOLDEN RULE PLAN SET FOR LAUNCH

Final plans for the launching of a world-wide "golden rule" movement were completed at a meeting of the organizers of the World's Parents and Children's Golden Rule Plan at the Chamber of Commerce yesterday afternoon.

Edison Hornaday, one of the founders, acted as chairman and outlined plans which include the formation of an international band with an itinerary that will take it into every country in the world. Mr. Hornaday has spent three years in formulating plans for the movement which will be inaugurated at a banquet December 6.

A thousand reservations have been made for the banquet and the guests will include many of the prominent civic and business leaders of Southern California. One of the plans adopted to spread the movement includes the distribution of automobile windshield stickers, a business motto and a magazine. The scope of the movement will propagate the "golden rule" in the "home, highway and business," according to Mr. Hornaday.

There are more than 20,000 volunteers already [illegible] Mr. Hornaday [illegible] the organization [illegible] mally [illegible] to treble [illegible] organizers [illegible] are Attorney [illegible] ry K. Holbrook, [illegible] 1170 South [illegible]

Vol. XLVIII. FRIDAY M

STOCK MART ON UPTURN

Rally Cheered by Wall Street

Prices Rise and Hold Firm as Finance Chiefs Act to Restore Confidence

Gain in Three-Hour Period of Trading in Excess of 5,500,000 Shares

NEW YORK, Nov. 14. (AP)—Stock [illegible] rallied $2 to $20 a share and [illegible] most of their gains today as [illegible] country's leading financial au[illegible] took steps to restore public [illegible] confidence.

The stock exchange inquiry into [illegible] character and source of recent [illegible] selling, coupled with the [illegible] announcement of a pro[illegible] cut in Federal income taxes, [illegible] bear traders scurrying to [illegible] and attracted a large volume [illegible] investment buying by interests [illegible] awaiting indications of a [illegible] turn in the market. Trad[illegible] failed to maintain the terrific [illegible] pace of yesterday, but total sales [illegible] in the three-hour session ran more [illegible] 5,000,000 shares.

DISCOUNT RATE CUT

After the market closed, the New [illegible] Federal Reserve Bank reduced [illegible] rediscount rate from 5 to 4½ per [illegible] cent, foreshadowing a general re[illegible] duction throughout the Federal Re[illegible] serve system, and announced a de[illegible] crease of $710,000,000 in brokers' [illegible] loans, to $4,172,000,000, the lowest [illegible] since June, 1928. This brings [illegible] the total decrease in loans during [illegible] the last three weeks to nearly $2,-[illegible] 000,000, the most drastic reduc[illegible] tion for any similar period on record.

[illegible] rally in stocks today followed [illegible] a period of almost steadily declining [illegible] prices during which the market had [illegible] reached a new bottom on three sep[illegible] arate occasions. Prices of many [illegible] leading issues had been carried to [illegible] only a small fraction of the year's [illegible] high levels, quotations of several of [illegible] the very attractive dividend [illegible] issues at current rates of payment.

REBOUNDING CHEERS

[illegible] when brokers on the New York [illegible] Stock Exchange, many of whom had [illegible] been depressed by the destructive [illegible] forces of liquidation, greeted the [illegible] rally lists with cheers, which were [illegible] echoed in hundreds of brokerage [illegible] offices as illuminated stock tickers [illegible] told a record of the opening [illegible] transactions. Smiles again appeared [illegible] on the faces of those who crowded [illegible] the customers' rooms of the large [illegible] brokerage houses.

[illegible] Sensational transactions in the leading [illegible] issues ranged from 5000 to 40,000 [illegible] shares, with the gains running all [illegible] the way from a few cents to $16 a [illegible] share. A wave of profit-taking fol[illegible] lowed the initial bulges and then [illegible] prices moved upward again, cross[illegible] ing the opening levels, and closing [illegible] near the day's high levels.

[illegible] Following the posting of a bid for 1,000,000 [illegible] shares of Standard Oil of New Jer[illegible] sey at $50 a share just before the
